Every effort has been made to assure the accuracy of the information in this catalog. Students are advised, however, that such information is subject to change without notice and the Board of Trustees of the Coast Community College District, the Chancellor of the Coast Community College District, and the President of Coastline Community College reserve the right to add, amend, or repeal rules, resolutions, or policies within the administration area of such officers. In addition, some courses are not offered every semester or every year.

If you need information in an alternate format, please contact Special Programs and Services at (714) 241-6214.
Dear Students:

I am pleased to welcome you to Coastline College. Thank you for choosing us as your education partner for pursuing your A.A./A.S., transfer degree, associate degree, career/technical certificate, or attainment of basic skills for college readiness. You have made an excellent choice!

Investing in a college education is still the smartest investment you can make. Research consistently shows that college graduates earn more than those with high school diplomas—as much as 40% more over the course of their lifetime. Degree earners also find more job opportunities open to them and tend to be happier with their careers. If that sounds like the future you want, you’ve definitely come to the right place.

As a fully accredited college, Coastline provides affordable, accessible, and high quality education at three beautiful campuses in Orange County (Garden Grove, Newport Beach, and Westminster), as well as convenient, online courses and degrees you can take right from your home, wherever you live. As well, we have caring faculty and support staff who are dedicated and focused on your success and will guide and support you through your educational journey.

Since we started in 1976, our focus has been on helping YOU, the student, achieve your academic and career goals. Whether your goal is to earn your Associate degree and transfer to a university or to complete a certificate to improve your career opportunities, Coastline is here to help YOU succeed. You can count on first-class student support services and programs, low student-faculty ratio, high caliber faculty, and academic excellence.

Coastline is continuing to strengthen and expand academic degree and transfer programs, as well as Career/Technical Education, and Basic Skills programs—both on-site and online. The STAR program assists students in pursuing an accelerated degree or transfer to a four-year university through a structured pathway. Career and technical programs are designed to meet the current, emerging, and future needs of business in terms of employees’ knowledge and skills.

If your goal is to attain a degree, prepare for transfer, get a new job, or advance in your chosen career, Coastline is your college.

I urge you to take advantage of the comprehensive array of support services that are available to you at Coastline. A great “first stop” would be meeting with one of our caring and dedicated counselors who will help get you on the pathway to your long-term career goals.

We want you to make sure you have the best academic experience while at Coastline. We look forward to serving you.
Why Students Choose Community College

Voted as one of the Top 100 Associate Degree Producers by Community College Week, Coastline is one of the best community colleges in California. Students benefit from Coastline’s highly-qualified and caring faculty who help them receive a high return on their educational investment.

Coastline offers certificates and A.A./A.S. transfer degree programs, and is recognized for offering more than 250 online and other distance education courses. First-class education at the student’s convenience is what Coastline is all about, providing in-demand courses where students work and live. Coastline’s educational format, combined with the high-quality education that students deserve, makes it a tremendous win for so many students pursuing their educational goals. Make it happen here at Coastline!

How Coastline is Different from the Rest

When you’re on the go, working, or leading a busy life, courses that are available wherever you are can be essential. Coastline offers those courses, bringing convenience right to you anytime, anywhere.

Coastline is one of the nation’s most innovative institutions, providing classes with advanced distance learning options as well as neighborhood campuses located right in your own backyard. In addition, Coastline offers numerous options for degrees and certificates in several popular fields that are in demand by employers. Coastline’s top-rated faculty and staff work hand-in-hand with business and industry to tailor these programs to meet today’s business demands.

Coastline offers you a small-college feel with big-college benefits. Whether you’re planning to obtain a degree, certificate, or transfer to another institution of higher learning, you’ll find that Coastline is your most accessible, flexible, and affordable option.

Coastline Students

Whether you are looking to advance your career, pursuing a certificate, or seeking to transfer to a four-year university, Coastline is the college for you, no matter your background or professional interests.

Students range from being fresh-out-of-high-school teens to working professionals seeking to change careers by earning a certificate or A.A./A.S. degree in a new career field.

Coastline also provides educational programs and services to thousands of active-duty service-members, veterans, and their families worldwide through their Contract and Military Education Program.

This unique program allows service members and their families the opportunity to complete degrees and certificates, anytime and anywhere, through a variety of technology-enhanced delivery options. Coastline welcomes all students!

College Accreditation

Coastline Community College is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges (10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. Standards and Policies of ACCJC can be found at http://www.accjc.org.

The college’s Accreditation documents can be found online at http://www.coastline.edu/about/accreditation/
MyCCC Help Desk

Did you know that Coastline has a Help desk?

This service is available through the Admissions and Records Office, Monday through Thursday, 8:00 a.m. – 5:00 p.m. and Friday, 8:00 a.m. – Noon to answer your MyCCC questions. Call (714) 241-6176.
Coastline’s Vision
Creating opportunities for student success.

Coastline’s Mission
Coastline Community College steadfastly focuses on providing access and supporting student success and achievement. Inspired by an innovative and student-centered mindset, Coastline delivers flexible courses and services that cultivate and guide diverse student populations across the globe to complete pathways leading to the attainment of associate degrees, certificates, career readiness, and transfer to four-year colleges/universities.

Coastline Programs
Coastline offers the following degrees and program options, both on-site and through distance learning formats:

- Courses leading to the Associate in Arts for Transfer (AA-T), Associate in Science for Transfer (AS-T), Associate of Arts (AA), or Associate of Science (AS) degrees.
- Lower-division coursework that will transfer to a four-year college or university.
- State-approved occupational certificates in technical and career programs and certificates of completion in several additional occupational areas.
- Courses and resources to help students improve levels of basic reading, writing and computation, including courses for non-English speakers to become proficient in English.
- Courses for adults with acquired brain injuries and learning disabilities.

In addition, the Office of Contract Education offers fee-based, customized training, courses, and services to businesses and organizations throughout Orange County and nationally, including active-duty servicemembers, veterans and their families worldwide. Education and training may be adapted from existing offerings found in the college catalog or designed to meet the specific needs of individuals, organizations and employers. Courses and certificates may be taken for college credit or not, depending on client needs, and delivered via the internet, mobile technology, or other mediated delivery.

Military Programs

Coastline Community College has been providing specialized educational programs and services for the military community for 35 years. Distance education classes, Certificates, and Associate Degree Programs offered through Coastline’s Military Programs are available to active-duty servicemembers, veterans, and their families. Programs and services are delivered using best practices as detailed by Servicemembers Opportunity Colleges (SOC) and predicated upon such principles drawn from the cumulative experience of institutions and agencies judged successful in their work with servicemembers.

A Few Reasons Servicemembers Choose Coastline:

- Regionally Accredited California Community College (WASC)
- Affordable, Quality Learning Experience with Outstanding Graduation Rates
- Rate/MOS-Related Majors with Certificate, Degree, and Transfer Options
- Online and Mobile-Friendly Courses Offered in Short-Term Sessions (8 & 12 weeks)
- Assured Enrollment for Timely Degree Completion and Career Transition
- A Support Team Dedicated to Servicing Military Students
Military Program Affiliations

Coastline was a founding partner of many military programs and partnerships including Coast Guard Afloat, PocketEd (mobile learning program), Navy College Program Distance Learning Partnership (NCPDLP), Navy College Program for Afloat College Education (NCPACE), GoArmyEd, and Air Force General Education Mobile (GEM).

Our Military Program incorporates a dedicated team of faculty and staff experienced with serving the military community, a set catalog and schedule of 8-week online courses, and assured enrollment for seamless and timely degree completion. Coastline also provides 12-week, non-Internet-based courses to Sailors at sea through the Navy College Program for Afloat Education (NCPACE). Our newest program, PocketEd, also features 12-week, non-Internet-based classes designed specifically for deployed Servicemembers.

Associate Degree Programs currently available through the Military Programs include:

- Accounting: Bookkeeping
- Accounting: General Accounting
- American Studies
- Arts and Humanities
- Building Codes Professional
- Business Administration
- Business: Business Administration
- Business: General Business
- Business: Human Resources Management
- Business: Marketing
- Communications
- Computer Networking: Cisco
- Computer Networking: Microsoft
- Computer Networking: Cyber Security
- Electronics*
- Emergency Management/Homeland Security: Criminal Justice
- Entrepreneurship and Small Business Management
- Gerontology
- Health and Fitness
- Health Care Management
- History
- Human Services
- Logistics/Supply Chain Management
- Process Technology
- Psychology
- Science and Math
- Social and Behavioral Sciences
- Sociology
- Spanish*
- Supervision and Management
- Supervision and Management Professional Focus

*Coastline currently requires military training to fulfill some of the degree requirements for Electronics and Spanish.

Military Program Enrollment Fees

Coastline offers online and other distance learning education programs specifically designed to meet the unique needs of military and corporate students and clients. With the approval of its Board of Trustees in 2000, Coastline established an ancillary program specifically designed to meet the unique needs of active-duty Servicemembers and adheres to Service-specific educational program practices, requirements, contracts, and MOUs.

Military Programs are approved for Tuition Assistance (TA), MyCAA Financial Assistance vouchers (military spouses), and Veterans Affairs education benefits.

Program rates range up to $250 per credit hour depending on program and residency. Please visit our website at Military.Coastline.edu, or the respective Coastline-sponsored employer website, for program-specific information and prevailing rates.

Funding Options

Coastline accepts Tuition Assistance (TA), MyCAA Financial Assistance vouchers, and the GI Bill®. Students may apply for federal financial aid with FAFSA submission; students using Tuition Assistance are not precluded from receiving federal financial aid. Eligible students may apply for Coastline scholarships.

Coastline’s National Test Centers

Servicemembers can accelerate degree completion and save money on books and fees with credit earned through College Level Examination Program (CLEP) and DANTES Subject Standardized Tests (DSST) testing. Coastline is pleased to host several National Test Center (NTC) facilities.

NTC Locations

- Dyess Air Force Base
- Gulfport Naval Construction Battalion Center
- Holloman Air Force Base
- Pensacola Naval Air Station
- Point Loma Naval Submarine Base
- Camp Pendleton

Coastline accepts many CLEP/DSST course equivalencies toward degree completion in addition to the credits students may earn through military training and experience. Most accredited colleges recognize the CLEP and DSST tests.**

**Please refer to the chart of CLEP and DSST credits.
You'll find Coastline throughout Orange County. Campuses include the Le-Jao Campus in Westminster, the Garden Grove Campus in Garden Grove, and the Newport Beach Campus where Costa Mesa meets Newport Beach. Coastline's administration building is located in Fountain Valley, where you'll find the Admissions Office, the Bookstore, Counseling Office, Assessment Center, Financial Aid, EOP&S, and the Office of the President.

The Coastline Art Gallery is conveniently located on campus at Coastline Newport Beach. The Art Gallery is open to the public and showcases the works of student artists, community artists, and well-known international artists. Show information can be found at www.coastline.edu/artgallery.

Art Gallery Hours:
- Tuesday, Noon-4:00 pm
- Wednesday, 8:00 a.m.-4:00 pm
- Thursday, Noon-4:00 pm
- Other hours by appointment only

Free Admission
Find us!
Get transfer ready in as little as 2 years.

The STAR Programs at Coastline Community College offer a unique curriculum tailored to on-site students. With guaranteed classes, tutors in the classrooms, and dedicated counseling staff, STAR makes it easy to succeed.

Choose your path:

1. **PSYCHOLOGY**
   Psychology is the study of the human mind, or psyche. Learn the principles of Psychology from experienced instructors, and get familiar with career opportunities in this ever-growing field.

2. **BUSINESS ADMINISTRATION**
   Want to start your own business? Interested in marketing, management, or accounting? Get introduced to the field of Business and complete prerequisite courses so you can transfer into a 4-year Business program.

3. **COMMUNICATION STUDIES**
   Communication Studies empowers students with the tools to analyze and improve communication in their personal, academic, public, and professional interactions.

4. **HISTORY**
   A major in history provides students with skills in historical research and analysis, a chronological understanding of the past, and factual knowledge of specific historical periods.

5. **SOCIOLGY**
   Sociology students will examine a variety of social institutions, including family, religion, and education, and will gain a better understanding of the roles played by social class, gender, and race in shaping social interactions.

www.Learning1st.org
Admissions and Records—Located on the first floor of College Center at 11460 Warner Avenue, Fountain Valley, this is the first place you’ll visit once you’ve decided Coastline is for you. Prospective Students can apply online at www.coastline.edu!

Assessment—Assessment tests are administered at College Center in the subjects of English and mathematics. Call (714) 241-6265 to schedule an appointment, or schedule a testing appointment via the web at http://testing.coastline.edu/.

Associated Student Government (ASG)—Join Coastline’s student government team and gain leadership skills to enhance your career development. For more information, call (714) 241-6253.

Bookstore—Buy your books on-site at College Center or online at www.coastline.edu/bookstore.

Career Services Center—Students receive assistance in making informed and educated decisions regarding their career goals. Students can obtain labor market information such as current employment statistics, labor force, wages, and outlook. For more information, please call (714) 241-6253.

Counselors—Counselors are available at all Coastline campus locations to help you clarify your goals, develop an educational plan, and inform you about other programs and opportunities that will enhance your college learning experience. Call (714) 241-6162 to schedule an appointment, or get online assistance at www.coastline.edu/counseling.

Extended Opportunity Programs and Services (EOP&S)—Designed to help students who come from disadvantaged backgrounds achieve their academic goals. EOP&S students receive priority registration, funds for textbooks, specialized counseling services, and much more. For more information, call (714) 241-6237 or e-mail eopsprogram@coastline.edu.

Financial Aid—Coastline can help you apply for grants, loans, fee waivers, and other forms of federal and state aid. Be sure to apply regardless of your financial situation. For more information, go to the District Financial Aid Website: http://www.cccd.edu/students/financial-aid, or contact the Financial Aid Office at (714) 241-6239, or financialaid@coastline.edu.

Online Library—A full-service, online library that puts e-books, journals, newspapers, and other resources at your fingertips. Check it out at www.coastline.edu/library.

Scholarships—Coastline’s Scholarship Recognition Awards are granted to students who have demonstrated excellence, academic achievement, and/or wish to pursue educational or career goals. Students enrolled at Coastline in the fall or spring semesters may apply for scholarships. The awards are presented at the Scholarship Reception during the spring semester. Scholarships do not have to be repaid. Please visit www.coastline.edu/scholarships or email scholarshiphelp@coastline.edu for more information.

Special Services for the Disabled—Providing assistance such as priority registration, test accommodations, alternate media, and note-taking for students with disabilities. For more information call (714) 241-6214, email specialprograms@coastline.edu, or visit http://www.coastline.edu/students/students-with-disabilities.

Student Success Centers/Tutoring: Free tutoring is available to all Coastline students online and on-site in all major discipline areas, including writing, mathematics, science, accounting, and general studies. See www.coastline.edu/ssc or call (714) 241-6184, ext. 17420 for more information.

Transfer Center—The Transfer Center at the College Center can help you research colleges and universities, apply to those institutions, and transfer successfully. The Center also offers college fairs, university representative visits, and campus tours. For more information, call (714) 241-6171, email transfercenter@coastline.edu or visit www.coastline.edu/services/transfer-center/.

Veterans Resource Centers (VRC)—The VRCs, located at the College Center and Newport Beach Campus, provide a comfortable and positive environment where Veterans will find access to academic resources, community referrals, networking opportunities, counseling and advisement services, computer access with Wi-Fi, a place to study, and workshops of value to Veterans. Coastline also provides the resource information available in the VRCs to students worldwide through a Virtual VRC. For more information regarding the VRC, email vet2vet@coastline.edu or call (714) 241-6126.
Admissions Information

How to Apply (General Students)—
Students planning to attend Coastline Community College must apply online at www.coastline.edu. The admission cycle for the fall semester and summer session begins mid-February and for the spring semester the preceding September.

How to Apply (Military Contract Education Programs)—Military Personnel and their dependents wishing to enroll in the Military Contract Education Program should do so online at http://military.coastline.edu.

Eligibility—Individuals 18 years of age or older who can profit from instruction qualify for admission. If under 18, you will qualify for admission if one of the following has been satisfied:

- Graduated from high school.
- Passed the California High School Certificate of Proficiency Test or equivalent.

High School Students—High School Students Special Part-Time 9th through 12th grade Students Admission and Registration Procedure: High school students may be eligible for Coastline Community College’s Special Part-Time Program. The Special Part-Time Program is designed for 9th and 12th grade high school students seeking advanced scholastic or vocational coursework not available at the high school. Consult the current class schedule or College Catalog for course prerequisites and other requirements. Note: In accordance with SB338, enrollment in physical education courses has been restricted or excluded.

Academic Requirements for Special Part-Time Program Students—Eligible students have the opportunity to enroll in a maximum of 6 units each Fall/Spring semester (3 units max for summer) and earn college credit while still attending high school. Students are expected to meet the same requirements as regular college students and coursework taken appears on the student’s college transcript. Students interested in attending Coastline Community College under the Special Part-Time Program must submit a completed admissions application to the Admissions and Records Office along with a Special Part-Time Program High School Release Form signed by both the high school principal and the parent/guardian. Students who are enrolled in the Special Part-Time Program and are designated as California residents (see residency information) are not required to pay the per-unit enrollment fee but are required to pay all other required fees.

Open Enrollment Policy
The Open Enrollment Policy of the Coast Community College District stipulates that unless specifically exempted by statute, every course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Section 58106 of Title V.

If You Do Not Have a High School Diploma or G.E.D.

It is possible to complete a certificate program, associate degree, transfer program and/or a bachelor’s degree without earning a high school diploma. Many individuals, however, may want to obtain a high school diploma or its equivalent for personal or employment reasons. The following educational agencies may be contacted regarding obtaining the high school diploma, GED test and/or certificate of proficiency:

California State University Fullerton
(657) 278-2011

Garden Grove Unified School District
(Lincoln Education Center)
(714) 663-6291

Huntington Beach Adult/Alternative School
(714) 842-4227

Santa Ana Centennial Education Center
(714) 241-5720
The Assessment Center provides testing services by administering placement tests in English and math, as well as administering alternative exams for students enrolling in distance learning courses. In order to take a placement test or alternative exam, students need to have a Coastline student ID number and display a photo ID. The Assessment Center is located at the College Center in Fountain Valley, 11460 Warner Avenue. Testing dates and times, practice placement tests, and additional information are posted on the Assessment Center's web page at http://www.coastline.edu/services/assessment-center/.

Students may schedule their placement tests online by following the instructions posted at the Assessment web page at http://testing.coastline.edu/.

Placement results are available immediately after completing the tests. Assessed students are directed to speak with a counselor to determine course placements that are based upon multiple measures.

Students may also receive placement into English and math courses via the following alternative methods:

- **Multiple Measure Assessment Project (MMAP)** - Students who recently (within the last 10 years) attended high school for three or more years can receive placement into English and math courses based on the courses completed; their grades in those courses; and the cumulative, unweighted high school GPA. Some students may be placed directly in transfer-level English and mathematics courses. Students can complete the MMAP form in the Assessment Center or obtain the form by going to the Assessment Center web page. Completed forms can be emailed to assessment@coastline.edu as a PDF attachment.

- **Challenge Exam** – students may take the challenge exam by completing the Prerequisite/Clearance/Challenge request form. Students are required to take the placement tests prior to filing the petition. Completed forms should be submitted to the Admissions & Records office located in Fountain Valley at the College Center.

- **Credit by Exam** – Students may request the Credit by Exam; a pass confers credit for English C099. Students can request this form from the Admissions & Records office.

- **Guided Self-Placement** – As of January 1, 2018, students may bypass developmental-level prerequisites and place themselves into college-level math and English: “a community college district or community college may use self-reported high school information or guided placement, including self-placement for students” (AB 705, 2017, Sec. 2D). Students enrolling under this open placement model may wish to receive guidance to maximize their likelihood of succeeding in college-level (non-developmental) classes in the shortest time possible. Thus, we recommend that students seek a counselor’s or advisor’s input if they place into English C099: Fundamentals of Composition via the above options yet wish to self-place into English C100: Freshman Composition.

For self-guided math placement, students can complete a Math Diagnostic Questionnaire in the Assessment Center.

- **Early Assessment Program (EAP)** – high school students who received a “Ready”/“Standard Exceeded” status for English and/or Math. Students can submit their results to the Admissions & Records office.

- **Successful completion of prerequisite courses** – students who have successfully completed an English or math course from an accredited college or university that is considered equivalent at Coastline. Students can submit their official transcripts to the Admissions & Records office.

- **Advanced Placement (AP) scores** – students who received a score of “3” or above on AP Calculus and/or AP English Literature or AP English Language and Composition. Students can submit their results to the Admissions & Records office.

- **College Level Examination Program (CLEP) credits** – students can submit their results to the Admissions & Records office for math placement only.

- **International Baccalaureate (IB) scores** – students can earn IB credit with minimum score of 5 except where noted in the catalog. Students can submit their results to the Admissions & Records office.

- **Placement test results** – students who have taken a placement test at another accredited community college within the last two years (excludes ESL). Students can submit their results to the Admissions & Records office.

- **Students who possess an associate degree or higher** may be exempt from placement testing. Students must provide official transcripts in order to verify satisfactory completion of college-level English and math coursework in order to be exempt from testing. Students can submit their official transcripts to the Admissions & Records office.

**Coastline Placement Test Re-take Policy**

Students are allowed a second (2nd) attempt on the English and Math Placement Tests after a minimum of one week (7 days) from the first attempt. A third (3rd) attempt may occur three (3) months after the date of the second attempt along with proof of participating in an appropriate intervention (e.g., tutoring, College Readiness Academy, etc.) as determined by the Assessment Center in conjunction with the Student Success Coordinator. All test results are valid for two (2) years from the original test date.

For more information, go to www.coastline.edu/services/assessment-center/ or call 714-241-6285
Counseling Services

All Coastline students have easy access to trained professionals dedicated to helping them develop an educational plan that best positions them to meet—and perhaps exceed—their academic, career, and personal goals. New, continuing, and re-entry students are encouraged to meet with a counselor to map out and discuss their educational plans, and learn about college programs and opportunities designed to enhance student success, extend learning “beyond the classroom,” and prepare for the next steps after Coastline.

Assistance for Students with Disabilities

Students with disabilities (e.g., mobility, speech, hearing, learning, vision, intellectual, mental health, acquired brain injury, autism, and attention deficit) are invited to request assistance from Special Programs and Services for the Disabled office. Services include, but are not limited to: interpreting services, note taking, registration assistance, academic counseling, materials/equipment (i.e., digital recorder, Smart Pen, enlarged print materials, accessible classroom furniture, and alternate format textbooks and materials), and test proctoring. Coastline also offers comprehensive programs and services to qualified students with intellectual disabilities, acquired brain injuries, and adapted fitness. Students with temporary or permanent disabilities who are interested in enrolling in Coastline classes or one of the specialized programs are encouraged to call the Special Programs Office for assistance and a confidential intake at (714) 241-6214 or email at specialprograms@coastline.edu. The Special Programs and Services Office is located on the first floor of the Newport Beach Campus http://www.coastline.edu/students/students-with-disabilities.

Connect with a Counselor by Phone, Online, or In-Person

Need help mapping your path toward a four-year university or your dream career? Contact a Coastline counselor! Our professionally trained and courteous counselors are available to assist you with:

- Educational Planning
- Career Exploration
- Counseling Courses for Student Success
- Transfer Planning

Connect with Coastline Counseling via...

In-person or by phone

Schedule an in-person or telephone appointment with a counselor by calling the Counseling Office (714) 241-6162 during business hours:

Monday–Thursday, 8 a.m. to 5 p.m. and Friday, 8 a.m. to Noon

Or schedule an appointment online by visiting www.coastline.edu/services/counseling/
#schedule-appointment

Appointments are available from morning to early evening, depending on the location at which you choose to meet with your counselor. When making an appointment, the counseling center assistant will explain the types of documentation you will need to gather if you have prior coursework from another college; this information will help your counselor provide the most accurate Educational Plan for your academic and career goals.

Cranium Café

See and speak with your counselor in real-time via your computer in a video counseling appointment. It’s a highly effective way to get an answer to your planning questions from a Counselor or the counseling support team. To learn more about Cranium Café, please see http://www.coastline.edu/services/counseling.

eAdvising

Use eAdvising for basic counseling questions via email. To access the eAdvising system, go to forms.coastline.edu/counseling/form.eadvising.cfm.
Whether you are looking for a part-time job while in college or a full-time career position, the Coastline Career Services Center offers a variety of services. The center provides assistance with resume preparation and critique, mock interviews, career exploration, referrals, and job search and acquisition. Students can obtain labor market information on specific careers such as current employment statistics, labor force, wages, and outlook. Students can attend a series of job search related workshops such as Hidden Job Market and Networking, Resume Writing Techniques and Tips, and Interviewing Techniques and Tips. These workshops are offered at all three learning campuses: Newport Beach, Le-Jao and Garden Grove. The center hosts on-site recruitments, informational sessions, and career fair events. Students looking for a job can search openings via the Coastline CareerLink at https://coastline-csm.symplicity.com/. Students can prepare for upcoming job interviews by utilizing the InterviewStream system to video-record interview preparation sessions. For career exploration and assessment, students can use EUREKA and SIGI3 systems. In addition, students are encouraged to connect with the academic counselors after taking the assessments for assistance in making informed and educated decisions regarding their career goals. Students can research and explore careers by viewing candid career videos. These videos feature real people in specific career fields as well as job acquisition skills such as interviewing, networking, and resume writing.

The Career Services Center is located at the College Center at 11460 Warner Avenue, Fountain Valley. You can access career-related services in person at the Career Services Center or via email at careercenter@coastline.edu. You can contact us by calling (714) 241 6311 or by visiting our website at www.coastline.edu/.
Library

100% Online and Always Open

Providing training, support, and resources for Coastline students and employees to enable them to find and evaluate information effectively.

Contact the Library

Email: library@coastline.edu
Telephone/Text: 714.696.1573
Mail: Library, Coastline Community College
11460 Warner Ave, Fountain Valley, CA 92708-2597

Ebooks & Articles

Thousands of articles from newspapers, magazines, and journals are available for free to current Coastline students through the Library in addition to over a hundred thousand ebooks. It is easy to use!

1. Start on the library website http://www.coastline.edu/library
2. Click “ebooks & databases”
3. Choose a subject to search and click on the name of the database
4. Login with your Coast / Active Directory username and password to search

Textbook Reserve Collections

Coastline maintains small collections of textbooks in the Information Commons (Garden Grove Campus) and the Student Success Centers at the Westminster, Le-Jao and Newport Beach Campuses for current students to use onsite. Access to the textbooks is available during the Commons and Success Centers’ regular operating hours on a first-come, first-served basis.

Additional Library Resources

- Coastline Library on YouTube: Help with Library and Research needs! https://goo.gl/mOY2Hd
- Coastline students with a current student ID may use the general collections at the following libraries: Golden West College, Orange Coast College, Cypress College, Fullerton College, and Cal State Long Beach.
About the EOP&S Program

Coastline Community College’s Extended Opportunity Programs and Services is a state-funded program whose aim is to provide the academic, personal, and financial support necessary for students whose educational and socioeconomic backgrounds might limit their access to higher education, or hinder their ability to be academically successful as they begin their college level studies.

Eligible students are provided additional guidance and support to help them achieve their academic goals. EOP&S students who are single parents of young children receive additional support services through CARE. EOP&S students who are current or former foster youth receive additional support services through NextUp.

Special Services We Provide

1. Book assistance: The EOP&S book service program provides assistance for book rental and/or purchase (depending on the availability of funds).
2. Priority registration: The program provides EOP&S students with early registration, making it easier for those students who qualify and participate to get the right classes they need at the times they need them.
3. Counseling and advisement: Staff are available most days to assist with general information and advisement, and a professional educational EOP&S counselor to assist with educational and career goals, including transfer help. All EOP&S students must see the EOP&S counselor a minimum of three times a semester to maintain good standing.
4. New student orientation: This is a two-hour presentation by EOP&S staff to give you comprehensive information.

EOP&S Student Eligibility

1. Must be a California resident or meet AB540/California Dream Act Requirements.
2. Must be enrolled in at least 12 or more units at the time of acceptance into EOP&S and plan to earn a certificate, associate degree, or transfer
3. Must have completed less than 45 degree-applicable units.
4. Must qualify for the California Board of Governor’s Fee Waiver (BOGW-A or B) or BOGW-C with an Expected Family Contribution (EFC) of $0.
5. Must be considered educationally disadvantaged (determined by EOP&S).

How is educational disadvantage determined?

Students must meet ONE of the following criteria:
1. Primary language at spoken at home is not English
2. Must be considered first-generation college student
3. Must be assessed below college level in English or Math
4. Not a high school graduate
5. Current or former foster youth

*Please note that meeting the eligibility requirements does not guarantee admission to the program.

About the CARE Program

Cooperative Agencies Resources for Education

The CARE program is a sub-program of EOP&S; all CARE students must be EOP&S students. The program is designed to assist single parent students with at least one child under 14 who are receiving public assistance (CalWORKS/TANF) for the student or child. CARE students receive all "over-and-above" services of EOP&S, plus assistance and services that are unique for these special students.

The Benefits

Depending on the availability of funds, some of the specialized services that CARE may be able to provide include:
1. Specialized workshops and events
2. Gasoline cards
3. Academic, personal, and career counseling
4. CARE grants
5. Referrals to outside agencies

NextUp Student Eligibility

1. Specialized workshops and events
2. Gasoline cards
3. Academic, personal, and career counseling
4. CARE grants
5. Referrals to outside agencies

How can I apply?

Visit the EOP&S website (www.coastline.edu/services/eops/) and apply online or pick up an application at the EOP&S Office: 11460 Warner Ave., Fountain Valley, CA 92708

Questions

Call (714) 241-6237 or visit us online at www.coastline.edu/services/eops/; or stop by the EOP&S, CARE and NextUp office located at College Center on the 4th Floor. Business hours are Monday-Thursday, 8:00 a.m. to 5:00 p.m.; and Friday, 8:00 a.m. to Noon.
Financial Aid

Financial aid programs attempt to fill the gap that may exist between the cost of education at Coastline and the money available to students from family, employment, savings and other resources. State and federal programs for eligible students include: fee waivers, grants, loans and work-study opportunities. Coastline participates in the following programs: Pell Grant, CalGrant, FTSSG (Full-Time Student Success Grant), SEOG (Supplemental Educational Opportunity Grant), Federal Work-study, Federal Direct Loans (subsidized and unsubsidized), Plus Loan, and the California Board of Governors Fee Waiver (BOGFW). All recipients of federal financial aid must maintain a level of academic progress set forth by the California Community Colleges Chancellor’s Office, or lose eligibility. PLEASE read about these specific standards at http://www.cccd.edu/students/financial-aid under the Board of Governors Fee Waiver menu item.

Useful telephone numbers and websites are:

- FAFSA application: http://www.fafsa.ed.gov
- Coast Community College District website: www.cccd.edu/students/financial-aid
- General information about federal aid: (800) 4-FED-AID or (800) 433-3243
- TTY number for hearing-impaired individuals to call with any federal student aid questions: (800) 730-8913
- Federal Student Aid Home Page: www.studentaid.ed.gov

As of 2014-2015, all students otherwise eligible for the BOGFW must maintain a level of academic progress set forth by the California Community Colleges Chancellor’s Office, or lose eligibility. PLEASE read about these specific standards at http://www.cccd.edu/students/financial-aid under the Board of Governors Fee Waiver menu item.

Scholarships

Coastline students can apply for scholarships available through the Coastline Foundation during the fall and spring semesters. Applications are found online at www.coastline.edu/scholarships. Scholarship awards are presented during the spring semester at the annual Scholarship Awards Reception. Factors for selection can include academic achievement, course of study, service and leadership, college and community involvement, and/or financial need. Applicants are required to submit a Scholarship Application and must be enrolled at Coastline in the fall and spring semester during the year in which they apply. For information about the program criteria and awards available, visit the Coastline website at www.coastline.edu/scholarships.

