Dear Students:

Welcome to Coastline College! We are honored to serve you during the Fall Semester of 2019 and are very glad you have made the wise choice for YOUR future by enrolling at Coastline.

Investing in a college education is still the smartest investment you can make. Research consistently shows that college graduates earn more than those with high school diplomas—as much as 40% more over the course of their lifetime. Degree earners also find more job opportunities open to them and tend to be happier with their careers. If that sounds like the future you want, you’ve definitely come to the right place. As a fully accredited college, Coastline provides affordable, accessible, and high quality education at three beautiful campuses in Orange County (Garden Grove, Newport Beach, and Westminster), as well as convenient, online courses and degrees you can take right from your home, wherever you live.

Coastline is focused on YOUR Success. Since we started in 1976, our focus has been on helping YOU, the student, achieve your academic and career goals. Whether your goal is to earn your Associate degree and transfer to a university or to complete a certificate to improve your career opportunities, Coastline is here to help YOU succeed. You can count on first-class student support services and programs, low student-faculty ratio, high-caliber faculty, and academic excellence.

You can complete courses on-site; you can pick up that extra class you need to complete your coursework and degree program at a four-year university; or get a 100% online degree through our distance learning program—the opportunities are plentiful. If you are interested in a career in cybersecurity, paralegal studies, process technology, or other high-in-demand careers, Career and Technical Education is also available to you with remarkably successful career placement statistics. Or if you are a member of the Military, Coastline also provides nationally-recognized educational programs and services to thousands of active-duty Service members and their family members worldwide through our Extended Learning Division.

 Ranked as one of the fastest growing community colleges in the United States by Community College Week, Coastline is one of the most unique community colleges in California. You will find that with offerings such as transfer degree programs, 100% online degrees, site-based degrees, military education, corporate training, workforce development programs, and Career and Technical Education offerings, you have many choices and great opportunities to achieve your goals. Rest assured, you have come to the right college because we care about you, and we are deeply committed to supporting your success. Have a wonderful and productive year.

Sincerely,

Dr. Loretta P. Adrian

RESIDENCE REQUIREMENTS

CALIFORNIA RESIDENCE

Generally, California residence is established by one of the following:

1. If the applicant is under the age of 18, his or her parents must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.
2. If the applicant is 18 but not yet 19 years of age, the applicant and the applicant’s parents or legal guardian must have residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.
3. If the applicant is 19 years of age or older, the applicant must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.
4. Alien students holding visas which do not preclude them from establishing residency in California must have legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

*Residency Exemption—Nonresident Tuition Exemptions for Refugees, Special Immigrant Visa holders, and Others

In 2017, the California Legislature also enacted Assembly Bill 343, which establishes a new exemption from nonresident tuition for refugees with Student Immigrant Visas (SIVs) who have fled Afghanistan, Iraq, Syria or other countries. Please contact the Residency Specialist at Residency@coastline.edu for more information. Effective January 1, 2018, Education Code section 68075.6 grants an exemption to nonresident tuition for: (1) Iraqi citizens or nationals (and their spouses and children) who were employed by or on behalf of the United States Government in Iraq, and who meet certain criteria (Ed. Code, § 68075.6, subd. (b)(1); Public Law 110-181, § 1244); (2) translators (and their spouses and children) who worked directly with the United States Armed Forces, and who meet certain criteria (Ed. Code, § 68075.6; Public Law 109-163, § 1059); and (3) refugees (Ed. Code, § 68075.6, subd. (b)(1), 8 U.S.C. § 1157). These exemptions only apply to those who settled in California upon entering the United States. (Ed. Code, § 68075.6, subd. (b)(1).) Students who settled elsewhere in the United States, and
then moved to California would not be eligible for this exemption and would be required to either establish residency or pay nonresident tuition. Under Education Code section 68122, T and U visa holders are also exempt from nonresident tuition by extension of Assembly Bill 343.

Assembly Bill 343 also states that the exemption for a student is only available for the maximum time it would take for the student to establish residency. (Ed. Code, § 68075.6, subd. (b)(1).) That time, and therefore any nonresident tuition exemption, will expire one year from the date the student settled in California upon entering the United States. (Ed. Code, § 68017.) Upon expiration of the nonresident tuition exemption, the student will either have established residency in California, or will have an intention to reside elsewhere, and be subject to nonresident tuition.

It is the responsibility of all students to maintain an accurate address on file with the Admissions and Records Office.

NON-CALIFORNIA RESIDENTS

The following conditions are applicable regarding nonresident fees:

1. Students who are not residents of California as of the day immediately preceding the first day of the semester or summer session will be required to pay a nonresident tuition and capital outlay fees.

2. Active duty Servicemembers are exempt from nonresident tuition fees provided they are in California for a purpose other than attending a state supported institution of higher education.

3. Dependents of Servicemembers are granted a one-year exemption from paying the nonresident tuition fee. The one-year period begins on the date the dependent enters California. After the exemption period has ended, dependents will be charged nonresident tuition and capital outlay fees unless they have met the residency intent and durational requirements for a one-year period prior to the residency determination date.

4. Veterans that were stationed in California for more than one year prior to separation qualify for the non-resident college fee waiver for one year within two years commencing immediately after discharge.

5. Minors (under 18 years of age and not married) will be required to pay the nonresident tuition and capital outlay fees if their parents or legal guardians reside outside the state even though such minors may have lived in California for one year or more.

6. Students who are financially dependent on their parents or legal guardians will be required to pay nonresident tuition capital outlay fees if their parents or legal guardians reside outside the state even though such students may have lived in California for one year or more.

7. Alien students holding visas which preclude them from establishing residency in California may be restricted in their enrollment at Coastline College and will have to pay nonresident tuition capital outlay fees.

8. AB 540 Exemption Eligibility Requirements

Senate Bill 68 established a complex scheme for determining eligibility for the AB 540 exemption. Under Senate Bill 68, a student is exempt from paying nonresident tuition at the California Community Colleges if the student meets all of the following four requirements, as applicable:

Requirement 1: Attendance at California schools. This requirement may be met in either of the following two ways:
- Total attendance (or attainment of credits earned) in California equivalent to three or more years of full-time attendance at California high schools, California high schools established by the State Board of Education, California adult schools (established by a county office of education, a unified school district or high school district, or the Department of Corrections and Rehabilitation), campuses of the California Community Colleges, or a combination of these; or
- Three or more years of full-

Full-time attendance at a California community college means either 12 units of credit per semester (or quarter equivalent per year) or a minimum of 420 class hours per year (or semester or quarter equivalent per year) in non-credit courses authorized by Education Code section 84757. Attendance in credit courses at a California community college counted towards this requirement shall not exceed a total of two years of full-time attendance. (Ed. Code, § 68130.5, subds. (a)(1)(C)(i), (a)(1)(C)(ii).)

Full-time attendance at a California adult school means a minimum of 420 class hours of attendance for each school year in classes or courses authorized by Education Code section 41976, or Penal Codes sections 2053 or 2054.2. (Ed. Code, § 68130.5, subd. (a)(1)(C)(i).)

Requirement 2: Completion of a course of study. This requirement may be met in any of the following ways:
- Graduation from a California high school or equivalent.
- Attainment of an associate degree from a California community college.
- Fulfillment of the minimum transfer requirements established for the University of California or the California State University for students transferring from a California community college. (Ed. Code, § 68130.5, subd. (a)(2).)

Requirement 3: Registration. Requires registration as an entering student at, or current enrollment at, an accredited institution of higher education in California. (Ed. Code, § 68130.5, subd. (a)(3).)

Requirement 4: Affidavit of student
without lawful immigration status. Students without lawful immigration status must file an affidavit with their college or university stating that the student has either filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so. (Ed. Code, § 68130.5, subd. (a)(4).)

1Under Senate Bill 68, a “nonimmigrant alien” within the meaning 8 U.S.C. § 1101(a)(15) is not entitled to claim the exemption. These provisions identify a number of categories of visitors to the United States who have a form of temporary lawful status, but do not intend to establish residency.

2California General Educational Development (GED), High School Equivalency Test (HiSET), Test Assessing Secondary Completion (TASC), and California High School Proficiency Examination (CHSPE). See General Counsel Legal Opinions 05-09 and 06-02.

9. In accordance with SB 141, Coastline College will exempt from nonresident tuition, a nonresident student who is a U.S. citizen and who resides in a foreign country, if that student meets all of requirements of the bill. Contact the Residence clerk for a list of requirements.

10. This is a “Non Resident Tuition” Exemption: In accordance with AB669, a student who currently resides in California and is 19 years of age or under at the time of enrollment, who is currently a dependent or ward of the state through California’s child welfare system, or was served by California’s child welfare system and is no longer being served either due to emancipation or aging out of the system, may be entitled to resident classification until he or she has resided in the state the minimum time necessary to become a resident.

Non-resident Tuition: $265.00 per unit + $11.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Please note that it is the student’s responsibility to prove that he/she is a California resident.

VACA ACT

VETERANS ACCESS, CHOICE AND ACCOUNTABILITY ACT (VACA)

Effective July 1, 2015, California Education Code (68075.5(c)/(c)) allows California Community Colleges to grant full exemption from the nonresident fee for all students verified to be “covered individuals” per the below criteria and that qualify to use Montgomery GI Bill®-Active Duty or Post-9/11 GI Bill® or Training and Rehabilitation for Veterans with Service-Connected Disabilities Benefits education benefits (Chapters 30, 31, and 33, respectively, of Title 38, U.S. Code) while living in California.

COVERED INDIVIDUALS:

1. A Veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active-duty service of 90 days or more.

2. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor’s discharge from a period of active-duty service of 90 days or more.

3. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill® benefits to the children and surviving and surviving spouses of Service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Servicemember’s death in the line of duty following a period of active-duty service of 90 days or more.

4. After expiration of the three year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain “covered individual” status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at the institution, even if they enroll in multiple programs and shall continue to be exempt from paying nonresident tuition and other fees as described in the updated fee policy described below.

Incorrect Classification

A student incorrectly classified as a California Resident is subject to reclassification as a nonresident and payment of nonresident fees. If incorrect classification results from false or misleading statements, the student will be responsible for any fees associated with the incorrect classification. For evaluation of residency status, students must complete the Statement of Residence form and submit appropriate documentation as proof of California Residence (Sections 54012 and 54024 of AP 5015 Residence Classification) through the third week of the semester. The initial residency classification will be made at the time the student applies for admission. Students may file residency questionnaire forms through the third week of the semester to request a review of their residency status. Final residency determination is made by Admissions & Records.

GI Bill® Disclaimer:

“GI Bill®” is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill.

Reclassification
Reclassification to resident status must be requested by the student. The appropriate Statement of Residence form along with the required proofs that establish both physical presence (minimum requirement of 12 consecutive months prior to the residency determination date) and intent to make California their permanent home must be submitted to Admissions & Records prior to the term in which the student wishes to establish residency. Although a minimum of two proofs are required for residency reclassification consideration, the burden of proof remains in the hands of the requestor. Therefore, the Admissions and Records office reserves the right to request additional documentation in its efforts to determine California Residency for tuition purposes. For additional information, contact a Residency Specialist in the Admissions & Records Office at residency@coastline.edu

CHANGES
Coastline makes every effort to assure the class schedule information is accurate. Because this publication must be prepared well in advance, changes in some programs inevitably will occur. Courses described in this publication are subject to change without notice. All classes offered are based upon sufficient enrollment to economically warrant them. Classes may be canceled as a result of low enrollment, state legislation and/or financial consideration. When classes are canceled due to low enrollment, every attempt will be made to help students adjust their academic schedules. In addition, students are advised that all information set out in this publication is subject to change without notice, and the Board of Trustees of the CCCD, the chancellor of the CCCD and the president of Coastline reserve the right to add, amend or repeal regulations, rules, resolutions or policies within the administrative area of responsibility of such officers.

CLASS ATTENDANCE
Registered students who miss the first class meeting may be dropped. Students who must miss the first class should notify their instructors through the appropriate learning center prior to the first meeting to avoid being dropped from the class. Students are expected to attend class on a regular basis. Each instructor will determine the attendance policy for his/her class and its implication for successful completion of the course.

CONTINUOUS ATTENDANCE
Continuous attendance at Coastline is defined as the completion of at least one course during a regular semester (fall and/or spring) of each academic year.

COURSE REPETITION
Course repetition is prohibited by state law as described in California Administrative Code, Title V. However, exceptions are allowed as follows:
1. Students who wish to repeat a course in which a substandard grade of “D, F, or NP” was earned may retake the course at any regionally accredited college or university to alleviate the substandard grade earned at Coastline provided the repeated course is equivalent to the one taken at CCC.
2. If the grade earned was “A, B, C or P”, a college committee will review the repeat petition for appropriate action based on extenuating circumstances.

Upon completion of the repeated course, the student must file the “Petition to Remove D or F” in the Admissions and Records office. The student’s academic transcript shall then be annotated reflecting their recomputed GPA and omitting the prior unsatisfactory grade(s) of “D and/or F”. However, previously recorded coursework will not be removed or otherwise changed on the student's permanent record.

A course in which the student received a grade of “D, F, NP, or W” may be repeated only three times. Students wishing to repeat a course more than three times may appeal for extenuating circumstances by filing a “Petition to Repeat a College Credit Class” prior to registration. Petition forms are available in the Coastline Admissions and Records Office and on the Website at coastline.edu.

Have you completed your Student Educational Plan (SEP)?
If not, here are some ways to complete your plan:

Option 1: Make a Counseling Appointment
Counselors are available at the College Center (Fountain Valley), Garden Grove Campus, Westminster-Le-Jao Campus, and Newport Beach Campus throughout each semester or you can make a phone appointment.

Call (714) 241-6162 for appointments or additional information.

Option 2: Attend a Student Educational Planning (SEP) Workshop
The Counseling Department is hosting 2-hour evening workshops to help guide you on how to create a Student Educational Plan (SEP). These workshops will be at either Westminster-Le-Jao Campus or Garden Grove Campus. For reservations or additional information, please call the Counseling office at (714) 241-6162.

Option 3: Complete a Counseling Class
The following courses include completion of a Student Educational Plan:
Counseling C104—Career/Life Planning
Counseling C105—Strategies for College Success
Familiarize Yourself With These Terms

Closed Classes—If the class you wish to register in is closed at the time you register, we suggest the following:
1. Go for the sure thing! Try to find another section of the course that may still have seats available.
2. Check back periodically to see if someone has dropped, at which time you would be able to add the class.
3. Attend the first class meeting and ask the instructor for permission to enter the closed class for on campus classes or email the instructor for online classes and ask the instructor for an Add Authorization Code (AAC).

Permissions Required Courses—Enclose test scores and proof of eligibility for math and English. These forms must be submitted prior to your registration appointment.

Class Canceled—A canceled class/section is one that is not going to be offered for that semester due to various reasons. You will need to choose an alternate class/section.

Concurrent Enrollment Required—This term applies to classes in which you must enroll in both a lecture and a lab. It may also apply to classes that require you to enroll in another type of class at the same time.

Duplicate Section—You cannot enroll in two sections of the same course during the same semester unless they are a first and second nine-week class and coded as a repeatable course.

Time Conflict—You may not enroll in two classes that overlap in time. Check the scheduled class times carefully when planning your program.

Clear Any Obligations—Students must clear holds before registering. To check to see if you have any holds on your records, login to your MyCCC account. Click on the Registration Link, then click on “holds information” in the Other Resource box.

Program Restriction—If you receive this message when attempting to register, it means we have you classified as a High School student. (See special admit students below):

Special Admit Students—Students who are enrolled in 9-12 are Special Admit students. A High School Release Form, must be completed and submitted each term before Special Admit students are permitted to register. All necessary forms and instructions are available at: http://www.coastline.edu/students/forms.
ENROLLMENT PROCESS

The following outlines the process to follow for successful registration.

HOW TO REGISTER FOR CLASSES:
You may register for classes on or after your assigned appointment time. To register for classes, login to your MyCCC and follow the steps below (for additional help see the MyCCC Guide section):
1. Click on the Registration link
2. Under Registration tools, click on “Add or Drop Classes”
3. Select a term (ex: CCC Summer 2019)
4. Enter Course Reference Numbers (CRNs) from the online or printed class schedule then click on “Finalize Add/Drop”
5. If a course requires enrollment in two sections (i.e., a lecture and a lab), both CRN’s must be entered at the same time.
NOTE: You are not enrolled in classes until you click on “Finalize Add/Drop”
6. After you have clicked on “Finalize Add/Drop” and you have verified your registration, click on “Pay Now” to pay your fees.

IMPORTANT: Students Receiving Financial Aid
Courses that are neither taught in the classroom nor online are generally considered to be correspondence courses. Students who are receiving financial aid are advised not to enroll in correspondence courses, as these may have a negative impact on how much financial aid they may receive. Unless you are participating in an educational program in which you are required to take correspondence courses, it is highly recommend that you enroll in courses that are taught online or in the classroom.

DROPPING CLASSES: When dropping classes via your MyCCC, it is very important that you click on “Finalize Add/Drop” after you enter the CRN in which you wish to drop. If you do not click on “Finalize Add/Drop”, your drop transaction will NOT be completed, which may result in an “F” or “NP” grade.

LATE REGISTRATION: Students who fail to register by August 25 for 1st 8-week onsite and Distance Learning classes must attend the first class meeting for on campus classes or email the instructor for online classes and ask the instructor for an Add Authorization Code (AAC). If the instructor gives you an Add Permit, follow the directions on the permit to get officially registered in the class.
Students who fail to register by February 22 for mid 8-week and October 20 for 2nd 8-week onsite and distance learning classes must attend the first class meeting for on campus classes or email the instructor for online classes and ask the instructor for an Add Authorization Code (AAC). If the instructor gives you an Add Permit, follow the directions on the permit to get officially registered in the class.
NOTE: You must have a Fall registration appointment in order to register late. Students who register for classes after the term begins WILL NOT be dropped for non-payment.

GENERAL INFORMATION: In order to select your classes, you must have a Summer 2019 Class Schedule. Schedules are available on the College website at www.coastline.edu/schedule.
NOTE: Students are not allowed to attend class after the first week without being officially registered in the class. Students are cautioned that late enrollment into a class may severely affect successful completion and does not excuse students from making up missed work. Grades or course credit will not be given to students who do not officially register by the course deadline.

CLOSING CLASSES AND WAITLISTS:
NOTE: Waitlists are available for most classes. If you add yourself to the waitlist and a seat becomes available, you will be notified through your student email account and will have 24 hours to add the class via MyCCC. (students with current cell phone numbers will also receive a text notification). The 24-hour notification period will include nights and weekends so check your email often. Waitlist email notifications are sent to the Coast District assigned student email account (your username@student.cccd.edu). All prerequisites and corequisites must be met.

