Dear Students:

Greetings and welcome to Coastline Community College! We know that you have many choices when it comes to colleges, and we appreciate that you have chosen to attend Coastline. You have made

an excellent choice. Our comprehensive array of programs and services is innovative and responsive to the needs of diverse students. As a unique institution with learning centers in Garden Grove, Costa Mesa and Westminster (and soon in Newport Beach), we are able to provide personalized attention to your needs as students—in terms of your academic and personal development, as well as in your exploration of and preparation for careers. We have extensive partnerships locally, nationally, and globally, including with business leaders and industry experts to ensure that what you learn today will be relevant and marketable in the future.

As you peruse this Catalog to decide upon your classes or educational program, please remember that our student-centered team is here to assist you in mapping out an educational plan that promotes success and is tailored to your unique needs and life circumstances. Our Counselors can answer questions about which classes or degree programs are best suited for your long-term career goals, and our friendly (and new) guideU mentors are ready to connect with you to help you navigate your Coastline experience. Bottom line: We're here to serve you and want to see you succeed.

While you are here, I encourage you to participate actively in student events and clubs, and become part of our student leadership group, Associated Student Government (ASG). When you become engaged and connect with your classmates, instructors, and the many services that we offer, your Coastline experience will be enjoyable and more successful.

Please do not hesitate to ask for help or call with a question. We welcome your suggestions for any improvement we can make to our classes, programs, and practices. Best wishes for a wonderful academic year.

Sincerely,

Loretta P. Adrian, Ph. D., President

**Changes.** This publication is prepared well in advance of the time period it covers; therefore, some program changes may occur. Courses as described are subject to change without notice, and some listed courses may not be offered each year. In addition, some courses or programs offered may be canceled due to insufficient enrollment, elimination or reduction in programs, or for any other reason considered sufficient by the college president or designee. Any questions about courses or programs listed in this catalog should be directed to the Counseling office.

**Why choose community college?** Community College is one of the biggest bargains in higher education, saving students thousands of dollars a year in tuition while offering the same quality courses and caring, knowledgeable instructors as four-year colleges or universities. That's why community colleges throughout the country attract and enroll nearly 12 million students each year. There are more than 1100 community colleges throughout the United States tailored to the needs of busy individuals. Campuses are located near students' homes and offices, and courses are offered in evenings, on weekends, and in condensed formats making education even more accessible. This flexibility, combined with the affordable nature of a community college, is what has made the dream of a college degree a realistic goal for so many people.

**What makes Coastline different?** Imagine classes that come to you. When you're on the go, this can be more important than ever. Coastline Community College, founded in 1976, has long been known as a "college without walls." As one of the nation's most innovative institutions, Coastline brings classes to you with advanced distance learning options as well as neighborhood campuses located right in your own backyard. In addition, Coastline offers numerous options for degrees and certificates in several popular fields. These programs are in demand by employers, and Coastline faculty and staff work hand-in-hand with business and industry to tailor these programs to apply to today's working world.

Coastline offers you a small-college feel with big-college benefits. Whether you're looking to obtain a degree or certificate, or just looking to take classes for fun or recreation, you'll find that Coastline is your most accessible, flexible, and affordable option.

**Our students** range in age and educational goals. Some attend Coastline as fresh-out-of-high-school teens working on their GE requirements with the hopes of transferring to a 4-year university. Others are adults looking to change careers by earning a certificate or A.A./A.S. degree in a new career field. Some want a class or two to add to their resume, and others want a super-packed, full schedule of classes (such as those in the STAR program) to help them finish their degree requirements fast.

Coastline also serves thousands of servicemen and women across the globe through the Military Contract Education program. This unique program allows those enlisted men and women to complete their degree requirements at a distance, without ever setting foot on a Coastline campus.

Coastline welcomes all students!

**Accreditation** is a process in which certification of competency, authority, or credibility is presented. Colleges that are certified as "accredited" by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges adhere to strict guidelines and reporting standards tied to student success and achievement. Coastline is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

**Coastline's Mission.** Coastline Community College is committed to academic excellence by providing accessible, flexible, quality education to students within and beyond the traditional classroom.

Coastline Community College fulfills its mission by providing:

- High-quality instructional programs, services, and entrepreneurial activities that meet the education, economic, and social needs of diverse students from local and global populations;
- General education and transfer courses for a comprehensive Associate in Arts degree plus career and technical courses for occupational certificates;
- Learner-centered strategies supported by a full range of technology-mediated instruction for site-based and distance learning classes;
- A systematic assessment of student outcomes at the course, program, and institutional levels;
- Courses and activities relevant to global responsibilities;
- An organizational culture that encourages and supports continuous learning and professional development;
- A collegial decision-making process that reflects respect for broad collaboration based upon the philosophy of participatory governance.

*Approved by the Board of Trustees, May 3, 2006. Updated January 2010.*

**Programs.** Coastline offers the following degrees and program options, both onsite and through distance learning formats:

- Courses leading to the Associate in Arts (A.A.) degree or Associate in Science (A.S.) degree
- Lower-division coursework that will transfer to a four-year college or university
- State-approved occupational certificates in technical and career programs and certificates of completion in several additional occupational areas
- Courses and resources to help students improve levels of basic reading, writing and computation, including courses for non-English speakers to become proficient in English.
- Courses contributing to personal enrichment and acquisition of life skills and programs for adults with acquired brain injuries and learning disabilities.

In addition, Coastline offers contract education and training services to businesses in the Orange County area and to the U.S. military and other organizations worldwide as part of the economic development function assigned to community colleges by the state of California. Such services, which are fee-based, include basic workforce training programs, high-level computer skills training, and credit courses and degrees.

**Assessment** for entry placement in English and Mathematics is expected of all first-time students, except for those students who have completed required English and Mathematics skill courses. New students who have earned an associate degree or higher from an accredited institution are not required to take the assessment tests if they have fulfilled the prerequisite for the course for which they are trying to enroll. All other students who plan to enroll in English and/or Mathematics courses are required to complete the assessment tests.

Students are strongly encouraged to complete the no-cost, assessment tests early in their program since the scores are used for advisory purposes during counseling sessions. Testing dates and times are available through the Counseling office, the English as a Second Language (ESL) Institute, and the Assessment Center.

Assessment results are available immediately after completing the tests. Assessed students are directed to speak with a counselor or faculty advisor to determine course placements which are based upon multiple measures. Multiple assessment measures for entry placement decisions may include, but are not limited to, the following factors: assessment test results, goal definition, motivation, academic status, self-assessment or study skills. For information about the assessment process, please call the Assessment Center at 1 (714) 241-6285.

**EOPS**, *Extended Opportunity Programs and Services (EOPS)* is a state-funded program that provides an “umbrella” of services to qualified students of the college who are enrolled in a program that leads to a degree, certificate, or transfer. Eligible students must be state residents for tuition purposes, and qualify for the Board of Governor’s Fee Waiver program under one of the following ways:

*Qualify for BOGW/A – currently a recipient and receiving one of the following:*

- TANF or CalWORKs (formerly AFDC) or
- Supplemental Security Income (SSI) or State Supplemental Program (SSP) or
- General Assistance (GA)

*Qualify for BOGW/B – total family income for 2009 is:*

- EFC = “0” on FAFSA or
- Professional Judgment (unique circumstances may justify special review to be made by Financial Aids Office)

*Income standards below the following:*

Family Size	2010 Income
1	\$16,245
2	\$21,855
3	\$26,465
4	\$33,075
5	\$38,685
Each additional family member	\$ 5,610

*Additionally, students must meet one of the following areas for educational disadvantage:*

- Test Scores for placement at Math C010 or lower and/or English level at Fundamentals of Composition (C099) or Freshman Composition (English C100) or lower.
- Non-high school graduate or did not pass CAHSEE, GED, or Proficiency Certificate
- Low high school grades (below 2.5 GPA )
- Remedial courses – enrolled in non-grade-level courses in high school or college
- Special Admittance (four factors approved by State Chancellor’s Office)

EOPS reserves the right to limit new students applying to the program to those students who have completed fewer than 40 units at the time of application from all regionally accredited colleges or universities attended. Students must be full-time (12 units during fall or spring; 6 units during the summer). Most students are expected to continue as full-time during their time as EOPS, though exceptions can be made. The law limits EOPS students to be served a maximum of 6.0 semesters (continuous enrollment) not to exceed 70.0 degree-applicable units. Thirty (30) units of non-degree applicable courses will be excluded from this calculation. The program accepts eligible students based on priority criteria established in law for EOPS.