California Dream Act of 2011

Undocumented students who have been determined to meet AB 540 requirements may apply for state aid, such as the Cal Grant, FTSSG, and BOGFW, by completing the Dream Act application. Go to www.csac.ca.gov/dream_act.asp for information and the application. For further details, go to the Coast Community College District website at www.cccd.edu/students/financial-aid and click on California Programs.

Courses that are neither taught in the classroom nor online are generally considered to be correspondence courses. Students who are receiving financial aid are advised not to enroll in correspondence courses, as these may have a negative impact on how much financial aid they may receive. Unless you are participating in an educational program in which you are required to take correspondence courses, we highly recommend that you enroll in courses that are taught online or in the classroom.
Study Abroad

Coastline is proud to offer summer, winter intersession and expanded spring break Study Abroad programs to selected locations!

For the most up-to-date information, go to: http://studyabroad.coastline.edu or call Kevin Donahue at (714) 241-6215 or email kdonahue@coastline.edu for more information.

Financial Aid may be available on a case-by-case basis. Call (714) 241-6239 for more financial aid information.

The Transfer Center

Coastline’s Transfer Center will prepare you for transfer to earn your B.A./B.S. degree! We help you to navigate through and understand the myriad of transfer information from the UC, CSU, Private and out-of-state schools through the following services and tools: exploration and research on majors, degrees, and major preparation courses with use of ASSIST.ORG, career paths and Transfer Options through Eureka.org; step-by-step completion of applications to the CSU, UC, private and out-of-state institutions, help to get started on writing an awesome Personal Statement/Narrative, and access to scholarships and financial aid information.

The Transfer Center schedules workshops to prepare you for a four-year school. We offer Transfer Fairs in the fall and spring semesters. The Transfer Fairs are students’ opportunity to meet with over 50 university representatives.

We conduct university tours to CSU Fullerton, UC Irvine, CSU Long Beach, UCLA, UC San Diego, USC, and more! Students are encouraged to participate to get a “feel of a campus.” The best part: the tours are free! Contact the Transfer Center to streamline your transition from Coastline to the CSU, UC, CA private institutions, and out-of-state schools. Check out all Transfer services, events, and workshops at www.coastline.edu/services/transfer-center/.

Want to make an appointment? Flexible appointment schedules are available at the College Center, Garden Grove Campus, Le-Jao Campus, and Newport Beach Campus. Email us at transfercenter@coastline.edu.
Veterans Assistance

Coastline is approved by the Bureau of School Approvals, California State Department of Education, to offer programs to veterans and eligible persons seeking benefits under Federal Public Laws and the California Veterans Educational Laws. Coastline follows the guidelines issued by the Council for Private and Post-Secondary and Vocational Education, which apply to all institutions enrolling veterans and other eligible persons for veterans benefits. For questions regarding veterans benefits, check with the Veteran Certifying Official in the Admissions Office at (714) 241-6325 or email VeteranServices@coastline.edu.

Veterans Resource Centers

Coastline’s Veterans Resource Centers (VRC), located at the College Center and Newport Beach Campus are community-based service centers that engage enrolled veterans, veteran-serving organizations, and community veterans who wish to support their peers.

The VRCs provide a comfortable and positive environment where Veterans will find access to academic resources, community referrals, networking opportunities, counseling and advisement services, computer access with Wi-Fi, a place to study, and workshops of value to veterans. Coastline also provides the resource information available in the VRCs to students worldwide through a Virtual VRC.

Our goal is to honor our veterans for their service, and to fully assist them with an effective transition and reintegration into civilian life.

Veterans Resource Centers Locations:

College Center VRC
11460 Warner Avenue
Fountain Valley, CA 92708

Newport Beach VRC
1515 Monrovia Avenue
Newport Beach, CA 92663

For more information regarding the VRC, email vet2vet@coastline.edu or call (714) 241-6126.

Eligibility for Veterans Benefits

Veterans may be eligible for benefits for ten years after the date of separation from active duty, provided the discharge or release was other than dishonorable, he/she served at least one hundred and eighty-one (181) continuous days, or was discharged or released because of a service-connected disability. Veterans who entered active duty beginning July 1, 1985, may be eligible under Chapter 30 of the Montgomery GI Bill provided they:

- Served at least two years with honorable discharge and
- Had $100 per month deducted from their military pay for educational benefits during the first 12 months of active duty.

Selected Reserve participants may be eligible under Chapter 1606.

The Post-9/11 GI Bill® education benefit program is for individuals who served on active duty on or after September 10, 2010.

Veterans Administration Requirements for Receiving Veterans Benefits

1. In order to claim benefits, a veteran or eligible person must have, as an educational objective, an (a) Associate Degree, (b) Baccalaureate Degree, or (c) Certificate Program. If after consulting the college catalog or the schedule of classes a person wishing to file for veterans benefits is still unsure of his/her goals or major, arrangements should be made for a counseling appointment.

2. In order to ensure continuity of benefits, satisfactory progress must be made toward the stated major.

3. Attendance in enrolled classes is expected at all times.

4. After each registration, the person receiving veterans benefits must notify the Veteran Certifying Official of any program changes, i.e., complete withdrawal from college, adjustment of units, courses added and dropped, etc.

5. Those with 24 or more units of college work completed and who wish to apply for benefits must have program approval. Contact the Veteran Certifying Official for proper procedure.

6. Veterans with fewer than 24 units must submit transcripts for all previous college work to Coastline Community College within four weeks after the semester begins.

CAL-VET: Students who qualify for CAL-VET benefits should contact Coastline’s Financial Aid Office.

It will be the responsibility of the veteran or eligible dependent to adhere to the regulations of the Veterans Administration and Coastline policies. If there are any questions regarding the veteran benefits, check with the Veteran Certifying Official at (714) 241-6325.

VACA ACT

Veterans Access, Choice, and Accountability Act (VACA)

Effective July 1, 2015, California Education Code (68075.S(c)c) allows California Community Colleges to grant full exemption from the nonresident fee for all students verified to be “covered individuals” per the below criteria and that qualify to use Montgomery GI Bill-Active Duty or Post-9/11 GI Bill education benefits (Chapters 30 and 33, respectively, of Title 38, U.S. Code) while living in California.

Covered Individuals:

1. A Veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.

2. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor’s discharge from a period of active duty service of 90 days or more.

3. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving and surviving spouses of service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member’s death in the line of duty following a period of active duty service of 90 days or more.

4. After expiration of the three year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain “covered individual” status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at the institution, even if they enroll in multiple programs and shall continue to be exempt from paying nonresident tuition and other fees as described in the updated fee policy described below.

How do I obtain the VACA Act Tuition Fee Waiver?

The VACA Act Tuition Fee Waiver form is available online at the following link http://www.coastline.edu/students/forms/#studentsMilitary, then click on StudentsMilitary.

Registration Priority for Veterans

Coastline Community College offers priority registration to veterans for four academic years within 15 years of separation date. To be considered for Veteran Priority registration students must:

- Meet all of the Priority Registration requirements found in the Admissions and Registration section of this catalog
- Submit a copy of their DD Form 214 (Member-4 copy)

New and returning students who have previously submitted the above should request priority registration by contacting the Veteran Certifying Official. For additional information please contact the Veteran Certifying Official in the Admissions and Records Office at (714) 241-6325.
Student Success & Support Program

Student Success and Support Program intends to help students achieve their educational goals through core Student Success and Support Program services as well as support services that are necessary to assist students meet their personal academic, and career objectives. All students, unless exempt, are required to participate in English and Mathematics Assessment Testing, Orientation and Counseling. The college also provides follow-up services to evaluate the academic progress of students and to provide additional resources as necessary. Other support services are also available to those students who qualify for them. Effective Fall 2014, Student Success and Support Program regulations require that students complete testing, orientation, and creation of a counselor-approved educational plan in order to receive priority registration. Students who believe they are exempt or would like to file an appeal may contact Admissions and Records on first floor of the College Center in Fountain Valley.

Goal
The primary goal of the Student Success and Support Program is to increase student success through institutional effectiveness. Success is measured by the attainment of student educational objectives. The Student Success and Support Program is a coordinated process designed to:

1. Assist students to make wise educational choices concerning the pursuit of programs and courses based upon clear and sensitive appraisals of their skills, interests and aptitudes in relation to the programs and courses offered.
2. Enable students to complete the units they attempt with satisfactory grades and to persist from semester to semester.
3. Identify the support services that students need to succeed and refer students to college and community resources to meet those needs.
4. Strengthen student motivation to succeed through the above, and provide frequent feedback and encouragement.

Student Success and Support Program Components

Admission: Students use CCC Apply to expedite the entry process.

Assessment: Students are evaluated for current skill levels in English, and mathematics. District-approved, no-cost testing instruments and/or multiple-measure assessment are used and feedback is provided in the Assessment Center. Various testing times are available for accessibility and convenience. Career interest inventories and other specialized testing tools are also available.

Orientation: Students obtain current materials on Coastline’s programs, policies, procedures, locations and facilities through semester schedules, career and transfer planning guides, catalogs, mailings, brochures, newsletters and counselor classroom visitations. They obtain additional information on college services and activities from counselors, instructors and other staff members. New student orientations are conducted online at: www.coastline.edu/orientation.

Counseling: Students meet with educational counselors through selected classroom visitations and personal appointments. Students learn about Coastline’s educational options including transfer requirements, associate degrees, certificate programs, enrichment courses, weekend offerings and distance learning courses. Counselors help students identify their educational plans and develop curriculum plans to achieve them.

Student Progress Follow-up: Students excelling in their coursework are notified of honor lists and scholarships. Students encountering academic difficulties are referred to appropriate college services by counselors, instructors and staff members. Students having special needs are directed to additional follow-up resources within the college and community.

Exemption Criteria: All students entering Coast Community College District colleges are expected to participate fully in Student Success and Support Program services. They are also expected to meet course skill level requirements and prerequisites. Students may be exempted from assessment, orientation, and/or counseling on the basis of the following criteria:

1. Students who have earned an associate degree or higher from an accredited institution.
2. Students who are enrolling in six or fewer units and who are not pursuing a degree or a certificate. Upon completion of 12 or more units, however, these students will be apprised of requirements to participate in Student Success and Support Program services.
3. Students who, in the opinion of the Vice President of Instruction/Student Services or designee, would not directly benefit from participating in orientation, assessment, and/or counseling.

Summary
Students are strongly encouraged to initiate and complete the Student Success and Support Program components prior to course registration. Students who complete all components of the Student Success and Support Program are best positioned to develop, with the assistance of an academic counselor, the most efficient path to their academic goal. Call the Counseling Office for more information at (714) 241-6162.

Matricula Inscripción
La inscripción es un programa requerido por el estado y esta diseñado para que puedan lograr sus metas educativas. Este programa es de común acuerdo entre el colegio y el estudiante.

El Colegio de Coastline se compromete a proveer y ha organizado el proceso de admisión en las siguientes maneras: dar orientación, evaluación, consejería, y seguimiento al proceso académico del estudiante. Los estudiantes se comprometen a llevar a cabo una meta educacional específica, asistir a clases regularmente, completar el trabajo de cursos asignados, y mantener un progreso satisfactorio en su plan académico.

Students use CCC Apply to expedite the entry process.
Meta

La meta principal del programa es que la matrícula aumente el éxito estudiantil por medio de la efectividad institucional. Este éxito se puede medir a través de los objetivos educacionales alcanzados por nuestros estudiantes.

La inscripción es un proceso coordinado por:

1. Ayuda a estudiantes a tomar decisiones educativas relacionadas con los cursos y programas que van a completar. Estas decisiones estarán basadas de acuerdo a evaluaciones claras, habilidades personales, intereses y talentos/aptitudes en relación con los programas y cursos ofrecidos.

2. Hacer posible que los estudiantes completen sus unidades y créditos con calificaciones satisfactorias y que continúen su educación de semestre a semestre.

3. Identifica los servicios de apoyo que la escuela tiene para que los estudiantes sobresalgan en sus metas y referirlos a colegios y servicios de la comunidad para satisfacer sus necesidades.

4. Fortalece la motivación estudiantil para lograr los puntos mencionados y provee apoyo frecuentemente para estimular y animar a los estudiantes.

A los estudiantes se les recomienda que se reúnan con un consejero académico anualmente para revisar sus planes universitarios y analizan sus calificaciones.

Mục đích

Mục đích chính của chương trình này là giúp đỡ sinh viên tiến bộ nhanh hơn để đạt đến sự thành công trong học vấn. Sự thành công này được đo lường bằng sự tiếp thu về ngành học được chọn. Matriculation là một chương trình gồm có:

1. Giúp đỡ sinh viên trong việc lựa chọn ngành học dựa vào khả năng, ý thích và năng khiếu của sinh viên.

2. Tạo điều kiện cho sinh viên đạt được điểm cao trong những khóa học của một cách bền bỉ từ mùa học này sang mùa học khác.

3. Chì đắn những dịch vụ ủng hộ cần thiết cho sinh viên để đạt được sự thành công và những nơi cung cấp những dịch vụ này.

4. Làm tăng trưởng động cơ của sinh viên để đạt được thành công với sự khuyến khích thường xuyên.

Sinh viên cần phải gập ngừa cười ván hàng năm để thảo luận về ngành học và để kiểm nghiệm hồ sơ học vấn của mình.
The Associated Student Government (ASG) is the recognized student government at Coastline Community College. The ASG advocates student interests on-campus and in local, state, and national forums, and strives to develop relevant and quality-minded services, facilities, and experiences that are responsive to members of the campus and surrounding communities. Combining ASG with student activities provides opportunities for students and the College to expand and develop leadership skills through activities and experiences. These activities and experiences include student governance, student clubs, use of facilities and services by student clubs and organizations, student photo identification, and student scholarship awards and commencement.

The ASG fosters meaningful student development through leadership and community volunteer service experiences. In recognition of its responsibility to enhance student life, the ASG encourages and supports the activities of all Coastline’s recognized student organizations whose activities stimulate individual and group participation within the College community.

For more information, visit: http://www.coastline.edu/students/associated-student-government, or stop by the Student Life Office in the College Center in Fountain Valley.
Non-Discrimination Statement

The Coast Community College District does not discriminate unlawfully in providing educational or employment opportunities to any person on the basis of race, color, sex, gender identity, gender expression, religion, age, national origin, ancestry, sexual orientation, marital status, medical condition, physical or mental disability, military or veteran status, or genetic information.

El Distrito de Coast Community College no discrimina ilegalmente en la provisión de oportunidades educativas o de empleo a cualquier persona sobre la base de raza, color, sexo, identidad de género, expresión de género, religión, edad, origen nacional, ascendencia, orientación sexual, estado civil, condición médica, discapacidad física o mental, estado militar o de veterano, o de la información genética.

Limited English-speaking students who are otherwise eligible, will not be excluded from any vocational education program.

Los estudiantes que están calificados para entrar en el programa de educación vocacional no pueden ser excluidos debido a su inglés limitado.

Sinh viên nào với trình độ Anh văn kém, nếu hội đủ các điều kiện phù hợp vào những chương trình huấn luyện, vẫn được ghi danh học như thường.

"Trong việc cung cấp các cơ hội giáo dục và việc làm, Trường Đại Học Cộng Đồng Coast Community College không đối xử phân biệt với bất cứ ai về chủng tộc, màu da, phái tính, nhận dạng phái tính, phật biểu về phái tính, tôn giáo, tuổi tác, nguồn gốc quốc gia, tò tần, định hướng phái tính, tình trạng gia đình, tình trạng sức khỏe, bất lực thể lý hay tâm thần, tình trạng quân ngũ hay cựu chiến binh, hoặc thông tin về di truyền."

Associate Degree Requirements

Catalog Rights and Continuous Enrollment

For graduation, students may follow the catalog degree requirements that were in effect for the academic year when their attendance began at Coastline Community College or follow the catalog requirements in effect during subsequent years of attendance provided that continuous enrollment has been maintained.

Continuous enrollment is defined as enrollment in at least one course at Coastline Community College for at least one semester (fall and/or spring) in each academic year. The student must receive a grade of A, B, C, D, F, P, NP, W, I or IP for the course.

A student's Servicemember Opportunity College (SOC) Agreement will remain valid as long as the student maintains continuous enrollment. For a student whose break in attendance is necessitated by reason of service in the uniformed services, the validity of the student's SOC Agreement ("contract for degree"), or other official degree plan prepared by the college, will remain in effect if the cumulative length of the service-related absence and of all previous service-related absences from that institution does not exceed five years. Catalog rights do not apply to the certification of general education for transfer. Courses used for certification must have been on the approved list at the time they were taken.

Classification of Students

Students are classified as follows:

Freshman: A student who has completed fewer than 30 units.

Sophomore: A student who has completed 30 or more units.

Part-time Student: A student enrolled in fewer than 12 units.

Full-time Student: A student enrolled in 12 or more units.

Student Status

New Student: No previous enrollment record at Coastline Community College.

Continuing Student: Enrolled continuously at Coastline Community College from one primary term to the next primary term.

Returning Student: Previously enrolled at Coastline Community College, however missed at least two primary terms of attendance.

General Education Philosophy

General Education Degree-Level Student Learning Outcomes

The term “general education” refers to a broad-based and comprehensive program that introduces students to the major areas of higher education: the humanities, fine arts, social sciences, and natural sciences. The general education program is the basis for all degree programs at Coastline Community College and is designed to help students develop the knowledge and skills that will contribute to their intellectual, personal, and professional growth.

Upon completion of a degree-level program, students will be able to:

1. Demonstrate understanding and appreciation for the visual and performing arts
2. Demonstrate ethical civic, environmental, and social responsibility
3. Demonstrate ability to apply critical thinking and analysis
4. Demonstrate innovative thinking, adaptability, and creative problem-solving skills
5. Demonstrate understanding and respect for cultural and global diversity
6. Demonstrate information competency
7. Use effective communication and interpersonal skills
8. Use scientific and quantitative reasoning

Multiple Majors

A student completing the requirements for more than one major may earn more than one Associate degree. When completing concurrent majors, the student simultaneously completes all academic requirements for his/her majors and graduates with two (or more) degrees in the same semester. Students must list all desired degrees on the Graduation Petition form.

Additional Associate Degrees

Students who already possess an Associate degree may be awarded an additional degree upon completion of the following:

1. All requirements of a major or area of emphasis in a different field of study. Coursework from the previous major may be applied toward the new major.

2. Twelve additional units in residence at Coastline Community College after conferral of the previous degree.

3. General Education units earned from a previous Associate degree may be applied toward subsequent Associate degrees. If there has been a break in enrollment from when the last Associate degree was awarded, the student must complete the General Education requirements in effect at the time the student re-enrolls.

Duplicate Degrees

Students are not permitted to acquire duplicate associate degrees in the same major, within the Coast Community College District.

Petition for Graduation

An Associate degree or a certificate of achievement is not automatically awarded. Students are required to petition for the degree or certificate of achievement at the beginning of the semester in which they will be completing their final requirements. Petitions are available in the Admissions office and online. If you are not currently enrolled, you will need to meet the current catalog degree requirements for the current academic year. Military students may obtain a graduation petition online at http://military.coastline.edu/forms

Students should be sure all official transcripts from other campuses are on file with Coastline if those transcripts are being used to satisfy our graduation requirements.

Students may petition for graduation during the Spring, Summer, or Fall terms. Petition filing period dates may be found at http://www.coastline.edu/admissions/graduation/. Students are advised to petition for their degree at the beginning of the term in which they will complete their final degree requirements.
Coastline Community College awards the degrees of Associate in Arts and Associate in Science. The requirements for these majors are listed below. (Students interested in an Associate Degree for Transfer should refer to the Transfer Information section.) These degrees are designed to provide students with the necessary skills to compete successfully in a culturally diverse and global job market. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student shall possess sufficient depth in a field of knowledge to contribute to lifetime interest.

In accordance with law and with rules and regulations of the Board of Governors of the California Community Colleges and the Board of Trustees of the Coast Community College District, the requirements for the degree of Associate in Arts or Associate in Science include the following:

1. **Unit Requirement**
   Complete at least 60 units of acceptable college work with a minimum of 12 units completed in residence at Coastline. Earn an overall grade point average of 2.0 or higher from all colleges attended and a 2.0 or higher grade point average at Coastline.
   * Students must be in good academic standing (not on probation and/or disqualification) during the semester graduation is petitioned.

2. **Program of Study**
   Complete the required courses in one of the programs as detailed in the Academic/Career/Certificate Programs section of this catalog. A summary of current programs can be found on the Programs Summary pages (see index). All coursework must be completed with a grade of C or higher.

3. **General Education**
   Complete one of the three General Education options below:
   - Option 1—designed for students pursuing an Associate degree and who may or may not be planning to transfer to a four-year university. The degree is transferable to many colleges and universities.
   - Option 2—CSU GE Breadth: designed for students who are planning to transfer to a university in the CSU system. It may also be appropriate for transfer to some independent colleges and universities.
   - Option 3—IGETC: designed for students who are planning to transfer to a university in the CSU or UC system. It also may be appropriate for transfer to some independent colleges and universities.

4. **Global and Multicultural Studies Requirement**
   Complete at least 2.5 units from any of the following Global and Multicultural Studies Courses:
   - American Sign Language C180, C185; Anthropology C100, C150; Arabic C180, C180A, C180B, C182, C185, C185A, C185B, C280A, C280B; Art C100, C101, C103, C104, C105, C109, C135, C136, C137, C138, C233, C235, C236, C237, C261, C262, C265; Chinese C180, C185; Communication Studies C150; Criminal Justice C148; English C144, C145, C150, C155; French C180, C185, C280, C285; Geography C185; Gerontology C240; History C115, C122, C124, C125, C126, C128, C132, C135, C146, C161, C162, C180, C185; Humanities C100, C110, C135; Human Services C100; Italian C180, C185; Japanese C180, C185; Music C103; Philosophy C100, C113; Sociology C100, C130; Spanish C160, C165, C180, C180A, C180B, C185, C185A, C185B, C280, C285, C285A, C285B; Vietnamese C160, C180, C185, C280, C285
   *This requirement is waived for students completing an Associate Degree for Transfer (see Transfer Information for ADT degree).
# General Education Requirements

## OPTION 1 • 2018-2019

This option is designed for students pursuing a degree and who may or may not be planning to transfer to a four-year institution. Most of the coursework in this option is applicable towards transfer. Other colleges and universities may accept this degree for transfer. It is important to contact a Coastline counselor or your transfer institution for guidance in preparing your educational plan. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog under Associate Degree Requirements.

Complete at least 18 units in the specific courses listed in Groups A-E. Students may select courses from any sub-area under each specific group. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or area of emphasis. Students may also double-count courses for the Global and Multicultural Studies Requirement.

### Group A – Basic Subjects

<table>
<thead>
<tr>
<th>One course from each area</th>
</tr>
</thead>
<tbody>
<tr>
<td>A1 — Mass Communications C100; Communication Studies C100, C101, C110, C140, C150, or C220</td>
</tr>
<tr>
<td>A2 — English Competency: Passing with a grade of C or better English C100, C109 or C135</td>
</tr>
<tr>
<td>A3 — Math Competency: Placing into Math C100 or better with the Math Placement Test or completion of two years of high school algebra (Algebra 1 and 2) with a grade of C or better*</td>
</tr>
</tbody>
</table>

*Mathematics C030, C045*, C046*, C047* can be used to meet the Math competency requirements. They count toward the 60 units required for the Associate degree, but do not count toward the required general education units.

### Group B – Natural Sciences:

Any three units

<table>
<thead>
<tr>
<th>Any three units</th>
</tr>
</thead>
</table>

*Course has Laboratory Activity

### Group C – Arts and Humanities:

Any three units

<table>
<thead>
<tr>
<th>Any three units</th>
</tr>
</thead>
<tbody>
<tr>
<td>C1 — Arts: Art C100, C101, C102, C103, C104, C105, C109, C110, C110A, C110B, C120, C120A, C120B, C121, C122, C122A, C122B, C127, C129, C130, C131, C132, C133, C134, C135, C136, C137, C138, C139, C140, C142, C147A, C150, C151, C190, C205, C212, C214, C220, C221, C222A, C222B, C228, C229, C230, C231, C232, C233, C234, C235, C236, C237, C238, C239, C240, C242, C261, C262, C263, C265; Dance C200; Music C100, C103, C130, C131, C139, C143; Theater Arts C100, C101, C106, C107, C111</td>
</tr>
<tr>
<td>C2 — Humanities: American Sign Language C180, C185; Arabic C180, C180A, C182, C185, C185A, C185B, C280A, C280B; Chinese C180, C185; English C102, C111, C140, C143, C144, C145, C146, C150, C155, C181, C270, C275, C296, C297; French C180, C185, C280, C285; History C115, C121, C122, C124, C125, C126, C128, C132, C134, C135, C146, C150, C155, C161, C162, C170, C175, C185, Humanities C100, C110, C135; Italian C180, C185; Japanese C180, C185; Philosophy C100, C102, C113, C115, C120, C140; Spanish C180, C180A, C180B, C185, C280, C285; Theater Arts C101; Vietnamese C160, C180, C185, C280, C285</td>
</tr>
</tbody>
</table>

*ENGL C163 and THEA C101 are equivalent courses; only 3 units may be counted.

### Group D – Social Sciences:

Any three units

</tr>
</tbody>
</table>

*Course has Laboratory Activity*
Designed for students who are planning to transfer to a university in the CSU system. However, it may be appropriate for transfer to some independent colleges. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog. Transfer students are strongly advised to contact a Coastline counselor for guidance in preparing an educational plan. In addition, for the most current articulation information, visit www.assist.org.

Complete at least 39 units in the specific courses listed in Groups A-E. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or Area of Emphasis. Students may also double-count courses for the Global and Multicultural Studies Requirement.

Certificate of Achievement in CSU General Education
Upon completion of this General Education pattern, students may qualify for a Certificate of Achievement in CSU General Education.

Certification of General Education for Transfer to CSU
Upon a student’s request, Coastline will verify the completion of lower-division general education requirements for transfer to the California State University. Courses can only be certified if they were on the CSU approved list at the time they were taken by the student. Upon transferring, the student will need to complete any upper-division general education requirements required by the university. Students who transfer without certification will have to meet both lower- and upper-division general education requirements of the specific CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses. Students may also request subject-area (partial) certification. To qualify a student must satisfactorily complete the courses required in one or more sub-areas. Coastline will provide a full-certification only once. Certification is not automatic and must be requested after the completion of the last term prior to transfer. This request should be made in the Admissions Office when final transcripts are requested to be sent to the transfer university.

Area A – English Language Communication and Critical Thinking
Must complete 9 units with a minimum of one course in A1, A2 and A3 (grade of C or better).

A1—Oral Communication
Communication Studies C100, C101, C110, C140

A2—Written Communication
English C100, C111

A3—Critical Thinking
Communication Studies C220; English C102; Philosophy C115; Reading C102

Area B – Scientific Inquiry and Quantitative Reasoning
Must complete 9 units with a minimum of one course in each B1, B2, and B4. (One of the science courses must be a B3 laboratory activity course.)

B1—Physical Science
Astronomy C100, C101, C102, C103; Chemistry C100, C105, C110, C130, C140, C185, C220, C225; Geography C180; Geology C105, C106, C115, C121, C185; Physics C110, C120, C125, C140, C185, C280, C285

B2—Life Science
Anthropology C185; Biology C100, C100C, C103, C106, C120, C180, C185, C210, C211, C220, C221, C225, C283; Ecology C100; Marine Science C100, C105; Psychology C250

B3—Laboratory Activity
Astronomy C100L*; Biology C100C, C100L, C185, C210, C211L, C220, C225; Chemistry C110, C130, C140**, C180L, C185L, C220L; Geology C105L, C106, C185L; Marine Science C100L, C105; Physics C110L, C120, C125, C140**, C185, C280, C285

* Astronomy C100 must be taken prior to or concurrently with Astronomy C100L
** Chemistry C140 and Physics C140 are equivalent courses, only one course will meet B2
**B4—Mathematical/ Quantitative Reasoning Concepts (grade of C or better)**

Mathematics C100, C103, C104, C106, C115, C120, C140, C146, C150, C160, C170, C180, C185, C280, C285

**Area C – Arts and Humanities**

Must complete 9 units with a minimum of 3 units in C1 and 3 units in C2.

C1—Arts

Art C100, C101, C102, C103, C104, C105, C109, C120, C122, C129, C135, C137, C140, C142, C214, C261, C262, C263, C265; Dance C200; Humanities C135; Music C100, C103, C139, C143; Theater Arts C100, C101*

C2—Humanities

American Sign Language C185; Arabic C180, C180A&B, C182, C185, C185A&B, C280A&B; Chinese C180, C185; Communication Studies C150; English C140, C143, C144, C145, C146, C150, C155, C181, C270, C275, C296, C297; French C180, C185, C280, C285; History C101, C121, C126, C132, C135, C150, C155, C161, C162, C170, C175, C180, C185; Humanities C100, C110; Italian C180, C185; Japanese C180, C185; Philosophy C100, C102, C113, C120, Sign C180; Spanish C180, C180A&B, C185, C280, C285; Theater Arts C101*; Vietnamese C160, C180, C185, C280, C285

**Area D – Social Sciences**

Must complete 9 units with courses from at least two disciplines.

Anthropology C100, C120, C150
Communication Studies C150
Criminal Justice C140
Economics C110, C170, C175
Geography C100, C150, C185
History C101, C115, C121, C122, C126, C128, C132, C135, C146, C150, C155, C161, C162, C170+, C175+, C180, C185
Mass Communications C100
Political Science C101, C140, C160, C180+, C185
Psychology C100, C116, C118, C165, C170, C255, C260, C280
Sociology C100, C110, C120, C130, C185, C233, C245

**Area E – Lifelong Understanding and Self-Development**

Must complete 3 units.

Counseling C104, C105; Foods and Nutrition C170, C225; Gerontology C220, C240; Health C100, C223; Kinesiology C100; Psychology C116, C118, C165; Sociology C120

A maximum of one unit may be counted from the following activity courses:

+American Institutions Requirement—All CSU campuses require that a student demonstrate competence in the Constitution of the United States and in American History. This may be satisfied by taking Political Science C180 and History C170 or C175 at Coastline College or by taking a course at the CSU. These courses also count toward Area D requirements.

*English C163 and Theater Arts C101 are equivalent courses, only 3 units may be counted.
Associate Degree—General Education Requirements
OPTION 3—Transfer IGETC • 2018-2019

Designed for students who are planning to transfer to a university in the CSU or UC system. However, it may be appropriate for transfer to some independent colleges. In addition to the General Education requirements below, students must complete additional requirements for the Associate Degree listed in the catalog. Transfer students are strongly advised to contact a Coastline counselor for guidance in preparing an educational plan. In addition, for the most current articulation information, visit www.assist.org.

Complete at least 37 units in the specific courses listed areas 1-6. These courses must be completed with a C or better. One course may not be used to satisfy more than one general education requirement; however, the same course may be used to satisfy both a general education requirement and a requirement for the major or Area of Emphasis. Students may also double-count courses for the Global and Multicultural Studies Requirement.

Certificate of Achievement in Intersegmental General Education Transfer
Upon completion of this General Education pattern, students may qualify for a Certificate of Achievement in Intersegmental General Education Transfer (IGETC) and IGETC Certification of General Education.