SPECIAL NOTE: High School students are not able to place their names on a waitlist for a course. If a class is closed at the time of registration, High School students should attend the first day of class and attempt to petition the class in person for classes meeting for on campus or email the instructor for online classes and ask the instructor for an Add Authorization Code (AAC). Petitioning the class is at the sole discretion of the instructor.
Waitlists become available when class seat counts meet capacity. The “Select”checkbox on the searchable schedule will remain available for registration until both the class seat counts AND the waitlist seat counts meet capacity (i.e., “Closed—C”). These numbers will fluctuate due to drops.
Classes with lecture/lab corequisites will have a waitlist option on the lab section only and NOT on the lecture section. Do not attempt to add the lecture when you waitlist the lab as you will receive an error message. If you are notified via email that a seat has become available for the lab, a seat has been reserved for you in a lecture.

PREREQUISITE CLASSES: Most courses in English and Math have mandatory prerequisites. (Refer to the schedule description of the individual courses.) Additionally, there are some Biology and Chemistry classes that have mandatory prerequisites. If you are planning to enroll in one of the courses which has a mandatory prerequisite, you must comply with one of the following:

- Your CCC, OCC, or GWC placement test results or multiple measures assessment must recommend you for the class, or
- You must have completed the prerequisite course at CCC, OCC, or GWC after 1989 with a grade of C or better or be currently enrolled in it at the time of registration and subsequently earn a grade of C or better, or
- You must have completed the prerequisite course at another college with a grade C or better. To show proof of the prerequisite completion, bring a copy of your transcript or grade report to the Admission Office or email matriculation@coastline.edu or fax to (714) 241-6288 prior to enrolling, or
- Your Early Assessment Program, Advanced Placement, College Level Examination, or International Baccalaureate scores must clear you for the class. To show proof of the prerequisite completion, bring a copy of your results to the Admission Office or email matriculation@coastline.edu or fax to (714) 241-6288 prior to enrolling, or
- As of January 1, 2018, due to the state mandated AB 705 bill, you may bypass developmental-level prerequisites and place yourselves into college-level math and English. You may wish to receive guidance to maximize your likelihood of succeeding in college-level (non-development) classes in the shortest time possible.

LATE REGISTRATION (ONCE THE TERM HAS STARTED): Students who register for classes after the term begins WILL NOT be dropped for non-payment. Students will incur a financial obligation to the college AND a hold will be placed on their record if payment is not received. This hold will block future registration (adds, drops), obtaining transcripts, grades, diplomas, or verification of enrollment until all fees are paid.

UNPAID BALANCES: Will be forwarded to Collections and the student will be charged a $25 collection fee in addition to their balance due.

VERIFY YOUR REGISTRATION AND PRINT YOUR RECEIPT/DETAIL CLASS SCHEDULE: Once you register online and pay your fees, you may print confirmation of your payment and a Detail Class Schedule showing the course information for the courses you registered for. Always double check your registration to make sure it's accurate! This is the time to make sure you registered in the correct course(s).

BUY YOUR BOOKS: Bring a copy of your Detail Class Schedule with you to the bookstore to help you find the books or go online to purchase your textbooks.

ATTEND CLASS: Go to class! If you miss the first day of class, your seat may be given away to another student. If you enrolled in an online class, log in to the class via the "My Courses" link in your MyCCC portal on the first day of the semester! If you don't log on during the first week of class you might be dropped!

PARKING DECAL (MUST BE PURCHASED ONLINE): If you purchased a parking decal, make sure you have it displayed on your vehicle by the end of the second week of the semester. Campus Safety starts ticketing the Monday of the 3rd week of the Fall and Spring term and the Monday of the second week for summer classes!

CHECK your MyCCC portal page daily! It will include targeted announcements regarding registration, grades, cancelled classes, and much more. If all else fails, just contact Admissions & Records and ask us! (714) 241-6176 Monday-Thursday, 8:00 am to 5:00 pm and Friday, 8:00 am to noon.

STUDENT PHOTO ID CARDS: Students may have their photos taken for a Coastline College Student Identification Card as soon as they register, and have paid all of their fees. Photos are taken in the Admissions and Records Office (located at the College Center) during normal business hours. Students must bring a copy of their current term “student class program” and another form of photo identification (driver’s license, passport, etc.). The CCC Photo ID card will need to be re-validated each semester after you register and pay all fees due. The cost for the CCC Photo ID card is included in your college fees.

* A year’s equivalence at a California community college is either a minimum of 24 semester units of credit or 36 quarter units of credit. For noncredit courses, a year’s attendance is a minimum of 420 class hours per year (a semester is equivalent to a minimum of 210 hours and a quarter is equivalent to a minimum of 140 hours). Full-time attendance at a California adult school is a minimum of 420 hours of attendance for each school year.

† This provision addresses both a coursework and an attendance requirement, which can both be satisfied in three or more years.
AB 540
CALIFORNIA NONRESIDENT TUITION EXEMPTION

GENERAL INFORMATION

Any student, other than one with United States Citizenship and Immigration Services (USCIS) nonimmigrant visa status (see exception below for students who have been granted T or U visa status), who meets all of the following requirements, shall be exempt from paying nonresident tuition at the California Community Colleges, the University of California, and the California State University (all public colleges and universities in California).

- A student is exempt from paying nonresident tuition if the student meets all of the following four requirements:
  1. The student must have:
     - attended a combination of California high school, adult school, and California Community College for the equivalent of three years or more, or
     - attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work and attended a combination of elementary, middle and/or high schools in California for a total of three or more years,
  2. The student must have:
     - graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam), or
     - completed an associate degree from a California Community College, or
     - completed the minimum requirements at a California Community College for transfer to the California State University or the University of California, and
  3. The student must register as an entering student at, or current enrollment at, an accredited institution of higher education in California, and
  4. The student must file an affidavit with the college or university stating that if the student is a non-citizen without current or valid immigration status, the student has filed an application to legalize immigration status, or will file an application as soon as the student is eligible to do so.

- Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption.

- Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.

- A year’s equivalence at a California Community College is a minimum of 24 semester units of credit or 36 quarter units of credit. For noncredit courses, a year’s attendance is a minimum of 420 hours, 210 hours for a semester, and 140 hours a quarter.

- The accumulation of credit and/or non-credit in any academic year shall be calculated in reference to a year’s equivalence. Partial completion in an academic year is allowed. (Example: 12 units of credit courses in an academic year is equal to a semester for purposes of determining eligibility.)

- Attendance in credit courses at a California Community College towards the attendance requirements shall not exceed two years of full-time attendance.

- The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.

- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.

- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “nonresidents”.

- The California Dream Act extends Cal Grant A and B Entitlement awards, Cal Grant C awards, the California Promise Grant (formerly known as the BOG fee waiver), Chaffee grants, and institutional financial aid to students that meet these criteria as well as the applicable criteria for eligibility for specific types of financial aid.

- AB540 does not provide federal student financial aid eligibility for undocumented students. These students remain ineligible for federal financial aid.

1 This exemption to the requirement to pay the nonresident tuition fee is often referred to “AB 540” after the Assembly Bill which enacted the exemption. (Ed. Code, § 68130.5.)

2 In 2018, Senate Bill 68 was enacted to further expand the AB 540 exemption to allow adult school and noncredit course work to establish eligibility.

3 In 2014, Assembly Bill 2000 was enacted amending Education Code section 68130.5 to allow this additional flexibility in meeting the requirements for the exemption.

4 In 2012, Assembly Bill 1699 was enacted into law exempting holders of T and U visas from paying nonresident tuition. (Ed. Code, § 68122.)
COSTS & FEES

ENROLLMENT FEE—$46 per unit for California residents (enrollment fee is determined by the State and is subject to change at any time).

HEALTH SERVICES FEE—All students enrolling in one or more courses are required to pay the Health Services Fee of $11. This is a mandatory fee unless the student presents a waiver. Students who qualify for a waiver are:
- Students who depend solely upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. Call (714) 241-6160 for information.
- Students enrolled only in courses of two weeks or less in duration.
- Students enrolled only in Non credit courses.
- Students enrolled in an approved Study Abroad Program.
- Students enrolled in an approved apprenticeship training program.

COLLEGE SERVICES CHARGE—$12 per Fall/Spring term and $8 Summer term. It is not mandatory; however, Coastline Administration and Associated Student Government (ASG) expect students to support the college by paying the charge. A portion of each $12 charge goes to instructional grants and student scholarships. Information about specific programs funded by this charge and requests for waiver of the charge are available and granted only in the Student Services office during the registration period. Waivers must be secured in advance and submitted at the time of a student’s initial enrollment.

NON-RESIDENT TUITION—$265 per unit, plus $11 per unit non-resident capital outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Starting in 2017-18, active duty military students and their dependents who either are enrolled in the Military Programs administered by Coastline College or who are enrolled only in fully online classes at any college in the District are exempt from the capital outlay fee. Please note that it is the student’s responsibility to prove that he/she is a California resident.

MATERIALS FEE—Students may need to purchase materials for classes, as follows:
1. Required instructional materials of continuing value outside of the classroom must be paid for by the student. These are tangible materials essential to satisfy course objectives, have value to the student outside the classroom, belong to the student and may be taken home. These materials include, but are not limited to, such items as textbooks, workbooks, syllabi, computer discs, tools, uniforms and canvases. They also include materials such as clay that are transformed into materials of lasting value.

NOTE: Some classes carry a fee for required instructional materials. These fees are for the types of materials described above. When such fees are indicated, the materials for which the fees are levied are supplied at district costs and are sold as a convenience to students. However, students may choose not to pay the fee indicated and provide the materials themselves. Students are warned that they will not be able to complete the requirements of a course if they do not purchase or provide required instructional materials.

2. Students are advised to provide certain instructional materials of an optional nature. These are materials that enhance a student’s learning experience in the classroom, but are not essential to completion of course objectives.

