

**Student Success Philosophy (DRAFT as of 03/19/18):**

Student Success at Coastline is a transformational experience for all Coastline students that results from a climate that fosters:

- (1) personal validation
- (2) self-efficacy
- (3) sense of purpose
- (4) active involvement
- (5) reflective thinking
- (6) social integration
- (7) self-awareness

The integration of the factors above culminates in an enriching student experience that transcends beyond the college experience and into a student's lifetime.

To that end, the College community is responsible for developing and maintaining an environment that optimizes success for all students by including universal access to support services, academic and social opportunities, and safe learning spaces while promoting personal development and encouraging leadership for our interdependent global society.

*Definitions (for further development):*