Certification of General Education for Transfer to CSU or UC
Upon student request, Coastline will verify the completion of lower-division general education requirements for transfer to the California State University (either the CSU general education breadth requirements or the IGETC) or the University of California (IGETC). Courses can only be certified if they were on the CSU or IGETC approved list at the time they were taken by the student. Students who transfer without certification will have to meet the general education requirements of the specific CSU or UC campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses. Coastline will certify courses only once. Certification is not automatic and must be requested after the completion of the last term prior to transfer. This request should be made in the Admissions office when final transcripts are requested to be sent to the transfer university.

Partial Certification of IGETC
Students may request partial certification if they have completed all but two of the courses on the IGETC pattern. Students need Areas 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. Students have several options for completing the remaining courses. See a counselor for more information.

- Sociology C100, C110, C130, C185

Area 5 – Physical and Biological Sciences

Two courses, with one from Group A and one from Group B. Minimum of 7 to 9 units.

One of the courses must include a lab (indicated by + sign)

Group A: Physical Science

- Astronomy C100, C100L+, C101, C102, C103
- Geography C180
- Geology C105, C105L+, C106, C115, C185+
- Physics C110*, C110L+, C120+, C125+, C140, C185+, C280+, C285+

Group B: Biological Sciences

- Anthropology C185
- Biology C100, C100C+, C100L*, C180+, C185+, C210+, C211, C211L+, C220*, C221*, C225*, C281, C282, C283
- Marine Science C100, C100L+, C105+

Group C: Laboratory Science Requirement

At least one course from 5A or 5B must incorporate a laboratory component or take a corresponding lab course. Lab courses are indicated by (+).

*Indicates that transfer credit may be limited. See your counselor or www.assist.org.

Area 6 – Languages Other Than English

(UC REQUIREMENT ONLY): This requirement may be fulfilled by one of the following methods. See a counselor for clarification.

A. Complete two years of a high school foreign language with grades of C or better (high school transcripts must be on file at CCC)

OR

B. Complete one course (or A/B sequence) from: Arabic C180, C180A&B, Chinese C180, French C180, Italian C180, Japanese C180, Spanish C160, C165, C180, C180A&B, Vietnamese C180. Coastline advanced courses in these languages will also validate this requirement.

OR

C. Earn a satisfactory score on one of the following tests (results must be on file at CCC):

2. College Board Advanced Placement Examination in a language other than English (score: 3 or better)

3. International Baccalaureate Higher Level Examination in language other than English (score: 5 or better)

*Indicates that transfer credit may be limited. See your counselor or www.assist.org.

*Transfer credit may be limited. See a counselor or www.assist.org.

This information is subject to change. For the latest information please check the Course Catalog or www.coastline.edu.

**NOTE:** Not all of the courses listed are offered every semester or summer session. Students are encouraged to confirm the transferability of these classes. Be sure to talk to an academic counselor.
**Associate Degree for Transfer**

California Community College students who receive an Associate Degree for Transfer are eligible for admission with junior standing into the California State University (CSU) system. A student who has earned one of these degrees will not be guaranteed admission for a specific major or campus but will be given priority admission consideration to the local CSU campus and to a program or major that is determined by the California State University to be similar to the transfer AA degree. Upon enrollment at the CSU campus, the student will be eligible to graduate with 60 remaining semester units. To find out which CSU campuses accept each degree as similar, please go to www.adegreewithaguarantee.com.

Students who have been awarded an Associate Degree for Transfer are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

Current and prospective community college students are strongly encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

**Approved Associate Degrees for Transfer**

The following Associate Degrees for Transfer are currently approved. Additional majors are under development. Please see a counselor and http://www.coastline.edu/services/articulation/ for more information.

- Business Administration AS-T
- Communication Studies AA-T
- Elementary Teacher Education AA-T
- English AA-T
- History AA-T
- Mathematics AS-T
- Physics AS-T
- Psychology AA-T
- Sociology AA-T
- Spanish AA-T

**Associate Degree for Transfer (AA-T, AS-T) Requirements**

The following are required for all Associate Degrees for Transfer:

1. Minimum of 60 CSU-transferable semester units. A minimum of 12 units must be in residence at Coastline Community College.

2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum GPA of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.

3. Completion of a minimum of 18 semester units in an Associate Degree for Transfer major as detailed in the catalog. All courses in the major must be completed with a grade of “C” or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).

4. Certified Completion of the California State University General Education-Breadth pattern (CSU GE Breadth - Coastline’s Option 2 General Education pattern), OR the Intersegmental General Education Transfer Curriculum (IGETC - Coastline Option 3 General Education pattern).
Associate in Science for Transfer in 
BUSINESS ADMINISTRATION

The Associate in Science in Business Administration for Transfer is designed to provide students with the common core of lower division courses required to transfer and pursue a baccalaureate degree in Business Administration. This includes business degrees with options such as accounting, finance, human resource management, international business, management, operations management, and marketing.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (17 units):
Accounting C101 Financial Accounting (4.0 units)
Accounting C102 Managerial Accounting (4.0 units)
Economics C170 Principles of Microeconomics (3.0 units)
Economics C175 Principles of Macroeconomics (3.0 units)
Business C110 Legal Environment of Business (3.0 units)

List A - Select one course (4 units):
Mathematics C140 Business Calculus (4.0 units)
Mathematics C150 Finite Mathematics with Applications (4.0 units)
Mathematics C160 Introduction to Statistics (4.0 units)

List B - Select two courses (6-7 units):
Any course from List A not already taken.
Computer Information Systems C111 Introduction to Information Systems Programming (3.0 units)
Business C100 Introduction to Business (3.0 units)
Or
English C136 Business Communication (3.0 units)

Total Units for the Major Required: 27-28 units
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 Units

Associate in Arts for Transfer in 
COMMUNICATION STUDIES

The Coastline Community College Associates in Arts in Communication Studies for transfer program empowers students with the tools to analyze and improve communication in their personal, academic, public, and professional interactions. Students will study and learn to effectively construct, evaluate, and communicate appropriate messages in a variety of communicative situations. By completing this program students will be prepared to become effective contributors and leaders in their communities and chosen careers.

Requirements for the degree:
All courses must be completed with a grade of C or better.

Required Core (3 units):
Communication Studies C110 Public Speaking (3.0 units)

List A - Select two courses (6 units):
Communication Studies C100 Interpersonal Communication (3.0 units)
Communication Studies C140 Small Group Communication (3.0 units)
Communication Studies C220 Essentials of Argumentation (3.0 units)

List B - Select two courses (6 units):
Communication Studies C150 Intercultural Communication (3.0 units)
Communication Studies C101 Fundamentals of Human Communication (3.0 units)
Mass Communications C100 Introduction to Mass Communications (3.0 units)

List C - Select one course (3 units):
Anthropology C100 Cultural Anthropology (3.0 units)
Psychology C100 Introduction to Psychology (3.0 units)
Sociology C100 Introduction to Sociology (3.0 units)
English C102 Critical Reasoning, Reading, and Writing (3.0 units)

Total Units for the Major Required: 18 units
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 Units
Associate in Arts for Transfer in
ELEMENTARY TEACHER EDUCATION

The Associate in Arts in Elementary Teacher Education for Transfer degree (AA-T) is designed for prospective California State University (CSU) transfer students who are preparing for careers as Elementary School Teachers.

To qualify for the Associate in Arts in Elementary Teacher Education for Transfer a student must complete the following requirements:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum G.P.A. of 2.0 is required for admission, some majors may require a higher G.P.A. Please consult with a counselor for more information.
3. Certified completion of the California State University General Education-Breadth pattern (Option 2); OR the Cal State version of the Intersegment General Education Transfer Curriculum (IGETC Option 3).
4. Completion of all the courses in the major as detailed below. Courses for the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis.

Note: Four-Year institutions do not recommend students take major prep courses for Pass/No Pass.

Requirements for the degree:
All courses must be completed with a grade of C or better.

Required Core (42.5 units):
Education C200 The Teaching Profession (3.5 units)
Psychology C116 Child Growth and Development (3.0 units)
Biology C100 Introduction to Biology (3.0 units)
Biology C100L Introduction to Biology Lab (1.0 units)
Chemistry C140 Survey of Chemistry and Physics (4.0 units)
Or
Physics C140 Survey of Chemistry and Physics (4.0 units)
Geology C106 Earth Sciences for Teachers (4.0 units)
Or
Geology C105 General Geology (3.0 units)
And
Geology C105L Geology Lab (1.0 units)
Mathematics C104 Mathematics for Elementary Teachers (3.0 units)
Communication Studies C110 Public Speaking (3.0 units)
English C100 Freshman Composition (3.0 units)
English C140 Appreciation of Literature (3.0 units)
Geography C100 World Regional Geography (3.0 units)
History C161 World History 1 (3.0 units)
History C170 United States History to 1876 (3.0 units)
Political Science C180 American Government (3.0 units)

List A: select one course
English C102 Critical Reasoning, Reading, and Writing (3.0 units)

List B: select one course
Music C100 History and Appreciation of Music (3.0 units)

List C: select 0 to 11.5 additional units
Education C103 Introduction to Computers in Education: Technology Proficiencies for Teachers 1 (2.0 units)
Education C104 Introduction to Teaching and Learning in Diverse Contemporary Classrooms (1.0 units)
English C143 Children’s Literature (3.0 units)
Mathematics C103 Statistics for Elementary Teachers (3.0 units)
Mathematics C106 Geometry for Elementary Teachers (3.0 units)
Theater Arts C100 Introduction to Theater (3.0 units)

Total Units for the Major Required: 48.5
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units

DEGREE TOTAL: 60 Units
Associate in Arts for Transfer in ENGLISH

The Associate in Arts in English for Transfer major emphasizes writing about literature and the skills needed to analyze literature in academic terms. Students taking this major will examine a variety of genres and will gain a better understanding of a given literary work’s relevance to the time period in which it was written as well as the relationship between the events in an author’s life, time, and culture. In other words, successful students will develop the ability to analyze literature in context. Completion of this major will provide a solid foundation for students interested in pursuing a B.A. in literature.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (6 units):
- English C102 Critical Reasoning, Reading, and Writing (3.0 units)
- English C140 Appreciation of Literature (3.0 units)

List A Select two courses (6 units):
- English C150 American Literature 1 (3.0 units)
- English C155 American Literature 2 (3.0 units)
- English C270 British Literature to 1800 (3.0 units)
- English C275 British Literature since 1800 (3.0 units)

List B Select one course (3 units):
- Any course not taken above in List A
- English C145 American Literature: The Short Story (3.0 units)
- English C181 Shakespeare (3.0 units)

List C Select one course (3 units):
- Any course not taken above in List A or B
- English C135 Business Writing (3.0 units)
- English C136 Business Communication (3.0 units)
- English C143 Children’s Literature (3.0 units)
- English C144 The International Short Story (3.0 units)
- English C146 Introduction to 20th Century Military Fiction (3.0 units)
- English C296 Gothic Victorian Literature (3.0 units)
- English C297 Contemporary Gothic Literature (3.0 units)
- Humanities C100 Introduction to the Humanities (3.0 units)
- Theater Arts C101 Introduction to History and Literature of the Theater (3.0 units)

Total Units for the Major Required: 18 units
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 Units

Associate in Arts for Transfer in HISTORY

A major in History provides students with skills in historical research and analysis, a chronological understanding of the past, and factual knowledge of specific historical periods. Study yields an appreciation of U.S. history, as well as the histories of other people and cultures which enhances multicultural understanding in the workplace and everyday society. Historical study is advantages in developing valuable career skills in research, writing, argumentation (interpersonal communication), and documentation. Such skills and knowledge prepare students for careers in education, law, government, business, management, public relations, writing, and research.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (6 units):
- History C170 United States History to 1876 (3.0 units)
- History C175 United States History since 1876 (3.0 units)

List A - Select two courses (6 units):
- History C161 World History 1 (3.0 units)
- OR
- History C180 Western Civilization 1 (3.0 units)
- History C162 World History 2 (3.0 units)
- OR
- History C185 Western Civilization 2 (3.0 units)

List B Select one course from each of the following 2 areas (6 units):

Area 1:
- Anthropology C150 World Cultures (3.0 units)
- Geography C100 World Regional Geography (3.0 units)
- History C115 Latin American History and Culture (3.0 units)
- History C121 History of American Women (3.0 units)
- History C122 Chicano History (3.0 units)
- History C124 Vietnamese-American History and Culture (3.0 units)
- History C128 History of Modern China (3.0 units)
- History C146 History of Mexico (3.0 units)
- History C161 World History 1 (3.0 units) if not previously used to fulfill List A requirement
- History C162 World History 2 (3.0 units) if not previously used to fulfill List A requirement
- Political Science C185 Comparative Politics (3.0 units)

Continued on page 043
Area 2:
Any history course from List A or List B Area 1 not previously used to fulfill a requirement or:
Anthropology C100 Cultural Anthropology (3.0 units)
Art C100 Art History and Appreciation 1 (3.0 units)
Art C101 Art History and Appreciation 2 (3.0 units)
Geography C185 Cultural Geography (3.0 units)
History C132 History of Britain and Ireland 1 (3.0 units)
History C135 History of Britain and Ireland 2 (3.0 units)
History C155 The American West (3.0 units) (3.0 units)
Music C100 History and Appreciation of Music (3.0 units)
Music C139 History of Rock Music (3.0 units)
Music C143 History of Jazz (3.0 units)
Political Science C180 American Government (3.0 units)
Psychology C100 Introduction to Psychology (3.0 units)
Sociology C100 Introduction to Sociology (3.0 units)
Total Units for the Major Required: 18 units
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 Units

Associate in Science for Transfer in MATHEMATICS

Upon successful completion of the Associate in Science in Mathematics for Transfer, the student will have demonstrated a practical and theoretical understanding of mathematics in preparation for transfer to the California State University system. This degree will be useful for students majoring in the STEM (science, technology, engineering and mathematics) fields. It is recommended that students consult a counselor for further information.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (15 units):
Mathematics C180 Calculus 1 (5.0 units)
Mathematics C185 Calculus 2 (5.0 units)
Mathematics C280 Calculus 3 (5.0 units)
Complete the requirements in Groups A and B below:
List A Complete the course below (5 units):
Mathematics C285 Introduction to Linear Algebra and Differential Equations (5.0 units)
List B Select one course (4 units):
Mathematics C160 Introduction to Statistics (4.0 units)
Physics C185 Calculus Based Physics: Mech (4.0 units)
Total Units for the Major Required: 24 units
CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 Units
Associate in Science for Transfer in

PHYSICS

Physics is an attempt to understand natural phenomena, and is fundamental to related fields such as astronomy, biology, chemistry, geology and engineering. The goal of the physics program is to develop students’ understanding and analysis of the physical world through mathematical techniques involving qualitative and quantitative reasoning. It is strongly recommended that all physics majors take a course in linear algebra and differential equations such as MATH C285 in addition to the degree requirements, but this cannot be included as a requirement due to unit limitations.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (27 units):
Physics C185 Calculus Based Physics: Mechanics (4.0 units)
Physics C280 Calculus Based Physics: Electricity and Magnetism (4.0 units)
Physics C285 Calculus Based Physics: Modern (4.0 units)
Mathematics C180 Calculus 1 (5.0 units)
Mathematics C185 Calculus 2 (5.0 units)
Mathematics C280 Calculus 3 (5.0 units)

Total Units for the Major Required: 27.0

CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units

DEGREE TOTAL: 60 Units

Associate in Arts for Transfer in

PSYCHOLOGY

Psychology is the scientific study of behavior and mental processes. Students majoring in psychology learn the major perspectives for understanding human behavior: behavioral, biological, cognitive, cross-cultural, evolutionary, humanistic, and psychodynamic. Students will acquire skills to analyze behavior, including statistical methods and research design, and will learn to document findings in APA style; descriptive research methods and experimental methods are covered. Students will gain an understanding of the following topics: neuroscience; sensation and perception; consciousness; learning; memory; thinking, language and intelligence; motivation and emotion; lifespan development; personality; social psychology; stress, health, and coping; psychological disorders; and therapies. Completion of the major provides a solid foundation for a psychology transfer program and many careers in the social service fields. A Master’s degree or higher is required for most counseling or research psychologist positions.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (11 units):
Mathematics C160 Introduction to Statistics (4.0 units)
Psychology C100 Introduction to Psychology (3.0 units)
Psychology C280 Introduction to Research Methods in Psychology (4.0 units)

List A Select one course (3 units):
Biology C100 Introduction to Biology (3.0 units)
Psychology C250 Psychobiology (3.0 units)

List B Select one course (3 units):
Any List A course not used above (3.0 units)
Psychology C116 Child Growth and Development (3.0 units)
Psychology C118 Life Span Developmental Psychology (3.0 units)
Sociology C100 Introduction to Sociology (3.0 units)

List C Select one course (3 units):
Any courses not selected above (3.0 units)
Psychology C165 Principles of Human Sexuality 1 (3.0 units)
Psychology C170 Psychology of Aging (3.0 units)
Psychology C255 Abnormal Psychology (3.0 units)
Psychology C260 Social Psychology (3.0 units)

Total Units for the Major Required: 20 units

CSU General Education or IGETC pattern: 37-39 units
Transfer Electives as needed to reach 60 transferable units

DEGREE TOTAL: 60 units
The Associate in Arts for Transfer in Sociology emphasizes a scientific approach to the study of human society, utilizing a variety of theories and research methods to understand the interaction between human groups and institutions and their influences on each other. Sociology ranges from the study of relationships in intimate social settings to the study of large bureaucratic institutions. Students taking this major will examine a variety of social institutions, including family, religion, and education, and will gain a better understanding of the roles played by social class, gender, and race in shaping social interactions. Successful students will develop their ability to think critically about social relationships, perform scientific social research, construct analytical arguments, and communicate their ideas effectively. Completion of this major will provide a solid foundation for people interested in a wide variety of careers, including law and law enforcement, social welfare, gerontology, urban planning, business, education, and public health.

Requirements for the major:

All courses must be completed with a grade of C or better.

Required Core (3.0 units):
Sociology C100 Introduction to Sociology (3.0 units)

List A Select two courses (7-8 units):
Sociology C185 Analysis of Social Problems (3.0 units)
Mathematics C160 Introduction to Statistics (4.0 units)
Psychology C280 Introduction to Research Methods in Psychology (4.0 units)

List B Select two courses (6-7 units):
Any course from List A not used to fulfill List A requirements
Sociology C110 Introduction to Marriage and Family (3.0 units)
Psychology C260 Social Psychology (3.0 units)

List C Select one course (3 units):
Any course from List A or List B not used to fulfill List A or B requirements
Anthropology C100 Cultural Anthropology (3.0 units)
Geography C185 Cultural Geography (3.0 units)
Psychology C100 Introduction to Psychology (3.0 units)
Sociology C120 Introduction to Gerontology (3.0 units)
Sociology C130 Globalization and Social Change (3.0 units)

Total Units for the major Required: 18-19 units
CSU General Education or IGETC pattern: 37-39
Transfer Electives as needed to reach 60 transferable units
DEGREE TOTAL: 60 units
The sequence of classes leading to the Associate in Arts in Spanish for Transfer helps the students develop proficiency in Spanish and provides them with the intercultural sophistication necessary to function comfortably and effectively in a Spanish-speaking environment. Courses are designed to develop the students’ speaking, reading, writing, and listening skills, as well as provide a general overview of Spanish-speaking cultures around the globe.

Requirements for the major:
All courses must be completed with a grade of C or better.

Required Core (18 units):
- Spanish C160 Spanish for Spanish Speakers 1
  OR
- Spanish C180 Elementary Spanish 1
  OR
- Spanish C180A Elementary Spanish 1A
  AND
  Spanish C180A Elementary Spanish 1B
- Spanish C165 Spanish for Spanish Speakers 2
  OR
- Spanish C185 Elementary Spanish 2
  OR
- Spanish C185A Elementary Spanish 2A
  AND
  Spanish C185B Elementary Spanish 2B
- Spanish C280 Intermediate Spanish 1
  OR
- Spanish C280A Intermediate Spanish 1A
  AND
  Spanish C280B Intermediate Spanish 1B
- Spanish C285 Intermediate Spanish 2
  OR
- Spanish C285A Intermediate Spanish 2A
  AND
  Spanish C285B Intermediate Spanish 2B

List A Select one course (3 units):
- History C115 Latin American History and Culture
- History C146 History of Mexico

Substitution Courses:
If a student places out of any core course(s) and is not awarded units for that course, the student will need to take additional units to compensate for the course/units required to reach at least 18 total units in the core.

- Anthropology C100 Cultural Anthropology
- Geography C185 Cultural Geography
- History C122 Chicano History

Total Units for the major Required: 21 units

CSU General Education or IGETC pattern: 37-39
Transfer Electives as needed to reach 60 transferable units

DEGREE TOTAL: 60 units
Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database.

Preparation for Transfer

Students considering transferring to a CSU, UC or private college should plan as early as possible. Make an appointment to meet with a counselor for assistance in developing a Student Educational Plan (SEP) that outlines both your major and general education requirements.

Strategies for Successful Transfer

Identify your Major
- Enroll in Counseling C104 or C105
- Visit your Career Center at the Fountain Valley Center
- Meet with a counselor to explore majors
- Check out Exploring Majors on www.assist.org
- Explore majors on the Eureka Information System (see counselor)

Choose a University
- Visit the Coastline College Transfer Center at the Garden Grove Campus
- Meet with college representatives at scheduled visits
- Attend the annual University Transfer Event
- Attend college fairs, preview days, open houses, campus tours
- Visit college websites

Determine Requirements
- Identify admission requirements
- Identify the best general education option pattern
- Identify major preparation requirements
- Visit www.assist.org
- Review college catalogs and websites
- Determine the competitive GPA for the major

Develop a Transfer Plan
- Meet with a counselor regularly to help you develop and maintain your educational plan
- Be aware of application deadlines for admissions, financial aid, and scholarships
- Clean up substandard grades with course repetition or Academic Renewal (see index)
- Don’t hesitate to ask for help when you have questions or concerns

ASSIST (www.assist.org): ASSIST is an online transfer information system that shows how course credits earned at one public California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California’s public colleges and universities and provides the most accurate and up-to-date information about student transfer in California. You can use ASSIST to find community college courses that are transferable to a UC or CSU campus and to determine how those courses might be used to satisfy specific subject matter requirements for admissions, General Education, or lower division major preparation. You can also use ASSIST to explore the majors available at University of California and California State University campuses.

California State Universities (CSU)

All the campuses of the California State University welcome applications from transfer students. If a student completes college units after the summer following his/her graduation from high school, he/she is considered a transfer student. The majority of transfer students enter the CSU as “upper-division” transfers. Upper-division transfers must complete at least 60 semester units or 90 quarter units before transfer, maintain a 2.0 GPA or better (a higher GPA is recommended to remain competitive) in all transferable college units and be in good standing at the college or university attended. Some students enter as “lower-division” transfer students if they completed fewer than 60 transferable semester units (90 quarter units). Visit http://www2.Calstate.edu/apply for admissions and application procedures. Students may also complete an Associate Degree for Transfer (ADT), which provides the student with some CSU admission benefits (see index for more information on ADTs).

Academic Planning for Prospective Transfers: Until they meet with a counselor, students unsure of their major should first concentrate on completing the lower-division general education requirements. Of these requirements, the highest priorities are the general education requirements in the English language, oral communications, English composition, and critical thinking—along with a general education course in mathematics. While completion of all general education requirements is not required for admission, it is important that students complete as many of the lower-division general education requirements as possible prior to transfer. If they are pursuing a high-unit major that requires extensive lower-division prerequisites, they may not be able to complete all lower-division general education requirements prior to transfer.

General Education/Breadth Requirements: CSU provides California Community College transfers with two options for fulfilling CSU lower-division general education requirements: CSU General Education Breadth (IGETC) and the Intersegmental General Education Transfer Curriculum (IGETC). For a
Many campuses have multiple impacted majors that require additional admission criteria. These specific criteria must be met before transfer for a student to be eligible for admission. Generally, the Impacted majors remain the same from one year to the next, but the criteria are subject to change. Students are encouraged to talk with a counselor and contact the campus directly for the most current information on impaction.

Detailed information about the 2017-2018 CSU impacted campuses and majors can be accessed at www.calstate.edu/SAS/impactioninfo.shtml.

University of California (UC)

A transfer applicant, according to the University, is a student who has enrolled in a fall, winter, or spring session at another college or university after high school. A student who meets this definition cannot disregard his or her college record and apply as a freshman.

Prospective transfer applicants should plan their coursework carefully. Selected courses should help them 1) meet the minimum admission requirements for transfer, 2) prepare them for their major and 3) fulfill recommended general education requirements. All courses must be UC transferable.

Admission Requirements: In addition to meeting the minimum admission requirements, a student should adhere to any special application or screening procedures for the selected major or UC campus. Additional requirements for highly competitive majors can also be identified through articulation agreements (available at www.assist.org). Students should enroll in the courses that meet these requirements. To earn 60 semester (90 quarter) units before transferring, the student should select courses that meet the eligibility, lower-division major-preparation, and appropriate general education/breadth requirements.

Major-Preparation Requirements: Transfer students should take courses that meet major requirements. In most cases, completing at least a portion of the major requirements is essential to gain admission to the major. The Transfer Preparation Paths, available at http://admission.universityofcalifornia.edu/transfer/preparation-paths/, outline the major preparation requirements at each UC campus for the most popular majors. They are particularly useful in helping students identify major-preparation coursework that will prepare them for multiple UC campuses. Information on major preparation requirements is also available at www.assist.org.

General Education/Breadth Requirements: Transfer applicants to the University from California community colleges may satisfy lower-division general education requirements by completing the Intersegmental General Education Transfer Curriculum (IGETC). For a list of courses that meet these requirements, refer to Coastline’s General Education Option 3 in this catalog. You may also visit www.assist.org for course information. Please see a counselor for additional guidance.

Minimum eligibility requirements: To be eligible for admission as a junior UC transfer student, a student must complete 60 semester (90 quarter) units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents) before transfer. However a higher GPA is recommended to remain competitive. No more than 14 semester (21 quarter) units may be taken Pass/Not Pass.

Transfer Admission Guarantee (TAG)

Coastline College has Transfer Admission Guarantee (TAG) agreements with UC Davis, UC Irvine, UC Merced, UC Santa Barbara, UC Santa Cruz, and UC Riverside. By participating in a Transfer Admission Guarantee program, students receive early review of their academic records, early admission notification, and specific guidance about major preparation and general education coursework. Coastline College encourages students to take advantage of these agreements. See a counselor to determine eligibility. For more information and application procedures, see http://admission.universityofcalifornia.edu/transfer/guarantee/.

UC Credit Limitations

Some of the courses which are transferable to the University of California indicate they have credit limitations. Check the UC Transferable Course List to determine these limitations. This list is available in the Coastline Transfer Center and Counseling Department and online on the Transfer Center and Articulation webpages.

Independent Colleges and Universities

Coastline maintains articulation agreements with many private colleges and universities. Check our Articulation webpage (http://www.coastline.edu/services/articulation/) for links to our agreements. Go to the Transfer Center webpage (http://www.coastline.edu/services/transfer-center/) for a list of transfer universities—UC, CSU, Private, and Out-of-State schools. We also recommend that you speak with a counselor to assist you with creating a Student Education Plan (SEP) to help meet your educational goals.

Additionally, Coastline partners with many four-year schools, including military-friendly colleges, so you can transfer your Coastline Associate degree or units into Bachelor degree programs with ease. For our Veteran Students, contact a Military Counselor at militarycounselor@coastline.edu or contact the Transfer Center for current information.

*These certificates and degrees can be completed entirely through online learning in either Coastline’s regular or military/contract education programs. Note: The degrees are all "Option 1" degrees, since Coastline does not have a public speaking class in distance learning format, which fulfills the CSU Oral Communications requirement. (Please consult with a counselor to confirm your degree requirements.) In addition, some courses required for these degrees and certificates require students to complete exams on campus, at examination centers, or in the presence of a proctor.

Career and Technical Education Programs

These Certificates of Achievement are all approved majors of 18 or more units and will be posted on the transcript. They may be used to meet the 18 unit major requirement for the A.A. or A.S. Degree.

**Accounting – A.S. Degree**
- General Accounting
- Bookkeeping
- Taxation

**Building Codes Professional – A.S. Degree**

**Business – A.S. Degree**
- Business Administration
- General Business
- Human Resources Management
- Marketing

**Computer Networking – A.S. Degree**
- Cisco
- Cybersecurity
- Microsoft

**Electronics – A.A. Degree**

**Emergency Management/Homeland Security – A.A. Degree**

**Emergency Management: Concentration in Criminal Justice - A.A. Degree only**

**Entrepreneurship and Small Business Management – A.A. Degree**

**Gerontology – A.A. Degree**

**Health Care Management – A.S. Degree**

**Human Services – A.A. Degree**

**Informatics – A. A. or A.S. Degree**

**Logistics/Supply Chain Management – A.A. Degree**

**Management & Supervision – A.A. Degree**
- Management
- Supervision & Management

**Paralegal Studies – A.A. Degree**

**Process Technology – A.A. Degree**

**Retail Management – A.A. Degree**

**Certificates of Achievement**

These Certificates of Achievement are all approved majors of 18 units or more and will be posted on the transcript. They may be used as elective units towards the A.A. or A.S. Degree.

**Curriculum Requirements:** Majors leading to technical competence in a variety of occupational areas are available at Coastline. The curriculum on the following pages leads to a certificate of achievement or, with additional work in general education, an Associate degree. Certificate programs are designed to prepare individuals to enter a particular field of employment or to provide in-service training for those already employed.

Certificates of achievement are awarded when students complete the course requirements of a specific program with a 2.0 grade point average and are in attendance at the time requirements are completed. The student must file a petition for graduation during his/her final semester in order to receive the certificate. Students must earn a minimum of 12 units of coursework at Coastline, excluding experiential credit. Those with prior experience may be excused from certain courses. However, the total number of required units must be completed; 50 percent of the certificate program must be completed at Coastline.

**Biological Laboratory Technician**
**Business Information Worker**
**Digital Media Design**
**Real Estate Broker**
**Real Estate Studies**
Certificates of Accomplishment

These certificates of Accomplishment are 12 or more units. A Coastline certificate will be awarded, but only courses will be posted on the transcript.

Curriculum Requirements: Certificates of Accomplishment meet emerging technological needs of employers in business, government, and industry. These certificates are awarded upon completion of the required work. Students must earn a minimum of 12 units of course work at Coastline, excluding experiential credit, and must maintain at least a “C” average. At least 50 percent of the required certificate program must also be completed at Coastline. Students are required to petition for the certificate at the beginning of the semester in which they will be completing their final requirements.

Animation and Gaming Foundation
Cisco Certified Networking Administrator (CCNA)
CompTIA
Cybersecurity
Educational Studies
Human Services
Leadership
Medical Administrative Office Technician
Medical Coding Specialist
Mobile Applications
Process Technician Fundamentals
Project Management
Retail Management Essentials
Retail Management – Advanced
Windows Server 2008

Certificates of Specialization

These Certificates of Specialization are less than 12 units. A Coastline certificate will be awarded, but only the courses will be posted on the transcript.

Curriculum Requirements: Certificates of Specialization meet emerging technological needs of employers in business, government, and industry. These certificates are awarded upon completion of the required work. Students must complete at least 50 percent of the required certificate program at Coastline and must maintain at least a “C” average. Students are required to petition for the certificate at the beginning of the semester in which they will be completing their final requirements.

Real Estate Property Salesperson
ACCOUNTING

Accounting
Associate of Science Degree
or Certificate of Achievement

The Accounting Certificate consists of three options that will prepare an individual for preparation in the accounting field as bookkeepers, junior accountants, or tax practitioners.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Accumulate, record, and interpret financial data.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
3. Demonstrate proficiency in the use of computerized accounting software.
4. Demonstrate understanding of accounting and business terminology.
5. Prepare accurate reports for decision making and regulatory compliance.