PARKING FEE—$30 per Fall and Spring Semester, $15 for Summer Session. Parking permits are required at the Newport Beach, Westminster, and Garden Grove campuses. All registered students using these lots at any time are required to purchase and display a parking permit. Although the sticker will not guarantee a parking space, it will avoid the possibility of receiving a parking citation. Coastline parking permits are valid at Golden West and Orange Coast Colleges. Vehicles receiving Coastline citations have the same legal status as parking citations issued by a law enforcement agency in California. For further information regarding these regulations see Parking Regulations, located under “Policies”, or contact the Public Safety office at (714) 241-6120, ext. 16120. Purchase Parking Permits on-line at www.coastline.edu. Note: Fees are subject to change due to legislative action and/or District board approval.

FEE PAYMENT PROCEDURE—Prior to the start of the term. Fees are due and payable at the time you register for classes. Coastline College does not bill for registration fees. If payments are not received by the fee payment deadlines students will be DROPPED from classes to make seats available for other students seeking to register. It is the student’s responsibility to withdraw from classes by the refund deadline to ensure cancellation of fees.

IMPORTANT: Students are responsible for any fees incurred and grades received. It is the student’s responsibility to drop classes by the State mandated refund deadline to avoid fee obligations and must print a student class program (available via MyCCC) to verify their withdrawal. (Once classes begin, non-attendance or non-payment does not release the student from his responsibility and may result in failing grades being awarded).

FEE PAYMENT METHODS—Students may pay fees by credit card, check/money order, or cash as follows:

CREDIT CARD PAYMENTS—Pay online by VISA/MasterCard. Login to your MyCCC, go to the My Account box, click the credit card icon next to the term with an account balance.

CASH PAYMENTS (IN PERSON ONLY)—Cash payments may only be paid in the Admissions office located at CCC College Center, during the registration period.

EOPS/CARE/NextUp

ABOUT THE EOPS PROGRAM
Coastline College’s Extended Opportunity Programs and Services is a state-funded program whose aim is to provide the academic, personal, and financial support necessary for students whose educational and socioeconomic backgrounds might limit their access to higher education, or hinder their ability to be academically successful as they begin their college level studies.

Eligible students are provided additional guidance and support to help them achieve their academic goals. EOPS students who are single parents of young children may receive additional support services through CARE. EOPS students who are current or former foster youth may receive additional support services through NextUp.

FINANCIAL AID AT COASTLINE COLLEGE

Both the federal and state government offer funds to eligible Coastline students who need assistance in covering the cost of attending college. Generally, financial aid comes in the form of grants, loans, and Federal Work Study. Also, the California College Promise Grant—CCPG (formerly BOG Fee Waiver) covers Coastline enrollment fees for students who qualify.

All students, including military students and spouses/dependents, who enroll in degree, transfer, or approved certificate programs, should apply for financial aid. Some students pass up the opportunity and don’t apply for financial aid because they think they might not qualify. However, many of these students are eligible and miss out on aid they should have received. In addition, the College has the Coastline Promise Program for California resident and AB540 students coming out of high school. Those recent high school graduates who do not qualify for the CCPG may be able to get their tuition fees waived through the Coastline Promise Program. For more information, go to http://www.coastline.edu/coastline-promise.

All federal and state financial aid can be applied for through one application: the FAFSA (Free Application for Federal Student Aid). The FAFSA is completed online at www.fafsa.edu.gov. Before attempting to complete the FAFSA, students may want to go to the site to see what they will need to have with them to fill out all of the information required. Here are just some of the aid programs a student will be applying for by completing only this one application:

- **Pell Grant**: Up to $6,195 per year
- **SEOG Grant**: Up to $600 per year
- **Cal Grant**: Up to $1,672 per year at Coastline that is gift money.
- **Federal Work Study**: Up to $3,500 per year. This money is earned in on-campus employment.
California College Promise Grant—CCPG (formerly BOG Fee Waiver): Waives unit fees for CA or AB 540 resident.

Federal Direct Loans: Subsidized and unsubsidized student loans that must be repaid. (Payments begin once the student has finished college or is enrolled in less than 6 units.)

Students may be eligible to receive some or even all of these programs in the same academic year. It doesn’t make sense not to apply.

For AB 540/Dreamers eligible students—To apply for the California College Promise Grant and Cal Grant, students should complete the California Dream Act Application online at https://dream.csac.ca.gov.

The FAFSA or Dream Act Application can be submitted anytime during the academic year. However, students who want to be considered for the most aid possible should apply during October – March 2nd prior to the academic year for which they wish to receive aid (i.e., October 2018 – March 2 of 2019, for funds in the 2019-20 academic year).

Much more information about Financial Aid is available on our website at: http://www.coastline.edu/services/financial-aid.

ATTN: California College Promise Grant—CCPG (formerly BOG Fee Waiver) Students
NEW! All students otherwise eligible for the CCPG must now maintain a level of academic progress set forth by the California Community Colleges Chancellor’s Office or lose eligibility. PLEASE read about these specific standards at http://www.cccd.edu/students/financial-aid under the California College Promise Grant menu item.

There are 2 ways to apply for a California College Promise Grant—CCPG (formerly BOG Fee Waiver):

1. Go to www.fafsa.ed.gov (the only way to apply for federal aid, and the best way to apply for a Promise Grant).

   Go to www.fafsa.ed.gov and fill out the 2019-2020 FAFSA, (Free Application for Federal Student Aid). Our school code is 013536. Your processed FAFSA will be electronically downloaded and determined for a Promise Grant, if you qualify.

2. Go to www.cccd.edu/students/financial-aid and click on the “California College Promise Grant” tab.

   Most students have a better chance of qualifying for the Promise Grant through the FAFSA.

   IMPORTANT: Do not fill out the online CCPG application if you have already filed a FAFSA for the same academic year.

Questions?
Call (714) 241-6239, or email financialaid@coastline.edu, or stop by the office at the College Center. The Financial Aid office is open: Monday-Thursday, 8:00 a.m.-5:00 p.m. and Friday, 8:00 a.m.-12:00 noon.

TO APPLY FOR THE CALIFORNIA COLLEGE PROMISE GRANT (CCPG)—(Formerly BOG Fee Waiver) Complete your FAFSA today. The CCPG covers the enrollment fee for California residents who qualify. All other fees, books and supplies are not covered by this program and are the responsibility of each student. Promise Grants cover the academic year, starting with Fall. They are valid for three terms: Fall, Spring, and Summer.

STUDENT SERVICES

Some important tips to get you through the semester

The following Student Services and Policies and Regulations sections are listed in alphabetical order. Throughout these sections Coastline College is referred to as “Coastline” and the Coast Community College District is referred to as “CCCD.”

ASSESSMENT CENTER
Website: http://www.coastline.edu/services/assessment-center/
Phone: (714) 241-6285
E-mail: assessment@coastline.edu

The Assessment Center provides services for placement options, as well as administer alternative exams for students enrolling in distance learning courses. The Assessment Center is located at the College Center in Fountain Valley, 11460 Warner Avenue.

Students may also receive placement into English and math courses via the following alternative methods:

- Multiple Measure Assessment Project (MMAP) - Students who recently (within the last 10 years) attended high school for three or more years can receive placement into English and math courses based on the courses completed; their grades in those courses; and the cumulative, unweighted high school GPA. Some students may be placed directly in transfer-level English and English: “a community college district or community college may use self-reported high school information or guided placement, including self-placement for students” (AB 705, 2017, Sec. 2D). Students enrolling under this open placement model may wish to receive guidance to maximize their likelihood of succeeding in college-level (non-developmental) classes in the shortest time possible. Thus, we recommend that students seek a counselor's or advisor's input if they place into English C099: Fundamentals of Composition via the above options yet wish to self-place into English C100: Freshman Composition. For the Guided self-placement form, students can email the Assessment Center with their Coastline student ID number.
- Credit by Exam—Students may request the Credit by Exam; a pass confers credit for English C099. Students can request this form from the Admissions & Records office.
- Guided Self-Placement—As of January 1, 2018, students may bypass developmental-level prerequisites and place themselves into college-level math and English: “a community college district or community college may use self-reported high school information or guided placement, including self-placement for students” (AB 705, 2017, Sec. 2D). Students enrolling under this open placement model may wish to receive guidance to maximize their likelihood of succeeding in college-level (non-developmental) classes in the shortest time possible. Thus, we recommend that students seek a counselor's or advisor's input if they place into English C099: Fundamentals of Composition via the above options yet wish to self-place into English C100: Freshman Composition. For the Guided self-placement form, students can email the Assessment Center with their Coastline student ID number.
- Early Assessment Program (EAP)—high school students who received a “Ready” /“Standard Exceeded” status for English and/or Math. Students can submit their results to the Admissions & Records office.
- Successful completion of prerequisite courses—students who have successfully completed an English or math course from an accredited college or university that is considered equivalent at Coastline.

Students can submit their official transcripts to the Admissions & Records office.
- Advanced Placement (AP) scores—students who received a score of “3” or above on AP Calculus and/or AP English Literature or AP English Language and Composition. Students can submit their results to the Admissions & Records office.
- College Level Examination Program (CLEP) credits—students can submit their results to the Admissions & Records office for math placement only.
- International Baccalaureate (IB) scores—students can earn IB credit with minimum score of 5 except where noted in the catalog. Students can submit their results to the Admissions & Records office.
- Placement test results—students who have taken a placement test at another accredited community college within the last two years (excludes ESL). Students can submit their results to the Admissions & Records office.
- Students who possess an associate degree or higher may be exempt from placement testing. Students must provide official transcripts in order to verify satisfactory completion of college-level English and math coursework in order to be exempt from testing. Students can submit their official transcripts to the Admissions & Records office.