The Program routinely develops new services and provides activities to support student retention, transition, and transfer. Currently the EOPS “over-and-above” services include: counseling and advisement, outreach and recruitment to local agencies, high schools, and community organizations, emergency loans, books, special workshops and events, new student orientation, priority registration assistance and more. Call the EOPS Program at (714) 241-6237 for more information.

*See also CARE on the next page.*

**CARE** stands for *Cooperative Agencies Resources for Education (CARE)*. CARE serves the unique needs of a special group of EOPS students; it is administered by the EOPS Program at the College. ### Goal

The primary goal of matriculation is to increase student success through institutional effectiveness. Success is measured by the attainment of student educational objectives. Matriculation is a coordinated process designed to:

1. Assist students to make wise educational choices concerning the programs and courses to pursue based upon clear and sensitive appraisals of their skills, interests and aptitudes in relation to the programs and courses offered.
2. Enable students to complete the units they attempt with satisfactory grades and to persist from semester to semester.

3. Identify the support services that students need to succeed and refer students to college and community resources to meet those needs.
4. Strengthen student motivation to succeed through the above, and provide frequent feedback and encouragement.

### Matriculation Activities

**Admission:** Students use CCC Apply or in-class registration to expedite the entry process.

**Assessment:** Students are evaluated for current skill levels in reading, writing and math. District-approved, no-cost testing instruments are used and feedback is provided. Various testing times are available for accessibility and convenience. Career interest inventories and other specialized testing tools are also available.

**Counseling:** Students meet with educational counselors through selected classroom visitations and personal appointments. Students learn about Coastline's educational options including transfer requirements, associate degrees, certificate programs, enrichment courses, weekend offerings and distance learning courses. Counselors help students identify their educational goals and develop curriculum plans to achieve them.

**Exemption Criteria:** All students entering Coast Community College District colleges are expected to participate fully in matriculation services. They are also expected to meet course skill level requirements and prerequisites. Students may be exempted from assessment, orientation and/or counseling on the basis of the following criteria:

1. Students who have earned an associate degree or higher from an accredited institution.

2. Students who are enrolling in six or fewer units and who are not pursuing a degree or a certificate. Upon completion of 12 or more units, however, these students will be apprised of requirements to participate in matriculation services.
3. Students who, in the opinion of the vice president of student services or designee, would not directly benefit from participating in orientation, assessment and/or counseling.

# Associate Degree General Education Requirements OPTION 2 – Transfer CSU • 2011-2012

Designed for students who are planning to transfer to a university in the CSU system. However, it may be appropriate for transfer to some independent colleges. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog. Transfer students are strongly advised to contact a Coastline counselor for guidance in preparing an educational plan. In addition, for the most current articulation information, visit [assist.org](http://assist.org).

Complete at least 39 units in the specific courses listed in Groups A-E. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or Area of Emphasis. Students may also double-count courses for the Global and Multicultural Studies Requirement.

### **Certificate of Achievement In CSU General Education**

Upon completion of this General Education pattern, students may qualify for a Certificate of Achievement in CSU General Education.

### **Certification of General Education for Transfer to CSU**

Upon a student's request, Coastline will verify the completion of lower-division general education requirements for transfer to the California State University. Courses can only be certified if they were on the CSU approved list at the time they were taken by the student. Upon transferring, the student will need to complete any upper-division general education requirements required by the university. Students who transfer without certification will have to meet both lower and upper-division general education requirements of the specific CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses. Students may also request subject-area (partial) certification. To qualify a student must satisfactorily complete the courses required in one or more sub-areas. Coastline will provide a full-certification only once. Certification is not automatic and must be requested after the completion of the last term prior to transfer. This request should be made in the Admissions office when final transcripts are requested to be sent to the transfer university.

# Associate Degree General Education

## OPTION 3 - Transfer IGETC • 2011-2012

Designed for students who are planning to transfer to a university in the CSU or UC system. However, it may be appropriate for transfer to some independent colleges. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog. Transfer students are strongly advised to contact a Coastline counselor for guidance in preparing an educational plan. In addition, for the most current articulation information, visit [assist.org](http://assist.org).

Complete at least 37 units in the specific courses listed in Areas 1-6. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or Area of Emphasis. Students may also double-count courses for the Global and Multicultural Studies Requirement.

### **CERTIFICATE OF ACHIEVEMENT IN INTERSEGMENTAL GENERAL EDUCATION TRANSFER**

Upon completion of this General Education pattern, students may qualify for a Certificate of Achievement in Intersegmental General Education Transfer (IGETC) and IGETC Certification of General Education.

### **CERTIFICATION OF GENERAL EDUCATION FOR TRANSFER TO CSU OR UC**

Upon student request, Coastline will verify the completion of lower-division general education requirements for transfer to the California State University (either the CSU general education breadth requirements of the IGETC) or the University of California (IGETC). Courses can only be certified if they were on the CSU or IGETC approved list at the time they were taken by the student. Students who transfer without certification will have to meet the general education requirements of the specific CSU or UC campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses. Coastline will certify courses only once. Certification is not automatic and must be requested after the completion of the last term prior to transfer. This request should be made in the Admissions office when final transcripts are requested to be sent to the transfer university.

### **PARTIAL CERTIFICATION OF IGETC**

Students may request partial certification if they have completed all but two of the courses on the IGETC pattern. Students need Areas 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. Students have several options for completing the remaining courses. See a counselor for more information.

## California State Universities (CSU)

All the campuses of the California State University welcome applications from transfer students. If a student completes college units after the summer following their graduation from high school, they are considered a transfer student. The majority of transfer students enter the CSU as "upper-division" transfers. Upper-division

transfers must complete at least 60 semester units or 90 quarter units before transfer, maintain a 2.0 GPA or better (a higher GPA is recommended to remain competitive) in all transferable college units and be in good standing at the college or university attended. Some students enter as "lower-division" transfer students if they completed fewer than 60 transferable semester units (90 quarter units). Visit <http://www.csumentor.edu> for admissions and application procedures.

**Academic Planning for Prospective Transfers:** If a student is unsure of their major, they should first concentrate on completing the lower-division general education requirements. Of these requirements, the highest-priorities are the general education requirements in the English language, oral communications, English composition, and critical thinking - along with a general education course in mathematics. While completion of all general education requirements is not required for admission, it is important that students complete as many of the lower-division general education requirements as possible prior to transfer. If they are pursuing a high-unit major that requires extensive lower-division prerequisites, they may not be able to complete all lower-division general education requirements prior to transfer.

**General Education/Breadth Requirements:** CSU provides California Community College transfers with two options for fulfilling CSU lower-division general education requirements: CSU General Education Breadth (GE-Breadth) and the Intersegmental General Education Transfer Curriculum (IGETC). For a list of courses that meet these requirements refer to Option 2 and 3 in this catalog. You may also visit <http://www.assist.org> for both general education and articulated major requirements. Please see a counselor for additional guidance.

**Impacted Majors:** Many campuses have some impacted majors that require additional admission criteria. Several majors are impacted at one or more but not all of the campuses offering the major. Generally, the majors remain the same from one year to the next, but the criteria are subject to change, and you should contact the campus directly for the most current information.

Detailed information about the 2011-2012 CSU impacted campuses and majors can be accessed at <http://www.calstate.edu/SAS/impactioninfo.shtml>.

## Requirements for the Associate in Arts for transfer (AA-T) or Associate in Science for transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate of Arts for Transfer (AA-T) or the Associate of Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements

At the time of catalog publication, no majors for the AA-T or AS-T have been approved. Majors are under development. For more information, please see a counselor and <http://coastline.edu> for more information.

**Requirements:** The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major as detailed in the Majors section of the catalog. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth), Coastline’s Option 2 General Education pattern OR the Intersegmental General Education Transfer Curriculum (IGETC), Coastline Option 3 General Education pattern.

## University of California (UC)

A transfer applicant, according to the University, is a student who has enrolled in a fall, winter or spring session at another college or university after high school. A student who meets this definition cannot disregard his or her college record and apply as a freshman.

Prospective transfer applicants should plan their coursework carefully. Selected courses should help them 1) meet the minimum admission requirements for transfer, 2) prepare them for their major and 3) fulfill recommended general education requirements. All courses must be UC transferrable.