Advanced Accounting  
Certificate of Specialization  
3_CE_AACC  
The certificate in Advanced Accounting will enable students to succeed in understanding advanced accounting topics that are tested on the CPA exam.  

PROGRAM LEVEL STUDENT LEARNING OUTCOMES  
Upon completion of this program, students will be able to:  
1. Accumulate, record, and interpret financial data.  
2. Prepare accurate reports for decision making and regulatory compliance.  
3. Demonstrate understanding of accounting and business terminology.  
4. Demonstrate proficiency in the use of computerized accounting software.  

Required Courses  
Students will complete all of the following:  
ACCT C104  Business Taxation  4.0  
ACCT C118  Fundamentals of Auditing  3.0  
ACCT C120  Advanced Accounting  3.0  
Total for Certificate ........................................... 10.0  

Intermediate Accounting  
Certificate of Specialization  
3_CE_IACC  
The certificate in Intermediate Accounting will enable students to succeed in understanding the topics that are tested in the Financial Accounting and Reporting section of the CPA exam.  

PROGRAM LEVEL STUDENT LEARNING OUTCOMES  
Upon completion of this program, students will be able to:  
1. Accumulate, record, and interpret financial data.  
2. Prepare accurate reports for decision making and regulatory compliance.  
3. Demonstrate understanding of accounting and business terminology.  

Required Courses  
Students will complete all of the following:  
ACCT C112  Intermediate Accounting 1  3.0  
ACCT C113  Intermediate Accounting 2  3.0  
ACCT C114  Intermediate Accounting 3  3.0  
Total for Certificate ............................................ 9.0
American Studies

Associate of Arts Degree
Area of Emphasis

3_AA_AMST

This interdisciplinary major is designed to provide students with an integrated understanding of American society, history, and culture. Students may select designated courses within the humanities, social sciences, and fine arts disciplines. More than 300 colleges and universities in the United States offer American Studies programs. They approach American culture from many directions but have in common the desire to view America as a whole rather than from the perspective of a single discipline. Students who have graduated from four-year universities with American Studies degrees have gone on to work as lawyers, librarians, business leaders, writers, archivists, researchers, teachers, and politicians.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply perspectives from a variety of disciplines to develop an understanding of American culture, past and present, and its impact upon both the peoples of the United States and those outside its borders.

2. Critically evaluate historical sources, literature, art, film, music, or other types of cultural expressions in terms of their relevance to the American experience.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select a minimum of 18 units from at least 5 different disciplines.

ART C102
CMST C100, C101, C110
ENGL C145, C150, C155
GERO C140
HIST C121, C122, C150, C155, C170, C175
HUM C135
MCOM C100
MUS C139, C143
PHIL C120
PSCI C101, C180
PSYC C116, C170
SOC C110, C120

Total for Degree ................................................. 60.0

Art

Associate of Arts Degree
Major

3_AA_ART

This major encourages the development of technical skills, art appreciation, and personal creative vision. Art majors begin with a series of foundation courses that are designed to develop students’ understanding and application of visual language across a range of media. This major will equip students with a variety of skills and visual strategies that they will be able to apply in meaningful contexts. Through study of arts, students learn how to find creative solutions to problems and how to express their individuality.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Interpret the ideas being communicated by analyzing the visual elements and principles of design.

2. Solve visual problems involving craftsmanship by using the creative process.

3. Recognize, distinguish, and correlate the basic elements of form and utilize it to make original art.

Requirements for the Major

All courses must be completed with a grade of “C” or better.

ART C110
(or C110A & C110B) Color and Design: 2D 3.0
ART C120
(or C120A & C120B) Drawing 1 3.0
ART C121 Life Drawing 1 3.0
ART C122 (or ART C122A & C122B) Painting 3.0
ART C100 Art History and Appreciation 1 3.0
OR
ART C101 Art History and Appreciation 2 3.0
ART C111A and 111B Color and Design: 3D 3.0
OR

Arts and Humanities

Arts and Humanities
Associate of Arts Degree
Area of Emphasis

3_AA_ARHU

The Arts and Humanities courses introduce the student to diverse aspects of human life in world cultures. Students will examine the ways that art and culture have influenced history and the ways those decisions affect the way we interact with other people in our everyday lives.

Some university majors within the Arts and Humanities include Art, English, Interior Design, Foreign Languages, History, Linguistics, Literature, Music, Philosophy, Religious Studies, and Theater Arts.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses:

**ENGL C111, C140, C143, C144, C145, C146, C150, C155, C181, C270, C275, C296, C297**

**HIST C121, C132, C135, C155, C161, C162, C170, C175, C180, C185**

**HUM C100, C110, C135**

**MUS C100, C103, C130, C131, C139, C143**

**PHIL C100, C113, C120**

**SIGN C185**

**THEA C100, C101, C106, C107**

Biological Laboratory Technician

Biological Laboratory Technician
Certificate of Achievement

3_CL_BIOT

Biological laboratory technicians are employed in research and development laboratories and process development laboratories. Biological laboratory technicians can be expected to maintain equipment, maintain media stocks, and assist scientists in research projects or developing quality control process. They must demonstrate good laboratory practices and good communication skills and be computer literate. They must be able to work both independently and in a team, keep good records, and present projects results in a group or company meetings.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate skills essential in laboratory management such as procurement/maintenance of laboratory inventories, preparation of industry-standard research notebook, preparation of laboratory reagents and proper operation of lab equipment.

2. Demonstrate ability to carry out various molecular biology techniques commonly found in biology research labs.

3. Demonstrate implementation of laboratory safety practices in compliance with appropriate regulatory bodies.

Required Courses

Students will complete all of the following:

Biotechnology Media Design

Certificate of Specialization

3_CE_BTECH

This unique certificate emphasizes the foundational digital media skills required to design and create professional media products for the biotechnology/biomedical field. Students will develop conceptual pathways related to interdisciplinary STEAM fields, (Science, Technology, Engineering, Art, Mathematics) and explore mixed digital media, including 3D modeling, and discuss the importance of research, models, and props in the design and execution of the final product. This certificate will focus on entrepreneurship, building relationships, and self-promotion.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Develop materials utilizing advanced principles of design and application of digital media in the biotechnology field.
2. Select and use appropriate software and apply conceptual thinking skills to solve problems and generate specific digital media projects.
3. Demonstrate understanding of the implications of market trends on the needs and evolving styles within the biotechnology media industry.
4. Analyze and respond efficiently to specific customer needs.

Building Codes Technology

Associate of Science Degree or Certificate of Achievement

3_AS_BCPRO or 3_CL_BCPRO

Coastline’s Building Codes Professional program (BCT) is a comprehensive building codes program taught by experts in the field which includes structural, mechanical, and technical aspects of construction; building, plumbing, electrical, heating and air conditioning codes; and related laws. International Conference of Building Officials (ICBO), International Code Councils (ICC), and California Code exams and licenses are covered to prepare students for employments in residential, commercial, and code enforcement.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Assess new and existing residential, commercial, public and industrial buildings, and offer recommendations for property improvement before or after purchase or for a specific project.
2. Working with architects, engineers, contractors, and property owners, inspect and evaluate construction plans, use of materials and workmanship to assure they comply and meet minimum code requirements.

BUSINESS

Business Administration

Associate in Science Degree in Business Administration for Transfer

3_AST_BUSADM

The Associate in Science in Business Administration for Transfer is designed to provide students with the common core of lower division courses required to transfer and pursue a baccalaureate degree in Business Administration. This includes business degrees with options such as accounting, finance, human resource management, international business, management, operations management, and marketing.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:
1. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
2. Develop and exhibit high standards of professional practice, demonstrate awareness of ethical and social responsibility in today's multicultural, team-oriented, changing environment.
3. Effectively communicate solutions to business problems using appropriate language and tools through demonstrating an understanding of business terms and concepts.

Requirements for the Major

All courses must be completed with a grade of “C” or better.

Required Core Units

Students will complete all of the following courses:

- ACCT C101 Financial Accounting  4.0
- ACCT C102 Managerial Accounting  4.0
- ECON C170 Principles of Microeconomics  3.0
- ECON C175 Principles of Macroeconomics  3.0
- BUS C110 Business/Law Legal Environment of Business  3.0

Subtotal: .......................................................... 17.0

List A — Select one course from the following:

- MATH C140 Business Calculus  4.0
- MATH C150 Finite Mathematics with Applications  4.0
- MATH C160 Introduction to Statistics  4.0

Subtotal: .......................................................... 4.0

List B — Select two courses from the following:

Any course from List A not already taken.
- CIS C111 Introduction to Information Systems Programming  3.0
- BUS C100 Introduction to Business  3.0
- OR
- ENGL C136 Business Communication  3.0

BUSINESS MANAGEMENT

Entrepreneurship and Small Business Management

Associate of Arts Degree or Certificate of Achievement

3_AA_SMBO or 3_CL_MSSB

The small business sector is one of the fastest growing in the nation's economy. With an ever-increasing number of adults today self-employed, many people either work for a small business or plan to start one of their own. Coastline's entrepreneurship program can help prospective entrepreneurs launch new ventures or, if you are an entrepreneur who already has your business established, you can strengthen your managerial and business skills to grow your business.

You will learn the fundamentals of starting and operating your own business. The program includes basic business skills as well as specific courses in starting and managing a business. Course work covers evaluating a business opportunity, preparing a business plan, planning advertising and sales promotions, marketing a product or service, and managing the finances for the entrepreneurial company.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.

2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.

3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today's multicultural, team-oriented, rapidly-changing global environment.

Retail Management

Associate of Arts Degree or Certificate of Achievement

3_AA_RTMG or 3_CL_RTMG

The Retail Management Degree is a specially recognized program designed to prepare individuals for the fast-paced retail industry. This program also intended to help students develop an understanding of the retail manager's job and the requirements for success in the retail environment.

This program is approved by the Western Association of Food Chains (WAFC), and persons completing the prescribed courses are eligible to receive the CCC Associate Degree (or Certificate of Achievement) and the WAFC Retail Management Certificate.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing global environment.

Required Courses

Students will complete all of the following:

Project Management
Certificate of Accomplishment
3_CE_PRJM

The Project Management Certificate of Accomplishment addresses the increasing importance of teamwork in the business environment. The program is designed to provide an understanding of the concepts, tools, and techniques of formal project management. Concepts and methods learned are immediately usable in the workplace, leading to a greater retention of newly acquired skills, measurable project improvements, and the achievement of desired project results. The program focuses on key concepts in each of the process and knowledge areas of project management to create a unique learning experience that prepares students to manage projects in a global, multicultural, and online environment.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.

2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.

3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today's multicultural, team-oriented, rapidly-changing global environment.

Home Business
Certificate of Specialization

3_CE_HMBS

The home-based business certificate is a three-course sequence that was created to provide basic, intermediate, and advanced educational opportunities designed to help you choose and successfully launch a home-based business.

The courses will give the current and future home-based entrepreneur an overview of home-based business and the spectrum of opportunities that successful home-based entrepreneurs are pursuing. With an ever-increasing number of adults today self-employed, many are running their own home-based business or are planning to start one.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.

COMMUNICATION STUDIES

Communication Studies
Associate in Arts Degree in Communication Studies for Transfer

3_AAT_CMST

The Coastline Community College Associate in Arts in Communication Studies for Transfer program empowers students with the tools to analyze and improve communication in their personal, academic, public, and professional interactions. Students will study and learn to effectively construct, evaluate, and communicate appropriate messages in a variety of communicative situations. By completing this program, students will be prepared to become effective contributors and leaders in their communities and chosen careers.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use written and oral tools to analyze and improve communication in personal, academic, public, and professional interactions.
2. Effectively deliver oral presentations in a range of settings to diverse audiences.
3. Construct written messages for various purposes to diverse audiences.
4. Observe, evaluate, and competently exercise interpersonal communication skills.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.

Communications
Associate of Arts Degree
Area of Emphasis
3_AA_COMM

Courses in this Area of Emphasis prepare students with skills that are in high demand in business, industry, non-profit organizations and government service. Students develop an understanding of communication principles that are utilized to interpret, create, evaluate and deliver messages effectively.

Some University majors within the Communications Area of Emphasis include: English, Journalism, Media Communication, Speech, Public Relations, and Theater Arts.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use written and oral tools to analyze and improve communication in personal, academic, public, and professional interactions.
2. Effectively deliver oral presentations in a range of settings to diverse audiences.
3. Construct written messages for various purposes to diverse audiences.
4. Observe, evaluate, and competently exercise interpersonal communication skills.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses.

Business Computing C171
English C100, C102, C133, C135, C136
Mass Communications C100, C140, C150
Philosophy C115

COMPUTER NETWORKING

Cisco
Associate of Science Degree
or Certificate of Achievement
3_AS_CISC or 3_CL_CISC

The Computer Networking: Cisco program will give the student a solid background in the field of Computer Networking. The focus on Cisco courses helps prepare students for the CCNA Certification Exam and for entry-level Networking positions. Courses are hands-on intensive and cover OSI and TCP/IP models, IPv4 and IPv6, cabling, router and switch configurations, routing protocols, LAN switching, RIP, OSPF, EIGRP, Frame Relay, variable length subnet masking, NAT, DHCP, and WAN design.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Required Courses

Students will complete all of the following:

Cybersecurity

Associate of Science Degree or Certificate of Achievement

3_AS_CYBER or 3_CL_CYBER

The Computer Networking: Cybersecurity program will give the student a solid background in the field of Computer Security. The focus on Cybersecurity will provide the student with some of the basic skills needed for an entry-level career in Cybersecurity. The courses provide an overview of the entire field. Topics covered will include Cisco Security, Windows Operating System security, Linux security, Firewalls, Intruder Detection systems, Security policies and procedures, e-mail & Web security, and design and designing and building a secure computer network.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Required Core

Students will complete all of the following:

- CST C116 A + Essentials Hardware 3.0
- CST C128 Network+ 3.0
- CST C177 Configuring MS Windows 8 3.0
- CST C191 CompTIA Linux+ 3.0
- CST C201C CCNA 1: Introduction to Networks 3.0

Cybersecurity Certificate of Accomplishment

3_CE_CYBER

The Cybersecurity – Certificate of Accomplishment will give the students some of the basic skills needed for an entry-level career in cybersecurity. The courses provide an overview of the entire field of cybersecurity. Topics covered will include Cisco Security, Windows Operating System security, Linux security, Firewalls, Intruder Detection systems, Security policies and procedures, e-mail & Web security and design, and designing and building a secure computer network.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Windows Server 2008
Certificate of Accomplishment

3_CE_WIND

The Microsoft (MCTS) Certificate of Accomplishment for Windows Server 2008 is designed to give the students the knowledge and skills necessary to understand the functions and features of Windows Server 2008 Networking Platform. This certificate aligns itself with the Microsoft Certified Technology Specialist: Windows Server 2008 Certification.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Cisco Certified Networking Professional (CCNP)
Certificate of Specialization

3_CE_CCNP

CST C205, C207, and C208 build on the foundational Cisco CCNA courses. This certificate provides for a three-semester sequence of courses that leads to an advanced Cisco certification (CCNP) that is highly regarded in the computer industry. Courses are hands-on intensive and cover topics such as Advanced Router and Switch Configuration, IPv6, and Router and Switch Troubleshooting.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Required Courses

MCSA: Windows 8
Certificate of Specialization

3_CE_MCSA8

This certificate is one of the new stackable industry certification certificates created by Microsoft Corporation to provide a tool to measure the ability of a computer support specialist to configure, manage, and maintain a Windows 8 enterprise system. Consisting of two separate courses, MCSA: Windows 8 serves as the foundational desktop industry certification leading to the MCSE. The two courses that make up this certificate are Configuring Windows 8 (70-687) and Managing and Maintaining Windows 8 (70-688).

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
2. Build and maintain secure networks.

MCSA: Windows Server 2012
Certificate of Specialization

3_CE_MCSA12

This certificate is one of the new stackable industry certification certificates created by Microsoft Corporation to provide a tool to measure the ability of a Network Administrator to implement, manage, and maintain networking infrastructure within a Windows Server 2012 environment. Consisting of three separate courses, MCSA: Windows Server 2012 serves as the foundational server industry certification leading to the MCSE. The three courses that make up this certificate are Installing and Configuring Windows Server 2012, Administering Windows Server 2012, and Configuring Advanced Windows Server 2012 Services.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
2. Build and maintain secure networks.

DIGITAL MEDIA DESIGN

Digital Media Design Certificate of Achievement

Completion of the Digital Media Design Certificate will prepare students for entry-level positions in print, graphic design, digital media, animation/gaming graphics, web design, and/or other related occupations. Students will establish a strong foundation in both the technical and creative aspects of the digital media industry.

The program will emphasize creativity, design skills, digital portfolios, project management, problem solving, global teamwork, and entrepreneurship options.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Produce creative, professional projects that align with current market trends and industry standards as well as apply strategies to support self-initiated lifelong learning to continually upgrade knowledge and skills in the field of digital media and entrepreneurship opportunities.

Required Courses Units

Animation and Gaming Foundation Certificate of Accomplishment

Animation and Gaming Foundation Certificate of Accomplishment

The Animation/Gaming Foundations Certificate consists of the foundational courses that would prepare students to become entry level animators. This program is run in partnership with ACME Animation and the Orange County Animation Project.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Select and use appropriate software and apply conceptual thinking skills to solve problems and complete specific technology-related projects.
2. Demonstrate understanding of the implications of market trends on the needs and evolving styles within the media industry.
3. Code and troubleshoot basic computer programming.
4. Interpret the ideas being communicated by analyzing the visual elements and principles of design.
5. Solve visual problems involving craftsmanship by using the creative process.

ECONOMICS

Economics
Associate of Arts Degree
Major

3_AA_ECON

Economics is the study of how effectively society meets its human and material needs. It provides a logical, ordered way of looking at various problems. It draws upon history, philosophy, and mathematics to deal with subjects ranging from how an individual household or business can make sound decisions to societal issues such as unemployment, inflation, and environmental decay. Critical thinking is stressed more in economics than it is in any of the social sciences or in the business department. Economics also stresses computer proficiency and communications skills.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply the economic problem of scarcity and how it relates to choice, opportunity cost, and marginal decision making for individuals and society.
2. Use supply and demand models to analyze markets, evaluate fluctuations, and determine changes in prices.

Requirements for the Major
All courses must be completed with a grade of “C” or better.

*Associate in Arts Degree in Elementary Teacher Education for Transfer*

**3_AAT_ETE**

The Associate in Arts in Elementary Teacher Education for Transfer degree (AA-T) is designed for prospective California State University (CSU) transfer students who are preparing for careers as Elementary School Teachers.

To qualify for the Associate in Arts in Elementary Teacher Education for Transfer a student must complete the following requirements:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum G.P.A. of 2.0 is required for admission, some majors may require a higher G.P.A. Please consult with a counselor for more information.
3. Certified completion of the California State University General Education-Breadth pattern (Option 2); OR the Cal State version of the Intersegment General Education Transfer Curriculum (IGETC – Option 3).
4. Completion of all the courses in the major as detailed below. Courses for the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Make an informed decision regarding pursuing a multiple subject teaching credential and be eligible for a seamless transfer to a CSU Teacher Preparation Pathway.
2. Work effectively with students, teachers, parents, colleagues, and administrators in a school and classroom setting.

**Total for Degree: ........................................... 60.0**
**Educational Studies**  
**Certificate of Accomplishment**  
**3_CE_EDST**

This certificate is designed to meet the needs of students following various pathways to classroom teaching:

- The paraprofessional or aspiring paraprofessional teacher aide.
- The aspiring paraprofessional or currently employed paraprofessional teacher aide seeking a career ladder approach to a teaching credential.
- The teacher aide paraprofessional who has decided against pursuing an AA credential but would like to retain paraprofessional status.
- Teacher preparation students on a transfer pathway who desire educational courses to be recognized via a certificate.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Apply skills in order to pursue a career in teaching or a related field or make an informed decision that the teaching profession is not a good personal career choice.
2. Work effectively with students, teachers, parents, colleagues, and administrators in a school and classroom setting.
3. Apply the major theories of psychology in understanding social and psychological problems.

Coastline’s Liberal Studies/Teaching Specialization A.A. Degree

The Liberal Studies/Teaching Specialization A.A. Degree offers future elementary school teachers an articulated transfer pathway and career ladder for a B.A. in Liberal Studies and the multiple-subject teaching credential. The focus of the degree is on content knowledge needed to teach in a K-8 setting and education courses that include early fieldwork opportunities for observation and practice. Coursework prepares students for the Multiple Subject CSET exam as required by the California Commission on Teacher Credentialing for elementary school teachers in both regular and special education. As a stand-alone degree without transfer, the A.A., aligned with the requirements for No Child Left Behind, helps students become effective elementary school paraprofessionals in both regular and special education classrooms. The degree is also appropriate for students pursuing a career other than in elementary school teaching (such as tutors and parents providing home schooling) who would like their course of studies and degree recognition to include an emphasis in liberal studies and teacher preparation curricula. Students may select courses to simultaneously earn the Certificate in Educational Studies as well.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply skills in order to pursue a career in teaching or a related field or make an informed decision that the teaching profession is not a good personal career choice.

2. Work effectively with students, teachers, parents, colleagues, and administrators in a school and classroom setting.

3. Apply the major theories of psychology in understanding social and psychological problems.

Requirements for the Major

All courses must be completed with a grade of “C” or better.

Complete one course in each area.

A1 3 units—Oral Communication—CMST C110
A2 3 units—Written Communication—ENGL C100
A3 3 units—Critical Thinking—ENGL C102 or PHIL C115

Select at least one course from each of the following:

B1 2 to 3 units—Survey of Chemistry and Physics—CHEM C105, PHYS C185
B2 3 units—Introduction to Biology—BIOL C100
Survey of Earth Science—GEOL C105 and C105L
B3 1 unit—BIOL C100L
B4 3 units—Introduction to Mathematics—MATH C103, C104, C106

Select at least one course from each of the following:

C1 3 units—Arts—MUS C100 or THEA 100
C2 3 units—Literature—ENGL C102, C140, C150, C155, C181, C210, C215, PHIL C120

Take a US History course and an American Government course and at least one additional course from group D.

D 3 units—American Government—PSCI C180
3 units—US History—HIST C170

Select at least one course from each of the following:

E 3 units—Child and Adolescent Development—PSYC C116

Additional Requirement—Complete the following courses:

2 units—Introduction to Computers in Education: Technology—EDUC C103
1 unit—Introduction to Teaching and Learning in Diverse Contempoary Classrooms—EDUC C114
3.5 units—The Teaching Profession—EDUC C200

Subtotal for Major ........................................... 45.5-46.5

Electives—Take additional courses to complete at least 60 units. Select courses based on the program requirements at the university you would like to transfer to. See your counselor when selecting these courses.

Suggested Electives:

3 units—Family, School, and Community Partnerships—EDUC C180
3 units—Children’s Literature—ENGL C143

Total for Degree ............................................ 60.0
ELECTRONICS AND ELECTRIC TECHNOLOGY

Electronics*
Associate of Arts Degree or Certificate of Achievement

3_AA_ELEC or 3_CL_ELEC

This sequence of classes is designed to give the student a solid foundation in Electronics using applied theory to solve practical applications utilizing the materials and forces of nature for the benefit of society. Students who successfully complete this sequence of classes will be able to pursue a bachelor’s degree in Engineering or Engineering Technology or be employed as a skilled productive member of an Engineering team in Industry. Areas of interest in this program include theory and application of electric and electronic systems and components, including circuits, electro-magnetic fields, energy sources, communications devices, computers, and other components and devices powered by electricity. Design, assembly, installation, operation, maintenance, and repair of electronic equipment used in industry and manufacturing including the fabrication and assembly of related components. Design, development, testing, and maintenance of electro-mechanical and servo-mechanical devices and systems.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Design and build several of the most common circuits used in electronics technology.
2. Analyze operating and defective electronic circuits by interpreting data from a variety of test and measurement equipment.
3. Research and interpret basic electronic components using manufacturer’s data manuals, library resources, and the Internet.

*Courses for a degree in Electronics at Coastline are offered through our Military/Contract Education Program with distance learning (online) delivery designed to meet the needs of our global military community. The class schedule and degree roadmap for this program can be found at http://military.coastline.edu. Students who wish to pursue a degree or certificate in Electronics who live in the local Orange County or nearby areas and are not eligible for enrollment in our Military/Contract Education Programs are encouraged to visit our sister college, Orange Coast College, the home college for Electronics. Information about their Electronics Program may be found at www.orangecoastcollege.edu.
Emergency Management/Homeland Security

Associate of Arts Degree
or Certificate of Achievement

3_AA_EMGT or 3_CL_EMGT

The Emergency Management/Homeland Security (EM/HS) program prepares students to enter the emerging profession of homeland security and disaster management. Our curriculum is designed to provide the learner with a foundation of technical and professional knowledge needed by emergency and security workers to meet local, state and national safety responsibilities, both in the public and private sectors. Our program emphasizes an All-Hazard approach to emergency planning and security management, with courses in preparedness planning, risk mitigation, emergency response, and disaster recovery. In addition, we offer homeland security course content in terrorism studies, information security, and critical infrastructure resiliency, consistent with the National Response Framework. Coastline’s EM/HS program advances students by broadening core competencies in intelligence analysis, disaster planning, leadership development, and communications theory. Students who successfully complete the program will gain entry-level employment in the fields of law enforcement, fire service, urban planning, security management, information security, business continuity, and other service-related occupations.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Recognize the types of hazards that can negatively impact a community and assess the variables that impact this type of hazard exposure.

2. Distinguish some of the fundamental roles and responsibilities of the professional emergency manager established by the Emergency Management Institute.

3. Demonstrate effective skills using well established problem-solving, communication and interpersonal techniques.

Requirements for the Major
All courses must be completed with a grade of “C” or better.

Criminal Justice
Associate of Arts Degree
3_AA_EMGTCJ

The Emergency Management/Homeland Security (EM/HS) Certificate of Achievement is designed to prepare students to enter the emerging professions of disaster management and/or homeland security. Our curriculum is designed to provide the learner with a foundation of technical and professional knowledge needed by emergency and security workers to meet national, state, and local public safety needs, both in the public and private sectors. Our program emphasizes an all-hazard approach to emergency planning/homeland security, with courses in emergency preparedness, response, and recovery, incorporating Federal Emergency Management Agency (FEMA) and Emergency Management Institute (EMI) curriculum. In addition, we offer homeland security course teachings in terrorism, intelligence, critical infrastructure, and the National Response Framework (NRF). Coastline’s EM/HS program advances students by developing core competencies in hazard assessment, planning, critical thinking, and effective communications. Those benefiting from completing the Certificate of Achievement are those who intend to work in the fields of law enforcement, fire service, government, private security, health care, or other public safety/service related occupations.

There are no prerequisite courses for those listed. The Department of Emergency Management and Homeland Security recommends that students begin by registering in the foundation courses of EMGT C101 and EMGT C102.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Recognize the types of hazards that can negatively impact a community and assess the variables that impact this type of hazard exposure.
2. Distinguish some of the fundamental roles and responsibilities of the professional emergency manager established by the Emergency Management Institute.
3. Demonstrate effective skills using well established problem-solving, communication and interpersonal techniques.

Concentration in Criminal Justice

Criminal Justice courses at Coastline are only offered online through our Military/Contact Education Program and designed to meet the needs of our global military community. Students not eligible for enrollment in our Military/Contract Education Programs may apply equivalent transferrable Criminal Justice coursework to satisfy requirements.

ENGLISH

English
Associate in Arts Degree in English for Transfer

3_AAT_ENGL

The Associate in Arts in English for Transfer major emphasizes writing about literature and the skills needed to analyze literature in academic terms. Students taking this major will examine a variety of genres and will gain a better understanding of a given literary work’s relevance to the time period in which it was written as well as the relationship between the events in an author’s life, time, and culture. In other words, successful students will develop the ability to analyze literature in context. Completion of this major will provide a solid foundation for students interested in pursuing a B.A. in literature.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Write well-organized, well-developed expository essays using Standard English, with a clear thesis statement and supporting topic sentences and supporting details.
2. Search for and find reliable, unbiased sources and use these sources in research papers, using correct MLA documentation.
3. Evaluate a literary work in terms of style and descriptive technique, language, tone, mood, and literary conventions, such as symbolism, imagery, irony, and poetic devices such as meter and rhyme pattern.
4. Analyze a given literary work and explain its relevance to the time period and genre in which it was written as well as the relationship between the events in an author's life, time, and culture to the development of his or her writing.

Requirements for the Major

Associate of Arts Degree Major

3_AA_ENGL

The study of English provides opportunities to explore the worlds of literature and culture. This English major produces graduates with demonstrated skills in literary analysis, critical thinking, writing, and communication. With this major, students will build important research and critical thinking skills. They will learn to discern what is important and synthesize that information for other usage. As English majors are learning to read with a critical eye, they are also polishing their own writing skills.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Write well-organized, well-developed expository essays in a variety of rhetorical modes, using Standard English, with a clear thesis statement and supporting topic sentences and supporting details.

2. Search for and find reliable, unbiased sources and to use these sources in research papers, using correct MLA documentation.

3. Evaluate a literary work in terms of style and descriptive technique, language, tone, mood, and literary conventions, such as symbolism, imagery, irony, and poetic devices such as meter and rhyme pattern.

4. Analyze a given literary work and explain its relevance to the time period and genre in which it was written as well as the relationship between the events in an author's life, time, and culture to the development of his or her writing.

The French major is primarily designed to ensure that students gain a substantial degree of competence in speaking and writing the language (advanced courses are often conducted in French) and to study the culture, literature, and history of the Francophone world. It aims to develop the student’s critical appreciation of French in both literary and cultural contexts.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate appropriate level written and spoken fluency in the language.
2. Demonstrate understanding and respect for the cultural and global diversity in the francophone countries.

Requirements for the Major
All courses must be completed with a grade of “C” or better.

Total for Degree ..................................................... 60.0
The Gerontology major is designed to provide students with an interdisciplinary approach to studying the human aging process from sociological, psychological, and biological perspectives. If you would like an overview of the field of aging while completing your A.A. Degree, the gerontology major is a good option. Many of the courses are cross disciplinary and, therefore, count towards the major as well as the general education requirements for the A.A. Degree. Coursework will also transfer as electives or general education requirements to a four-year institution. Aging studies may be pertinent to degrees such as Human Services, Gerontology, Psychology, and Social Work.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Apply major theories and principles to everyday life and determine the impact of these theories on the individual and/or society as a whole.
2. Follow directions and apply effective communication skills in a variety of settings.
3. Support opinions/ideas using solid research principles.

*Some courses in the program are not offered every semester. GERO C273 is offered once per year, usually in the fall semester. GERO C120 Professional Issues and GERO C130 Techniques of Working with the Frail are offered once per year, usually in the spring semester. Plan your full schedule with the timing of your courses in mind.
Gerontology

Associate of Arts Degree
or Certificate of Achievement

3_AA_GERO or 3_CL_GERO

Gerontology, the interdisciplinary study of aging, offers students an understanding of their own aging and of society’s response to the increasing population of older people. Biological, psychological, and sociological aspects of aging are explored. The coursework for the Certificate of Achievement in Gerontology will provide information about the aging process and training to work in services and agencies that interact with older people. Many of the courses are cross disciplinary and, therefore, can count towards the Certificate of Achievement as well as the general education requirements for the A.A. Degree. Coursework will also transfer as elective and general education requirements to a four-year institution.

Students have the option of completing the 21-unit Certificate of Achievement in Gerontology on its own or in conjunction with the A.A. degree. Those seeking new careers in gerontology and/or transfer to a four-year institution should complete the Associate of Arts Degree requirements in conjunction with those for the Gerontology Certificate of Achievement.