ACADEMIC FREEDOM STATEMENT
Coastline College recognizes that the free search for truth and the expression of diverse opinions are essential to a democratic society, and encourages and protects academic freedom as per Coast Community College District Board of Trustees policy number BP 4030 as approved 02/05/03.

COASTLINE COLLEGE ACADEMIC HONESTY PROCEDURES
Coastline College's institutional reputation is built on the individual student's commitment to academic integrity and the effective administration of academic integrity issues by the College's faculty and staff. Coastline College Faculty are responsible for ensuring that grades are truly indicative of the student's learned knowledge as exhibited in the classroom and through their coursework. Student acts of academic dishonesty cause disruption of the educational process, weaken our College's reputation, and present challenges for our faculty to fairly assess the student's academic performance. While Coastline College Faculty hold primary responsibility for ensuring that academic honesty is maintained in their classes, individual students share in this responsibility. Coastline students are to refrain from engaging in academic dishonesty. The Coast Community College District's Student Code of Conduct Administrative Procedures (AP-5500) apply to all students whose conduct violates academic integrity.

Procedures for Dealing with Violations of Academic Integrity

Actions Taken by Faculty Member
Any Coastline Faculty member who has evidence that a student has committed an act of academic dishonesty, shall, after speaking with the student, take one or more of the following disciplinary actions:
• Issue an oral reprimand.
• Give the student an “F” grade, zero points, or a reduced number of points on all or part of a particular paper, project or examination; if the act of academic dishonesty results in a “F” grade or zero points being awarded to the student for that particular paper, project, or examination, and this result affects the student's overall grade in the class, then the student shall be issued the proper grade, as affected by the specific “F” or zero grade, by the faculty member.

For all incidents of academic dishonesty, the instructor will report the matter to the College’s Disciplinary Officer (the Dean of Students).

Actions by the College’s Disciplinary Officer
Upon receipt of a report of an incident of academic dishonesty, the College’s Disciplinary Officer will send a letter to the student inviting them to present a response to the allegations of academic dishonesty. If a finding of academic dishonesty is made, the student will be placed on disciplinary probation, with other possible sanctions being imposed pursuant to the District’s Student Code of Conduct.

Upon receipt of subsequent reports of academic dishonesty, the College’s Disciplinary Officer will consider suspending the student for one full calendar year.

If, following the student’s return from the one year suspension, the College’s Disciplinary Officer receives further reports of academic dishonesty, they will recommend that the student be expelled from the District for a period of no less than three years.

The sanctions imposed for an act of academic dishonesty depend on the severity of the incident. As a result, a student may be suspended from the College on a first offense or be recommended for expulsion by the CCCD Board of Trustees.

The College's Disciplinary Officer shall keep the faculty member and appropriate Dean(s) reasonably informed of the status and outcome of the disciplinary process.

Examples of Academic Dishonesty
Examples of academic dishonesty include, but are not limited to, the following:
• Taking an examination for another student or having someone else take an examination on your behalf.
• Altering a graded examination/assignment and returning it for additional credit.
• Having another person or a company conduct research and/or write a report on your behalf.
• Stealing or attempting to steal an examination or answer key.

   a. has a cumulative grade point average of less than 2.0 in all units attempted.
2. Progress Probation—A student is on progress probation if he or she has attempted at least 12 semester units at a district college and the percentage of units with “W, I, NC, AND NP” grades reaches or exceeds 33 percent.

Students on probation at one CCCD college shall be on probation at all colleges within the CCCD. All probationary students shall be notified of their status and counseling services shall be made available.

Disqualification Status: The approved disqualification policy states that a student in the CCCD who is on academic or progress probation shall be disqualified whenever he or she meets one of two conditions:
1. Academic Disqualification—Any student on academic probation for two consecutive semesters shall be academically disqualified.
2. Progress Disqualification—Any student on progress probation for two consecutive semesters shall be disqualified for lack of satisfactory progress.

Students on disqualification at one CCCD college shall be on disqualification at all colleges within the CCCD. Students shall be notified of dismissal status near the beginning of the semester that it takes effect, but in any case, no later than the start of the Fall semester. If circumstances warrant, exceptions may be made and reinstatement granted by the Probation and Disqualification Review Committee.

Students on disqualification at one CCCD college shall be on disqualification at all colleges within the CCCD. Students shall be notified of dismissal status near the beginning of the semester that it takes effect, but in any case, no later than the start of the Fall semester. If circumstances warrant, exceptions may be made and reinstatement granted by the Probation and Disqualification Review Committee.

ACCRÉDITATION
Coastline College is accredited by the Accrediting Commission of Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial, Ste. 204 Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

ANIMALS AND/OR PETS
Animals and/or pets of any kind or description are not allowed on or within college property. This restriction also applies to animals and/or pets confined in any vehicle parked on college property. This does not apply to the use of guide or service animals.

AUDITING
The college is no longer offering students the option to audit a course.

CAMPUS SAFETY
Your safety continues to be our highest priority. The following policies and procedures were created with this goal in mind:

Procedures: To report a crime in progress, or other emergency requiring police or fire response, call 9-1-1. For non-emergency or routine calls, contact the Campus Safety Department or the business number of the local police department. The Campus Safety Department may be contacted directly at (714) 241-6360 or through any of the area offices.

Coastline has an incident reporting system which allows for a complete description of any incident. If students, staff or faculty are parties or witnesses to an incident that requires further review or investigation by the college, they should contact the College Center or one of the area offices to file a report.

Facilities: In general, all facilities remain open during business hours, M–Th 8:00 a.m. – 10:00 p.m. at instructional sites, and Fri 8:00 a.m. – 5:00 p.m. at the College Center.

Law Enforcement: The Campus Safety Department maintains a close working relationship with the local police departments for each area containing a Coastline facility. Coastline security officers and key staff will report incidents or summon the assistance of local agencies on an as-needed basis.

Communication: When a particular incident occurs that is of interest to students, faculty and staff, a collegewide flier/bulletin may be distributed which describes the incident, the actions taken, and safety suggestions.

Crime Statistics (Jeanne Clery Act): Crime statistics for Coastline can be found on the college website at www.coastline.edu or the Department of Education website at http://ope.ed.gov/security/. A complete copy of the report can be obtained from the Campus Safety department, or Coastline’s Business office. Call (714) 241-6145 for more information.
CHANGES
Coastline makes every effort to assure the class schedule information is accurate. Because this publication must be prepared well in advance, changes in some programs inevitably will occur. Courses described in this publication are subject to change without notice. All classes offered are based upon sufficient enrollment to economically warrant them. Classes may be canceled as a result of low enrollment, state legislation and/or financial consideration. When classes are canceled due to low enrollment, every attempt will be made to help students adjust their academic schedules. In addition, students are advised that all information set out in this publication is subject to change without notice, and the Board of Trustees of the CCCD, the Chancellor of the CCCD and the President of Coastline reserve the right to add, amend or repeal regulations, rules, resolutions or policies within the administrative area of responsibility of such officers.

CLASS ATTENDANCE
Students are expected to attend classes regularly. Failure to attend may be taken into consideration by instructors when assigning grades. Students who miss the first class meeting, are absent for two contiguous class meeting or have too many absences MAY be dropped by the Instructor at any time during the semester until the final deadline for withdrawal. Instructors may have more restrictive requirements for attendance and these requirements shall be stated in the class syllabus. Student’s that miss class due to verifiable extenuating circumstances beyond the control of the student (i.e. accident, illness, death in immediate family, etc.) should inform their instructors prior to missing class meetings. A student who has been absent because of extenuating circumstance should report to the instructor on the day of his/her return. No absence excuses a student from making up the work missed. Students should realize that absences may adversely affect their grades.

NOTE: It is the responsibility of the student to withdraw in order to meet all fee/ refund deadlines and it is also the responsibility of the student to withdraw by state mandated deadlines to avoid grade penalties.

CLASS WITHDRAWAL PROCEDURES
Each student is responsible to complete OR officially withdraw from each class in which he/she enrolls.

Students who are dropped by their instructors for missing the first class meeting or for excessive absences should verify the instructor drop with the Admissions Office in order to avoid grade penalties and to comply with critical drop dates as specified. Students should be aware that “W”s” are used to determine academic status.

Students may withdraw/drop a class by:
1. Logging in to your MyCCC site. Drops will be allowed via the web in accordance with published drop deadlines.
2. Mailing a letter or Student Drop Form by the drop deadline date to Coastline College, 11460 Warner Avenue, Fountain Valley, CA 92708. The letter should be sent to the attention of the Admissions office and the student needs to make sure the envelope has a USPS postmark on or before the deadline date.
3. In-person in the Admissions Office during normal business hours, Monday – Thursday, 8:00 am to 5:00 pm and Fridays 8:00 am to 12 noon. Students will be required to present a valid Driver’s License, Military ID or Passport to drop a class.

WITHDRAW AFTER DEADLINE
Students may petition for a “W” grade after the final limit for “W” only for extenuating circumstances beyond the control of the student, such as verified accident or illness. Petitions must be reviewed and approved by the Grade Review Committee.

REPEATING CLASSES
It is possible to repeat a class only in certain circumstances as follows:
1. In the course description in the catalog, the class is identified as eligible for repetition; or
2. The class is eligible for grade remediation by repetition.

*New repeat rules effective Summer Term 2012* -- Students are now limited to three (3) total enrollments for most credit courses. Students will not be allowed to repeat a course more than three times without documented evidence of extenuating circumstances. ‘W’ grades are counted as enrollments.