**Admission Requirements:** In addition to meeting the minimum admission requirements, a student should adhere to any special application or screening procedures for the selected major or UC campus. Additional requirements for highly competitive majors can also be identified through articulation agreements (available at <http://www.assist.org>). Students should enroll in the courses that meet these requirements. To earn 60 semester (90 quarter) units before transferring, the student should select courses that meet the eligibility, lower-division major-preparation and appropriate general education/breadth requirements.

**Major-Preparation Requirements:** Transfer students should take courses that meet major requirements. In most cases, completing at least a portion of the major requirements is essential to gain admission to the major. The Transfer Preparation Paths, available at <http://uctransfer.universityofcalifornia.edu>, outline the major preparation requirements at each UC campus for the most popular majors. They are particularly useful in helping students identify major-preparation coursework that will prepare them for multiple UC campuses. Information on major preparation requirements is also available at <http://www.assist.org>

**General Education/Breadth Requirements:** Transfer applicants to the University from California community colleges may satisfy lower-division general education requirements by completing the Intersegmental General Education Transfer Curriculum (IGETC). For a list of courses that meet these requirements refer to Coastline’s General Education Option 3 in this catalog. You may also visit <http://www.assist.org> for course information. Please see a counselor for additional guidance.

**Minimum eligibility requirements -** To be eligible for admission as a junior UC transfer student, a student must complete 60 semester (90 quarter) units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents). However a higher GPA is recommended to remain competitive. No more than 14 semester (21 quarter) units may be taken Pass/Not Pass.

### **Transfer Admission Guarantee (TAG)**

Coastline College has Guaranteed Transfer Admission (TAG) agreements with UC Davis, UC Irvine, UC Merced, UC San Diego, UC Santa Barbara, UC Santa Cruz, and UC Riverside. By participating in a Transfer Admission Guarantee program, students receive early review of their academic records, early admission notification, and specific guidance about major preparation and general education coursework. Coastline College encourages students to take advantage of these agreements. See a counselor to determine eligibility. # Policies and Regulations

## Academic Freedom Statement

Coastline Community College recognizes that the free search for truth and the expression of diverse opinions are essential to a democratic society, and encourages and protects academic freedom as per Coast Community College District Board of Trustees policy number BP 4030 as approved 02/05/03.

## Academic Honesty

Coastline has the responsibility to ensure that grades assigned are indicative of the knowledge and skill level of each student. Acts of academic dishonesty make it impossible to fulfill this responsibility and weaken our society. Administrators, faculty and classified staff at Coastline all support this procedure. Faculty have the primary responsibility to ensure that academic honesty is maintained in their classes. Students share that responsibility and are expected to refrain from all acts of academic dishonesty. The Coast Community College District Student Code of Conduct and Disciplinary Procedures shall be applied to any violation of academic honesty.

An instructor who has evidence that an act of academic dishonesty has occurred may, after speaking with the student, take one or more of the following disciplinary actions:

- issue an oral reprimand;
- give the student an “F” grade or zero points or a reduced number of points on all or part of a particular paper, project or examination.
- Refer the student to the college student disciplinary officer.

## Examples of Violations of Academic Honesty

Academic dishonesty includes, but is not limited to, the following:

### Cheating

- Obtaining answers from another student before or during an examination.
- Communicating answers to another student during an examination.
- Knowingly allowing another student to copy one's work.
- Taking an examination for another student or having someone take an examination for oneself.
- Using unauthorized material during an examination.
- Sharing answers for a take-home examination unless otherwise authorized by the instructor.
- Altering a graded examination or assignment and returning it for additional credit.
- Receiving help in creating a speech, essay, report, project or paper unless otherwise authorized by the instructor.

- Turning in a speech, essay, report, project or paper done for one class to another class unless specifically authorized by the instructor of the second class.
- Misreporting or altering the data in laboratory or research projects.

### Plagiarizing

- Offering another person's work as one's own: copying a speech, essay, report, project or paper from another person or from books or other sources.
- Allowing another person or company to do the researching and/or writing or creating of an assigned speech, essay, report, project or paper for oneself.
- Writing or creating a speech, essay, report, project or paper for another student. Doing research for another student's project or report.

- Forging or altering attendance records.

### Engaging in Collusion

Collusion occurs when any student knowingly or intentionally helps another student perform an act of academic dishonesty. Collusion is an act of academic dishonesty and will be disciplined in the same manner as the act itself.

### Procedures for Dealing with Violations of Academic Dishonesty

**Action by the Instructor:** An instructor who has evidence that an act of academic dishonesty has occurred shall, after speaking with the student, take one or more of the following actions:

- Issue a reprimand.
- Give the student an “F” grade, zero points, or a reduced number of points on all or part of a particular paper, project, or examination.\*
- Refer the student to the college student disciplinary officer.

\*For any incident of academic dishonesty that is sufficiently serious for the instructor to take disciplinary action that can lower the student’s grade (for example, an “F” given for all or part of an assignment), the instructor shall report the incident to the Dean of Counseling & Special Programs on an “Academic Dishonesty Report” form.

**Action by the Administration:** Upon receipt of the first “Academic Dishonesty Report” form concerning a student, or upon satisfactory investigation of allegations brought by other staff or students, the Dean of Counseling & Special Programs shall send a letter of reprimand to the student, which will inform the student that he/she will be on disciplinary probation for the remainder of his/her career at Coastline.

Upon receipt of a second reported incident of cheating by the student, the Dean of Counseling & Special Programs shall suspend the student for one calendar year. If, after the student returns from a suspension for academic dishonesty, the Dean of Counseling & Special Programs receives yet another “Academic Dishonesty Report” form, he/she shall recommend to the College president and the CCCD Board of Trustees that the student be expelled from the District.

For more serious incidents of academic dishonesty, the student shall be suspended from the College on the first offense and could be recommended for expulsion by the CCCD Board of Trustees. Offenses warranting suspension or expulsion on the first offense include, but are not limited to, the following:

#### **Academic Renewal Policy and Procedure**

This Academic Renewal Policy (BP 4240) for Coastline Community College is issued pursuant to Section 55764 and 55765 of the California Administrative Code (Title 5) regulations. The purpose of this policy is to disregard past substandard academic performance of a student when such work is not reflective of their current demonstrated ability. It is based on the recognition that due to unusual circumstances, or circumstances beyond the control of a student, the past substandard work will negatively

affect their academic standing and unnecessarily prolong the rate at which he/she may complete his/her current objectives.

Therefore, under the circumstances outlined below, Coastline Community College may disregard from all considerations associated with requirements for the Certificate of Achievement/Associate in Arts Degree and general education certification up to a maximum of thirty (30) semester units of course work from two semesters taken at any college. These circumstances are:

1. The student has requested the action formally and has presented evidence that work completed in the term(s) under consideration is substandard (less than a 2.0 grade point average) and not representative of present scholastic ability as verified by the current level of performance. Verification must consist of:
  - a. Completion of a minimum of 12 semester units of course work at any regionally accredited college or university with a minimum cumulative grade point average of at least 2.0 subsequent to the course work to be disregarded.
  - b. At least 12 months has elapsed since completion of the most recent course work to be disregarded.
2. Agreement that all units taken during the semester(s) to be disregarded, except those courses required as a prerequisite or to satisfy a requirement, in the student’s “redirected” educational objective.
3. An understanding that the student’s permanent academic record shall be annotated so that it is readily evident to all users of the records that units disregarded, even if satisfactory, may not apply to certificate, degree or general education certification requirements.
4. Agreement that all course work remains legible on the student’s permanent record ensuring a true and complete academic history.

If another accredited college has acted to remove previous course work from Certificate of Achievement, Associate in Arts or Bachelor Degree consideration, such action shall be honored in terms of that institution’s policy. Units disregarded by another institution shall be deducted from the thirty semester units maximum of course work eligible for alleviation at Coastline Community College.

Students requesting removal of previous course work for certificate or degree consideration shall file a petition at the Admissions and Records Office. The petition shall outline the semesters of course work to be disregarded and shall include evidence verifying (1) that work completed during this period is substandard, and (2) the expiration of at least 12 months since the end of the last term to be excluded. All official transcripts must be on file at Coastline Community College.

The Director of Admissions and Records or his/her designee shall act to approve the petition and make the proper annotation on the student’s permanent record

upon verification of the conditions set forth herein.

**Note: It is possible that other colleges or universities may not accept the Academic Renewal Policy.**

### **Animals and/or Pets**

Animals and/or pets of any kind or description are not allowed on or within college property. This restriction also applies to animals and/or pets confined in any vehicle parked on College property. This does not apply to the use of guide, signal or service dogs for assisting persons with disabilities.