Coastline College students completing the A.A. Degree and Gerontology Certificate of Achievement qualify for our degree partnership with CSUF. For information about the Coastline College/Cal State Fullerton degree partnership in human services and gerontology call (714) 241-2613 at Coastline College or Human Services Office, CSUF, (714) 278-2255.

Coastline College and CSU Long Beach have a partnership that allows a maximum of 6 units (SOC C120 and 3 units of elective courses) to be applied to CSULB’s 15 unit Gerontology Minor. Contact (714) 241-6213 at Coastline College or the Gerontology Department at CSULB for further information.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply major theories and principles of the field to everyday life and determine the impact of these theories on the aging individual and/or society as a whole.
2. Apply effective communication skills in a variety of settings.

**Additional Requirement: Students must obtain a current Red Cross Standard First Aid/CPR Card.

***Students wishing to work in Home Care should select GERO C131 and GERO C230 as their electives.
HEALTH

Health and Fitness

Associate of Arts Degree
Major

3_AA_HLFT

The Health and Fitness major integrates courses that provide students with information related to physical fitness, health, and quality of life. Topics include physical conditioning and the value of physical activity, food and nutrition, disease prevention and management, and additional health related issues. By focusing their electives, students may gain the skills necessary to become a personal trainer or a wellness/health coach.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply major theories and concepts of health, nutrition, and fitness to improve one’s overall wellness and to guide others to make healthy lifestyle choices.

2. Support opinions/ideas using solid research principles.

Requirements for the Major

All courses must be completed with a grade of “C” or better.

*Taking HLTH C120 AND PE C201 OR FN C225 will prepare you to take National Certification Exams accredited by the National Commission for Certifying Health and Wellness Coaches. Students wishing to gain the skills to be a Physical Trainer should take PE C201 AND PE C289. These courses will prepare you to take National Certification Exams offered by agencies, such as the National Strength and Conditioning Association or the American Council on Exercise.

HEALTH CARE MANAGEMENT

Health Care Management

Associate of Science Degree or Certificate of Achievement

3_AS_HCM or 3_CL_HCM

The Health Care Management Certificate is designed for the health care practitioner who is considering climbing the health care management ladder. Healthcare is one of today’s most dynamic and growing fields. It is the largest industry in the U.S., and the second largest employer, with more than 11 million jobs, presenting a wide range of management opportunities and challenges. Courses in this certificate will assist students in exploring the management field and provide them with the knowledge and information to pique their interest and consider upward mobility in the health care industry. This program is designed to help office, administrative, and support staff in the medical field to consider advancing to management positions. The program prepares students for transfer into bachelors programs in Health Care Administration, Business, Organizational Behavior, Management, and Leadership fields.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply the principles and legal regulations of healthcare management to real world situations.

2. Effectively communicate solutions to management issues in an organizational (health care) setting, using appropriate language and tools and demonstrating understanding of management terms and concepts.

3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing healthcare/management environment.

Continued on page 091
HEALTH SCIENCE

Health Science Certificate of Achievement

3_CL_HSCI

This program prepares students for entry into health professional programs or jobs in the medical field. Coursework provides many of the science prerequisites for programs in health professions such as nursing, physician assistant, pharmacy, physical therapy, occupational therapy, dental hygiene, radiology technology, dentist, and medical doctor.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Find, select, and evaluate scientific information present in primary research literature, mass media, online, or other sources.

2. Communicate biological concepts effectively in written and/or oral forms.

3. Communicate chemical concepts effectively in written and/or oral forms.

**HISTORY**

**History**

**Associate in Arts Degree in History for Transfer**

3_AAT_HIST

A major in History provides students with skills in historical research and analysis, a chronological understanding of the past, and factual knowledge of specific historical periods. Study yields an appreciation of U.S. history as well as the histories of other people and cultures, which enhances multicultural understanding in the workplace and everyday society. Historical study is advantageous in developing valuable career skills in research, writing, argumentation (interpersonal communication), and documentation. Such skills and knowledge prepare students for careers in education, law, government, business, management, public relations, writing, and research.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Critically evaluate the social, cultural, political and/or economic characteristics of past societies and explain how and why these characteristics change over time.
2. Analyze the meaning of primary and/or secondary historical sources and their significance as evidence.
3. Evaluate the impact of social and cultural diversity upon the development of past societies.

**Requirements for the Major**

All courses must be completed with a grade of “C” or better.

HUMAN SERVICES

Human Services
Associate of Arts Degree
Major
3_AA_HUSV

This major prepares students to work in the expanding field of human services, a growing profession in response to the human needs and problems in the 21st century. It provides a general background for work with families, children, and adults and offers the student a pathway to pursue an associate or bachelor level degree. Individuals with a major in Human Services can enhance their professional helping skills, offering them greater work opportunities as social-service technicians, case management aides, mental health technicians, gerontology aides, special-education teacher aides, and residential managers. Additionally, police officers, firefighters, military counselors, and others dealing with the public will benefit from the program training. The major exposes the student to the most current thinking in the field, hands-on experience, and community networking.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Utilize human services helping skills and resources to enhance career prospects.

2. Demonstrate intervention skills within fields of human services.

Requirements for the Major

### INFORMATION TECHNOLOGY

#### Informatics

**Associate of Arts or Science Degree or Certificate of Achievement**

**3_AA_INFO or 3_AS_INFO or 3_CT_INFO**

Informatics is uniquely focused on computers and people. This program is designed for students interested in the design and implementation of software and information systems that help users work more effectively. It has strong emphasis on the technical design and implementation of software and information systems. Students will learn how to design, build, and analyze actual systems that are used in industry.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Design, develop, and analyze software that meets specifications for quality software.
2. Select and use appropriate software and apply conceptual thinking skills to solve problems and complete assigned projects.
3. Design and implement software/web based systems that address human computer interface issues.

LEADERSHIP

Leadership
Certificate of Accomplishment

3_CE_LEAD

The Management and Supervision Leadership Certificate recognizes the formal leadership study, participation, and student commitment to student government at Coastline Community College as well as to student government organizations in the local region and the State of California. Students receiving the Leadership Certificate will have developed skills related to evaluating and assessing leadership characteristics and skills, communicating within groups, managing conflict, setting goals, solving problems creatively, facilitating effective decision-making, delegating tasks, inspiring a shared vision, motivating and enabling others, utilizing parliamentary procedures, and conducting effective meetings. Employers and four-year transfer institutions often place value upon involvement in student government or other direct leadership development activities.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing global environment.

LIBERAL ARTS

American Studies
Associate of Arts Degree
Area of Emphasis

3_AA_AMST

This interdisciplinary major is designed to provide students with an integrated understanding of American society, history, and culture. Students may select designated courses within the humanities, social sciences, and fine arts disciplines. More than 300 colleges and universities in the United States offer American Studies programs. They approach American culture from many directions but have in common the desire to view America as a whole rather than from the perspective of a single discipline. Students who have graduated from four-year universities with American Studies degrees have gone on to work as lawyers, librarians, business leaders, writers, archivists, researchers, teachers, and politicians.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply perspectives from a variety of disciplines to develop an understanding of American culture, past and present, and its impact upon both the peoples of the United States and those outside its borders.
2. Critically evaluate historical sources, literature, art, film, music, or other types of cultural expressions in terms of their relevance to the American experience.

Requirements for the Degree

All courses must be completed with a grade of “C” or better. Select a minimum of 18 units from at least 5 different disciplines.

Select a minimum of 18 units from at least 5 different disciplines.

Arts and Humanities

Associate of Arts Degree
Area of Emphasis

3_AA_ARHU

The Arts and Humanities courses introduce the student to diverse aspects of human life in world cultures. Students will examine the ways that art and culture have influenced history and the ways those decisions affect the way we interact with other people in our everyday lives.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses:

Some university majors within the Arts and Humanities include Art, English, Interior Design, Foreign Languages, History, Linguistics, Literature, Music, Philosophy, Religious Studies, and Theater Arts.

MUS C100, C103, C130, C131, C139, C143

Communications

Associate of Arts Degree
Area of Emphasis

3_AA_COMM

Courses in this Area of Emphasis prepare students with skills that are in high demand in business, industry, non-profit organizations and government service. Students develop an understanding of communication principles that are utilized to interpret, create, evaluate and deliver messages effectively.

Some University majors within the Communications Area of Emphasis include: English, Journalism, Media Communication, Speech, Public Relations, and Theater Arts.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use written and oral tools to analyze and improve communication in personal, academic, public, and professional interactions.

2. Effectively deliver oral presentations in a range of settings to diverse audiences.

3. Construct written messages for various purposes to diverse audiences.

4. Observe, evaluate, and competently exercise interpersonal communication skills.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses.

Business Computing C171

English C100, C102, C133, C135, C136

Mass Communications C100, C140, C150

Philosophy C115

American Sign Language C185

Communication Studies C100, C101, C110

Subtotal for Area of Emphasis .......... at least 18.0

Total for Degree............................................... 60.0
Physical Education and Health
Associate of Arts Degree
Area of Emphasis

3_AA_PEHL

Courses within the Physical Education and Health area provide a background in the study and practice of recreational activities, physical fitness, healthy lifestyle issues, and sports.

Some university majors within this area include Foods and Nutrition, Health, Kinesiology, and Physical Education.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Apply major theories and concepts of health, nutrition and fitness to improve one’s overall wellness and to guide others to make healthy lifestyle choices.
2. Direct, practice and organize sports and recreation activities.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.
Select at least 18 units from the following courses; a minimum of 9 units must be in non-activity courses such as Health, Foods and Nutrition, or Exercise Physiology.

Non-activity and Exercise Physiology courses:
FN C170, C175
HUTH C100, C175
PE C189, C190, C190L

Subtotal Non-activity Courses ........................................... 9.0

Activity Courses:

Total for Degree .......................................................... 60.0

Science and Math
Associate of Arts Degree
Area of Emphasis

3_AA_SCMA

Courses in the Science and Math area develop an understanding of mathematical and scientific methods and knowledge. Continuing study in science and math will prepare students for a wide range of careers in technology, the health field, education, research, engineering, and business.

Some university majors within Science and Math include: Accounting, Astronomy, Biology, Biotechnology, Botany, Chemistry, Computer Science, Ecology, Education, Engineering, Marketing, Math, Medicine, Microbiology, Nursing, Pharmacy, Physics, and Veterinary Medicine.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Design and apply the process of science to address a hypothesis.
2. Find, select, evaluate, and communicate scientific information present in primary research literature, mass media, online, or other sources.
3. Adequately explain thinking and mathematical processes, and justify mathematical solutions effectively and accurately.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.
Select at least 18 units from the following courses. At least one course should be a science course and at least one should be a math course.

Social and Behavioral Sciences
Associate of Arts Degree
Area of Emphasis

3_AA_SOBS

Courses in the Social and Behavioral Sciences area focus on understanding human behavior within social, political, cultural, and historical contexts.

Some university majors within the Social and Behavioral Sciences include Anthropology, Archaeology, Child Development, Criminal Justice, Economics, Geography, History, Political Science, Psychology, Social Work, Sociology.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Utilize methods and theories from the social and behavioral sciences to collect, interpret, and apply quantitative and qualitative evidence regarding the human experience as an individual and in the context of the larger society.
2. Employ methods and theories from different disciplines to analyze social and behavioral problems, policies related to these problems, and how they both change over time.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses:

ANTH C100, C120, C150
ECON C110, C170, C175
GEOG C100, C180, C185

LOGISTICS/SUPPLY CHAIN MANAGEMENT

Logistics/Supply Chain Management
Associate of Arts Degree
or Certificate of Achievement

3_AA_LSCM or 3_CL_LSCM

The courses offered to obtain this certificate will give the students the basic skills needed to obtain a position as a Procurement or Operations Clerk within a variety of logistics organizations. Supply Chain Management involves every aspect of purchasing, transportation, storage, and distribution of goods from manufacturers to consumers.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing global environment.

Continued on page 099
MANAGEMENT AND SUPERVISION

Management

Associate of Arts Degree or Certificate of Achievement

3_AA_MGMT or 3_CL_MGMT

The Management Certificate program provides a broad introduction to business management.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.
3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing global environment.

Required Core

Students will complete all of the following:

Leadership

Certificate of Accomplishment

3_CE_LEAD

The Management and Supervision Leadership Certificate recognizes the formal leadership study, participation, and student commitment to student government at Coastline Community College as well as to student government organizations in the local region and the State of California. Students receiving the Leadership Certificate will have developed skills related to evaluating and assessing leadership characteristics and skills, communicating within groups, managing conflict, setting goals, solving problems creatively, facilitating effective decision-making, delegating tasks, inspiring a shared vision, motivating and enabling others, utilizing parliamentary procedures, and conducting effective meetings. Employers and four-year transfer institutions often place value upon involvement in student government or other direct leadership development activities.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Effectively communicate solutions to business problems, using appropriate language and tools and demonstrating understanding of business terms and concepts.

2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.

3. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today’s multicultural, team-oriented, rapidly-changing global environment.

Mathematics

Associate in Science Degree in Mathematics for Transfer
3_AST_MATH

Upon successful completion of the Associate in Science in Mathematics for Transfer, the student will have demonstrated a practical and theoretical understanding of mathematics in preparation for transfer to the California State University system. This degree will be useful for students majoring in the STEM (science, technology, engineering and mathematics) fields. It is recommended that students consult a counselor for further information.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Select and apply correct quantitative methods to find the correct solution to a problem in familiar or unique situations or contexts.
2. Accurately interpret and create mathematical models such as formulas, graphs, tables, and schematics; include predictions based on the model.
3. Adequately explain thinking and mathematical processes, and justify mathematical solutions effectively and accurately.

Requirements for the Major

All courses must be completed with a grade of “C” or better.

Mathematics

Associate of Arts Degree Major
3_AA_MATH

Mathematics involves the study of numerical calculations, problem solving, logic, quantitative patterns, and more. Students pursuing a Mathematics major take a variety of courses in the areas of algebra, geometry, calculus, mathematical reasoning, and differential equations. Students in mathematics programs can also branch out to several specializations, including teaching, computer science, statistics-mathematics, and bio-mathematics programs.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Select and apply correct quantitative methods to find the correct solution to a problem in familiar or unique situations or contexts.
2. Accurately interpret and create mathematical models such as formulas, graphs, tables, and schematics; include predictions based on the model.
3. Adequately explain thinking and mathematical processes, and justify mathematical solutions effectively and accurately.

SCIENCE AND MATH

Associate of Arts Degree
Area of Emphasis
3_AA_SCMA

Courses in the Science and Math area develop an understanding of mathematical and scientific methods and knowledge. Continuing study in science and math will prepare students for a wide range of careers in technology, the health field, education, research, engineering, and business.

Some university majors within Science and Math include: Accounting, Astronomy, Biology, Biotechnology, Botany, Chemistry, Computer Science, Ecology, Education, Engineering, Marketing, Math, Medicine, Microbiology, Nursing, Pharmacy, Physics, and Veterinary Medicine.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:
1. Design and apply the process of science to address a hypothesis.
2. Find, select, evaluate, and communicate scientific information present in primary research literature, mass media, online, or other sources.
3. Adequately explain thinking and mathematical processes, and justify mathematical solutions effectively and accurately.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses. At least one course should be a science course and at least one should be a math course.

ANTH C185

MOBILE APPLICATIONS

Mobile Applications
Certificate of Accomplishment
3_CE_MOBA

This certificate provides students with a foundation in the development of phone and tablet mobile applications. The curriculum emphasizes the basics of mobile application design and development using Operating Systems such as Apple and Android OS. The certificate also focuses on an understanding of entrepreneurship and business operations. Students will learn the ‘development side’ of application creation and marketing of applications.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:
1. Develop, design and revise mobile apps for gaming, business, productivity, personal use, and education.
2. Deploy and market mobile apps globally for gaming, business, productivity, personal use, and education.
3. Effectively communicate solutions to business problems using appropriate language and tools and demonstrating understanding of business terms and concepts.
4. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and information-based approach.

Required Courses

Medical Administrative Office Technician
Certificate of Accomplishment

3_CE_MAOT

The Medical Administrative Office Technician certificate program is designed to prepare students to work in a medical office environment such as a hospital, managed care facility, private medical office, and multi-specialty clinic. Students who complete this certificate will be prepared to manage front office activities.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use appropriate software to create documents and digital files for the workplace.
2. Input, organize, retrieve, and manipulate data for the workplace.
3. Communicate effectively in the workplace.
4. Apply Standard English principles when writing, editing, and speaking.
5. Use medical terminology to create medical records and insurance claim forms, integrate appropriate terminology from patient files and physician notes, and analyze medical terminology to produce professional medical documents.

Required Courses Units
Students will complete all of the following:
BC C112 Office Organization 3.0
BC C145 Medical Administrative Assistant 1 3.0
BC C163 Medical Terminology 1 3.0
ENGL C103 Business English 3.0
Total for Certificate ........................................... 12.0
Medical Coding Specialist
Certificate of Accomplishment

The Medical Coding Specialist certificate prepares the students to pass the tests to become a Certified Coding Associate (CCA) or a Certified Coding Specialist (CCS). These tests are administered by the American Health Information Management Association. This certificate program focuses on preparing the students for an in-depth knowledge of coding.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Use CPT codes to create complex medical insurance claim forms used in a medical facility.
2. Analyze medical billing situations, integrate appropriate data from patient files and physician notes, complete professional accounts payable invoices, and submit the documents to the appropriate insurance provider(s).
3. Pass a sample AHIMA certification exam with a score of 75% or better.
4. Use medical terminology to create medical records and insurance claim forms, integrate appropriate terminology from patient files and physician notes, and analyze medical terminology to produce professional medical documents.

Paralegal Studies
Associate of Arts Degree or Certificate of Achievement

3_AA_PARA or 3_CL_PARA

The American Bar Association (ABA) approves Coastline’s Paralegal Studies Program. The Paralegal Program prepares personnel for the intermediary position between the legal secretary and the attorney, performing work under the supervision of an attorney. Paralegals work in law offices and other legal and law related environments, and many interact with clients. A paralegal shall not provide legal advice or engage in conduct that constitutes the unauthorized practice of law, including contracting with a natural person other than an attorney for the performance of paralegal services (California Business & Professions Code, Sections 6450 et seq.). This program is not intended to prepare students for law school or the practice of law.

Students who do not already possess an Associate of Arts or bachelor degree from a regionally accredited college or university must complete the associate degree (60 units) as specified below. These requirements are in compliance with the ABA Guidelines for paralegal programs. Degree candidate students are required to attend a paralegal orientation or a counseling session and complete the English and Math Placement Testing and Group A General Education requirements prior to entering LAW C105, LAW C118, LAW C121, LAW C390 and/or any major elective with a “LAW” designation. The remaining general education units are to be completed concurrently with the remaining paralegal courses. Students must achieve a grade point average of 2.0 or higher in each paralegal studies course.

Paralegal studies course work taken at other institutions in an ABA-approved program, with approval by the paralegal studies department, will qualify for no more than six (6) units of transfer credit in legal specialty courses in the paralegal studies certificate program. Paralegal studies courses taken for other than a letter grade are limited to seven (7) units within the 27 unit total, and 21 units of paralegal course work must be completed at Coastline Community College. (Credit by examination is not available for courses within the Paralegal Studies Certificate.) Upon completion of the degree program, students will be awarded an associate degree in Paralegal Studies and a Certificate of Achievement in Paralegal Studies approved by the American Bar Association.

Students possessing a transferable Associate of Arts or bachelor degree from a regionally accredited college or university, with official transcripts on file at Coastline, will be awarded a Certificate of Achievement in Paralegal Studies approved by the American Bar Association upon completion of the 27 units of required paralegal courses. All students are required to attend a paralegal orientation or a counseling session and must achieve a grade point average of 2.0 or higher in each paralegal studies course. All students are required to demonstrate computer proficiency* (see below).

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Analyze and communicate conclusions both orally and in writing.
2. Apply legal concepts to the clients’ problems.
3. Apply legal ethics in the paralegal field.
REQUIRED PARALEGAL COURSES

PHYSICAL EDUCATION AND HEALTH

Physical Education and Health

Associate of Arts Degree

Area of Emphasis

3_AA_PEHL

Courses within the Physical Education and Health area provide a background in the study and practice of recreational activities, physical fitness, healthy lifestyle issues, and sports.

Some university majors within this area include Foods and Nutrition, Health, Kinesiology, and Physical Education.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Apply major theories and concepts of health, nutrition and fitness to improve one’s overall wellness and to guide others to make healthy lifestyle choices.

2. Direct, practice and organize sports and recreation activities.

Requirements for the Degree

All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses; a minimum of 9 units must be in non-activity courses such as Health, Foods and Nutrition, or Exercise Physiology.

Non-activity and Exercise Physiology courses:

FN C170, C175
HLTH C100, C175
PE C189, C190, C190L

PHYSICS

Physics
Associate in Science Degree in
Physics for Transfer

3_AST_PHYS

Physics is an attempt to understand natural phenomena, and is fundamental to related fields such as astronomy, biology, chemistry, geology and engineering. The goal of the physics program is to develop students’ understanding and analysis of the physical world through mathematical techniques involving qualitative and quantitative reasoning. It is strongly recommended that all physics majors take a course in linear algebra and differential equations such as MATH C285 in addition to the degree requirements, but this cannot be included as a requirement due to unit limitations.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Identify and describe major concepts and theoretical principles as applied to physics.
2. Apply appropriate physical laws and mathematical techniques to analyze various physical situations.
3. Perform various scientific experiments and to analyze data to check agreement with theoretical predictions.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.

Required Core

Students will complete all of the following:

PROCESS TECHNOLOGY

Process Technology
Associate of Arts Degree or Certificate of Achievement

3_AAA_PTEC or 3_CL_PTEC

The courses offered to obtain this certificate will give the students the basic skills needed to obtain a position as a Processing Technician within a variety of industrial fields. Process technology involves every aspect of chemical processing: extracting and refining chemicals such as oil and natural gas, refining and monitoring them.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:
1. Comply with environmental and safety regulations.
2. Safely operate process equipment.
3. Measure and control a process.
4. Work as a team member.

Required Courses

Students will complete all of the following:

PSYCHOLOGY

Psychology
Associate in Arts Degree in
Psychology for Transfer
3_AAT_PSYC

Psychology is the scientific study of behavior and mental processes. Students majoring in psychology learn the major perspectives for understanding human behavior: behavioral, biological, cognitive, cross-cultural, evolutionary, humanistic, and psychodynamic. Students will acquire skills to analyze behavior, including statistical methods and research design, and will learn to document findings in APA style; descriptive research methods and experimental methods are covered. Students will gain an understanding of the following topics: neuroscience; sensation and perception; consciousness; learning; memory; thinking, language and intelligence; motivation and emotion; lifespan development; personality; social psychology; stress, health, and coping; psychological disorders; and therapies. Completion of the major provides a solid foundation for a psychology transfer program and many careers in the social service fields. A Master's degree or higher is required for most counseling or research psychologist positions.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:
1. Characterize the nature of psychology as a science.
2. Apply the major theories, principles, and concepts of psychology to everyday life.
3. Utilize investigative methods to collect, interpret, and present scientific data on psychological topics.

Requirement for the Major:
All courses must be completed with a grade of “C” or better.

Real Estate Studies
Certificate of Achievement

3.CL.REST

The certificate in Real Estate Studies is a comprehensive program that will provide the student with unlimited career opportunities. The program courses are designed to enable the student to reach his/her professional goals with the knowledge and skills to meet the overall demands to succeed in a rapidly changing real estate environment.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Be prepared to take and pass the California Real Estate Sales and/or Broker License Exam.
2. Select and complete appropriate real estate forms, including listing agreements, purchase contracts, and cost sheets.
3. Guide and assist buyers or sellers with the purchase or sale process, including identifying and articulating issues, ensuring compliance with relevant laws, coordinating inspections and appraisals, negotiating sales price, and helping clients understand and select financing options.
4. Be prepared to list, market, show, rent, lease and/or sell a property.
5. Demonstrate ability to apply common knowledge of loan processing and underwriting.

SCIENCE AND MATH

Science and Math
Associate of Arts Degree
Area of Emphasis
3_AA_SCMA

Courses in the Science and Math area develop an understanding of mathematical and scientific methods and knowledge. Continuing study in science and math will prepare students for a wide range of careers in technology, the health field, education, research, engineering, and business.

Some university majors within Science and Math include: Accounting, Astronomy, Biology, Biotechnology, Botany, Chemistry, Computer Science, Ecology, Education, Engineering, Marketing, Math, Medicine, Microbiology, Nursing, Pharmacy, Physics, and Veterinary Medicine.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Design and apply the process of science to address a hypothesis.
2. Find, select, evaluate, and communicate scientific information present in primary research literature, mass media, online, or other sources.
3. Adequately explain thinking and mathematical processes, and justify mathematical solutions effectively and accurately.

Requirements for the Degree
All courses must be completed with a grade of “C” or better.

Select at least 18 units from the following courses. At least one course should be a science course and at least one should be a math course.

ANTH C185
ASTR C100, C100L, C102, C103, C104
BIOL C100, C101, C105, C120, C220, C225, C283

**SOCIAL AND BEHAVIORAL SCIENCES**

**Social and Behavioral Sciences**

**Associate of Arts Degree**

**Area of Emphasis**

3_AA_SOBS

Courses in the Social and Behavioral Sciences area focus on understanding human behavior within social, political, cultural, and historical contexts.

Some university majors within the Social and Behavioral Sciences include Anthropology, Archaeology, Child Development, Criminal Justice, Economics, Geography, History, Political Science, Psychology, Social Work, Sociology.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Utilize methods and theories from the social and behavioral sciences to collect, interpret, and apply quantitative and qualitative evidence regarding the human experience as an individual and in the context of the larger society.
2. Employ methods and theories from different disciplines to analyze social and behavioral problems, policies related to these problems, and how they both change over time.

**Select at least 18 units from the following courses:**

All courses must be completed with a grade of “C” or better.

- ANTH C100, C120, C150
- ECON C110, C170, C175
- GEOG C100, C180, C185
- HIST C115, C121, C122, C124, C125, C128, C132, C135, C146, C150, C155, C161, C162, C170, C175, C180, C185
- MCOM C100
- PSCI C101, C140, C180, C185
- PSYC C100, C116, C118, C165, C170, C250, C255, C260, C280

**Subtotal for Area of Emphasis .................. at least 18.0**

**Total for Degree................................................ 60.0**

**SOCIOLOGY**

**Sociology**

**Associate in Arts Degree in Sociology for Transfer**

3_AAT_SOC

The Associate in Arts for Transfer Sociology major emphasizes a scientific approach to the study of human society, utilizing a variety of theories and research methods to understand the interaction between human groups and institutions and their influences on each other. Sociology ranges from the study of relationships in intimate social settings to the study of large bureaucratic institutions. Students taking this major will examine a variety of social institutions, including family, religion, and education, and will gain a better understanding of the roles played by social class, gender, and race in shaping social interactions. Successful students will develop their ability to think critically about social relationships, perform scientific social research, construct analytical arguments, and communicate their ideas effectively. Completion of this major will provide a solid foundation for people interested in a wide variety of careers, including law and law enforcement, social welfare, gerontology, urban planning, business, education, and public health.

**PROGRAM LEVEL STUDENT LEARNING OUTCOMES**

Upon completion of this program, students will be able to:

1. Demonstrate critical thinking and the use of sociological theory in analyzing social reality.
2. Develop an understanding of the sociological perspectives and apply the logic to the analysis of issues.
3. Articulate the process of social change and diversity in the U.S. and in the international context.
4. Distinguish between personal opinion and evidence gathered using the scientific process.

Continued on page 113
Requirements for the Major:
All courses must be completed with a grade of “C” or better.

Required Course                      Units
SOC C100    Introduction to Sociology       3.0

Spanish
Associate in Arts Degree in Spanish for Transfer
3_AAT_SPAN

The sequence of classes leading to the Associate in Arts in Spanish for Transfer Degree helps the students develop proficiency in Spanish and provides them with the intercultural sophistication necessary to function comfortably and effectively in a Spanish-speaking environment. Courses are designed to develop the students’ speaking, reading, writing, and listening skills, as well as provide a general overview of Spanish-speaking cultures around the globe.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Communicate in Spanish in a variety of real-world settings demonstrating the ability to read, write, speak, and listen with intermediate level fluency.
2. Demonstrate appreciation for cultural and global diversity in Spanish-speaking countries.

Associate of Arts Degree
Major
3_AA_SPAN

The Spanish major helps develop advanced proficiency in Spanish and provides students with intercultural sophistication to function comfortably and effectively in a Spanish-speaking environment. This major covers several of the aspects of written (grammar, word usage) and spoken (pronunciation and conversational style) Spanish that students will need to work toward fluency. Proficiency in Spanish can open up careers in international trade and politics or in helping other language communities in your area to receive full access to services and opportunities. Jobs open to language degree holders involve either interpretation (the spoken word) or translation (written documents).

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Demonstrate appropriate level written and spoken fluency in the language.
2. Demonstrate understanding and respect for the cultural and global diversity in the Spanish-speaking countries.

Requirements for the Major
All courses must be completed with a grade of “C” or better.

Required Courses | Units
--- | ---
Students will complete all of the following: | 18.0
SPAN C180 (or C180A and C180B) Elementary Spanish 1 | 5.0
SPAN C185 (or C185A and C185B) Elementary Spanish 2 | 5.0
SPAN C280 (or C280A and C280B) Intermediate Spanish 1 | 4.0
SPAN C285 (or C285A and C285B) Intermediate Spanish 2 | 4.0

What is Noncredit Instruction?

Noncredit Instruction is one of many educational options offered in community colleges. Students seeking noncredit instruction can access no cost courses and programs to aid them in their pursuit of personal and professional goals. Noncredit courses are intended to provide students with opportunities to gain skills for Career Development and College Preparation (CDCP).

Noncredit courses and programs focused on Career Development and College Preparation can lead to a Certificate of Competence or Certificate of Completion.

Noncredit Courses and Programs

Noncredit courses prepare students to attain the essential knowledge, skills, and abilities to successfully acquire and retain employment, transition to College, and/or effectively explore, plan, and establish career pathways leading to opportunities in high demand occupations.

Noncredit programs are designed to allow students to participate in workforce education programs as an initial step towards a career pathway. Successfully completing noncredit programs can be a benefit to students in attaining economic self-sufficiency with subsequent career pathway progression to credit, certificated programs, and associate degree programs.

All noncredit courses and programs are tuition free. Specific fees for materials and books may vary for each class.

Some noncredit classes may require students to participate in an orientation prior to enrollment. When you successfully complete all the classes required for a noncredit program, you will receive a signed Certificate of Competence or Completion that verifies your education, and the skills you learned.

What is the difference between a noncredit and credit student?

Noncredit Students are taking courses for personal or professional interest. These courses do not offer college credit, but in some cases noncredit students can earn certification or other evidence of class or program completion to meet personal or professional goals and/or requirements.

Credit Students are working towards either a career/technical certificate or degree program at Coastline, or are taking courses that will be eligible to transfer for a program at another college or university. In some cases, students take courses that are offered for credit for personal reasons or skills updating, even if they do not need the college credit.

Noncredit students are eligible for many college services.

Evaluation

Noncredit courses can be evaluated as Pass (P)/No Pass (NP) or Satisfactory Progress (SP)

Noncredit courses do not generate grades or degree applicable credit, however, active student participation is critical for successful completion of classes, programs and attaining a certificate.