REASONS TO REPEAT A CLASS
A. Repeating a course in an effort to alleviate a substandard grade; Students who receive substandard grades (“D”, “F”, “NP” or “NC”) and/or one or more Withdrawals (“W”) on the transcript may attempt to successfully complete the course up to a total of two additional times within the Coast Community College District, if necessary to alleviate the substandard grade or successfully complete the course. After the third attempt to receive a passing grade in a course, the student may complete the Petition to Repeat form and submit to the Admissions and Records Office for one additional attempt. Petitions are only considered for documented extenuating circumstances. Students who withdraw and receive a “W” on each of the three allowable attempts, if by petition the student is given permission to enroll, the students will not be able to withdraw from the course again and an evaluative grade symbol will be recorded. NO FURTHER ATTEMPTS WILL BE PERMITTED.
If the substandard grade is repeated within the Coast Community College District, the Repeat/Delete grade exclusion will be automatically performed on the student's academic transcript. The grades in the latest term will be the grade which will be used to calculate grade point average regardless of which grade was higher. Although the previous grade(s) will not be counted in the grade point average, they will remain visible on the transcript and the last recorded attempt is the course which will be counted in the student's permanent academic history.

When a student repeats an equivalent course in which a substandard grade outside the Coast Community College District at a regionally accredited college, they must file a Repeat/Delete Request and submit it to the Admissions and Records Office along with an official transcript from the other college showing successful completion of the course.

B. Repeating a course due to a significant lapse of time, where a passing grade (CR or P) or C or better was previously earned. A significant lapse of time is defined as at least five years. All coursework shall remain on the student's permanent record. The current grade and credit will be disregarded in computing your CCC GPA. Course repetition based on significant lapse of time may only occur once. (Documentation must be submitted)

C. You have extenuating circumstances - verified cases of accidents, illness, or other life changing event beyond the control of the student that prevented you from doing well in the course (must submit documentation);

D. The course you wish to repeat is part of a legally mandated training as a condition of continued or volunteer employment. Regardless of whether or not a substandard grade (D, F, NC, or NP) was previously earned, the grade and unit credit shall be included each time for the purpose of calculating the GPA. (Documentation must be attached to certify that course repetition is necessary to complete legally mandated training).

E. Repeating a course previously taken at another college. Substandard or non-substandard grades earned at another institution will not be alleviated by repeating a course at Coastline College. The grade and unit credit earned will be calculated and averaged in GPA.

GRADING
Student performance in courses is indicated by one of sixteen grades. Grades which carry grade point value, and which are used in determining the grade point average (GPA), are as follows:

The following grades are not part of the GPA computations:

- EW—Excused Withdrawal, No units granted
- MW—Military Withdrawal, No units granted
- I, INP—Incomplete, No units granted
- IP—In Progress, No units granted
- RD—Report Delayed, No units granted

Pass/No Pass: When you select the pass (P)/no pass (NP) option, you will receive a P or NP on your transcript instead of a letter (A-F) grade. P means you have satisfactorily completed (passed) the course. NP means you have unsatisfactorily completed (failed) the course. The P/NP option does not affect overall grade point average. Students wishing to select the Pass/No Pass grading method in grade option courses must file the request with the Admissions and Records Office within the first 20% of the length of the course. The pass/no pass grade option form can be found online at coastline.edu. Please contact the Admissions and Records office for specific course deadlines.

Examinations: Final examinations are required in all graded courses. Exceptions may occur in certain physical education activity courses. Students must attend Coastline for the entire length of the course and take the final examination to receive credit.

I (INCOMPLETE)
If agreed upon between the instructor and the student, a student may receive an "I" grade when work in the class cannot be completed by the last day of the semester due to extenuating circumstances.

- Most of the academic work must be completed and there must be a justifiable reason for receiving the incomplete such as an accident or illness.
- The condition for removal of the "I" shall be stated by the instructor in a written record and recorded as an "I". This record shall contain the conditions for the removal of the "I" and the grade assigned in lieu of its removal. This record of Incomplete must be given to the student with a copy on file with the registrar until the "I" is made up or the time limit has expired.
- All academic work must be completed and submitted to the instructor per written agreement with the student, which will be valid no longer than one year following the end of the semester in which it was assigned.
- An incomplete not made up within the specified timeline will revert to the alternate grade assigned by the instructor when the "I" was assigned.
A student may not re-enroll in a class in which an incomplete was awarded.

GRADES
Grade reports are not mailed. Students may access their grades online by logging in to their MyCCC site. Students also have the option of printing their own CCC unofficial transcript. Semester grades are available online approximately 10 working days after the end of the semester (excluding holiday periods).

STUDENT GRIEVANCE PROCEDURES
Coastline College extends to all students the right to file a grievance. The right to petition may be initiated at any time when the student has a grievance against any college employee, policy or procedure at Coastline College.

Every effort will be made to preserve confidentiality as grievances are fairly and equitably considered. The procedures allow students to exhaust every administrative level possible in receiving fair and complete hearing of their grievances. These are college-level procedures for resolving problems and should not be viewed as legal or quasi-legal proceedings.

Based on the principle of improved communication between the student and the institution, the following procedures will be followed for students registering grievances:

NOTE: In order to establish due process, all parties to the grievance will adhere to the steps as outlined.

STEP I: Prior to filing a formal grievance, the student is expected to first contact the Academic Dean or Program Supervisor and the person(s) who has (have) the closest contact with the pertinent issue. The grievance should be thoroughly defined to be discussed objectively.

If the grievance cannot be resolved at this step, the student may progress to Step II after informing the person(s) involved of intended plans to file a formal grievance. The formal grievance must be filed during the semester in which the grievance occurs.

STEP II: The student meets with the Dean of Student Services to discuss the grievance. At this step, the “Formal Grievance Petition” is filed. The Dean of Student Services will serve as an ombudsman in order to examine objectively both sides of the issue. The Dean of Student Services will then meet with all persons involved with the grievance. At the conclusion of Step II, the Dean, within five (5) school days, will provide the student and others involved with a written summary of the discussion.

If the grievance has not been resolved by this step, the student may proceed to Step III.

STEP III: The student, within five (5) school days after the conclusion of Step II, will submit a written request to the Vice President of Student Services for a meeting of an arbitration committee. The committee will consist of:
1. The appropriate Dean for the Area involved
2. Vice President of Instructor or designee
3. Faculty Member and
4. Student

A meeting of the committee will be called by the Vice President of Instruction/Student Services to review and/or take action on the grievance. In ten school days after the student has filed a written request, the committee will meet with all involved parties and discuss the grievance in detail in an attempt to resolve the issue at this step. Meetings will be chaired by the Vice President of Student Services.

Within five (5) school days, the decision and proposed action will be communicated to the following:
1. Student involved
2. Committee members
3. College President
4. Other person(s) involved with the grievance

STEP IV: If either the grievant or other person(s) involved are not satisfied with the decision or action of the Grievance Committee an appeal may be made. Within five (5) school days after the decision or action, the appeal must be filed with the President of the College. Once the College President has reviewed the appeal and the written Communication from the Grievance Committee, the President will schedule a private meeting with the complainant to discuss the matter.

NOTE: The College President has discretionary power to uphold, reverse, or modify the action taken by the Grievance Committee. The President’s decision will be delivered to the grievant/student in writing with copies to the appropriate individuals involved.

STEP V: If the grievant/student is not satisfied with the final college level disposition of the case, she/he may, through the Chancellor of the Coast Community College District, appeal directly to the Board of Trustees. The Board, after reviewing the materials pertaining to the grievance, may determine the time, place and manner of the hearing.

HOPE SCHOLARSHIP CREDIT
Several new tax benefits are now available to help families meet the cost of postsecondary education. These tax benefits are intended to help students and their parents as well as all working Americans to fulfill a variety of education objectives.

Taxpayers can claim one or, in some cases, two new tax credits for expenses they pay for postsecondary education for themselves and their dependent children. This tax credit can directly reduce the amount of federal income tax for returns filed in 1999 or later. The Hope Scholarship Credit is available on a per-student basis for the first two years of postsecondary education, while the Lifetime Learning Credit applies on a tax-return basis and covers a broader time frame and range of educational courses.

Additional information may be obtained in the Admissions and Records office, from your tax advisor, or

HOUSING

Coastline maintains no dormitories. Housing transactions must be made individually.

LIABILITY

Throughout the academic year, some classes will meet at off-campus locations. The college will not provide transportation to these sites, and students enrolled in these classes are responsible for making their own transportation arrangements. Coastline personnel may assist in coordinating this transportation and/or may recommend travel time, routes, carpooling, etc.; however, the student does not have to follow these recommendations. The CCCD is in no way responsible, nor does it assume liability, for any injuries or losses resulting from this non-sponsored transportation. If you ride with another student, that student is not an agent of, nor driving on behalf of the District.

Under the California Code of Regulations, Subchapter 5, Section 55450, if you participate in a voluntary field trip or excursion, you hold the CCCD, its officers, agents and employees harmless from all liability, for any injuries or losses resulting from this non-sponsored transportation. If you ride with another student, that student is not an agent of, nor driving on behalf of the District.

OPEN ENROLLMENT POLICY

It is the policy of the Coast Community College District that, unless specifically exempted by statute, every course section or class, the attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Section 58106 of Title 5 of the California Administrative Code.