### **Family Educational Rights and Privacy**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. The rights include:

1. The right to inspect and review the student's education records within 45 days of the day Coastline Community college receives a request for access. Students should submit to the Director of Admissions and Records, Director of Admissions and Records or appropriate official, written requests that identify the record(s) they wish to inspect. The Coastline Community College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Coastline Community College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate. Students may ask Coastline Community College to amend a record that they believe is inaccurate. They should write the College official responsible for the records, clearly identify the part of the record they want changed, and specify why it is inaccurate.

If Coastline Community College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an

administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

School officials may disclose any and all educational records, including disciplinary records, to another institution at which the student seeks or intends to enroll without the prior consent of the student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Coastline Community College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:  
Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

Students may challenge the contents of any records by notifying the administrator associated with the records in question. If the issue is not resolved at that level, the student may use the student grievance procedure.

### Liability

Throughout the academic year, some classes will meet at off-campus locations. The College will not provide transportation to these sites, and students enrolled in these classes are responsible for making their own transportation arrangements. Coastline personnel may assist in coordinating this transportation and/or may recommend travel time, routes, carpooling, etc.; however, the student does not have to follow these recommendations. The Coast Community College District (CCCD) is in no way responsible, nor does it assume liability, for any injuries or losses resulting from this non-sponsored transportation. If you ride with another student, that student is not an agent of, nor driving on behalf of the District.

Under the California Code of Regulations, Subchapter 5, Section 55450, if you participate in a voluntary field trip or excursion, you hold the CCCD, its officers, agents and employees harmless from all liability or claims that may arise out of or in connection with your participation in this activity.

Coastline Community College recognizes that sexual assault is a serious issue, and will not tolerate acts of sexual assault on district property or district-sponsored activities. Pursuant to BP 3517, the Coast Community College District will investigate all allegations of sexual assault that occur on District property or at sponsored activities and take appropriate criminal, disciplinary or legal action. Coastline is committed to its students’ safety as a vital ingredient to student learning and success. Coastline encourages victims of sexual violence to report the crime. As soon as it is safe to do so, any student who is the victim of a sexual offense should report the incident, including the date, time, and other pertinent to the local police, campus public safety department, vice president of student services, or other college official.

**Coastline Community College Campus Response to Student Reports of Sexual Assault:** The following is a description of the series of coordinated actions that take place when a Coastline student reports being the victim of sexual violence on District property or on a District-sponsored event:

1. When a victim of sexual assault is identified, he or she will be referred to the Vice President of Student Services.
2. The Vice President will conduct an assessment and report the incident to law enforcement. Referral to Student Health Services or to the Student Health Center at either Orange Coast College or Golden West College will be offered as well as community resources, specifically the designated sexual assault victim services program for Orange County.

### Student Grievance Procedures

Coastline Community College extends to all students the right to petition for readdress of grievance. The right to petition may be initiated at any time when the student has a grievance against any college employee, policy or procedure at Coastline Community College.

Every effort will be made to preserve confidentiality as grievances are fairly and equitably considered. The procedures will allow students to exhaust every administrative level possible in receiving fair and complete hearing of their grievances. These are college-level procedures for resolving problems and should not be viewed as legal or quasi-legal proceedings.

Based on the principle of improved communication between the students and the institution, the following procedures will be followed for students registering grievances:

**NOTE:** In order to establish due process, all parties to the grievances will adhere to the steps as outlined.

**STEP I:** Prior to filing a formal grievance, the student is expected to first contact the Dean of Student Services and the person(s) who has (have) the closest contact with the pertinent issue. The grievance should be thoroughly defined to be discussed objectively.

If the grievance cannot be resolved at this step, the student may progress to Step II after

Informing the person(s) involved of intended plans to file a formal grievance. The formal grievance must be filed during the semester in which the grievance occurs.

**STEP II:** The student meets with the Dean of Student Services to discuss the grievance. At this step, the “Formal Grievance Petition” is filed. The Vice President of Student Services will serve as an ombudsman in order to examine objectively both sides of the issue.

The Vice President of Student Services will then meet with all persons involved with the grievance. At the conclusion of Step II, the Vice President, within five (5) school days, will provide the student and others involved with a written summary of the discussion.

If the grievance has not been resolved by this step, the student may proceed to Step III.

**STEP III:** The student, within five (5) school days after the conclusion of Step II, will submit a written request to the Vice President of Student Services for a meeting of an arbitration committee.

The committee will consist of:

1. The appropriate Dean for the Area involved
2. Vice President of Instruction
3. Faculty Member
4. Vice president of Student Services

A meeting of the committee will be called by the Vice President of Student Services to review and/or take action on the grievance. In ten school days after the student has filed a written request, the committee will meet with all involved parties and discuss the grievance in detail in an attempt to resolve the issue at this step. Meetings will be chaired by the Vice President of Student Services.

Within five (5) school days, the decision and proposed action will be communicated to the following:

1. Student involved
2. Committee members
3. College President
4. Other person(s) involved with the grievance

**STEP IV:** If either the grievant or other person(s) involved are not satisfied with the decision of action of the Grievance Committee an appeal may be made. Within five (5) school days after the decision or action, the appeal must be filed with the President of the College for consideration. Once the College President has reviewed the memorandum and the written Communication from the Grievance Committee, the President will schedule a private meeting with the complainant to discuss the matter.

**NOTE:** The College President has discretionary power to uphold, Reverse, or modify the action taken by the Grievance Committee. The president’s decision will be delivered to the Grievant/student in writing with copies to the appropriate individuals involved.

**STEP V:** If the grievant/student is not satisfied with the final college level disposition of the case, She/he may, through the Chancellor of the Coast Community College District, appeal directly to the Board of Trustees. The Board, after reviewing the materials pertaining to the grievance, may determine the time, place and manner of the hearing.

### Student Right to Know

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), Coastline makes its completion and transfer rates available to all current and prospective students at the following Web site:

<http://srk.cccco.edu/index.asp>. A copy of this information may be obtained by calling Coastline's Public Relations office at 1 (714) 241-6186.

### Students' Rights

The Coast Community College District and Coastline are committed to the concept and principles of providing all persons with equal opportunity in employment and education by prohibiting discrimination based on race, color, gender, sexual orientation, religion, national origin, age, disability, or marital status. This commitment applies to every aspect of education and personnel policies and practices in the treatment of employees, students and the general public.

**Rights of Students with Disabilities:** Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990 prohibit discrimination on the basis of disability against persons in programs or activities receiving or benefiting from federal assistance. Thus, in postsecondary education settings, Section 504 mandates "reasonable accommodation" for adults with professionally documented physical or learning disabilities. Any person with a disability who believes that he or she has been discriminated against on the basis of disability should contact: **Cynthia Pienkowski**, Americans with Disabilities Act (ADA) officer, 1 (714) 241-6240 or **Richard Kudlik**, Equal Employment officer, 1 (714) 241-6146.

**Sexual Harassment:** It is the policy of the Coast Community College District to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by state and federal statutes. It shall be a violation of this policy for anyone who is authorized to recommend or take personal or academic action affecting a student or employee, or who is otherwise authorized to transact business or perform other acts or services on behalf of or for the Coast Community College District, to engage in sexual harassment as stated in the definition. Within the Coast Community College District, sexual harassment is prohibited regardless of the status and/or relationships the affected parties may have. Contact one of the following college administrators: **Bill Kerwin**, Interim Dean of Counseling and Special Programs, 1 (714) 241-6257; **Richard Kudlik**, Equal Employment Officer, 1 (714) 241-6146; or **Cynthia Pienkowski**, Sexual Harassment Prevention Coordinator, 1 (714) 241-6240 for further information.

### Study Load

College work is measured in terms of the "unit." In a lecture course, a college unit is normally defined as one hour of lecture and two hours of homework per week. In a laboratory course, three hours in the classroom per week with no outside work constitutes one unit of work.

Coastline recognizes 19 units as a maximum load during the Fall and Spring Semesters and nine units during the Summer Session. (Full-time student status is achieved by completing 12 or more units during the Fall or Spring Semesters and six or more units during the Summer Session.) Students wishing to carry more than the maximum load must petition through the Counseling office and must have a cumulative GPA of 3.0 at all colleges attended. Petitions for overload must be submitted to the Counseling office at least one week prior to the beginning of the semester.