Benefits of taking noncredit classes

- No tuition, free classes
- Focus is on skill development and attainment, not grades or credit
- Repeatable classes
- Open Entry/Exit, self-paced (if applicable)
- Available to nearly all students
- Entry point for English language learners and Immigrant education (including citizenship)
- Basic Skills and College Preparation courses and certificate
- Career Development, Workforce Preparation, and Short term Vocational certificates
- Career Technical Education (CTE) Preparation, Practice, and Certification

Noncredit Programs

ENGLISH AS A SECOND LANGUAGE PREPARATION FOR CAREERS

Certificate of Completion

This is a three-level certificate program in English as a Second Language, including basic English reading, writing, speaking, and listening, to prepare students for the language demands of entry-level career training and entry-level employment. After completing this certificate, students may go on to high-intermediate ESL classes leading to academic as well as career training programs.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Identify the main idea and supporting details of a level-appropriate reading selection.
2. Write a grammatically-correct sentence identifying the main idea of a level-appropriate listening text.
3. Respond to a question by writing a short, appropriate paragraph, using correct grammar and punctuation.

Required Courses

Students will complete all of the following:

Semester 1
- ESL C412 Sentence Structure 1
- ESL C414 Reading and Writing 1
- ESL C416 Listening and Conversation 1

Semester 2
- ESL C432 Reading, Writing, and Grammar 1B
- ESL C436 Speaking and Listening 1B

Semester 3
- ESL C442 Reading, Writing, and Grammar 2A
- ESL C446 Speaking and Listening 2A
HORTICULTURE
Certificate of Completion

The Horticulture Certificate of Completion is provided for students through Coastline Community College's Special Programs and Services office. This program is a pathway course of study culminating in competent, entry-level job preparedness with a focus on knowledge, professionalism, and personal responsibility. Coastline Community College offers a program specific to the population of students with intellectual/developmental disabilities, including autism spectrum disorders (ID Program). This certificate program is a response to state and local requests for occupational/educational training for adults with intellectual disabilities to enter the integrated work force. Courses in this program will be taught by Special Programs faculty with assistance/mentoring from field professionals. Students will enroll in a pathway series of courses with a required externship to earn a Horticulture Certificate of Completion. Upon completion of the Horticulture Certificate, students will have the knowledge, skills, and experience in Horticulture to work in a variety of occupational settings, which include Groundskeeping, Ornamental Gardening, Nursery, Greenhouse, and Farming.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

Upon completion of this program, students will be able to:

1. Demonstrate the knowledge, skills, and experience required to work in basic groundskeeping, gardening, nursery, and farming activities.

2. Independently recall and perform best practices of Horticulture settings while participating in work activities independently or with faculty, managers, customers, fellow work staff and students.

Required Courses

Students will complete all of the following:

Semester 1
SPED C476N Groundskeeping Basics
SPED C451 Personal and Social Development

Semester 2
SPED C477N Gardening Basics
SPED C410 Critical Thinking

Semester 3
SPED C479N Nursery Basics
SPED C461 Vocational Preparation and Readiness

Semester 4
SPED C478N Greenhouse Basics
SPED C493N Workplace Readiness and Externship

Noncredit Courses

(See detailed description of noncredit courses in the Course Descriptions section.)

ENGLISH AS A SECOND LANGUAGE (ESL)

ESL C408 ESL Preparation
ESL C412 ESL Sentence Structure 1
ESL C414 Reading and Writing 1

SPED C496N Introduction to Animal Care Vocations
SPED C480 Introduction to Computers: Computer Awareness and Use
SPED C481 Introduction to Desktop Publishing
SPED C482 Introduction to the Internet
Course Numbering System

Courses Numbered 001-099:
Introductory, developmental, special interest, and some technical courses (not transferable to CSU or UC). English C099 and Mathematics, C030, C045, C046, and C047 are applicable to the Option 1 associate degree; other courses numbered below 100 cannot be counted toward the 60 units of credit required for an associate degree. These courses do carry college credit and thus can be used to determine eligibility for full-time or financial aid status.

Courses Numbered 100-299:
Transfer courses to the California State University. Courses transferable to the University of California are noted under the appropriate course descriptions. Depending upon the courses selected, the student’s major, and the specific four-year college/university, these courses will meet various baccalaureate program requirements. Courses numbered 100-199 are usually first-year courses; those numbered 200-299 are usually second-year courses and normally require a prerequisite.

Courses Numbered 300-399:
Highly specialized courses that may be student-negotiated for transfer to baccalaureate-granting institutions, depending upon the courses selected, the student’s major, and the specific transfer college/university.

Courses Numbered 400 and Above:
Noncredit courses.

Special Topics:
Special topics courses offer in-depth study of topics not covered in the existing curriculum. Course content and units of credit are determined by the department. Special Topics may be designed as lecture or laboratory. Consult the Schedule of Classes for specific offerings.

Correct Use of English
All courses at Coastline are taught in English. Clear and correct use of English, both on tests and on written assignments, is expected of all students. All students, especially those planning to transfer to a four-year institution, are urged to take a course in English composition as soon as possible.

Critical Thinking
The major role of education in America is to produce an individual who can contribute to society as a well-informed member of a democracy. Competence in critical thinking empowers the student with an ability to distinguish opinion from fact and belief from knowledge. Evaluative skills learned through elementary inductive and deductive reasoning have applications in problem solving in all aspects of everyday existence. Therefore, all examinations, assignments, and activities at Coastline reflect academic rigor by requiring critical thinking on the part of the student.
ACCOUNTING (ACCT)

ACCOUNTING C100 3.0 Units
Introduction to Accounting
Elementary theory and principles of elementary accounting applicable to a single-proprietorship business. Practical application of accounting theory to the accounting cycles of service and merchandising businesses: bookkeeping practice, common debit and credit procedure, books of original entry, ledgers, working papers, adjusting and closing entries, income statement, statement of owners’ equity, balance sheet, cash, payroll, and special journals. Recommended for business students needing a bookkeeping foundation before enrolling in ACCT C101, and for retailing, sales and merchandising, and Office Administration majors. Transfer Credit: CSU.

ACCOUNTING C101 4.0 Units
Financial Accounting
Advisory: Eligibility for ENGL C100 and MATH C010
This is the study of accounting as an information system, examining why it is important and how it is used by investors, creditors, and others to make decisions. The course covers the accounting information system, including recording and reporting of business transactions with a focus on the accounting cycle and the application of generally accepted accounting principles, the financial statements, and statement analysis. Students will analyze issues relating to asset, liability, and equity valuation; and revenue and expense recognition, cash flow, internal controls, and ethics and will record financial transactions and interpret financial statements. This course meets the accounting-related or business related course requirements needed to sit for the CPA exam. Transfer Credit: CSU; UC: C-ID: ACCT 110.

ACCOUNTING C102 4.0 Units
Managerial Accounting
Prerequisite: ACCT C101
Advisory: eligibility for ENGL C100 and MATH C010
This is the study of how managers use accounting information in decision-making, planning, directing operations, and controlling. Focuses on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Includes issues relating to cost systems, cost control, profit planning, and performance analysis in manufacturing and service environments. This course meets the accounting-related or business related course requirements needed to sit for the CPA exam. Transfer Credit: CSU; UC: C-ID: ACCT 120.

ACCOUNTING C103 3.0 Units
Individual Taxation
Advisory: ACCT C101
Introduction to income taxation. Emphasis on individual taxation, the income tax formula, the expanded tax formula, introduction to forms 1040EZ, 1040, and 1040A, gross income: inclusions and exclusions, adjustments for adjusted gross income, itemized deductions, self-employed business income, capital gains and other sales of property, rental property, royalties, and income from flow-through entities, tax credits, payroll taxes, retirement and other tax-deferred plans and annuities, special property transactions, at-risk/passive activity loss rules, and the individual alternative minimum tax. Transfer Credit: CSU.

ACCOUNTING C104 4.0 Units
Business Taxation
Advisory: ACCT C100 or C101
Topics will include rules related to the organization, life, and dissolution of corporations, partnerships, S corporations, and LLCs. Tax research and planning issues are considered. Case simulation project similar to the new computerized CPA exam will be required. Transfer Credit: CSU.

ACCOUNTING C106 2.0 Units
Excel for Accounting
Application of fundamental spreadsheet concepts, principles, functions and formulas in working with problems in the Accounting discipline. Transfer Credit: CSU.

ACCOUNTING C107 2.0 Units
Accounting with QuickBooks
Advisory: ACCT C100 or C101
QuickBooks is a complete computerized accounting system for small businesses. Topics include a review of basic accounting concepts, preparation of business reports and graphs, and the creation of a company using QuickBooks accounting. Covers creation and operation of a detailed accounting system for new and existing businesses. Transfer Credit: CSU.

ACCOUNTING C108 2.0 Units
Tax Return Preparation using Turbo Tax Software
This course introduces students to federal income tax preparation using Turbo Tax Software, the most popular software package for preparing Individual Income Tax Returns (1040). Transfer Credit: CSU.

ACCOUNTING C109 2.0 Units
Excel for Accounting 2
Advisory: ACCT C106
The course includes a more advanced utilization of Excel as applied to Accounting subjects. Topics include using Excel functions to analyze data, manage multiple worksheets, and develop excel applications. This course meets the accounting-related or business-related course requirements needed to sit for the CPA exam. Transfer Credit: CSU.

ACCOUNTING C110 2.0 Units
Advanced QuickBooks
Advisory: ACCT C107
Advanced QuickBooks covers planning and budgeting; progress billing/job costing; file importing and exporting; customizing set up; and processing of inventory, payroll, and fixed assets in addition to reports and graphs for merchandising and manufacturing businesses. Transfer Credit: CSU.

ACCOUNTING C111 3.0 Units
Intermediate Accounting 1
Advisory: ACCT C101
This course will explore topics, such as accounting standards; framework underlying financial accounting; accounting information systems; income statements; balance sheets; statement of cash flows; accounting for the time value of money, cash, receivables; and valuation of inventories. Transfer Credit: CSU.

ACCOUNTING C112 3.0 Units
Intermediate Accounting 2
Advisory: ACCT C101, C102, and C110
Foundation acquired in ACCT C101 will be further developed through more detailed principles. Topics covered include acquisition and disposition of property, plant, and equipment; depreciation, impairments and depletion, intangible assets, current liabilities and contingencies, long-term liabilities, stockholders equity, dilutive securities, earnings per share, and investments. This is the second semester of a three semester sequence that will explore topics in intermediate accounting. Transfer Credit: CSU.

ACCOUNTING C113 3.0 Units
Intermediate Accounting 3
Advisory: ACCT C101, C102, C110, and C111
Foundation acquired in Accounting C101 will be further developed through more detailed principles. Topics covered are revenue recognition, accounting for income taxes, accounting for pensions and postretirement benefits, accounting for leases, accounting changes and error analysis, statement of cash flows, and full disclosure in financial reporting. This is the third semester of a three semester sequence that will explore topics in intermediate accounting. Transfer Credit: CSU.

ACCOUNTING C114 3.0 Units
Intermediate Accounting 4
Advisory: ACCT C101, C102, C110, and C111
Foundation acquired in Accounting C101 will be further developed through more detailed principles. Topics covered are revenue recognition, accounting for income taxes, accounting for pensions and postretirement benefits, accounting for leases, accounting changes and error analysis, statement of cash flows, and full disclosure in financial reporting. This is the third semester of a three semester sequence that will explore topics in intermediate accounting. Transfer Credit: CSU.

ACCOUNTING C116 3.0 Units
Accounting for Non-Financial Managers and Entrepreneurs/Business Owners
Basic accounting course for managers and entrepreneurs that provides a foundation in financial analysis, taxes and decision-making tools. Develops knowledge in determining financing needs and options to facilitate continued operations as well as the future growth of organizations. Transfer Credit: CSU.
ACCOUNTING C118 3.0 Units
Fundamentals of Auditing
Advisory: ACCT C101
Topics cover the process of examining and evaluating financial conditions and records. It is designed to provide a basis for an opinion concerning the reliability of the records, as evidenced by a written audit report. Transfer Credit: CSU.

ACCOUNTING C120 3.0 Units
Advanced Accounting
Advisory: ACCT C101
Topics cover corporate reporting for segments; interim reporting; accounting for foreign operations; accounting for partnerships; and accounting for government entities, not-for-profit entities, estates, and trusts. Also covered are bankruptcies, equity method, consolidated financial statements, and foreign currency transactions. Transfer Credit: CSU.

ACCOUNTING C124 3.0 Units
Estate Planning
Advisory: ACCT C104
This course addresses gift, estate, and generation-skipping transfer taxes, at the state and Federal levels. It covers planning techniques used to reduce tax impacts on transfers of wealth. It explores the effects of gifts and bequests, including the limitations on income shifting. Non-tax aspects of estate planning, including the estate planning process, wills, trusts, durable powers of attorney, powers of appointment, and probate procedure are also studied. This course meets the accounting-related or business-related course requirements needed to sit for the CPA exam. Transfer Credit: CSU.

ACCOUNTING C125 3.0 Units
Retirement Planning and Employee Benefits
Advisory: Personal Financial Planning
A survey of the various plans available to provide retirement and other investment-oriented employment benefits to employees, significant planning opportunities for tax deferral and capital accumulation, and the advantages and disadvantages of various alternatives. Student will gain insight in connection with retirement plans and the taxation of benefits received while learning to evaluate your alternatives and make the most beneficial choice. Transfer Credit: CSU.

ACCOUNTING C130 1.0 Unit
VITA 1 (Volunteer Income Tax Assistance)
Advisory: ACCT C103
To enhance each volunteer Income Tax Assistance (VITA) student's opportunity for success in the field of Accounting by bridging the gap between educational theory and on-the-job practices. Successful completion of VITA 1 course certification in IRS provided online Basic, Advanced, and additional tax courses. The course also includes tax software training that provides skills transferable to the workplace. Transfer Credit: CSU.

ACCOUNTING C131 0.5 Units
VITA 2 (Volunteer Income Tax Assistance)
Prerequisite: ACCT C130 with a grade of B or better
To enhance each Volunteer Income Tax Assistance (VITA) student's opportunity for success in the field of accounting by bridging the gap between educational theory and on-the-job practices. Successful completion of the VITA 2 course using IRS provided tax software is through completion of service hours in the VITA program that provides skills transferable to the workplace. Transfer Credit: CSU.

ACCOUNTING C281 1.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Accounting for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Accounting by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Accounting. Transfer Credit: CSU.

ACCOUNTING C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Accounting for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Accounting by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Accounting. Transfer Credit: CSU.

ACCOUNTING C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Accounting for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Accounting by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Accounting. Transfer Credit: CSU.

ACCOUNTING C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Accounting for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Accounting by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Accounting. Transfer Credit: CSU.

AMERICAN SIGN LANGUAGE (SIGN)

AMERICAN SIGN LANGUAGE C180 4.0 Units
(Formerly American Sign Language C110)
American Sign Language 1
Introduction, through lecture and discussion, to the American Manual Alphabet and American Sign Language, designed to provide basic conversational skills in the language used by most deaf people in the United States. Transfer Credit: CSU.

AMERICAN SIGN LANGUAGE C185 4.0 Units
(Formerly American Sign Language C111)
American Sign Language 2
Prerequisite: SIGN C180 with a grade of C or better
Continuing practice, through lecture and discussion, with the American Manual Alphabet and American Sign Language, including an introduction to the culture of deaf people and a comparison of various sign language systems used in the United States of America. Transfer Credit: CSU; UC.

ANTHROPOLOGY (ANTH)

ANTHROPOLOGY C100 3.0 Units
Cultural Anthropology
This course offers an introductory study of the structure and process of culture. It focuses on the major features of culture and the methods of anthropological research and theoretical orientations with examples of culture variations in both traditional and modern societies. Transfer Credit: CSU; UC.

ANTHROPOLOGY C120 3.0 Units
Introduction to Archeology
Advisory: ANTH C100
History, contemporary theory, field and lab methodology, and dating techniques in modern archaeology studied through Old and New World cultures. The emphasis will be on a conceptual approach to data interpretation. Transfer Credit: CSU; UC.
ANTHROPOLOGY C150 3.0 Units
World Cultures
This course surveys cultures providing a foundation for understanding current global developments and human behavior dynamics when encountering cultural differences. Emphasizes practical communication skills used in culturally diverse settings. Transfer Credit: CSU; UC.

ANTHROPOLOGY C185 3.0 Units
(Formerly Anthropology C110)
Physical Anthropology
This course provides students with an understanding of human evolution and diversity from a biological perspective. Students will explore the central patterns of anatomical, behavioral, and genetic similarities and differences among living primates and humans, in addition to reconstructing the evidence for human evolution found in the fossil record. Transfer Credit: CSU; UC.

ARABIC (ARAB) 5.0 Units

ARABIC C180 2.5 Units
Elementary Arabic 1
ARABIC C180 is an introductory course in Arabic. ARAB C180 introduces fundamental concepts of the standard, classical Arabic used as the lingua franca of some two dozen countries in the world. Comprehension of written and spoken Arabic will be emphasized, as will pronunciation and simple conversation. Study of the customs and cultures of the Arab peoples will enhance student's global awareness. ARAB C180A and C180B are equivalent to ARAB C180. Transfer Credit: CSU; UC.

ARABIC C180A 2.5 Units
Elementary Arabic 1A
ARABIC C180A is an introductory course in Arabic. ARAB C180A introduces fundamental concepts of the standard, classical Arabic used as the lingua franca of some two dozen countries in the world. Comprehension of written and spoken Arabic will be emphasized, as will pronunciation and simple conversation. Popular media and literary selections will be used to offer currency, and study of the customs and cultures of the Arab peoples will enhance student's global awareness. ARAB C180A is equivalent to the first half of ARAB C180. Transfer Credit: CSU; UC.

ARABIC C180B 2.5 Units
Elementary Arabic 1B
Prerequisite: ARAB C180A with a grade of C or better
ARAB C180B is a continuation of ARAB C180A. ARAB C180B enhances the fundamental abilities developed in ARAB C180A both to comprehend and converse in ordinary, standard classical/literary Arabic. Strengthens reading and writing skills through correspondence, popular media, and literary selections, while also noting customs and cultures of the Arabic-speaking world. ARAB C180B is equivalent to the second half of ARAB C180. Transfer Credit: CSU; UC.

ARABIC C182 3.0 Units
Conversational Arabic
Prerequisite: ARAB C180 or C180B with a grade of C or better
Conversational course emphasizing pronunciation, production, and comprehension of spoken standard Arabic, augmented by structures unique to colloquial dialects, such as Lebanese, Egyptian, Gulf, etc. and taught within the dynamic cultural context of the language of a major world civilization with contemporary influence and interest. Transfer Credit: CSU.

ARABIC C185 5.0 Units

ARABIC C185A 2.5 Units
Elementary Arabic 2A
Prerequisite: ARAB C185 or C185B with a grade of C or better
Advanced beginning course continuing ARAB C180 or C180B, emphasizing listening and reading comprehension, grammar, oral production, and writing skills in elementary standard classical/literary Arabic and introducing features of the life and culture associated with Arabic language and inherent in Arabic-speaking countries, including discussions of the cultural origins of linguistic expression and studies of systems of cultural transmission through the arts, sciences, and religion. Correspondence, popular media, and literary selections will be discussed and the philosophical bases of Arabic cultures surveyed. Transfer Credit: CSU; UC credit limitations (see counselor).

ARABIC C185B 2.5 Units
Elementary Arabic 2B
Prerequisite: ARAB C185A with a grade of C or better
Continuation of ARAB C185A. ARAB C185B continues to develop skills in reading, writing, and speaking literary (classical) Arabic. Basic grammar and vocabulary learned in first-year Arabic will be enhanced, and listening and speaking opportunities provided. Further practice and review will be encouraged with audiotapes and special readings. Listening assignments may be made. Short compositions, expository writings, and themed writings will be assigned. ARAB C185B is equivalent to the second half of ARAB C185. Transfer Credit: CSU; UC credit limitations (see counselor).

ARABIC C280A 2.0 Units
Intermediate Arabic 1A
Prerequisite: ARAB C185 or C185B with a grade of C or better
Intermediate course in Modern Standard Arabic which stresses reading, writing, listening, and speaking. Basic grammatical structures learned in beginning courses will be expanded and students will be able to communicate in the language in the past, present and future, answering questions, refuting statements and reporting information from another source. Students will be exposed to a greater amount of cultural information, watching movies, hearing songs, and listening to guest lecturers when available. ARAB C280A and C280B are equivalent to ARAB C280. Transfer Credit: CSU; UC. (Must be taken with C280B for UC credit.)
ARABIC C280B 2.0 Units
Intermediate Arabic 1B
Prerequisite: ARAB C280A with a grade of C or better

Continuing intermediate course in Modern Standard Arabic which stresses reading, writing, listening, and speaking. Basic grammatical structures learned in beginning courses will be expanded and students will be able to communicate in the language in the past, present and future, answering questions, refuting statements, and reporting information from another source. Students will be exposed to a greater amount of cultural information, watching movies, hearing songs, and listening to guest lecturers when available. ARAB C280A and C280B equal ARAB C280. Transfer Credit: CSU; UC. (Must be taken with C280A for UC credit.)

ARABIC C285A 2.0 Units
Intermediate Arabic 2A
Prerequisite: ARAB C280 or C280B with a grade of C or better

Beginning of the second half of the Intermediate Modern Standard Arabic series, which stresses reading, writing, listening, and speaking. Basic grammatical structures learned in beginning and early intermediate courses will be expanded, and students will be able to communicate in the language about the past, present, and future, answering questions, refuting statements, and reporting information from another source. Students will learn Arabic morphological structures in greater depth and will be exposed to a greater amount of cultural information, watching movies, hearing songs, and listening to guest lecturers when available. ARAB C285A and C285B equal ARAB C285. Transfer Credit: CSU; UC. (Must be taken with C285B for UC credit.)

ARABIC C285B 2.0 Units
Intermediate Arabic 2B
Prerequisite: ARAB C285A with a grade of C or better

Continuation of ARAB C285A, part of the Intermediate Modern Standard Arabic series, which stresses reading, writing, listening, and speaking. Basic grammatical structures learned in beginning and early intermediate courses will be expanded, and students will be able to communicate in the language about the past, present, and future, answering questions, refuting statements, and reporting information from another source. Students will learn Arabic morphological structures in greater depth and will be exposed to a greater amount of cultural information, watching movies, hearing songs, and listening to guest lecturers when available. ARAB C285A and C285B equal ARAB C285. Transfer Credit: CSU; UC. (Must be taken with C285A for UC credit.)

ART 125
2018/2019 CATALOG

ART (SEE ALSO DIGITAL GRAPHICS APPLICATIONS)

ART C100 3.0 Units
Survey of Art: Prehistory through Late Gothic
Advisory: Required for Art majors; Associate Degree credit course

This course provides an overview of art and architecture from prehistory up to the Late Gothic period. Transfer Credit: CSU; UC.

ART C101 3.0 Units
Survey of Art: Renaissance to Contemporary
Advisory: Required for Art majors; Associate Degree credit course

A multi-cultural survey of art beginning with the Renaissance period through contemporary art. Illustrated lectures, reading, and study of current exhibits. Transfer Credit: CSU; UC.

ART C102 3.0 Units
Contemporary Art History
Advisory: ART C100 and C101 or knowledge of art historical movements

This is a slide/lecture course dealing with the nature of twentieth century art and its origins in the late nineteenth century. Emphasis is placed on examining how art reflects history from the perspective of Eastern and Western Civilization, how style communicates the ideas of the artist and his/her society, and how symbols, techniques, materials and subject matter are used and expanded in Impressionism and Post-Impressionist artistic expression. Transfer Credit: CSU; UC.

ART C103 3.0 Units
History of Asian Art
Advisory: ART C100 and C101

A survey of the major Asian cultures focusing on India, China, Japan, Southeast Asia, the Islamic World, and those areas under the sphere of influence. Class covers major religious (Buddhist, Hindu, Shinto, Islam, etc.), philosophical (Confucian, Daoist, etc.), and political currents that affected artistic production in these religions. Discussion of major art forms includes media and their uses, including painting, printmaking, sculpture, architecture, and the so-called “minor arts.” Also, contemporary trends in Asian art, Western influence and borrowing, Asian art in Southern California, and local sites for “experiencing” Asian traditions/culture. Transfer Credit: CSU; UC.

ART C104 3.0 Units
The History of Impressionist and Post-Impressionist Art
Advisory: ART C100 and/or C101 or knowledge of art historical movements

This is a slide/lecture course dealing with the culture and nature of the Impressionist and Post-Impressionist art movements that began in France in the late 19th Century and continued into the early 20th century. Emphasis is placed on examining how art reflects history from the perspective of both Eastern and Western Civilization, in particular how 19th century Japanese art and culture helped form Impressionism, how style communicates the ideas of the artist and his/her society, and how symbols, techniques, materials and subject matter are used and expanded in Impressionist and Post-Impressionist artistic expression. Transfer Credit: CSU; UC.

ART C105 3.0 Units
Introduction to Art
Advisory: ART C100 and C101 or knowledge of art historical movements

This course provides an introduction to art from prehistoric times to the present. While examining the role that the visual arts play in the historical development of world cultures, the student will study a wide variety of artistic media, such as architecture, painting, drawing, sculpture, graphic design, and photography. This course will also examine the visual elements, such as line, color and texture, and explore the principles of design, such as unity and balance to discover how they communicate ideas. Transfer Credit: CSU; UC.

ART C106 3.0 Units
Art Gallery Production and Portfolio Design
Advisory: Required for Art majors; Associate Degree credit course

Students will develop skills and knowledge related to gallery management and design, art careers and portfolio design. Transfer Credit: CSU.

ART C107 3.0 Units
The History and Appreciation of Italian Renaissance Art
Advisory: ART C101

A multicultural survey of Italian art from the end of the Gothic period through the Renaissance. Discussion of major art forms from the period, including painting, sculpture, and architecture. The multicultural influences that formed Italian Renaissance art will be examined. Emphasis will be placed upon how Renaissance art reflected the culture in terms of symbols, techniques, materials, and subject matter. Also included in the course content is an examination of how Renaissance ideas influenced and formed other European cultures and the subsequent Baroque era. Illustrated lecture, reading, assignments and study of related exhibitions. Transfer Credit: CSU; UC.
ART C110 3.0 Units
Color and Design: 2D
In this course students will develop and apply design skills using the visual elements and principles of two-dimensional design. They will use the creative process as both viewers and designers, solve visual problems, and create authentic designs using black and white and color media. Students will also study design in historical, social, and multi-cultural contexts. For general education and Art/Design majors. Transfer Credit: CSU; UC.

ART C110A 1.5 Units
Color and Design: 2D
The first half of a two-part course in color and design. Students will develop design skills by using the visual elements and principles of two-dimensional design. They will use the creative process as both viewers and designers, solve visual problems and create authentic designs using black-and-white and color media, and study design in historical, social, and multi-cultural contexts. For general education and Art/Design majors. Transfer Credit: CSU; UC.

ART C110B 1.5 Units
Color and Design: 2D
Advisory: ART C110A
The second half of a two part course in color and design. Students will apply learned design skills using the visual elements and principles of two-dimensional design. They will use the creative process as both viewers and designers to solve advanced visual problems and create authentic designs using black and white and color media. Students will also study design in historical, social, and multi-cultural contexts. For general education and Art/Design majors. Transfer Credit: CSU; UC.

ART C111 3.0 Units
Color and Design: 3-D
This course explores three-dimensional forms, space manipulation, and color interactions for both fine and commercial art applications. Through the use of a variety of traditional and contemporary materials and tools, students will learn how to generate effective 3-D design presentations. Awareness of the creative process for viewer and artist is emphasized as well as formal analysis of both professional and student works through written and verbal critiques. Included is a survey of 3-D design in historical, social, and multi-cultural contexts. Generation of authentic prototypes using learned art elements, including new technologies, will be stressed for General Education and Art/Design majors. Transfer Credit: CSU; UC.

ART C120 3.0 Units
Drawing 1
A drawing course for the beginning and intermediate student that includes the basic elements of shape, volume, and perspective. The technical application of diverse drawing materials will include charcoal, graphite, ink, and colored media to create illusionistic space and form. Transfer Credit: CSU; UC.

ART C120A 1.5 Units
Drawing 1A
First segment of a two-part course in beginning drawing emphasizing composition and proportion and basic elements of shape, volume, and perspective. Introduces usage of line, texture, and various methods of shading to create illusionistic space and form. Transfer Credit: CSU; UC.

ART C120B 1.5 Units
Drawing 1B
Advisory: ART C120A
Second segment of a two-part course in beginning drawing emphasizing composition, proportion, basic elements of shape, volume, and perspective. Introduces working in diverse drawing materials to include black and white and colored media to create illusionistic space and form. Transfer Credit: CSU; UC.

ART C121 3.0 Units
Life Drawing 1
Advisory: ART C110A or C120A
A comprehensive course in beginning drawing from the model. Involves the student in working from observation, emphasizing composition, proportion, and anatomy, using line, texture, value, modeling, gesture, and contour drawing principles. Includes the technical application of diverse drawing materials and techniques. The concept and reactive process of making art will be examined in historical and multi-cultural contexts. This course is required for art majors and includes written and verbal critique and analysis. Transfer Credit: CSU; UC.

ART C122 3.0 Units
Painting 1
Advisory: ART C110A and C120
A comprehensive course in beginning painting. Includes lecture and exploration of both historical and contemporary painting. The concept and creative process of making art will be examined in historical and multi-cultural contexts. This course is required for Art Majors and includes written and verbal critique and analysis. Transfer Credit: CSU; UC.

ART C122A 1.5 Units
Painting 1A
Advisory: ART C120A and C120B
First segment of a two-part course in beginning painting. Involves the student in selection of image, color theory and color mixing, methods, materials, and techniques of painting, with emphasis in oil and acrylic painting. The concept and creative process of making art will be examined in historical and multicultural contexts. This course is required for all Art majors and includes written and verbal critiques. Transfer Credit: CSU; UC.

ART C122B 1.5 Units
Painting 1B
Advisory: ART C122A
Second segment of a two-part course in beginning painting. Involves the student in selection of image, color theory and color mixing, methods, materials, and techniques of painting, with emphasis in oil and acrylic painting. The concept and creative process of making art will be examined in historical and multicultural contexts. This course is required for all Art majors and includes written and verbal critiques. Transfer Credit: CSU; UC.

ART C127 2.0 Units
Introduction to Portrait Drawing and Painting
Advisory: ART C120 and C122
Introduces the fundamentals of drawing and painting the head and upper torso in various drawing media as well as oil or acrylic painting. Includes lecture and exploration of both historical and contemporary portraiture to produce naturalistic and abstracted work. Also explores how palette and composition work within the medium. Emphasizes awareness of the creative process and includes individual and group critiques. Transfer Credit: CSU; UC.

ART C129 3.0 Units
Abstract Painting
Advisory: ART C120 and ART C122
A painting course for the Intermediate and advanced student to creatively investigate the spectrum of historical and modern abstract and non-objective painting styles and methods. Both traditional and non-traditional materials will be used to explore the principles of abstraction. Specific steps to develop an authentic style of original abstract painting will be presented. Transfer Credit: CSU; UC.

ART C130 3.0 Units
Experimental Drawing
Advisory: ART C110A, C120
A drawing course for the intermediate and advanced student to expand expressive and conceptual content beyond basic traditional drawing techniques. Uses both traditional and non-traditional materials as well as contemporary media to explore the parameters of drawing. Specific steps to develop an authentic style in drawing will be explored. Transfer Credit: CSU; UC.

ART C131 2.0 Units
Chinese Brush Painting Teaching Techniques I
This course is designed to train students, artists, or teachers to learn how to share the technique of this ancient dynamic form of art. The class will focus on learning the materials: paper, colors, and brushes. It will offer techniques on brush strokes used for line; texture; shading; and Washes on flowers, animals, and scenery. It will show methods of critique in design and composition. It will prepare students to teach brush painting at various levels. Transfer Credit: CSU.
ART C132 1.5 Units  
Beginning Brush Painting (Flower)  
Study the concepts in the significance of paper and brush and the history and folklore of floral studies. Learn the brush strokes used for line, texture, shading, and wash to capture the beauty of flowers. Transfer Credit: CSU.