LIMITATIONS

AND OTHER ENROLLMENT LIMITATIONS

PREREQUISITES, COREQUISITES

All prerequisites or corequisites identified in Coastline’s catalog and class schedule were established according to state laws as outlined in the CCCD’s Model Plan. Except for CCCD priority registration procedures for continuing students, and courses or programs with prerequisites or corequisites, all Coastline classes are open to enrollment on a “first come, first-served” basis until they are filled to maximum capacity. Refer to the Catalog for detailed information or contact the Matriculation Office at (714) 241-6166.

Sexual Misconduct Information & Title IX Compliance

Members of the Coastline College (CCC) community, guests and visitors have the right to be free from sexual violence. All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. CCC has zero tolerance for sexual misconduct. When an allegation of misconduct is brought to an appropriate administrator’s attention and a respondent is found to have violated any sexual misconduct district policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. The following is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated.

SEXUAL MISCONDUCT OFFENSES INCLUDE, BUT ARE NOT LIMITED TO:

- Sexual Harassment
- Non-Consensual Sexual Contact (or attempts to commit same)
- Non-Consensual Sexual Intercourse (or attempts to commit same)
- Sexual Exploitation

SANCTION STATEMENT:

Any student found responsible for violating the CCCD policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

The Title IX investigative team reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor any appeals body or officer will deviate from the range of recommended sanctions unless compelling justification exists to do so.

PRIVACY AND REPORTING

Director of Equity and Title IX, TitleIX@coastline.edu, is the college’s designated Title IX Officer. The Title IX Officer is responsible for the purposes of initiating notice and/or investigation of sexual misconduct excluding cases involving personnel (not related to a student). The Title IX Officer will assign deputy investigators, who are members of the Investigative Team, to investigate allegations of gender-based discrimination and/or sexual misconduct. The deputy investigators will use discretion on how they act in response to notice of gender-based discrimination. Understanding that different people on campus have different reporting responsibilities and varied abilities to maintain confidentiality, the Title IX Officer will assign deputy investigators depending on the situation and the parties involved.

To report gender-based discrimination, sexual harassment, non-consensual sexual contact, non-consensual sexual intercourse, or sexual exploitation, please contact:

STUDENT RECORDS

The Admissions office is responsible for registering students and maintaining active and permanent records. Coastline complies with the provisions of the Family Rights and Privacy Act of 1974 (Buckley Amendment) which gives the student the right to see the official school record and restricts distribution of those records. A detailed description of this act is in the Catalog.

Active Records: All requests for changes to a student's current class program or information on file should be made through the Admissions office, (i.e., adds to program, withdrawal from class, name and address changes, etc.).

Additional Fees: Verification of enrollment costs $5, and early grade letter costs $2.

Cumulative files: The Admissions office maintains a cumulative file on each student who has requested transcripts from institutions of prior attendance. The file, containing copies of high school and college transcripts, is available to the student for review and/or for counseling appointments.

Distribution of Student Records to High Schools: Coastline may send to District feeder high schools academic reports reflecting students who have graduated from high schools within the last five years. These reports include the student's name, address, identification number, classes, grades, grade point average and major. This data assists high schools in evaluating their academic program in relation to student activity in college. Students who prefer their academic record not be included in the documents, which are submitted to the high schools, should contact the Admissions office to have their names deleted from the report.

Transcripts: Transcripts of academic work taken at Coastline will be sent to any college or university upon the student's written request. Transcript requests must be submitted online through Credentials, Inc. at: www.coastline.edu. Allow at least five working days for processing. End of semester transcripts may be requested beginning two weeks prior to the end of the semester, and are processed approximately 10-15 working days after the semester ends. There is a $5 charge for each official transcript, however the first two copies are free.
STUDENTS’ RIGHTS
The CCCD and Coastline are committed to the concept and principles of providing all persons with equal opportunity in employment and education by prohibiting discrimination based on race, sex, color, gender expression, religion, age, national origin, ancestry, sexual orientation, marital status, medical condition, physical or mental disability, military or Veteran status, or genetic information. This commitment applies to every aspect of education and personnel policies and practices in the treatment of employees, students, and the general public.

The right to nondiscrimination in education and employment is guaranteed to persons with disabilities under a number of federal and state laws (including Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) and the California Fair Employment and Housing Act). Students have the right to be free from discriminatory actions, including sexual harassment.

Contact one of the following college personnel: Renaté Atkins, Americans with Disabilities Act (ADA) officer, (714) 241-6146; Renaté Atkins, Equal Employment officer, (714) 241-6150; or Leighia Fleming, Director Student Equity and Title IX, (714) 241-6130 for further information.

STUDENT RIGHT-TO-KNOW
In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), Coastline makes its completion and transfer rates available to all current and prospective students at the following website: http://srkt.cccco.edu/index.asp A copy of this information may be obtained by calling the Public Relations office at (714) 241-6186.

 Portions of this policy are adapted from the academic honesty policies of the University of California Irvine, Cypress College, California State University Long Beach and Golden West College as published in their catalogs.

Study Load The average student carries a 15 unit full academic load during a semester at Coastline College. This load requires most students to spend 40-45 hours each week preparing for and attending classes. The College recommends that entering freshmen carrying a full academic load (15 or more units) plan to work no more than 12-16 hours each week. Students who have a poor high school record_below a “C” average_probably should work no more than 6-8 hours each week. No CCC student may carry more than 19 units during a semester, 9 units during summer, or 6 units during intersession without the permission of the CCC Director of Enrollment Services. This maximum applies to the combination of all units in which the student enrolls per semester/term in the Coast Community Colleges (Coastline, Golden West and Orange Coast).

Veterans, Active-Duty Military, and Credit for Military Training Coastline College is approved for training Veterans under all applicable laws. The College helps Veterans by cooperating with the Veterans Administration and the California State Department of Veterans Affairs. CCC establishes policies and programs for educating Veterans and active-duty military personnel. Under Title 5, Section 55024, members of the service called to active duty during a semester in which they are enrolled, may petition to withdraw under special circumstances. The withdrawal will be posted as “MW” - Military Withdrawal on the student's transcript and will be non-punitive, which means that it will not count in the students grade point average nor will it count towards academic or progress probation/disqualification.

Students with orders to report during a semester in which they are enrolled should contact Admissions and Records on the first floor of the College Center for the appropriate petition form. CCC recognizes and grants academic credit to Veterans for eligible military service and training credit completed in the armed forces.

About the Course Numbering System

Courses Numbered C001–C099: Introductory, developmental, special interest and some technical courses (not transferable to CSU or UC). English C099AB, Math C010, C020 and C030 are applicable to the associate degree; other courses numbered below C100 cannot be counted toward the 60 units of credit required for an associate degree. These courses do carry college credit and thus can be used to determine eligibility for full-time or financial aid status.

Courses Numbered C100–C299: Transfer courses to CSU. Contact the Coastline Counseling office for information about transferability to UC. Depending upon the courses selected, the student’s major and the specific four-year college/university, these courses will meet various baccalaureate program requirements.

Courses numbered C100–C199 are usually first-year courses; those numbered C200–C299 are usually second-year courses and normally require a prerequisite.

Courses Numbered C300–C399: Highly specialized courses that may be student-negotiated for transfer to baccalaureate-granting institutions, depending upon the courses selected, the student’s major and the specific transfer college/university.

Courses Numbered C400 and Above: Non-credit courses.

**Distance Learning courses fulfill degree and transfer requirements.** Coastline offers a comprehensive selection of distance learning courses that allow you to meet nearly all requirements for an associate degree or for transfer to the CSU or UC systems. Students should check with their schools for course transferability.

**NOTE:** These are all “Option 1” degrees, since Coastline does not have a public speaking class in distance learning format which fulfills the CSU Oral Communications requirement. Proctoring

When you take a class at one of our Coastline campuses, your instructor will likely administer your midterm and final exams in the classroom in person.

When you take an online class, instructors have the option to create a fully online exam or require an exam to be taken in person with what’s known as a ‘proctor’. Proctors protect academic integrity and the value of your degree by following a set of procedures such as verifying your identity, providing oversight while you take the exam, and mailing your exam back to Coastline.

Online exams may require accessing an online proctor service, such as Proctorio, in order to maintain academic integrity. Proctorio captures video and movement while you take your exam and requires an identity check. This video may be reviewed by your instructor to ensure that no cheating took place.

Coastline is committed to academic integrity in order to protect the value of your degree and transferability of our courses. This page is designed to answer the most common questions about proctoring (in person and online), and we are always here to help if you need more guidance.

What is a Proctor?

Proctors protect academic integrity and the value of your degree by following a set of procedures such as verifying your identity, providing oversight while you take the exam, and mailing your exam back to Coastline. In short, they administer exams on behalf of Coastline’s instructors.

Academic Honesty

The Distance Learning Department reviews each proctor agreement form and will determine if the criteria have been met. If the criteria have not been met, the student will be notified for the next appropriate action. The signed form is a binding agreement between the proctor and Coastline College to ensure the confidentiality and academic integrity through proper administration of examinations. The proctor is expected to prevent acts of academic dishonesty from the following: cheating, plagiarism, stealing or copying an exam and/or engaging in collusion.

Students with questions regarding proctored exams or the Student/Proctor Agreement form, go to http://www.coastline.edu/students/distance-learning/proctor or call (714) 241-6216.
Frequently Asked Questions
Distance Learning Programs

What are the differences between Online, Independent Study, Cablecast and Telecourses?

Online courses are primarily completed through the course website. There are instances when students will be required to take an exam in person with the instructor or a proctor. Independent Study courses follow a student handbook and generally mail in coursework. Cablecast and Telecourses follow a student handbook, view videolessons, and submit coursework through the mail. Independent Study, Cablecast and Telecourses offer some select online services.

Will I need to come to one of Coastline’s campuses to take an exam?