# Admissions and Registration

## Academic Standards

**Honors:** Coastline recognizes academic honor in four ways.

1. **PRESIDENT'S LIST:** A student is eligible to be included on the President's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 4.0 is earned.
2. **DEAN'S LIST:** A student is eligible to be included on the Dean's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 3.50 to 3.99 is earned.
3. **HONOR'S LIST:** A student is eligible to be included on the Honor's List after completing a semester of 6.0 to 11.9 units in courses awarding letter grades during which a GPA of 3.75 to 4.0 is earned.
4. **GRADUATION WITH HONORS:** A student is eligible for Graduation with Honors\* if he or she achieves a 3.50 or higher GPA in all college units attempted and a 3.50 or higher GPA in all courses completed at Coastline.

**Probation Status:** The Coast Community College District's policy on probation states that a student shall be placed on probation if he or she meets one of two conditions:

### 1. Academic Probation

A student is on academic probation if he or she has attempted at least 12 semester units at a District college and

- a. has a GPA of less than 2.0 in the most recent semester completed, or
- b. has a cumulative GPA of less than 2.0 in all units attempted.

### 2. Progress Probation

A student is on progress probation if he or she has attempted at least 12 semester units at a District college and the percentage of units with "W, I and NC" grades reaches or exceeds 50 percent.

Students on probation at one District college shall be on probation at all colleges within the District. All probationary students shall be notified of their status and counseling services shall be made available.

**Disqualification Status:** The approved disqualification policy states that a student in the District who is on academic or progress probation shall be disqualified whenever he or she meets one of two conditions:

### 1. Academic Disqualification

Any student on academic probation for two consecutive semesters shall be academically disqualified. However, students on academic probation whose most recent semester GPA equals or exceeds 2.0 shall not be disqualified but shall be continued on academic probation.

### 2. Progress Disqualification

Any student on progress probation for two consecutive semesters shall be disqualified for lack of satisfactory progress. However, students on progress probation whose most recent semester work indicates less than 50 percent of "W, I or NC" entries shall not be disqualified but shall be continued on progress probation.

Students on disqualification at one District college shall be disqualified at all District colleges. Students shall be notified of disqualification status near the beginning of the semester that it shall take effect but, in any case, no later than the start of the Fall Semester.

Upon notification of eligibility for disqualification, students shall be informed of appeal procedures and of counseling and other appropriate services. If circumstances warrant, exceptions may be made and reinstatement granted at the discretion of and under the conditions established by the Probation and Disqualification Review Committee.

- \* Spring grades will not be used in computing the GPA for the graduation ceremony, but will be used in determining the final GPA for the diploma.

## Attendance

**Class Attendance:** Regular and prompt attendance is expected of every student. Instructors may drop students who incur excessive absences. Excessive absences could lead to a lower grade, even a failing grade.

It is especially important that students attend the first class meeting of every class in which they are registered since a full period of instruction will begin the first day of the semester. Instructors may drop students who miss the first class meeting to make room for students who may wish to enroll. Registered students who must miss the first class should notify their instructors through the appropriate area center prior to the first meeting to avoid being dropped from the class.

Each instructor will determine the attendance policy for his or her class and its implication for successful completion of the course. The instructor will explain to students during the first class meeting the policy for attendance and grading to be used in the course.

It is the student's responsibility to officially drop classes that he or she is no longer attending (see the Withdrawal from Class Policy). If a student stops attending class, but does not officially withdraw from the course via MyCCC, by mail or in person, he or she could receive a failing grade.

**Continuous Attendance:** Defined as the completion of at least one course during a regular semester in an academic year.

**Auditing**

Effective summer 2010, the college is no longer offering students the option to audit a course.

**Awarding College Credit**

Coastline recognizes college credit, except sectarian courses, earned at any institution of higher education which is accredited by one of the regional accrediting associations of schools and colleges as identified by the Council on Postsecondary Accreditation.

Upon completion of 12 units at Coastline, students may receive a maximum of 40 units through experiential learning, including American Council on education (ACE) College credit recommendations, Military, CLEP, DSST, and Advanced Placement towards the experiences in similar subject areas.

Students planning to transfer credit awarded by Coastline for experience other than classroom attendance should contact the specific transfer institution, since each college has a different policy regarding experiential credit.

**Advanced Placement Credit:** Credit may be granted for Advanced Placement courses completed in high school. The credit may be applied toward the Associate degree and/or CSU General Education Certification. Official test scores must be submitted to Coastline's Admissions and Records Office. The following chart indicates required scores and degree application. See AP Chart on page 161.

**CLEP (College Level Examination Program)**

The College Entrance Examination Board offers examinations covering material taught in courses that most students take in the first two years of college.

- CLEP credits will count towards general education, major, or elective credits for the Associate degree or CSU General Education Certification. (See chart on page 164 for required scores and applicability.)
- The University of California does not grant credit for CLEP.
- CLEP may or may not be accepted by other colleges and universities. A student must check with the specific transfer institution to determine regulations regarding CLEP. General CLEP policies can be found in the college catalogs.
- CLEP exams may not be used to retake or improve a grade in a course at Coastline or any other institution.
- CLEP credit posted to another institution's transcript will be reevaluated based on Coastline's standards and may or may not be equal to credit received at another institution. CLEP credit posted to a student's Coastline transcript may or may not be accepted for equal units at another institution.
- Coastline has established CLEP and DSST National Testing Centers on base at Dyess AFB, Fallon NAS, Gulfport NCP, Holloman AFB, Pensacola NAS and Point Loma, and in Westminster in collaboration with NWS Seal Beach.

**Credit by Examination:** \$25 per course. Students with

appropriate post high school experience may petition for "Credit by Examination" and receive college credit in courses reflecting this experience, providing the:

- 1) student is in good standing;
- 2) course is appropriate for credit by examination;
- 3) course is listed in the college catalog and
- 4) appropriate instructor, currently teaching the classroom course, is willing to assist the student in completing "Credit by Examination."

The appropriate number of units may be posted to the student's transcript upon completion of 12 units at Coastline. This credit will be designated "Credit by Examination" and will be awarded the grade of "Pass" if the student successfully passes the examination; the grade of "No Pass" will be assigned if the student fails the examination.

**DANTES (Defense Activities Non-Traditional Education Support) Subject Standardized Tests (DSSTs)**

- Coastline accepts DANTES (DSSTs) with scores from 44 to 400 depending on the exam.
- DSST credits will count towards general education, major, or elective credits for the Associate of Arts degree. (See DSST chart for applicability)
- DSST scores may not count toward CSU and IGETC certifications.
- DSST scores may or may not be accepted by other colleges and universities. A student must check with the specific transfer institution to determine regulations regarding DSST credit.
- DSST exams may not be used to retake or improve a grade in a course at Coastline or any other institution.
- CLEP/DSST credit posted to another institution's transcript will be reevaluated based on Coastline's standards and may or may not be equal to credit received at another institution.

See DSST chart on page 165.

**Foreign College Units:** Coastline is unable to evaluate foreign transcripts. International students are encouraged to utilize the Credentials Evaluation Service provided by the International Research Foundation, Inc. This agency is familiar with educational systems throughout the world and can properly evaluate international transcripts.

Although the agency charges a fee for the service, the expense is usually much less than repeating the courses at an American institution of higher education. Coastline will accept the official evaluation and will count the units and/or degrees toward the student's educational program. Call the Counseling office for information at 1 (714) 241-6162.

**Independent Study:** Students whose past experiences

and present activities provide an accepted alternative method for completing course objectives may petition for Independent Study:

1. If the course is offered during the petition semester;
2. If the course is appropriate for this method of instruction, and
3. If the petition is approved by the specific instructor teaching the class, the discipline dean and the vice president of instruction.

**Military Credit:** Coastline recognizes that U.S. Service members receive intensive training and educational instruction unmatched by many others in our society. Coastline will award a maximum of 40 units of credit for military training and experience as recommended by the American Council on Education (ACE). The determined number of units may be posted to the student's transcript upon completion of 12 units at Coastline.

- Military transcripts are evaluated to verify credit applicable to a degree. Transcript documentation includes SMART (Sailor/Marine ACE Registry Transcript) AARTS (Army/ACE Registry Transcript System), Coast Guard Institute Transcript, DD 295 and DD 2586.
- Military credits may count towards general education, major, areas of emphasis, certificate, and elective credits and are applicable to an associate degree at Coastline.

**Work-based Learning:** Students pursuing any vocational major at Coastline may earn elective credit for learning on the job through a planned program of goal setting, site visits and evaluations. Concurrent enrollment in Coastline's vocational classes is required. For further information, contact the Work-based Learning office at 1 (714) 241-6209.