ART C133 2.0 Units  
Chinese Landscape Painting 1  
Learn the brush strokes used for line, texture, shading, and wash to capture the beauty of forests, mountains, and water. Students will learn the stroke to do design, composition, and the enchanting background of each subject. Travel in spirit to the land of Shangri-La and explore history and folklore. Transfer Credit: CSU.

ART C134 2.0 Units  
Painting Creatures 1  
Learn the brush strokes used for line, texture, shading, and wash to capture the beauty of animals. Students will learn the strokes to do design and composition, the enchanting background of each subject, and their spiritual meaning in Chinese culture. Explore history and land of animals, birds, and marine life. Transfer Credit: CSU.

ART C135 2.0 Units  
Survey of Chinese Brush Painting  
Focus on Chinese culture through hands-on practice of brush strokes. Designed to lead a beginner from how to hold a brush to producing finished compositions in floral, animals and landscape. Detailed instructions on the use of materials, colors, brushes, the rice paper, seals, and Chinese mounting technique. Transfer Credit: CSU; UC.

ART C136 1.5 Units  
Chinese Brush Painting 1  
Study the essence of Chinese culture. Basic introduction to Chinese brush, ink, and colors. Concepts in design and composition between the Eastern and Western philosophy. Subjects: floral, animal, and landscape studies. Includes techniques in mounting. Transfer Credit: CSU; UC.

ART C137 2.0 Units  
History and Appreciation of Chinese Art and Culture  
Advisory: Completion of one semester of Chinese brush painting  
A survey of the history, culture, and development of Chinese painting, and calligraphy with an overview, and critique of the works of master painters from each Chinese dynasty. Course includes nature study techniques and skills related to picture formation and composition. Emphasis on calligraphy strokes pertinent to brush painting. Transfer Credit: CSU; UC.

ART C138 1.5 Units  
Watercolors with Oriental Brush  
Learn the variety of brushes used for line, texture, shading and washes, and how to deliver strokes with dynamic vitality. Composition includes flower, landscape, animal, and abstract expressions. Transfer Credit: CSU.

ART C139 1.5 Units  
Watercolors on Rice Paper  
Rice paper offers unique potential for watercolors through its absorbency. Learn which colors are most effective on rice paper and the merit and usage of raw and sized rice paper. Learn how to achieve color intensity and contrast and harmony and how to apply even wash for gradation of shades. Learn how to create special effects and texture through this remarkable handmade paper. Transfer Credit: CSU.

ART C140 3.0 Units  
Advanced Drawing  
Advisory: ART C120  
Designed as a continuation of Art C120, this course will emphasize advanced artistic concepts, styles, and creative expression for intermediate and advanced students using a variety of drawing mediums, techniques, and methodologies. Transfer Credit: CSU; UC.

ART C142 3.0 Units  
Painting 2  
Advisory: ART C122  
Designed as a continuation of Art C122 for the intermediate and advanced painting student, this course emphasizes creative and interpretive expression in oil, acrylic painting, and non-traditional media. Includes awareness of the creative process, exploration of historical and contemporary issues in art, and advanced artistic concepts. Transfer Credit: CSU; UC.

ART C147A 3.0 Units  
Jewelry 1  
This course explores jewelry making, space manipulation, surface treatment, and color interactions with an emphasis on jewelry design presentation, through the use of a variety of materials and tools. Awareness of the creative process for viewer and artist is emphasized as well as formal analysis for both cultural, professional, and student works through written and verbal critiques. Generation of authentic designs utilizing learned art elements will be stressed for General Education and visual design majors. Transfer Credit: CSU.

ART C150 3.0 Units  
Ceramics 1  
Introduces hand-building techniques of pinch, coil, slab, and simple mold construction used in the design, forming, glazing, and firing of ceramic materials. Introduces historical, philosophical, and contemporary analysis of ceramics as an art form. Lecture/lab. Transfer Credit: CSU.

ART C151 3.0 Units  
Ceramics 2  
Advisory: ART C150  
Introduces use of the potter’s wheel for forming utilitarian and sculptural vessels. Expanded analysis of the historical foundation and contemporary context of ceramics as an art form. Kiln loading and firing will be introduced. Lecture/lab. Transfer Credit: CSU.

ART C174 3.0 Units  
Narrative Painting  
Advisory: ART C224  
This is a painting course in which the figure is used in a context to tell a story. Students learn to utilize the skills learned in figure painting to portray or suggest actual and metaphoric situations. The content of the painting is the focus of the students’ creative explorations using personal, historic, psychological, and symbolic subject matter to express an idea. Transfer Credit: CSU.

ART C190 3.0 Units  
Multimedia with Painter 6.0  
Prerequisite: ART C202  
Experience Painter’s infinite paint box. Use Photoshop’s filters in conjunction with 3D textures, plus a vast array of media to manipulate photographs or create fine art and drawings from scratch. Design webpages, create interface designs, and learn to use Painter on the World Wide Web. Transfer Credit: CSU.

ART C205 3.0 Units  
Digital Design with Painter and Photoshop  
This course will emphasize the use of the computer as an additional medium with which to create images. The extensive drawing and digital image manipulation capabilities of the computer will be explored through the use and integration of images created in Corel Painter and Adobe Photoshop. Projects assigned will use the capabilities of each program as well as the integration properties of both. Transfer Credit: CSU.

ART C212 3.0 Units  
Creative Photoshop for Digital Photographs  
Work with award winning Photography professionals to build an exciting portfolio using Adobe’s Creative Suite Photoshop. Learn digital camera design features and work with Camera Raw images. Learn how to integrate dynamic Photoshop images with other Creative Suite software, such as Illustrator for dynamic Type Design, and InDesign for book layouts, and uploading your images to the Web for display. Transfer Credit: CSU.

ART C240  1.5 Units
Mixed Media Techniques
Advisory: ART C110, C122 or C122B, C229
This course will emphasize the creative process in 2-D and 3-D art by the combining of two or more media in a work of art. Both traditional and experimental techniques, methods, and materials will be explored. Transfer Credit: CSU; UC.

ART C242  3.0 Units
Expressive Painting
Advisory: ART C120A and C122A
A painting course in oil and acrylic, for the intermediate and advanced student, to expand expressive and conceptual content, beyond basic traditional painting techniques. Emphasis is on developing the specific skills and techniques relating to both contemporary and historical Expressionist painting from the late 19th and 20th century. This course will include both written and verbal critique and analysis and developing your original voice as an artist will be emphasized. Transfer Credit: CSU.

ART C261  3.0 Units
The History of Tuscan Art Part 1, From the Etruscan through the Early Renaissance
Advisory: ART C100
A multicultural survey of Tuscan Art from the prehistoric Etruscan period through the Ancient Roman, Byzantine, Medieval, and Early Renaissance periods. Discussion of major art forms from the periods, including painting, sculpture, and architecture. The multicultural influences that formed pre-modern Tuscan Art will be examined. Emphasis will be placed upon how Tuscan Art reflected the period culture in terms of symbols, techniques, materials, and subject matter. Included in the course content is an examination of how Tuscan Art influenced and formed other European and Middle Eastern cultures. Illustrated lectures, field trips, reading, and study of related exhibitions. Transfer Credit: CSU; UC.

ART C262  3.0 Units
The History of Tuscan Art Part 2, From the Renaissance through the Modern Era
Advisory: ART C101
A multicultural survey of Tuscan Art from the Renaissance through the Modern Era. Discussion of major art forms from the periods, including painting, sculpture, and architecture. The multicultural influences that formed Tuscan Art will be examined. Emphasis will be placed upon how Tuscan Art reflected the culture in terms of symbols, techniques, materials, and subject matter. Included in the course content is an examination of how Tuscan Art influenced and formed other European and Middle Eastern cultures. Illustrated lectures, field trips, reading, and study of related exhibitions. Transfer Credit: CSU; UC.

ART C263  3.0 Units
Watercolor 1
Advisory: ART C120
A comprehensive course in watercolor painting with lectures and demonstrations. Includes the history of watercolor painting and its relevance to society. Involves the student in selection of subject matter, color, materials and tools, basic and advanced techniques and methods, composition, and design concepts for effective painting, as well as student analysis and evaluation of watercolor masterworks. Transfer credit: CSU; UC.

ART C265  3.0 Units
Methods and Materials of Italian Masterworks
Advisory: ART C120A
A multicultural, multi-century survey of Italian art masterpieces with emphasis on the process of how the work was created and by whom. Includes exposure to a selection of the fine art techniques used in mural, fresco, egg tempera and oil painting, Renaissance drawing, mosaic-making, illuminated manuscript-making, ivory carving, and sculpture. Contains a studio art component: students will undertake some projects related to techniques studied. Prior art study not required. Transfer Credit: CSU; UC.

ASTRONOMY (ASTR)  3.0 Units
Introduction to Astronomy
Origin; characteristics; and evolution of the solar system, the stars, the galaxies, and the universe. Historical milestones in the science of astronomy from ancient astronomers to current topics such as dark energy, dark matter, and cosmology. Transfer Credit: CSU; UC.

ASTRONOMY C100L  1.0 Unit
Astronomy Laboratory
Prerequisite: ASTR C100 with a grade of C or better or concurrent enrollment in ASTR C100 and ASTR C102. Essential laboratory work to accompany ASTR C100. Students will use state-of-the-art equipment. Transfer Credit: CSU; UC.

ASTRONOMY C101  3.0 Units
Planetary Astronomy
Advisory: ASTR C100
An introduction to the origin and evolution of the universe with emphasis on the major cosmological models. Galaxy types, galaxy evolution, clustering, gravitational lensing, non-luminous (dark) matter, and the cosmological constant (dark energy) will be studied. An overview of relevant particle physics and special and general relativity will be included. Transfer Credit: CSU; UC.

ASTRONOMY C102  3.0 Units
Stellar Astronomy
Advisory: ASTR C100
A detailed study of the formation, structure, and evolution of the sun and stars, including an overview of binary systems, variable stars, Supernovae Types I & II, white dwarfs, neutron stars, black holes, and other stellar phenomena. A survey of particle physics and special and general relativity will also be included. Transfer Credit: CSU; UC.

ASTRONOMY C103  3.0 Units
Cosmology
Prerequisite: ASTR C100 or C102 with a grade of C or better
An introduction to the origin and evolution of the universe with emphasis on the major cosmological models. Galaxy types, galaxy evolution, clustering, gravitational lensing, non-luminous (dark) matter, and the cosmological constant (dark energy) will be studied. An overview of relevant particle physics and special and general relativity will be included. Transfer Credit: CSU; UC.

ASTRONOMY C104  3.0 Units
Tools of Astronomy
Advisory: ASTR C100
A coherent state-of-the-art account of the instruments and techniques used in astronomy and astrophysics today. This includes telescopes and their instrumentation, as applicable to different wavelength ranges in the electromagnetic spectrum as well as other “windows” like, e.g. cosmic ray or neutrino detectors, and gravitational wave detectors. Field trips to major astronomical observatories are included. Transfer Credit: CSU.

BIOLOGY (BIOL)  3.0 Units
Introduction to Biology
Biology for non-science majors. A general study of the basic concepts of biology, including the human body and the environment. Emphasis on the characteristics of plant and animal life, human body systems, health, genetics, and the interaction of organisms in their environment. Transfer Credit: CSU; UC.

BIOLOGY C100C  4.0 Units
Introduction to Biology Lecture/Lab
A general study of the basic concepts of biology, including the human body and the environment. Emphasis on the characteristics of plant and animal life, human body systems, health, genetics, and the interaction of organisms in their environment. This lecture and lab course is suitable as a general education elective for non-science majors. Course combines content from BIOL C100 and BIOL C100L. Transfer Credit: CSU; UC credit limitations (see counselor).
COASTLINE COMMUNITY COLLEGE  www.coastline.edu

BIOLOGY C100L 1.0 Unit
(Formerly Biology C101)
Introduction to Biology Lab
Prerequisite: BIOL C100 with a grade of C or better or concurrent enrollment
Biology lab for non-science majors. A general study of plant and animal life processes to acquaint the non-biology major with basic biological concepts and instruments in the laboratory. Transfer Credit: CSU; UC credit limitations (see counselor).

BIOLOGY C102 3.0 Units
Introduction to the Concepts of Anatomy and Physiology
Advisory: ENGL C100
This lecture-only course provides a general overview of the anatomy and physiology of the eleven human body systems. It is designed for the student with little or no biological background who would like to learn more about the structure and function of the human body, including anatomical and physiological terminology, the student who would like a preparatory course before embarking on the more advanced anatomy and physiology courses, and the student interested in the Health and Fitness major. Transfer Credit: CSU; UC (see counselor).

BIOLOGY C103 3.0 Units
Introduction to Marine Science
(Same as Marine Science C100)
A general study of the marine environment. Examines the chemical, biological, and geological properties of the sea; the sea as a natural resource; and its geo-political and economic impact. Transfer Credit: CSU; UC.

BIOLOGY C1003L 1.0 Unit
Marine Sciences Lab
Prerequisite: BIOL C103 or concurrent enrollment
(Same as Marine Science C100L)
An orientation to marine science research process, techniques, equipment, institutions, and training/education centers. Investigations of physical and chemical properties of the sea; conditions of the air/sea/land interface; review of biological taxonomy and classification; and study of longitude, latitude, ocean basin geography, and geology. Evaluation of the sea as a physical, chemical, biological, and recreational resource. Analyses of human efforts to control pollution, manage fisheries, and monitor the ocean world. Transfer Credit: CSU; UC.

BIOLOGY C104 3.0 Units
Medical Terminology for Health Professionals
This course introduces students to the subject of Medical Terminology and prepares them for all careers in the medical field. It covers the study of the basic elements of medical terms as well as the basic anatomy and physiology of the human body. In addition, it covers the medical terms used to describe different pathological conditions, diagnostic tests, and therapeutic procedures. Transfer Credit: CSU.

BIOLOGY C106 3.0 Units
Human Ecology
(Same as Ecology C100)
Provides students with an understanding of the biological implications of man’s interplay with the planet. The course is focused on the biological prospects of the future as viewed by examining the biosphere and biogeochemical cycles. Future predictions and current topics will be analyzed in relationship to planet management. Transfer Credit: CSU.

BIOLOGY C120 3.0 Units
Medical Terminology
This course will explore normal vs. abnormal changes in aging and the human ability to adapt. Each body system will be reviewed, focusing on how age changes relate to the development of disorders, and disease in later life. Methods of assisting older persons in adapting to acute and chronic illness and in health promotion and maintenance will be discussed. Transfer Credit: CSU.

BIOLOGY C180 4.0 Units
Cell and Molecular Biology
Prerequisite: CHEM C180 with a grade of C or better or equivalent
Advisory: Eligibility for ENGL C100
This course, intended for biological sciences and pre-health profession majors, explores principles and applications in cell and molecular biology. Topics include biological molecules; homeostasis; viruses; eukaryotic/prokaryotic cell structure and function; cell metabolism, including photosynthesis and respiration; cell communication; cell reproduction and its controls; classical (Mendelian) genetics; molecular genetics; and biotechnology. Transfer Credit: CSU; UC. C-ID: BIOL 190.

BIOLOGY C185 5.0 Units
Diversity of Organisms
Prerequisite: BIOL C180 with a grade of C or better
This course is a survey of the basic biology and diversity of unicellular and multicellular organisms. It emphasizes general biological principles, such as classification, structure, function, evolution, and environmental interactions. Topics include morphological and molecular phylogeny, comparative anatomy, physiology, development, evolution, taxonomy, behavior, and ecology. Designed for biological science majors. Transfer Credit: CSU; UC. C-ID: BIOL 140.

BIOLOGY C200 3.0 Units
Pharmacology
Prerequisite: BIOL C225 with a grade of C or better
Advisory: CHEM C110; eligibility for ENGL C100
Basic principles of pharmacology; classification of drugs, methods, and routes of administration, distribution, absorption, excretion; desired and toxic effects; indication and contraindication for use. Transfer Credit: CSU.

BIOLOGY C210 5.0 Units
General Microbiology
Advisory: CHEM C110
Major concepts of microbiology are discussed as they relate to the principal classes of microorganisms: bacteria, fungi, algae, protozoa, and viruses. Topics covered include 1) functional anatomy of prokaryotes and eukaryotes, 2) microbial metabolism and genetics, 3) characteristics and control of microbial growth, 4) microbial taxonomy and methods of microbial classification, 5) host-microbe interactions, 6) mechanisms of microbial pathogenicity, 7) immunology, 8) biotechnology and human infectious diseases. The laboratory focuses on methods for identifying and characterizing microbes, including aseptic technique, microscopy, staining, cultivation, molecular biology, and bioinformatics. Both lecture and laboratory content relate to general and clinical applications. Transfer Credit: CSU; UC.

BIOLOGY C211 3.0 Units
General Microbiology Lecture
Advisory: BIOL C100, CHEM C110, eligibility for ENGL C100
Major concepts of microbiology are discussed as they relate to the principal classes of microorganisms: bacteria, fungi, algae, protozoa, and viruses. Topics covered include 1) functional anatomy of prokaryotes and eukaryotes, 2) microbial metabolism and genetics, 3) characteristics and control of microbial growth, 4) microbial taxonomy and methods of microbial classification, 5) host-microbe interactions, 6) mechanisms of microbial pathogenicity, 7) immunology, 8) biotechnology and human infectious diseases. This course covers the lecture content in BIOL C210. Transfer Credit: CSU; UC credit limitations (see counselor).
BIOLOGY C211L 2.0 Units
General Microbiology Lab
Prerequisite: BIOL C211 with a grade of C or better or concurrent enrollment
Laboratory focuses on methods for identifying and characterizing microbes, including aseptic technique, microscopy, staining, cultivation, molecular biology and bioinformatics. This course covers the laboratory content in BIOL C210 and is meant to be taken with BIOL C211, the General Microbiology lecture. Transfer Credit: CSU; UC credit limitations (see counselor).

BIOLOGY C220 5.0 Units
(Formerly Biology C170)
Human Anatomy
Advisory: BIOL C100, ENGL C100, and MATH C100
Introduction to the structure and design of the human body. Includes structural components, spatial relationships, and body system interactions. Students participate in the laboratory, which will include dissections. Appropriate for students interested in human anatomy and in pursuing a health field pathway; satisfies requirements for nursing, physician assistant, occupational therapy, physical therapy, pharmacy majors, kinesiology majors, medical, dental, and other health field programs. Transfer Credit: CSU; UC. C-ID: BIOL 110 B.

BIOLOGY C221 4.0 Units
(Formerly Biology C105)
Introduction to Anatomy and Physiology
This course with laboratory introduces students to the subject of Anatomy and Physiology of the human body. It highlights the interaction between different body systems to maintain homeostasis. This course prepares students for many programs in the medical field. Transfer Credit: CSU; UC credit limitations (see counselor).

BIOLOGY C225 4.0 Units
(Formerly Biology C175)
Human Physiology
Prerequisite: BIOL C220 and CHEM C110, or C130, or C180 with a grade of C or better; or concurrent enrollment
Emphasis is on integration of body systems and the interrelationships for maintaining body homeostasis. This course is designed for pre-medical health field majors, including the pre-nursing, pre-physical therapy, pre-occupational therapy, pre-pharmacy, pre-physician assistant, pre-dental, and pre-medical student. Transfer Credit: CSU; UC. C-ID: BIOL 120 B.

BIOLOGY C282 2.0 Units
Molecular Biology
Prerequisite: BIOL C281 with a grade of C or better
Advisory: BIOL C180
An introduction to molecular biology, emphasizing gene structure and function. This course serves to satisfy transfer requirements for biology majors. Transfer Credit: CSU; UC.

BIOLOGY C283 4.0 Units
Genetics
Prerequisite: BIOL C180 and CHEM C180 or C185 with a grade of C or better
This course covers the principles of Mendelian and non-Mendelian inheritance, eukaryotic and prokaryotic gene transmission, replication, mutation, recombination, gene expression and regulation, cell division, meiosis, human genetic diseases, and ethical implications of genetics. Emphasis is placed on problem solving. Transfer Credit: CSU; UC.

BIOLOGY C281 4.0 Units
Molecular Biology
Prerequisite: BIOL C281 with a grade of C or better
Advisory: BIOL C180
An introduction to molecular biology, emphasizing gene structure and function. This course serves to satisfy transfer requirements for biology majors. Transfer Credit: CSU; UC.

BIOLOGY C291 1.0 Unit
Work Based Learning
Prerequisite: Complete 5.0 Units in Biology at Coastline prior to work experience. Instructor permission required. Be employed or volunteer in a biology-related setting for 5 hours per week per unit of credit. Course is designed to provide students with real-life experiences in Biological Science. On-campus work consists of instruction and experience in the maintenance and operation of equipment and materials used in the Biology Department. Students complete research projects that align with STEM fields in cooperation with an internship in which the student is employed, or serves as a volunteer, in a biology-related setting (e.g., hospital, lab, museum, park) under the supervision of a qualified professional or faculty member. Transfer Credit: CSU.

BIOLOGY C292 2.0 Units
Work Based Learning
Prerequisite: Complete 5.0 Units in Biology at Coastline prior to work experience. Instructor permission required. Be employed or volunteer in a biology-related setting for 5 hours per week per unit of credit. Course is designed to provide students with real-life experiences in Biological Science. On-campus work consists of instruction and experience in the maintenance and operation of equipment and materials used in the Biology Department. Students complete research projects that align with STEM fields in cooperation with an internship in which the student is employed, or serves as a volunteer, in a biology-related setting (e.g., hospital, lab, museum, park) under the supervision of a qualified professional or faculty member. Transfer Credit: CSU.

BIOTECHNOLOGY (BIOT)

BIOTECHNOLOGY C100 4.0 Units
Introduction to Biological Technology Skills
Advisory: Successful completion of a math class at least at the MATH C030 level
A course designed to equip students with fundamental biological laboratory skills needed in a biotechnology laboratory. Students will learn good laboratory practices and current good manufacturing practices, participate in group meetings, receive laboratory projects, and use equipment similar to those found in biotechnology laboratories. Skills include proper industry laboratory notebook preparation, laboratory safety, and DNA manipulation, bacterial handling for cloning, sterile technique, media preparation, and quality control protocols. Internet projects assigned to enhance learning of theory and methods. Transfer Credit: CSU.

BIOTECHNOLOGY C105 4.0 Units
Biological Technology Skills II
Prerequisite: BIOT C100 with a grade of C or better
A course in advanced biological laboratory techniques used in the biotechnology industry, with an emphasis on protein detection and analysis. Protein techniques include polyacrylamide gel electrophoresis, ELISA, Bradford assay, horizontal electrophoresis, column chromatography, Western blot, GFP characterization, affinity column, dialysis, protein standard curve, sonication, ion exchange column purification, and fraction analysis. DNA techniques include PCR, restriction digests, DNA purification, and Southern blot. Students will learn to use a spectrophotometer, plot standard curves, and use a microplate reader. Internet projects assigned to enhance learning of theory and methods (virtual DNA sequencing, reading output from a DNA sequence, and entering sequences in BLAST database for DNA sequence comparison). Transfer Credit: CSU.
BIOTECHNOLOGY C110 3.0 Units
Overview of Quality Assurance and Medical Devices
An overview of quality assurance systems used in the biotechnology industry, organizational functions, engineering technology, analysis, and application in an FDA regulated industry. Emphasizes the importance of adequate lot control, process and product, and record keeping. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY (BCT)

BUILDING CODES TECHNOLOGY C251 3.0 Units
Introduction to Green Building
An overview of the entire process of green building, covering the theory, history, state of the industry, and best practices in green building. The course will provide an introduction to green building programs, such as LEED assessment system, Build It Green, Green Globes and other standards, such as ICC 700 and the State of California Green Building Code. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY C281 1.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Building Codes Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Building Codes Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Building Codes Technology. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Building Codes Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Building Codes Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Building Codes Technology. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Building Codes Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Building Codes Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Building Codes Technology. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Building Codes Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Building Codes Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Building Codes Technology. Transfer Credit: CSU.

BUILDING CODES TECHNOLOGY C300 3.0 Units
Introduction to the International Building Code
The student will gain insight into building laws founded on broad-based performance principles and will become familiar with the proper use of the International Building Code. This includes administrative, occupancy, types of construction, materials, fire resistive standards, exiting, and detailed regulating provisions of the document.

BUILDING CODES TECHNOLOGY C301 3.0 Units
Residential/Construction Blueprint Reading
An introduction to residential/commercial construction, this course is designed to provide you with foundational knowledge and with enough practice at reading blueprints to get you started. It is a guide to understanding the drawings used in the major construction trades, including carpentry, electrical, plumbing, heating, and air conditioning. The course includes information for styles of building from small-scale residential to large-scale commercial.

BUILDING CODES TECHNOLOGY C302 3.0 Units
California Administrative Code (Title 24)
Applies the California Code of Regulations (Title 24) as it pertains to various types of buildings. Special emphasis will be placed on California State energy regulations, building modifications for the disabled for accessibility, and includes an introduction to the California State Green Building codes.

BUILDING CODES TECHNOLOGY C303 3.0 Units
Non-Structural Provisions of Building Codes
Advisory: BCT C300
A comprehensive course designed to give the student an understanding of the non-structural provisions of the International Building Code. Important aspects of this course are regulation of building areas, heights, location on property, fire resistance rated materials, fire suppression systems, and the means of egress of buildings.

BUILDING CODES TECHNOLOGY C304 3.0 Units
Concrete Codes
Advisory: BCT C300
Students who are preparing for a career in Building Code Technology or concrete specialty inspection and who want to learn more about code requirements for concrete construction will find this course a major learning asset. Every aspect of construction will have some sort of concrete placement. This fundamental course will provide the student with basic knowledge through advanced practices and procedures of the concrete industry.

BUILDING CODES TECHNOLOGY C305 3.0 Units
Framing Requirements of Building Code
Advisory: BCT C300
This class will concentrate on the International Building Code chapters concerning, wood and steel framing, roofing and reroofing, drywall, stucco, plaster, plastics, soil classification, and foundation investigation.

BUILDING CODES TECHNOLOGY C306 3.0 Units
Electrical Code
Basic safety and the use of electricity. Includes basic wiring methods used in residential and commercial buildings in conjunction with the latest edition of the National Electrical Code. Application of the principles of inspection with details of electrical construction.

BUILDING CODES TECHNOLOGY C307 3.0 Units
Mechanical Code
Interpretation of the Uniform Mechanical Code as it pertains to heating and air conditioning installations; includes venting, heater and air conditioning selection, gas, electrical, and applicable State Green Building codes.
BUSINESS C007 3.0 Units

Business Mathematics

Business Mathematics provides a practical, up-to-date coverage of widely-used topics in business, including basic math, bank services, payroll, discounts and markups, simple and compound interest, stocks and bonds, consumer loans, taxes and insurance, depreciation, financial statements, and business statistics. (NOT DEGREE APPLICABLE.)

BUSINESS C100 3.0 Units

Introduction to Business

Introduction to Business is an introductory course that defines and applies the fundamental principles of economics, management, ethics, leadership, marketing, management information systems (MIS), accounting, and finance to the current business environment. The course will help students develop skills in business specialization and will provide the foundation for future study of business and management. It presents an in-depth examination of elements of contemporary business, from the Internet functions to the challenges of business on an international scale. Transfer Credit: CSU; UC. C-ID: BUS 110.

BUSINESS C101 3.0 Units

Introduction to Project Management

The introduction to Project Management class is designed to provide students with an overview of the concepts, tools, and techniques of formal project management. Concepts and methods learned are immediately usable in the workplace, leading to a greater retention of newly acquired skills, measurable project improvements, and the achievement of desired project results. The class focuses on key concepts in each of the process and knowledge areas of project management to create a unique learning environment that prepares students to manage projects in a global, multicultural, and online environment. Transfer Credit: CSU.

BUSINESS C102 3.0 Units

Advanced Project Management

The Advanced Project Management (PMP) class is designed to give students a solid foundation in the concepts, tools, and techniques of formal project management. Concepts and methods learned are immediately usable in the workplace, leading to a greater retention of newly acquired skills, measurable project improvements, and the achievement of desired project results. The focus of the class is key concepts in each of the process and knowledge areas of project management. This course also helps the student to prepare for the Project Management Professional (PMP) certification exam. Transfer Credit: CSU.

BUSINESS C103 3.0 Units

Project Management Professional Certification Review

This course is designed to assist students in preparing for the PMP certification exam given by the Project Management Institute (PMI). The topics include the project management processes and skills and professional responsibility. The class will focus on learning the purpose for processes, inputs, tools, techniques, and outputs. The students will develop a study schedule, organize study groups, and create a plan with tasks that will guide them in preparing for the PMP exam. Techniques on exam taking, including study time management, will also be addressed to ensure success. Transfer Credit: CSU.

BUSINESS C110 3.0 Units

Business Law/Legal Environment of Business

Fundamental legal principles pertaining to business transactions. Introduction to the legal process and law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, criminal law, business organizations, judicial and administrative processes, employment laws, forms of business organizations, and domestic and international governmental regulations. This course meets the requirements for Business Law and the Legal Environment of Business. Transfer Credit: CSU; UC. C-ID: BUS 120.

BUSINESS C112 3.0 Units

Legal Aspects of Entrepreneurship

This course provides an overview of legal issues associated with starting and managing a small or entrepreneurial business, including business formation and structure, intellectual property, hiring and managing employees, business agreements, and other legal issues facing the business owner. Transfer Credit: CSU.

BUSINESS C120 3.0 Units

Personal Finance

PREREQUISITE: BUS C007, or MATH C005, or higher MATH course; or placement into MATH C006 or higher by qualifying score on Math Placement Test or by Multiple Measures Assessment.

Personal Finance teaches students the fundamentals of financial planning as well as development of an understanding of the social, psychological, and physiological contexts that influence decision making. Personal Finance provides comprehensive coverage of the role of money in students’ lives and personal financial planning in the areas of money management, stress management, healthcare, career planning, taxes, consumer credit, debt, insurance, investments, retirement planning, and estate planning. The course provides financial planning tools, enabling students to identify and evaluate choices that lead to long-term financial security and a healthy lifestyle and to develop an understanding of their connection with money and the consequences of their decisions. Transfer Credit: CSU.

BUSINESS C124 3.0 Units

Risk Management for Enterprises and Individuals

Risk Management for Enterprises and Individuals focuses on current as well as old and new risks for our times, treating them in a holistic, global, and integrated manner. Today the stakes are higher, decisions more complex, and consequences more severe and global. Knowledge and understanding of the risks at every phase in business and personal undertakings are critical. Tomorrow’s leaders in business and individuals need to understand risks to make successful decisions. This course provides the background needed. Transfer Credit: CSU.
E-Commerce: Strategic Thinking and Management

This course provides a comprehensive introduction to e-Commerce/e-Business. The course provides comprehensive coverage of a broad spectrum of e-Commerce essentials from a global perspective centering on four key areas of strategic planning, technology, management, marketing, and finance. The course focuses on the most recent developments in online behavior and what students need to know about developing, managing, and maintaining a successful e-business. Transfer Credit: CSU.

Entrepreneurship and Small Business Finance

Upon successful completion of this course, the student should be able to identify and evaluate the various sources available for funding a small business; demonstrate an understanding of financial terminology; read, prepare and analyze a financial statement; and write a loan proposal. In addition, the student should be able to explain the importance of working capital and cash management. The student should also be able to identify financing needs, establish credit policies, and prepare sales forecasts. Transfer Credit: CSU.

Entrepreneurship and Small Business Plan

This course focuses on the development of a comprehensive business plan applicable for the needs of an entrepreneurial venture by moving through several phases: generating ideas and recognizing opportunities, researching and gathering marketing data, assembling resources, launching the new venture, and enabling long-term success. Students will learn the individual components of a business plan which comprises of marketing, management, operation, and finance. It is ideal for anyone who is ready to take the entrepreneurship challenge. Transfer Credit: CSU.

