## Late Registration Procedures

Summer Late Registration—Students who fail to register by June 16th for summer Distance Learning Classes must email the instructor and ask for a Permit to Add Card along with an Add Authorization Code (AAC). If the instructor gives you an Add Permit, follow the directions on the permit to get officially registered in the class.

Students who fail to register by June 16th for summer "on-site" classes must attend the first class meeting and ask the instructor for a Permit to Add Card along with an Add Authorization Code (AAC). If the instructor gives you an Add Permit, follow the directions on the permit to get officially registered in the class.

You must have a summer registration appointment in order to register late. Students are not allowed to attend class after the first week without being officially registered in the class. Students are cautioned that late enrollment into a class may severely affect successful completion and does not excuse students from making up missed work. Grades or course credit will not be given to students who do not officially register by the course deadline. Late enrollment does not waive or extend refund or other deadlines.

**NOTE:** Students are cautioned that late enrollment into a class may severely affect successful completion and does not excuse students from making up missed work. Late enrollment does not waive or extend refund or other deadlines.

## Things to Know Before You Register

If enrolling in a class that has a pre-requisite, make sure you have completed your placement testing or submitted proof of pre-requisite completion at another college.

**Clear Holds:** Outstanding holds can be viewed via **MyCCC** (Registration Status). You must clear all holds which block registration before you will be able to register. If a hold exists on your records, a contact number will be displayed so that you may call for specific information regarding the hold.

### Registration Restrictions—Students may not enroll in:

- More than 9 units (6 units is full-time in Summer)
- Courses that overlap in time (time conflict).
- Two sections of the same course, unless they are coded as a repeatable course and one ends before the next section begins.
- Any course in which you have received any combination of three or more D, F, NP, NC's, or W's. If you have previously attempted a course three times unsuccessfully, your registration in that course will be automatically blocked.
- A course in which an Incomplete (I, IB, IC, ID, IF, or INP) has been assigned.
- Classes for which you have not met the prerequisites.

## Prerequisite Classes

Most courses in English and Math have mandatory prerequisites. (Refer to the schedule description of the individual courses.) Additionally, there are some Biology and Chemistry classes that have mandatory pre-requisites. If you are planning to enroll in one of the courses which has a mandatory prerequisite, you must comply with one of the following:

- Your CCC, OCC or GWC placement test results must recommend you for the class, **OR**
- You must have completed the prerequisite course at CCC, OCC or GWC after 1989 or be currently enrolled in it, **OR**
- You must have completed the pre-requisite course at CCC prior to 1989 or at another college. To show proof of the pre-requisite completion, bring a copy of your transcript or grade report to the Admissions and Records Office *at least 24 hours* prior to your registration appointment.

## Fee And Refund Schedule

All fees are due and payable at the time of registration and are assessed according to the following fee schedule. NOTE: Fees are subject to change.

Enrollment Fee: \$46 per unit

### *Non-Resident student fees (In addition to enrollment fee):*

Non-Resident Tuition \$190 per unit

Non-Resident Capital Outlay \$29 per unit

Health Fee: \$10

Material Fees: As listed in the  
Schedule of Classes

College Services Charge: \$6

Parking Fee (if applicable): \$7

## Schedule Changes

You may make changes (adds/drops) to your schedule via your **MyCCC** portal after your registration appointment time as long as you are within the required deadlines for doing so.

## Closed Classes and Wait Lists

**NOTE:** Wait Lists are available for most classes. If you add yourself to the Wait List and a seat becomes available, you will be notified by e-mail and will have 24 hours to add the class via **MyCCC**. The 24 hour notification period can include nights and weekends so check your e-mail often. **Wait List e-mail notifications are sent to the Coast District assigned student e-mail account (yourID@student.cccd.edu).** All pre-requisites and co-requisites must be met.

**SPECIAL NOTE:** High School students are not able to place their names on a Wait List for a course. If a class is closed at the time of registration, High School students should attend the first day of class and attempt to petition the class in person. Petitioning the class is at the sole discretion of the instructor.

Wait Lists become available when class seat counts meet capacity. The “Select” check box on the searchable schedule and will remain available for registration until both the class seat counts AND the Wait List seat counts meet capacity (i.e., “Closed—C”). These numbers will fluctuate due to drops, so the same CRN that was closed an hour ago may now have a Wait List seat open, so you may want to check back.

If Wait List is available, students can Wait List and then enroll in the same course; students cannot enroll in a course and then Wait List in the same course, nor can they Wait List in the same course multiple times.

Classes with lecture/lab co-requisites will have a Wait List option **on the lab section only** and NOT on the lecture section. Do not attempt to add the lecture when you Wait List the lab as you will receive an error message. If you are notified via e-mail that a seat has become available for the lab, a seat has been reserved for you in the lecture.

## Reasons to Repeat a Class

Repeating a course in an effort to alleviate a substandard grade; Students who receive substandard grades ("D", "F", "NP" or "NC") and/or one or more Withdrawals ("W") on the transcript may attempt to successfully complete the course up to a total of two additional times within the Coast Community College District, if necessary to alleviate the substandard grade or successfully complete the course.