### Classification of Students

Students are classified as follows:

**Freshman:** A student who has completed fewer than 30 units.

**Sophomore:** A student who has completed 30 or more units

**Full-time Credit Students:** A student carrying 12 units or more of work.

**Full-time Noncredit Student:** A student attending 24 class hours per week.

**Part-time Student:** A student carrying fewer than 12 units of work.

### Course Repetition

In accordance with Title 5, sections 55024, 55040-55045 only courses which fall into the following categories may be repeated. Enrollment in two sections of the same course in the same term or part of term is not permitted.

1. The course schedule and catalog descriptions state

that a course may be repeated a pre-approved number of times, which may be once, twice, or three times. If the description states that: This course may be repeated one time ..... it may be taken twice for credit; two times..... it may be taken three times for credit; three times ..... it may be taken four times for credit.

2. Students who wish to repeat a course in which a substandard grade (D, F, and/ or NP) was received may retake the course at any regionally accredited college or university to alleviate the substandard grade earned at Coastline Community College provided the repeated course is equivalent to the one taken at CCC. Equivalency will be determined by the appropriate department at CCC. Prior to repeating a course, students should consult the CCC Admissions and Records Office or CCC Counseling Office to ensure the original CCC course is equivalent to the course being repeated. Students who repeat a course in which a substandard grade was earned at CCC may repeat that course only one additional time, except upon appeal for extenuating circumstances. Appeal forms are available in the Admissions and Records Office and online at [www.coastline.edu](http://www.coastline.edu) Students who are approved to take a specific course for the third time do not receive registration priority for that course and must wait until the week prior to the start of the term to register.

Upon completion of the repeated course, the student must file a Repeated Course Grade Petition in the Admissions and Records Office. For repeated courses taken outside of the Coast Community College District students must include official transcripts and a copy of the catalog descriptions and/or course outlines from colleges or universities where courses were repeated. The student's academic transcript shall then be annotated reflecting exclusion of the previously recorded course work with the substandard grade for purposes of grade point calculation and for all considerations associated with the awarding of certificates and degrees. However, previously recorded course work shall neither be removed nor otherwise obliterated from the permanent record.

3. Special classes which meet the needs of students with a documented disability may be repeated in compliance with Title 5, Section 56029, of the Education Code. **Note:** Some transfer institutions may elect to include both courses or may choose to use only the first grade taken in their computation of the grade point average to establish entrance requirements.

**Note:** There is current State and District policy pending regarding changes to the Course Repetition Policy. Please check with the Admissions & Records Office or Counseling for updated information.

**Expenses**

**Enrollment Fees (effective Fall 2011):** \$36 per unit. The enrollment fee is subject to change by the state legislature.

**College Services Charge (formerly Student Services Charge):** \$6 per semester. This charge underwrites many student services, classes and programs. It is not mandatory. A portion of each \$6 charge goes to instructional grants and student scholarships. Information about specific programs funded by this charge and requests for waiver of the charge are available and granted only in the Admissions and Records office during the registration period. Waivers must be secured in advance and submitted at the time of a student’s initial enrollment.

**Housing:** Coastline maintains no dormitories. Housing transactions must be made individually.

**Non-resident Tuition:** \$179.00 per unit + \$17.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Please note that it is the student’s responsibility to prove that he/she is a California resident.

**Materials Fees:** Students may need to purchase materials for classes, as follows:

1. Required instructional materials of continuing value outside of the classroom **must** be paid for by the student. These are tangible materials that are essential to satisfy course objectives, have value to the student outside the classroom, belong to the student and may be taken home. These materials include, but are not limited to, such items as textbooks, workbooks, syllabi, computer discs, tools, uniforms and canvases. They also include materials, such as clay, that are transformed into materials of lasting value.

NOTE: Some classes carry a fee for required instructional materials. These fees are for the types of materials described above. When such fees are indicated, the materials for which the fees are levied are supplied at district costs and are sold as a convenience to students. However, students may choose not to pay the fee indicated and provide the materials themselves. Students are warned that they will not be able to complete the requirements of a course if they do not purchase or provide required instructional materials.

2. Students are **advised** to provide certain instructional materials of an optional nature. These are materials that enhance a student’s learning experience in the classroom, but are not essential to completion of course objectives.

**Parking Fee:** \$10 per Fall/Spring Semester. \$5 for Summer Session. See “Parking Regulations” on page 133.

**Health Services Fee:** All students enrolling in one or more courses are required to pay the Health Services Fee of \$10. This is a mandatory fee unless the student presents a waiver. Students who qualify for a waiver are:

- Students who depend solely upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. Call 1 (714) 241-6160 for information.
- Students enrolled only in courses of two weeks or less in duration.
- Students enrolled only in non-credit courses.
- Students enrolled in an approved Study Abroad Program.
- Students enrolled in an approved apprenticeship training program.

**Textbooks:** Students may need to buy textbooks as determined by their instructors. Total cost will vary from approximately \$75 per class to \$600 per semester for full-time students. In some cases, used textbooks are available at a reduced price. Some textbooks may also be rented. Textbooks may be purchased in the Bookstore located at the College Center or online at: [www.coastlinebookstore.com](http://www.coastlinebookstore.com).

Information about textbook pricing and ordering for courses delivered through the Military Program may be found online at <http://military.coastline.edu/text50.cfm>.

**Grading**

Student performance is indicated by one of seven grades. Grades, which carry a point value and which are used in determining the grade point average (GPA) are as follows:

A = Excellent	4 grade points per unit
B = Good	3 grade points per unit
C = Satisfactory	2 grade points per unit
D = Passing-less than satisfactory	1 grade point per unit
F = Failing	0 grade points per unit

The grade point average is calculated by dividing the number of grade points by the number of units attempted for the grades of A, B, C, D, or F.

The following grades are not part of the GPA calculation:

P (formerly CR) = Pass satisfactory, C or better	Unit credit granted
NP (formerly NCR) = Not passing, less than satisfactory or failing	No units granted
W = Withdrawal	No Units granted
MW = Military withdrawal	No Units granted
I, IB, IC, ID, IF, INP = Incomplete*	No Units granted
NG = Non graded	No Units granted
RD = Report delayed	No Units granted

\*Incompletes were expanded to include the grade that the incomplete will revert to in one year if the student does not make up the coursework with the instructor (i.e. ID= incomplete which will revert to a “D” in one year if the student does not make up missing coursework).

An “E” to the far right of a course indicates that the grade has been excluded from the GPA calculation. The reason for the exclusion may be notated as follows:

ACDRNL	Academic renewal
HS or HSC	High school credit only
UR	Unauthorized repeat
SUBSTND	Repeated substandard grade

#### Other Notations

APL = Assessment of Prior Learning

CE = Credit by Exam

(I) = Course taken during Winter Intersession

(H) = Honors Course

Students are encouraged to complete courses with letter grades since many four-year colleges and universities place a limit on the number of units acceptable with credit grades.

It is possible, however, to be evaluated under a “P/NP” grading system, which removes the pressure commonly associated with an “A-F” grading system. Some classes are offered on a pass/no pass grading system only. All other classes have an optional grading system of either “A-F or P/NP.” Under the optional grading system:

1. Students must select the “P/NP” option prior to completion of the first 30% of the course.
2. Students must select the “P/NP” option by downloading the form on our web site and turning it in to the Admissions and Records office, by the appropriate deadline. These cards are sent to all students with their confirmation packet. They are also available at any of the area offices.
3. A “P” protects the GPA for those students desiring general education experiences outside their major and should be avoided as a substitute for a letter grade in a major field of study.
4. Most four-year colleges and universities require at least a 2.0 GPA in community college work for admission of transfer students. Transfer students are encouraged to request letter grades in their classes.

#### Withdrawal From Class

A student who has officially registered assumes the responsibility by completing each course in which she/he has registered. It is the STUDENT’s responsibility to officially withdraw from their course(s). To officially withdraw from a course, the student must drop via the Web site <http://myccc.coastline.edu>, by mail or in person in the Admissions and Records Office.

Although instructors may request the withdrawal of a student from a course for absences, IT IS NOT the instructor’s responsibility. Students who never attended a class or stop attending a class at any time, MUST officially withdraw, according to the stated deadlines printed on the Student Class Program/Web Schedule Bill located at MyCCC. Failure to officially withdraw may result in either an “NP” or “F” grade on the official college transcript.