This varies. Some classes, such as Telecourses, require local or non-proctored students to take exams at the college’s Garden Grove, Westminster, or Newport Beach campuses. Other courses, such as Internet courses, may require students to attend review and/or exam sessions at one of these campuses.

I live really far away. Do I have to come in and take my midterm and final?

If a course requires on site exams, students who are not able to come to our campus to take their exams may submit a proctor agreement form by mail. Refer to "the Student/Proctor Agreement Form" for more information.

I can't make it to the scheduled exam. What should I do?

You may be able to schedule an alternate exam by going to the Distance Learning department's website: dl.coastline.edu, click on the 'Schedule Alternate Exams' link and follow the instructions.

Please note, however, that there may be a 10% penalty for any student completing a midterm or final exam more than seven days after the regularly scheduled exam, unless otherwise noted by the instructor. If you are taking your exam late, it is your responsibility to confirm that your instructor will accept it at that time. Students must present written approval from their instructor to complete an exam after the course has ended.
How do I know what books and materials to buy, and how will I get them if I am out of the area?

Students may purchase their books and materials online. The Coastline College Bookstore website is: www.coastlineccbookstore.com. You will find information about what books and materials are required for your course(s) on the website.

I am taking an online course. Am I still able to submit my quiz on a Scantron?

No. Online classes are done strictly on the Internet. The syllabus is online as well as the quizzes. One advantage of an online course is that you receive immediate feedback after submitting your quiz.

I tried to submit my quiz but the website is not responding. What do I do?

Seek help through the “Help” menu within Canvas. Let your instructor know if you are not able to submit the assignment. Only they are able to open a closed assignment.

What if I am late turning in a quiz or an assignment?

Communicate directly with your instructor.

If I submit my quiz on a Scantron, how will I know my score?

As long as the Scantron is filled out correctly and submitted to the Distance Learning Department by the due date, students will receive correspondence in the mail regarding their total score. Be sure to include name, student ID number and quiz number in the spaces provided on the Scantron form. Depending on the course, students may also view scores on the course website. Late quizzes are scored and posted last.

I may need an early grade report. May I get one with a Distance Learning course?

Arrange this directly with your instructor.

I work full-time and have kids. How will the Distance Learning Program work for me?

By taking classes via the Internet, watching telecourses or videos aired on the television, or participating in the Independent Study courses, students can get the education they need with the flexibility of working around their busy schedules. Keep in mind: if you are a local student, you may be required to come in to one of our campus for the midterm and final exam.

What is my student identification number?

Your 8-digit student identification number is supplied to you by Coastline after you’ve been admitted to the school. You can find your Student ID number in your MyCCC account.

I am registering late, and the class I want is closed. Am I able to petition the course?

Unfortunately no, as many distance learning classes reach a maximum number of students. Check to see if the class has a waitlist. More information can be obtained by contacting Admissions and Records. You may check to see if the class you want has a section which starts on another date. Many of our classes are not only offered as 16-week sections, but 8-week sections as well within the same term.

Some classes will be considered ‘Closed’ or ‘Cancelled’ for a variety of reasons. Therefore, be prepared to enroll in an alternate class if your first choice is unavailable. English classes are popular and will fill up quickly!

Since I am not in a classroom course, do I have an instructor and how will I keep in contact with my instructor?

All distance learning courses are taught by credentialed instructors. Each distance learning instructor will have a preferred contact method and will respond within a reasonable amount of time. Students may contact their instructors through voicemail, telephone, fax, email or in-person with an appointment. Many courses use online bulletin boards to hold discussion forums or to facilitate communication between students and between instructor and students.

Can active-duty Service members and their family members take online courses through Coastline?

Yes, in addition to our local programs, Coastline offers 8-week online courses and 12-week offline (no Internet connectivity required) courses to Service members, their spouses and dependents, and Veterans. Visit our website for more information at: http://Military.Coastline.edu.

Do I need prior computer experience in order to enroll in an online course?

There is no need to be a computer expert but you do need to know:

a. how to navigate the Internet
b. how to use email
c. how to download a program from the Internet and install it (typically this is free software)
d. how to conduct a search on the Web

If a student is self-motivated, can follow instructions from the computer screen and likes to figure things out on his/her own—an online course will be an enriched educational experience.

What equipment do I need to enroll in an online course?

You need a 2 GHz (or faster) computer with (1) an internet connection (512Kbps or faster), (2) sound card, (3) provide your own Internet connection, (4) provide a valid email address, and (5) appropriate software for course.

I want to enroll in an Online course, but I do not have a computer or an Internet service provider. What can I do?

To genuinely get the most out of this Distance Learning format, students should possess (or have access to) a computer with Internet capacities. Students who do not have access to a computer with Internet can use Coastline’s Computer Labs at the Garden Grove; Westminster; and Newport Beach Campuses. Another alternative is to check out Coastline’s telecourses!
If I run into computer or technical problems, is there help?
Yes. There is limited technical support help for students. Students can access technical help by calling (714) 241-6216 or by clicking on the "Help" link within Canvas.

Do Online courses cost more in registration than a classroom course?
No. The registration fees for Internet, Telecourse, Cablecast, Independent Study and CD-ROM (self-study) courses are the same as a class offered on campus at Coastline.

Will the college provide an email address for me?
Coastline College, as part of the Coast Community College District, will provide an email account for all students. You may set up your email account after you’ve accessed http://myccc.coastline.edu.

Is the coursework easier online?
Course requirements and learning outcomes are comparable to that of a classroom course. Students who enroll in an online course may find their learning enriched because of the resources available online and accessibility to the instructor as well as student-to-student communication. The instructor may take their students on a virtual field trip or require a writing assignment that will take students to the virtual state capitol to an elected representative, or to a major corporation online.

I just enrolled in an online course.
How do I find out what to do for the course? Officially enrolled Online students can generally access their course site the day the course starts. Online students are required to complete a Student Learning Contract online. Each Internet course has the course syllabus online to get students off to a great start; informing students of books required, reading assignments and activities.

Will there be opportunities to communicate with other students enrolled online?
Yes. Most online courses offer students the opportunity to discuss course topics via online forums, and work on assignments together (team). Some instructors will schedule “live” chat sessions during the course. Some students have set up study groups online.

When may I start my online course?
Preparation for the course can begin prior to the start date. by obtaining the course materials through the Coastline Bookstore at www.coastlineccbookstore.com. Course websites will be open for students the day the course starts.

How can I ensure a timely response from my instructor to respond to my emails or messages left on the voicemail?
When you contact an instructor, it may help if you remember a few tips. Be sure to include your full name, the name of the class, and state precisely what you need. For instance, try sending an email or leaving a message using this example, “Dear professor, my name is Joe Smith and I’m enrolled in this term’s Zoology 199 class. My student identification number is xxxxx-xxxx. I have a question about the assignment as indicated on the course Web page. My question is (xxxx). I would appreciate if you could respond when you are able. Thank you.” If you’ve left a voicemail, be sure to include a phone number.

Also, please note that some instructors teach more than one class. Try to avoid indicating something like, “I’m enrolled in your class, and I have a question.”

As far as when the instructor will respond to your email or phone call, please check the course website and/or the student handbook as the instructor may have indicated what day(s) he/she will respond to emails or voicemails. make sure you’re using your student email address or the Canvas inbox. It's possible the instructor has already responded to your email, and his/her response is in your junk folder.

Sometimes, for reasons beyond anyone's control, faculty are not able to respond promptly. Illness is one reason.

I did all that and I still can’t get a response.
We can understand your frustration, but please don’t forget that faculty are under no compulsion to reply to your email or return your phone call when the term is over, on weekends, or when the college is closed such as during holidays.

You are urged to contact us either by email: dlearning@coastline.edu or by phone: (714) 241-6216. Please provide as much information as you are able: your name, your eight-digit student identification number, the class name, the instructor's name, and when and how often you attempted to contact the instructor, as well as anything else you feel is important. We, in the Distance Learning department, will acknowledge your email or phone call and attempt to answer your question or address your concern. If we can’t, we will follow up with the instructor.

“What I loved about the Learning 1ST Program is... how much they really do care about their students and their education. Their door is always open, and they will guide you every step of the way. The counselor and program coordinator went above and beyond the call of duty. They explained to me how I could get my Bachelor’s Degree in Human Services from Troy University in Alabama, and the program is all online. Plus, Troy accepted the classes I have already taken, and there was no application fee or waiting period.”

- Cathy Love, 2018 Coastline College Graduate

TEACH³ is a transfer program and pathway for Coastline, Golden West and Orange Coast College students seeking a career in education.

Coastline is the District's Distance Learning provider for TEACH³ courses and all our TEACH³ courses we offer are online. You can mix and match, taking some courses online at Coastline and others onsite at Golden West and Orange Coast, or take all your courses at Coastline.

Ultimate goals for TEACH³ students vary
- Some are seeking a K-12 teaching credential,
- Others are working towards fulfilling ECE units,
- Some are fulfilling fieldwork requirements only,
- Others are currently paraprofessionals already in a classroom,
- Some are taking just a few courses to see if they want to pursue a credential or classroom career as a paraprofessional,
- Others are home-schooling parents looking to pick up some skills in teaching,
- Some students are working on our Certificate in Educational Studies only, and
- Some are already credentialed teachers, seeking an additional authorization for an existing credential.

Coastline's TEACH³ is articulated with various pathways to classroom teaching including (but not limited to) CSU AA-T (Elementary Education), CSULB ITEP, CSULB Track I, CSUF Liberal Studies, CSUF Child Development, CSUDH Liberal Studies Major, Liberal Studies Online, Cal State TEACH, and other participating universities, public and private.