After the third attempt to receive a passing grade in a course, the student may complete the Petition to Repeat form and submit to the Admissions and Records Office for one additional attempt. Petitions are only considered for documented extenuating circumstances. Students who Withdraw and receive a "W" on each of the three allowable attempts, if by petition the student is given permission to enroll, the students will not be able to withdraw from the course again and an evaluative grade symbol will be recorded. NO FURTHER ATTEMPTS WILL BE PERMITTED.

If the substandard grade is repeated within the Coast Community College District, the Repeat/Delete grade exclusion will be automatically performed on the student's academic transcript. The grades in the latest term will be the grade which will be used to calculate grade point average regardless of which grade was higher. Although the previous grade(s) will not be counted in the grade point average, they will remain visible on the transcript and the last recorded attempt is the course which will be counted in the student's permanent academic history.

When a student repeats an equivalent course in which a substandard grade outside the Coast Community College District at a regionally accredited college, they must file a Repeat/Delete Request and submit it to the Admissions and Records Office along with an official transcript from the other college showing successful completion of the course.

- B. Repeating a course due to a significant lapse of time, where a passing grade (CR or P) or C or better was previously earned. A significant lapse of time is defined as at least five years. All coursework shall remain on the student's permanent record. The previous grade and credit will be disregarded in computing the GPA. Course repetition based on significant lapse of time may only occur once.

## Withdrawals

Each student is responsible to complete OR officially withdraw from each class in which he/she enrolls.

Students who are dropped by their instructors for missing the first class meeting or for excessive absences should verify the instructor drop with the Admissions Office in order to avoid grade penalties and to comply with critical drop dates as specified.

Students should be aware that "W's" are used to determine academic status.

### Students may withdraw/drop a class by:

1. **Logging in to your MyCCC site.** Drops will be allowed via the web in accordance with published drop deadlines.
2. **Mailing a letter or Student Drop Form by the drop deadline date** to Coastline Community College, 11460 Warner Avenue, Fountain Valley, CA 92708. ### **Financial Aid Students**

It is the student's responsibility to drop classes by the State mandated refund deadline to avoid fee obligations and must print a student class program (available via **MyCCC**) to verify their withdrawal. **(Once classes begin, non-attendance or non-payment does not release the student from his responsibility and may result in failing grades being awarded).**

### **Non-Payment Drop Schedule:**

Students who have not paid their account balance in full may be dropped for non-payment of fees as follows:

#### **May 31, 2013 (1 pm)**

Any registration that occurs after 1 pm on June 14th **will not be dropped** for non-payment. Students that enroll are responsible for paying their fees or withdrawing from classes prior to the refund deadline to cancel fees and avoid a **financial obligation** and a **hold** being placed on their record.

# Registration Information

## Registration Restrictions

### Auditing

The college is no longer offering students the option to audit a course.

### Changes

Coastline makes every effort to assure the class schedule information is accurate. Because this publication must be prepared well in advance, changes in some programs inevitably will occur. Courses described in this publication are subject to change without notice. All classes offered are based upon sufficient enrollment to economically warrant them. Classes may be canceled as a result of low enrollment, state legislation and/or financial consideration. When classes are canceled due to low enrollment, every attempt will be made to help students adjust their academic schedules. In addition, students are advised that all information set out in this publication is subject to change without notice, and the Board of Trustees of the CCCD, the chancellor of the CCCD and the president of Coastline reserve the right to add, amend or repeal regulations, rules, resolutions or policies within the administrative area of responsibility of such officers.

### Class Attendance

Registered students who miss the first class meeting may be dropped. Students who must miss the first class should notify their instructors through the appropriate learning center prior to the first meeting to avoid being dropped from the class. Students are expected to attend class on a regular basis. Each instructor will determine the attendance policy for his/her class and its implication for successful completion of the course.

### Continuous Attendance

Continuous attendance at Coastline is defined as the completion of at least one course during a regular semester (fall and/or spring) of each academic year.

### Course Repetition

Course repetition is prohibited by state law as described in California Administrative Code, Title V. However, exceptions are allowed as follows:

1. Students who wish to repeat a course in

which a substandard grade of "D, F, or NP" was earned may retake the course at any regionally accredited college or university to alleviate the substandard grade earned at Coastline provided the repeated course is equivalent to the one taken at CCC.

2. If the grade earned was "A, B, C or P", a college committee will review the repeat petition for appropriate action based on extenuating circumstances.

Upon completion of the repeated course, the student must file the "Petition to Remove D or F" in the Admissions and Records office. The student's academic transcript shall then be annotated reflecting their recomputed GPA and omitting the prior unsatisfactory grade(s) of "D and/or F." However, previously recorded coursework will not be removed or otherwise changed on the student's permanent record.

A course in which the student received a grade of "D, F, NP, or W." may be repeated only three times. Students wishing to repeat a course more than three times may appeal for extenuating circumstances by filing a "Petition to Repeat a College Credit Class" prior to registration. Petition forms are available in the Coastline Admissions and Records Office and on the Web site at [www.coastline.edu](http://www.coastline.edu).