The following policies apply when dropping a class:

1. **No transcript entry** will be made on the transcript for students who officially withdraw prior to the end of the fourth week of the term for full semester classes (including television and independent study courses), the third week of the term for eight-week classes, and 30% of the class for all other courses.
2. **A “W” grade** will be assigned for students who officially withdraw prior to the end of the twelfth week of the term for full semester classes (including television and independent study courses), the sixth week of the term for eight-week classes and 75% of the class for all other courses.

**Failure to withdraw under one of the conditions described above will result in either an “NP or F” grade on the official college transcript.**

#### Early Withdrawal

Classes will not appear on a transcript (a “W” will not be assigned) when a student officially withdraws during the first four weeks of full semester (16-week) fall or spring courses, during the first two weeks of 8-week courses, and 30% of all other length courses.

#### HOW TO CALCULATE YOUR GPA (example):

Class	GPA units (Units Attempted)	Grade Received	Units Earned	Grade Points times Per Unit	Total Grade Points Earned
Biology 100	3.....	A	3.....	x ..... 4..... = .....	12
Biology 101	1.....	A	1.....	x ..... 4..... = .....	4
Psychology 100	3.....	B	3.....	x ..... 3..... = .....	9
Mathematics 115	4.....	C	4.....	x ..... 2..... = .....	8
Art 100	3.....	B	3.....	x ..... 3..... = .....	9
History 100	3.....	F	0.....	x ..... 0..... = .....	0
<b>TOTALS</b>	<b>17</b>				<b>42</b>

$$42 \div 17 = 2.47 = \text{GPA}$$

**Other Withdrawals**

A “W” will appear on a transcript for official withdrawals made between the first day of the 5th week and the last day of the 12th week for full semester (16-week) fall or spring courses, between the first day of the 3rd week and the last day of the 6th week of 8-week courses, and more than 30% and less than 75% in all other length courses.

**MW (Military Withdrawal)**

“Military withdrawal” occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol of “MW” is assigned. Military withdrawals shall not be counted in progress probation and dismissal calculations.

**Incomplete Grades:** Incomplete academic work for justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s transcript (permanent record). The “I” may be made up no later than one year following the end of the term in which it was assigned. Students are notified by the College regarding the conditions necessary to receive a grade. An “I” not made up within the one-year limit shall be changed to the alternate grade assigned by the instructor at the time the “I” was issued.

**NOTE:** Students are not permitted to enroll in a course in which they were assigned an “I” grade. Incompletes must be agreed upon by both the student and the instructor.

**Examinations:** Final examinations are **required in all graded courses**. Exceptions to this policy may occur in certain physical education activity courses. Students must be in attendance at Coastline for the entire length of the course and must take the final examination to receive credit.

**Grade Challenge Policy**

The determination of the student’s grade by the instructor shall be final in the absence of mistake, fraud, bad faith or incompetence. A student who has been assigned a final grade which he/she believes to be incorrect may file a Grade Challenge Petition form obtained from the Admissions and Records Office. All grade challenges must be made by the student, in writing, within two years after the end of the semester in which the grade in question was assigned. Grade challenges files after the two-year deadline will be reviewed for recording errors only to ensure that the student’s grade on the instructor’s roster is, in fact, the grade that appears on the transcript.

**Prerequisites, Corequisites and Other Limitations on Enrollment**

All prerequisites or corequisites identified in Coastline’s catalog and class schedule were established according to state laws as outlined in the Coast Community College District’s Model Plan. The following information is provided in compliance with those laws.

Except for district priority registration procedures for continuing students and courses or programs with prerequisites or corequisites, all Coastline classes are open to enrollment on a first-come, first-served basis until they are filled to maximum capacity.

**Definitions:** “Prerequisite” means a condition of enrollment that a student is **required** to meet in order to demonstrate current readiness for enrollment in a course or educational program. “Corequisite” means a condition of enrollment consisting of a course that a student is **required** to simultaneously take in order to enroll in another course. “Advisory” means a condition of enrollment that a student is **advised, but not required**, to meet before or in conjunction with enrollment in a course or educational program.

**Challenging Limitations on Enrollment**

**Closed classes without prerequisites or corequisites:** For courses that do not have prerequisites or corequisites, students may attend the first class meeting and ask instructor for permission to enroll in class.

**Closed classes with prerequisites or corequisites:** For courses that do have prerequisites or corequisites, students must have completed all prerequisites or corequisites. Students who have not met the appropriate prerequisites or corequisites and who complete in-class registration may not be officially enrolled or may be involuntarily dropped from the course.

**Open courses with prerequisites or corequisites:** Students may challenge prerequisites or corequisites based on the types of challenges listed below which are established by law. It is the student’s responsibility, however, to provide satisfactory evidence that the challenge should be upheld. “Prerequisite/Corequisite Challenge Petition” forms are available in the Admissions office. Students wishing to challenge prerequisites or corequisites should first speak with the Dean of Counseling. They must then complete the petition form and submit it, along with supporting documentation, to the Admissions office. Petitions will be approved or denied within five working days. If approved, the petitioner will be allowed to enroll in the course of choice. If the desired course is already closed when the challenge is filed, the challenge shall be resolved prior to the beginning of the registration for the next term. If the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

**Authorized Grounds for Challenge (Title V—Section 55201):** Colleges are required to notify students about the types of challenges that are established by law, and to advise students of the circumstances under which they are encouraged to make a challenge.

Any prerequisite or corequisites may be challenged by a student on one or more of the grounds listed below. The student shall bear the initial burden of showing with documentation that grounds exist for the challenge. Challenges shall be resolved in a timely manner and, if the challenge is upheld, the student shall be permitted to enroll in the course or program in question. Grounds for challenge are:

1. The prerequisite or corequisite has not been established in accordance with the District's process for establishing prerequisites and corequisites;
2. The prerequisite or corequisite is a violation of this article;
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available; and
6. Such other grounds for challenge as may be established by the district governing board.

Coastline has established all prerequisites or corequisites in full compliance with the District's process for establishing prerequisites and corequisites. The existing prerequisites and corequisites are not in violation of state law. The District has not established any grounds for challenge other than those already permitted by law. Therefore, students are not advised to challenge a prerequisite or corequisite based on items 1, 2 or 6 above. Coastline students are encouraged to submit their official transcripts as documentation of prerequisite or corequisite completion at the time of registration. The transcripts will usually indicate which completed coursework from other colleges is equivalent to the prerequisite or corequisite. This action will avoid the need to file the Prerequisite/Corequisite Challenge Petition.

**Student Rights to Appeal:** If a challenge is denied based upon the determination of one person and not a committee, the student has the opportunity to appeal to the Dean of Counseling and Special Programs.

### Refund Policy

In accordance with State regulations and District Board policy, registration fees will be refunded upon according to the following:

1. Enrollment Fees, Nonresident Tuition, Material Fees: 100% of the fees paid at registration for the affected class(es) will be refunded provided the student withdraws by the refund deadline date printed next to the class on the student's class program. Withdrawals after the printed refund date for the class are not eligible for refund.

2. Parking Fee, Health Fee College Services Charge: 100% of the fees paid at registration will be refunded if the student totally withdraws from all classes in accordance with the refund deadline date for each of the classes being dropped as printed on the student's class program, and the student returns the Parking Permit Decal within the refund deadline.

### Refund Procedure

State regulations require that students must withdraw prior to the first 10% of a course in order to be eligible for a refund of fees. Students can view refund deadlines at MyCCC or by printing their student class program. Official withdrawals by the refund deadline will result in a credit to the student's registration account of the fees associated with the course that was dropped.

Students withdrawing from all classes may request a refund of all fees paid including the Student Health Services Fee, the College Services Charge, non-resident tuition, etc., provided the student withdraws prior to the refund deadline for each class in which he/she was enrolled. To receive a refund of the Parking Fee, the student must withdraw from all classes and the parking decal must be returned and/or postmarked on or before the earliest refund deadline date of the classes in which the student is enrolled.

In the case of cancelled classes, registration fees associated with that class will be refunded. If the only class a student is taking is cancelled, the parking decal must be returned within 14 days of the class cancellation date.

All credit balances will be automatically refunded every Wednesday beginning the first week of registration of the semester in which the fees were paid and each week thereafter until the end of the term.

### Cancelled Classes

If Coastline Community College cancels a class, registration fees for that class will be refunded. If you purchased a parking decal, it must be returned within two weeks of the class cancellation date.

### Returned Checks

Any check returned unpaid (stop payment or insufficient funds) does not constitute automatic withdrawal from class. A check returned from the bank for any reason is subject to a \$25 service charge. A hold will be placed on student records for any financial obligation, until the obligation is cleared.

### Residence Requirements

**California Residence:** Generally, California residence is established by one of the following:

1. If the applicant is under the age of 18, his or her parents must have had legal residence within California for 12 consecutive months preceding the first day of the semester.

2. If the applicant is 18, but not yet 19 years of age, the applicant and the applicant's parents must have had legal residence within California for 12 consecutive months preceding the first day of the semester.
3. If the applicant is 19 years of age or older, the applicant must have had legal residence within the state of California for 12 consecutive months preceding the first day of the semester.

**Non-California Residents:** An individual who does not meet the California residency requirements may be admitted to Coastline under the following conditions:

1. Students who are not residents of California as of the day immediately preceding the first day of classes, in any given semester or summer session, will be required to pay an out-of-state tuition fee.
2. Active military personnel are exempt from nonresident tuition fees provided they are in California for a purpose other than attending a state-supported institution of higher education.
3. Dependents (natural or adopted child, stepchild, or spouse) of a member of the armed forces of the United States stationed in California on active duty shall be entitled to resident classification only for the purpose of determining the amount of tuition and fees. If that member of the armed forces on active duty is thereafter transferred to a location outside the state, or retires from active duty, the student dependent shall not lose his or her resident classification until he or she has resided in the state the minimum time necessary to become a resident. (Title V, Section 68074)
4. Minors (under 18 years of age and not married) will be required to pay the out-of-state tuition fee if their parents or legal guardians reside outside the state, even though such minors may have lived in California for one year or more.
5. Students who are financially dependent on their parents or legal guardians will be required to pay out-of-state tuition if their parents or legal guardians reside outside the state, even though such students may have lived in California for one year or more.
6. Students who have paid the out-of-state tuition fee and find it necessary to withdraw from college will be given refunds according to the refund policy.

**Nonresident Tuition Exemptions:**

1. Nonresident active duty military personnel stationed in California for a purpose other than that of attending a state-supported institution of higher learning.
2. Dependents of active military personnel stationed in California.
3. In accordance with AB540, students other than a nonimmigrant alien who attended a California high school for a minimum of three years, graduated from a California high school, or attained the equivalent, may be eligible for an exemption from the nonresident tuition fee. Persons without lawful immigration status are required to file an affidavit to verify that they have

filed an application to legalize his or her immigration status, or will file an application as soon as they are eligible to do so.

**Nonresident Tuition:** \$179.00 per unit + \$17.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Please note that it is the student's responsibility to prove that he/she is a California resident.

**International Students:** Coastline is authorized by the United States Immigration Naturalization service to enroll International Students (F-1).

The faculty, students and staff of Coastline believe that our international students provide an ethnic and cultural diversity to the college and help increase the awareness and understanding of students from other countries and cultures. Conversely, we provide an opportunity for our international students to study in the United States and learn about us and our culture. Coastline uses more than 30 instructional sites in the community as classroom locations. Based on this, foreign students are reminded to make appropriate arrangements for transportation to and from classes.

Interested International students should request applications from:

Coastline Community College  
Attn: International Students Admissions  
11460 Warner Avenue  
Fountain Valley, CA 92708

The following are entrance procedures for international students requesting F-1 status:

Approximate start dates: fall, in late August; spring, in late January; and summer, in mid-June. We recommend early application for the best selection of classes.
- International applicants must complete an international student admission packet including:
  1. International student application
  2. A \$30 non-refundable application fee, in U.S. dollars (check, money order, cash, or credit card) must be submitted with the application.

International students must get approval from the BCIS and the vice president of student services before they can be legally employed off-campus.
11. International students pay nonresident tuition during their attendance at Coastline.

Admission materials received from international applicants remain active for 12 months after their submission. If the international applicant does not register during that 12-month period, the materials are destroyed.

**Students Holding Visas Other Than Student (F-1) Visas:** Aliens holding valid visas that are otherwise eligible for admission may enroll in classes provided that they are proficient in English and their visas do not expire before the end of the term for which they are enrolling. Contact the Admissions & Records Office for information concerning specific enrollment restrictions.

Aliens considered to be nonresidents are required to pay the nonresident tuition charge, and are not eligible for tuition exemption (Education Code 68130.5).

**Coast Community College District Residence:** In order to attend Coastline, an applicant must meet the California residence requirements.

This notice has been prepared in accordance with Education Code Section 25505.5 and shall remain in effect until further written notice.

## Instruction

Coastline offers a comprehensive education program at times, places and in formats designed to serve the diverse needs of its students. The college's instructional program includes a full range of courses leading to an A.A. or A.S. degree and/or a transfer to a four-year institution; more than 25 occupational programs preparing students to enter into or advance in the workplace; courses in basic language and mathematics skills to help students prepare for college studies or employment; special programs for students with disabilities; and a wide range of courses for those wishing to broaden their general education and acquire special skills and knowledge needed in today's fast-changing world.

Coastline offers several programs designed to serve the needs of specific community groups. The Emeritus Institute provides special study opportunities for older

adults. The college's English as a Second Language (ESL) Institute assists nonnative speakers to acquire the necessary communication skills needed for daily living, employment and college study. The Student Success Center provides an opportunity for all students to improve their ability to read, write and do mathematics, and to review their skills before taking the college placement tests. Special Programs & Services for the Disabled offers an Acquired Brain Injury (ABI) Program and programs for students with developmental disabilities. The STAR Program and Weekend College are designed for students interested in getting their degrees in as short a time as possible and Access is a daytime Associate degree program.

Courses are offered both day and evening and via distance learning to accommodate the busy schedules of Coastline students, most of whom are employed full or part-time while attending the college. Coastline also provides courses on-site at local businesses and large companies for the convenience of their employees. These programs are developed for the employer on a fee basis to meet their individual needs.

A leader with more than three decades of experience, Coastline's Distance Learning Department offers a comprehensive selection of distance learning courses for Coastline students to earn college credit and to complete their educational goals with convenience and flexibility. Distance learning courses are offered through a variety of delivery methods. Each distance learning course is academically proven, well-produced curriculum developed by college faculty, scholars, practitioners and instructional design specialists. Students interact with their instructors by telephone, fax, e-mail, electronic bulletin boards, chatrooms, via "Second Life" or in person.

**Telecourses** are pre-produced video lessons broadcast over local TV stations. Students can watch the lessons as they are aired, record lessons to watch or repeat at a more convenient time or watch the lessons at one of the Coastline Viewing Centers. The instructor conducts review sessions, administers examinations on-site and may have optional workshops. **Cablecast Courses** are locally produced lessons shown on cable TV from Coastline's Cable Television Center. For students who do not have cable access within the District, cablecast lessons are available at Coastline's Viewing Centers. Students watch their instructor's lectures, read text books and complete course assignments. You can also buy DVDs of Telecourses and Cablecast courses for your viewing convenience. For both, the instructor administers examinations on-site. **Independent Study Courses** are specially prepared with course materials including reading materials, text books, study guides, self-paced assignments and video materials. Courses may also include CD-ROM multimedia materials, Internet access or lab kits. Although these courses are designed for students to study independently, students can interact with their instructor by telephone, fax, e-mail, electronic bulletin boards, chatrooms or in person. Examinations are administered by the instructor or a proctor on-site.

**Internet Courses** enable students to complete course

work online at their own time, place and speed! The course Web site features text lectures, video clips, sound files, images, site links, assignments, online quizzes, instructor interaction, and discussion forums for student-to-student interaction. Textbooks, as well as possible multimedia and video materials, are required to complete the Internet course. Examinations are conducted on-site or proctored.

Coastline's Distance Learning Department schedules more than 200 courses during the fall and spring semesters and many courses in the summer which meet general education requirements for a degree or certificate. These are fully transferable to the California State University and University of California systems.

Coastline's faculty is comprised of more than 300 highly qualified, credentialed, full- and part-time career educators and community professionals. The faculty and staff welcome the participation of all community members in developing an educational program relevant to today's world.

**Associate degrees:** Students should be aware that AP test credit is evaluated by corresponding it to an equivalent Coastline College course. A student who receives AP credit and then takes the equivalent Coastline College course will have the unit credit for such duplication deducted prior to being awarded the Associate degree. Advanced Placement exam results and courses for which credit is granted will be posted on a student's transcript, with units assigned and no grade.

**CSU GE:** The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

**IGETC:** AP exams must be used in area indicated regardless of where the certifying CCC's discipline is located.