Investments

Advisory: BUS C120

Examination of various investment vehicles and portfolios. This course provides a comprehensive study of stocks, bonds, mutual funds, and related securities that include a detailed study of the nature of these securities and their markets. Emphasis is placed on personal investment objectives for growth, growth with income, and income with preservation of capital. Also covered are portfolio management and the effect of taxes on investment policy. Transfer Credit: CSU.

E-Commerce/Online Business

E-Commerce/Online Business is designed for individuals, entrepreneurs, and small businesses who want to create a presence on the Internet by offering their products and/or services through online transactions. This is a hands-on course that includes setting up an e-Commerce business. Transfer Credit: CSU.

Entrepreneurship and Small Business Operations and Management

Provides a study of the practical problems encountered in finding, organizing, and operating small business enterprises. Included are topics related to initiating the business, developing strategies, marketing, financial and administrative control and related topics. Transfer Credit: CSU.

Business C197 3.0 Units

Transfer Credit: CSU.

Business C222 3.0 Units

Introduction to Business

Introduction to Marketing provides a practical introduction to contemporary marketing principles as applied in an increasingly Internet-driven marketplace. Topics include analyzing market characteristics, evaluating product and service strategies, and building strategic marketing plans. Transfer Credit: CSU.

Business C150 3.0 Units

Transfer Credit: CSU.

Entrepreneurship and Small Business Finance

Transfer Credit: CSU.

Entrepreneurship and Small Business Operations and Management

Transfer Credit: CSU.

Entrepreneurship and Small Business Plan

Transfer Credit: CSU.

Investments

Transfer Credit: CSU.

E-Commerce/Online Business

Prerequisite: BUS C120

Transfer Credit: CSU.

Entrepreneurship and Small Business Operations and Management

Prerequisite: BUS C120

Transfer Credit: CSU.

E-Commerce/Online Business

Prerequisite: BUS C120

Transfer Credit: CSU.

Entrepreneurship and Small Business Operations and Management

Prerequisite: BUS C120

Transfer Credit: CSU.
Introduction to Mobile Applications

Advisory: Computer literacy

This course examines the development and future of mobile applications, including smartphone, tablet, and other mobile devices. Content will include how mobile applications are researched, designed, created, and marketed. Project outcomes, software selection, interface design, graphics, programming, marketing, and promotion will be introduced. Students will create a simple mobile application of their own design. Transfer Credit: CSU.

Mobile Applications Development

Advisory: BC C116

This course investigates the rapidly changing development of mobile applications. Focus will be on converting to native apps, distributing, designing for various platforms (iPhone, Android, Windows Mobile etc.), and recognizing the specific constraints and requirements of user interface design. The course combines a conceptual overview, design issues, and practical development. Students will create a working mobile application as a final project. Transfer Credit: CSU.

Microsoft Excel 1

Advisory: BC C104 and keyboarding skills of at least 25 words per minute

Students will learn to use Microsoft Excel to create professional worksheets that include formulas, functions, charts, printing techniques, and data analysis. Transfer Credit: CSU.

Microsoft Excel 2

Advisory: BC C120

Advanced training and application in Microsoft Excel based on the fundamentals learned in the Excel Introductory course. Topics include formulas, functions, range names, templates, tables/databases, linking worksheets, advanced charting, and macros. Transfer Credit: CSU.

Intermediate Microsoft Word

Advisory: BC C147

Learn to use the latest version of Microsoft Word to create professional-looking documents for personal and business needs. Topics include using Windows operating system basics and Internet Explorer; creating, editing, formatting, and managing documents; inserting objects, tables, SmartArt, diagrams, and organizational charts. Transfer Credit: CSU.

Microsoft Office Professional 1

Advisory: BC C121 or C175

An introduction to MS Office applications — Microsoft Word, Excel, Access, PowerPoint, and other related tools. Transfer Credit: CSU.

Medical Administrative Assistant I

Advisory: Microsoft Word and Internet experience

A practical course designed for students in medical assisting, nursing, and allied health programs to learn how to successfully support the front or back office of a clinic or hospital. Transfer Credit: CSU.

Beginning Microsoft Word

Advisory: BC C107A or keyboarding skills of at least 25 words per minute

Learn to use the latest version of Microsoft Word to create professional-looking documents for personal and business needs. Topics include using Windows operating system basics and Internet Explorer; creating, editing, formatting, and managing documents; inserting objects, tables, SmartArt, diagrams, and organizational charts. Transfer Credit: CSU.
BUSINESS
COMPUTING C162 3.0 Units
Health Information Technology—Medical Coding 2
Advisory: BC C104 or ability to use Microsoft Windows, BC C161 and C163
This second course in medical coding emphasizes coding physician services and diagnoses in the outpatient settings of clinics and outpatient departments of hospitals. Study authentic medical cases covering concepts that give a more in-depth understanding of physician-based services. It includes auditing previously coded cases that were returned because of errors. This is the second course in preparing for the certification examination given by either the American Health Information Management Association or the American Academy of Professional Coders. Transfer Credit: CSU.

BUSINESS
COMPUTING C163 3.0 Units
Health Information Technology—Medical Terminology 1
Advisory: BC C104 or ability to use Microsoft Windows
Introduction to medical terminology for body structure, body systems, and diagnostic work. Prefixes, suffixes, word roots, and combined word forms. Includes instruction in spelling, definition, and pronunciation. Transfer Credit: CSU.

BUSINESS
COMPUTING C171 3.0 Units
Web Design/XHTML 1
Advisory: BC C170 or DGA C166A
Web Design/XHTML 1 introduces students to the foundations of web design, including planning, creating, and publishing a website. It emphasizes HTML/XHTML coding rather than using a WYSIWYG (What You See Is What You Get) editor. The course also covers some critical issues related to web design, such as background information, including copyright issues. Transfer Credit: CSU.

BUSINESS
COMPUTING C175 1.5 Units
Microsoft Access 1
Advisory: BC C104
Using Microsoft Access, learn database basics. Design and create tables, forms, and reports. Create queries, including aggregate functions and crosstab queries to analyze and filter data. Transfer Credit: CSU.

BUSINESS
COMPUTING C176 1.5 Units
Microsoft Access 2
Advisory: BC C175 or fundamental skills using a personal database
Continuation of Microsoft Access Level 1, emphasizing relational database design, maintenance, customized forms, built-in functions, macros, an introduction to Structured Query Language and an overview of Visual Basic for Applications. Transfer Credit: CSU.

BUSINESS
COMPUTING C185 1.5 Units
Microsoft PowerPoint
Advisory: BC C104, C147 or C150 or ability to use current computer operating systems
Create powerful, effective, professional presentations using Microsoft PowerPoint. Topics will include creating, organizing ideas, editing, communicating ideas, and delivering presentations in multiple modalities. Transfer Credit: CSU.

BUSINESS
COMPUTING C194 3.0 Units
Web Accessibility
Explore specific strategies and techniques for producing accessible web pages, Word documents, PDF documents, and tagged images, or captioning video. Transfer Credit: CSU.

BUSINESS
COMPUTING C281 1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Business Computing for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Business Computing by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Business Computing. Transfer Credit: CSU.

BUSINESS
COMPUTING C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Business Computing for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Business Computing by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Business Computing. Transfer Credit: CSU.

BUSINESS
COMPUTING C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Business Computing for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Business Computing by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Business Computing. Transfer Credit: CSU.

BUSINESS
COMPUTING C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Business Computing for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Business Computing by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Business Computing. Transfer Credit: CSU.

BUSINESS
COMPUTING C300L 1.0 Unit
Computer Lab
Advisory: Concurrent enrollment in any Coastline Community College class
Provides Computer lab time on IBM PCS and Macs. Instructors provide limited individual attention due to the variety of software used in the lab.

BUSINESS
COMPUTING C301L 1.0 Unit
Computer Lab 2
Advisory: Concurrent enrollment in any Coastline Community College class
Provides computer lab time on IBM PCs and Macs. Instructors provide limited individual attention due to the variety of software being used in the lab.

BUSINESS
COMPUTING C306 1.5 Units
Website Internship
Advisory: BC C171
Create and post webpages and maintain a website for a specific department, instructor, agency, or company. Enhance websites with tips and tricks discussed in class.
CHEMISTRY (CHEM)

CHEMISTRY C100  3.0 Units
Principles of Chemistry
Analysis of problems of current concern to the individual relating to his/her surroundings and the role that chemistry plays both in these problems and in their possible solutions. Transfer Credit: CSU.

CHEMISTRY C105  2.0 Units
Chemistry Explorations for Teachers
A class in basic scientific principles and methods related to chemistry. Emphasis is on developing a molecular understanding of the world, and applying the scientific method to understanding everyday phenomena. Course is designed to introduce future elementary and middle school teachers to the central ideas of chemistry through a series of laboratory experiments, hands-on exercises, and discussions. Topics have been chosen to ensure coverage of the content in state and national science education standards. Transfer Credit: CSU.

CHEMISTRY C110  5.0 Units
Introduction to Chemistry
Advisory: MATH C010 with a grade of C or better
A lab science course in principles of inorganic, organic, and biochemistry for transfer and for A.A. Degree programs in nursing, dietetics, paramedical, and other allied health fields. Not for students planning to take CHEM C130. Transfer Credit: CSU; UC.

CHEMISTRY C130  4.0 Units
Preparation for General Chemistry
Advisory: MATH C030 with a grade of C or better
An introduction to both the principles and calculations of chemistry and lab techniques, especially for those students who will be continuing with future chemistry courses. Transfer Credit: CSU; UC.

CHEMISTRY C140  4.0 Units
Survey of Chemistry and Physics
(Same as Physics C140)
Prerequisite: MATH C010 with a grade of C or better
An investigation of basic principles of physics and chemistry, including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The inter-dependence of chemistry and physics will be emphasized. This course is intended for non-science majors. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 140.

CHEMISTRY C180  4.0 Units
General Chemistry A
Prerequisite: Completion of CHEM C130 with a grade of C or better, or a recent high school chemistry course with a grade of C or better, and completion of MATH C030 with a grade of C or better or a recent high school course in intermediate algebra with a grade of C or better, or appropriate placement on a math placement assessment
Corequisite: CHEM C180L
Introduction to both the principles and mathematical analysis of general chemistry and basic lab techniques, especially for students intending to proceed with further chemistry courses. Topics include atomic structure and bonding, the stoichiometry of chemical equations, thermochemistry, and the behavior of gases and solutions. Transfer Credit: CSU; UC.

CHEMISTRY C180L  1.0 Unit
General Chemistry A Lab
Prerequisite: Completion of CHEM C130 with a grade of C or better, or a recent high school chemistry course with a grade of C or better, and completion of MATH C030 with a grade of C or better, or a recent high school course in intermediate algebra with a grade of C or better, or appropriate placement on a math placement assessment
Corequisite: CHEM C180
Introduction to both the principles and mathematical analysis of general chemistry lab techniques, especially for students intending to proceed with further chemistry courses. Topics include atomic structure and bonding, the stoichiometry of chemical equations, thermochemistry, and the behavior of gases and solutions. Transfer Credit: CSU; UC.

CHEMISTRY C185  4.0 Units
General Chemistry B
Prerequisite: CHEM C180 and C180L with a grade of C or better
Corequisite: CHEM C185L
This course is the second semester of a two-semester sequence which continues the examination of the basic principles of inorganic chemistry with a special emphasis on reaction kinetics, chemical equilibrium, acid/base and solubility equilibria, enthalpy, entropy and Gibbs free energy, electrochemistry, coordination chemistry, and nuclear chemistry. Transfer Credit: CSU; UC.

CHEMISTRY C185L  1.0 Unit
General Chemistry B Lab
Prerequisite: CHEM C180 and CHEM C180L with a grade of C or better
Corequisite: CHEM C185
This course is the second semester of a two-semester sequence (CHEM C180L and CHEM C185L) which continues the examination of the basic principles of inorganic chemistry with a special emphasis on reaction kinetics, chemical equilibrium, acid/base and solubility equilibria, enthalpy, entropy and Gibbs free energy, electrochemistry, coordination chemistry, and nuclear chemistry. Transfer Credit: CSU; UC.

CHEMISTRY C220  3.0 Units
Organic Chemistry A
Prerequisite: CHEM C185 with grade of C or better
Corequisite: CHEM C220L
This course is the first semester of Organic Chemistry, a two semester, which includes topics on the properties and reactions of aliphatic and aromatic organic compounds. Emphasis is placed on the reaction mechanisms, fundamental principles, and modern instrumental methods. Transfer Credit: CSU; UC.

CHEMISTRY C220L  2.0 Units
(Formerly Chemistry 221)
Organic Chemistry A Lab
Prerequisite: CHEM C185 with grade of C or better
Corequisite: CHEM C220
The laboratory component of Organic Chemistry A emphasizes basic organic chemistry theory and the techniques of separation, purification, synthesis, and analysis of organic compounds, including chromatography and instrumental methods, such as infrared and nuclear magnetic spectroscopy. Transfer Credit: CSU; UC.

CHEMISTRY C225  3.0 Units
Organic Chemistry B
Prerequisite: CHEM C220 with grade of C or better
Corequisite: CHEM C225L
Further study of the structures, reactions, and reaction mechanisms of organic compounds, with particular emphasis on conjugated molecules, aromatic systems, and carbonyl containing compounds and an introduction to biologically important molecules, such as amino acids, carbohydrates, and lipids. Transfer Credit: CSU; UC.

CHEMISTRY C225L  2.0 Units
(Formerly Chemistry 226)
Organic Chemistry B Lab
Prerequisite: CHEM C220L with a grade of C or better
Corequisite: CHEM C225
Further study of the structures, reactions, and reaction mechanisms of organic compounds, with particular emphasis on conjugated molecules, aromatic systems, and carbonyl containing-compounds and an introduction to biologically important molecules such as amino acids, carbohydrates, and lipids. Transfer Credit: CSU; UC.
CHINESE (CHIN)

CHINESE C180 5.0 Units
Elementary Chinese 1
Advisory: Students who have completed two years of high school Chinese with a grade of C or better should enroll in CHIN C185 or C185A.
This develops the fundamental ability to both comprehend and converse in daily spoken Mandarin Chinese. Introduction to early reading and writing skills as well as Chinese customs and culture. Transfer Credit: CSU; UC credit limitations (see counselor).

CHINESE C185 5.0 Units
Elementary Chinese 2
Prerequisite: CHIN C180 or C180B with a grade of C or better
Continued acquisition of more complex language structures to develop listening, reading, writing and conversational skills in Mandarin Chinese. Further explores Chinese daily life, culture and customs. Transfer Credit: CSU; UC credit limitations (see counselor).

COMMUNICATION STUDIES (CMST)

COMMUNICATION STUDIES C100 3.0 Units
(Formerly Speech C100)
Interpersonal Communication
Languages use and effective interpersonal communication, both verbal and non-verbal. Recommended for students wanting to understand and improve their communication skills in interpersonal relationships. Content areas include: conversation, listening, perception, non-verbal communication, language, self-concept, and self-disclosure. Transfer Credit: CSU. C-ID: COMM 130.

COMMUNICATION STUDIES C101 3.0 Units
(Formerly Speech C101)
Human Communication
This course is an introduction to the fundamentals and principles which underlie effective speech communication. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Particular emphasis will be on Milton Rokeach’s value theory (1968) as an explanation for the relationship between self-concept and behavior. Transfer Credit: CSU; UC.

COMMUNICATION STUDIES C110 3.0 Units
(Formerly Speech C110)
Public Speaking
Principles of public speaking, including planning, preparation and delivery of an effective oral presentation. Consideration of and practice in problem solving, information, persuasion and communication techniques. Emphasis on developing self-confidence and skill in communicating to and with groups. Transfer Credit: CSU; UC. C-ID: COMM 110.

COMMUNICATION STUDIES C140 3.0 Units
Small Group Communication
Advisory: ENGL C100
Introduction to study, practice, and application of communication principles and theory in small group contexts. Analysis of small group concepts and processes with focus on group norms, leadership, cooperative problem solving, decision making, and conflict management. Transfer Credit: CSU; UC. C-ID: COMM 140.

COMMUNICATION STUDIES C150 3.0 Units
Intercultural Communication
Advisory: ENGL C100 and CMST C100 or C110
This course is an introduction to the study, practice, and application of communication concepts and theory in intercultural contexts. Analysis of cultural influence and interactional patterns to explain, predict, and improve communication behavior within and across cultural groups. With emphasis of examination of various communication patterns across cultures to increase interpersonal and intercultural effectiveness and to decrease ethnocentric and prejudicial beliefs and discriminative behavior. Transfer Credit: CSU; UC. C-ID: COMM 150.

COMMUNICATION STUDIES C200 3.0 Units
(Formerly Speech C200)
Public Communications
This course focuses on the preparation, presentation, and delivery of informative and persuasive public speeches. Particular emphasis is on organizing and outlining, reasoning and arguing, and analyzing audiences and adapting to different audiences. Transfer Credit: CSU.

COMMUNICATION STUDIES C220 3.0 Units
Essentials of Argumentation
Advisory: ENGL C100
Essentials of Argumentation is the study of theory, practice, and criticism of argumentation, focusing on principles of effective argumentation, including the use of inductive and deductive logic, propositions, reasoning, evidence, and refutation. Students analyze, construct, and present written and oral arguments. The emphasis of the course is on critical thinking skills necessary for personal, professional, and academic success. Transfer Credit: CSU; UC. C-ID: COMM 120.

COMPUTER INFORMATION SYSTEMS (CIS)

COMPUTER INFORMATION SYSTEMS C100 3.0 Units
Introduction to Information Systems
This course prepares students with a non-programming introduction to information systems and personal computer applications, including word processing, spreadsheets, database and presentation software. Transfer Credit: CSU.

COMPUTER INFORMATION SYSTEMS C110 1.5 Units
Introduction to Programming with Visual Basic.Net
This course teaches the students the fundamentals of programming with emphasis on programming, coding, and troubleshooting tips using Visual Basic.Net. Transfer Credit: CSU.

COMPUTER INFORMATION SYSTEMS C111 3.0 Units
Introduction to Information Systems and Programming
Examination of information systems and their role in business. Focus on information systems, database management systems, networking, e-commerce, ethics and security, computer systems hardware and software components. Application of these concepts and methods through hands-on projects developing computer-based solutions to business problems. Transfer Credit: CSU; UC. C-ID: BUS 140.

COMPUTER INFORMATION SYSTEMS C113 2.0 Units
Personal Cyber Wellness
This course focuses on the development of cyber wellness from a personal perspective. Students will learn about responsible computer usage, evaluation of social networking, the impact of cyber-attacks, risks of social engineering attacks, and recognition of unusual activity. As a community of lifelong learners and critical thinkers, students will strengthen their abilities, including following policy guidelines, behaving ethically and professionally, and minimizing the risk of attacks. Transfer Credit: CSU.

<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>CSU</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Object Oriented Concepts</strong></td>
<td>3.0</td>
<td>This course covers the basic concepts of C++ programming. Students, with no prior computer programming knowledge, will learn the fundamentals of writing computer programs using C++. Transfer Credit: CSU.</td>
</tr>
<tr>
<td><strong>Introduction to Programming Using Java</strong></td>
<td>3.0</td>
<td>Students will learn structured programming techniques using Java. There is an emphasis on control structures, procedures, simple data types, file I/O, and a general introduction to object-oriented programming. Transfer Credit: CSU.</td>
</tr>
<tr>
<td><strong>Web Development with JavaScript and Cloud Services</strong></td>
<td>3.0</td>
<td>An introduction for aspiring web developers and programmers to the concepts and topics of the JavaScript language. Topics of the course include JavaScript for interactive web development, with flow control, interaction with hypertext markup language (HTML), variables, object-oriented programming, interaction with databases, and JavaScript Object Notation (JSON). Industry concepts dealing with application security are taught, including Identity and Access Management (IAM), third-party authentication (OAUTH), Web Identify Federation, and token-based security. Students will develop a portfolio site hosted publicly using cloud services to display their work. Transfer Credit: CSU.</td>
</tr>
<tr>
<td><strong>Introduction to Python Programming</strong></td>
<td>3.0</td>
<td>Offers an overview of the Python programming language for students without prior programming experience. Variables, expressions, functions, looping, and flow control pertaining to Python is taught through hands-on exercises and guided demonstrations by the instructor. Transfer Credit: CSU.</td>
</tr>
<tr>
<td><strong>Business Intelligence 1 - Data Analytic Thinking</strong></td>
<td>1.0</td>
<td>Computer Programming with Alice Advisory: C111 and ENGL C100 and MATH C160 Students will explore the topics of Business Intelligence and analytics. Business intelligence and data analysis will be experienced in a hands-on project. The process of business decision-making will be applied with an emphasis on data mining. CAREERS AND EMERGING TRENDS Careers and emerging trends in the field will be evaluated. Transfer Credit: CSU.</td>
</tr>
<tr>
<td><strong>Certified Ethical Hacker Exam Prep</strong></td>
<td>1.0</td>
<td>This is a review of the material covered in Coastline's Ethical Hacking course. It will help the student prepare for EC Council's Certified Ethical Hacker (CEH) exam. The CEH credential certifies individuals in the specific network security discipline of Ethical Hacking from a vendor-neutral perspective.</td>
</tr>
<tr>
<td><strong>Microsoft Windows Server Exam Prep</strong></td>
<td>1.0</td>
<td>This is a review of the material covered in Coastline's Windows Server course. It will help the student prepare for Microsoft IT Infrastructure exam, which covers the configuration, management, and troubleshooting of Windows desktop or server infrastructure.</td>
</tr>
<tr>
<td><strong>Network+ Exam Prep</strong></td>
<td>1.0</td>
<td>This is a review of the material covered in Coastline's Network+ course. It will help the student prepare for CompTIA Network+ Exam. CompTIA Network+ covers the configuration, management, and troubleshooting of common wired and wireless network devices. Also included are emerging technologies, such as unified communications, mobile, cloud, and virtualization technologies.</td>
</tr>
<tr>
<td><strong>Security+ Exam Prep</strong></td>
<td>1.0</td>
<td>This course is a review of the material covered in Coastline's Security+ course. It will help the student prepare for CompTIA Security+ Exam. CompTIA Security+ covers network security, compliance and operation security, threats and vulnerabilities as well as application, data and host security. Also included are access control, identity management, and cryptography.</td>
</tr>
<tr>
<td><strong>Certified Forensic Computer Examiner Exam Prep</strong></td>
<td>1.0</td>
<td>This is a review of the material covered in Coastline's Computer Forensics course. It will help the student prepare for the IACIS Certified Forensic Computer Examiner (CFCE) exam. The CFCE exam covers pre-examination procedures and legal issues, computer fundamentals, partitioning schemes, Windows file systems, data recovery, Windows artifacts, and presentation of findings.</td>
</tr>

| TECHNOLOGY C085 | 1.0 Unit  
Cybersecurity Analyst+ Exam Prep  
Advisory: CST C255  
*This course is a review of the material covered in Coastline's Cybersecurity Analyst+ course. It will help students prepare for the CompTIA Cybersecurity Analyst+ exam. CompTIA Cybersecurity Analyst+ (CSA+) is an international, vendor-neutral cybersecurity certification that applies behavioral analytics to improve the overall state of IT security. CSA+ validates critical knowledge and skills that are required to prevent, detect, and combat cybersecurity threats.* |

CyberPatriot I - Introduction  
Advisory: CST C191  
*This course prepares students for participation in the CyberPatriot cyber defense competition. It covers topics in the major areas of ethical and legal issues of cybersecurity vulnerabilities, countermeasures, routing and switching protocols, IOS security, networking techniques and best practices, and development of practice competitions for other teams. Students will participate in practice competitions using virtual machines to develop the ability to work and strategize as a team. Students will learn practical techniques for securing a network and sensitive data through business scenarios. Emphasis on hands-on training.* |

</table>
| TECHNOLOGY C111 | 3.0 Unit  
VMware vSphere  
Advisory: CST C112 or CST C113  
*Virtualization is key to cost savings for businesses with sprawling server rooms. vSphere allows for whole server farms to be consolidated on only a few physical servers. Students will learn how to partition a physical server into several virtual machines as well as how to centralize and simplify management, including how to expand capacity, optimize performance, and track cost savings using vSphere. Transfer Credit: CSU.* |

<table>

</table>
| TECHNOLOGY C112 | 1.0 Unit  
Introduction to VMware  
Advisory: CST C116, C117, and C128  
*Virtualization is one of the exciting new technologies being adopted by the computer industry. In this class we will explore the business and educational usages of Virtualization and give the student hands-on experience with the software. Students will install a virtual environment on their classroom systems and learn how to create and run virtual computer systems (Microsoft, Linux, and Novell) simultaneously in this environment. Transfer Credit: CSU.* |
COMPUTER SERVICES

TECHNOLOGY C113 3.0 Units
Overview of VMware Technologies
Advisory: CST C128

This class is a hands-on survey of several of the Virtualization Software products available. It includes VMWare Server, Microsoft Virtual PC, and SUSE Xen Works as well as several other products. Virtualization Software allows businesses to achieve the maximum use of their computer system potential and better plan for business continuity. Students will find that they can have multiple operating system environments for each class. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C114 2.0 Units
Microsoft Office Visio

Examining, visualize, explore, and communicate complex information, data systems, processes and organizations. Learn how to quickly develop computer network diagrams, flowcharts, business process diagrams, timelines, calendars, floor plans, organizational charts, facilities management information, business intelligence, and to model and analyze business processes. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C115 1.5 Units
Command/Line Scripting

This course prepares students to use Command Line Utilities and scripting techniques to manage and maintain operating systems and network appliances. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C116 3.0 Units
A+ Essentials Hardware

The A+ Essentials Hardware course maps to CompTIA's A+ Essentials Hardware exam. Course covers topics related to installing, building, upgrading, repairing, configuring, troubleshooting, optimizing, diagnosing, and performing preventive maintenance of basic personal computer hardware. Lecture and hands-on experience in structured labs is included. The A+ Essentials Hardware course teaches necessary competencies for an entry-level IT professional. Topics include Personal Computer Components, Operating Systems, Networks, Security. Lecture and hands-on experience in structured labs is included. The A+ Essentials Hardware course maps to CompTIA's A+ Essentials Hardware exam. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C117 3.0 Units
A+ Essentials Software
Advisory: CST C116

The A+ Essentials Software course teaches necessary competencies for an entry-level IT professional. Topics include Personal Computer Components, Operating Systems, Networks, and Security. Lecture and hands-on experience in structured labs is included. The A+ Essentials Software course maps to CompTIA's A+ Essentials exam. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C118 1.5 Units
Network +
Advisory: CST C115, C116 and C117

This course covers the OSI model, TCP/IP protocols and addressing, remote connectivity, network security, and troubleshooting. This course prepares students to take the CompTIA Network+ certification exam. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C126 3.0 Units
A+ Help Desk
Advisory: CST C116

This course is designed for individuals who work as help desk, call center, and remote support technicians with emphasis on troubleshooting, problem identification, and customer service. (CompTIA Test 220-603) Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C128 3.0 Units
Network +
Advisory: CST C115, C126 and C127

This course covers networking topics such as installing/configuration, network planning, network security, and protocols. This course prepares students to take the CompTIA Network+ certification exam. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C153 3.0 Units
CompTIA Convergence +
Advisory: CST C128 and C215

This course covers convergence skills, including basic analysis, specification, implementation and management of basic components of data, voice and multimedia convergence applications and technologies. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C157 3.0 Units
Microsoft SQL Database Development
Advisory: CST C172

Provides an introduction to relational database fundamentals and SQL programming skills in the Microsoft environment. Topics covered include relational database architecture, database design techniques, and simple and complex query skills. This class is intended for students new to the SQL programming language. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C158 3.0 Units
Server+
Advisory: CST C129

This course will cover the topics of the Server+ certification exam, which validates the knowledge of skills with the most commonly used server and storage systems in the IT industry. Technologies and trends of the server environment will be covered, such as virtualization, data centers, software-defined networking, security risks, and network attached storage improvements. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C160 3.0 Units
Windows XP Professional
Advisory: CST C128

This course teaches the students to plan, install, configure, and support a Windows XP Professional computer in a standalone or network environment. (Microsoft Test #70-270) Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C165 3.0 Units
Installing and Configuring Microsoft Vista Operating System
Advisory: CST C128

This course teaches the students to plan, install, configure, and support a Windows Vista Operating System in a standalone or network environment. (Microsoft Test #70-620) Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C166 3.0 Units
Installing/Configuring Windows Server 2012
Advisory: CST C128

This course covers the skills and knowledge to implement a core Windows Servers 2012 Infrastructure into an existing enterprise environment. First of three courses in preparation for the MCSE certification. Topics include implementing/configuration of Server 2012 core services, including Active Directory and networking services. Topics covered maps to Microsoft 70-410 Exam. Transfer Credit: CSU.

COMPUTER SERVICES

TECHNOLOGY C167 3.0 Units
Implementing Windows 2000 Network Infrastructure
Advisory: CST C161

This course is designed for professionals who will be responsible for installing, configuring, managing and supporting a network infrastructure that uses the Windows 2000 Server products. Transfer Credit: CSU.
The course provides hands-on experience with Windows 10. Topics include configuring Windows 10, demonstrating Windows media tools, optimizing the file system, using management tools, troubleshooting, configuring IPv6, wireless networking, configuring file folder management, creating a network, working with mobile devices, implementing security and VPNs, and configuring Hyper-V and Wi-Fi direct. This course maps to Windows 10 MCSA and 698 exams. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C178** 3.0 Units

**Managing and Maintaining Windows 8**

This course provides students with the knowledge and skills to manage and maintain Windows 8 desktop enterprise environment. Topics include: desktop applications, cloud applications, user settings, network connectivity, remote access, authentication, storage, security, mobile devices, endpoint security, Windows Intune, public cloud and, MDOP. Maps to Windows 8 MCSA and 70-688 exams. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C177** 3.0 Units

**Configuring Microsoft Windows 8**

Advisory: CST C128

The course provides hands-on experience with Windows 8. Topics include storage management, optimization of file system, performance and reliability tools, troubleshooting, configuring IPv6, wireless networking, file/folder management, SkyDrive functionality, client Hyper-V, VPNs, and Direct Access. This course maps to Windows 8 MCSA and 70-687 exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C177A** 3.0 Units

**Configuring Microsoft Windows 10**

Advisory: CST C128

The course provides hands-on experience with Windows 10. Topics include configuring Windows 10, demonstrating Windows media tools, optimizing the file system, using management tools, troubleshooting, configuring IPv6, wireless networking, configuring file folder management, creating a network, working with mobile devices, implementing security and VPNs, and editing the registry. This course maps to Windows 10 MCSA and 698 exams. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C185** 3.0 Units

**MS Server 2008 Network Infrastructure**

Advisory: CST C128

This course provides students with the knowledge and skills to configure and troubleshoot a Windows Sever 2008 network infrastructure. Students will learn to implement and configure secure network access and implement fault tolerant storage technologies through secure servers and IP-enabled networks. Covers topics associated with the Microsoft 70-642 MCTS exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C186** 3.0 Units

**MS Server 2008 Applications Infrastructure Configuration**

Advisory: CST C128

This course provides students with the knowledge and skills to configure and deploy Microsoft 2008 Applications, using applications server, IIS, terminal services, and application services. Covers topics associated with Microsoft 70-643 MCTS exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C187** 3.0 Units

**MS Exchange Server 2007 Configuration**

Advisory: CST C128

This course provides students with the knowledge and skills to install, configure, and maintain Microsoft Windows 2007 Exchange and include managing security and recipient objects/lists, mobile email retrieval, and migration. Covers topics associated with the Microsoft Exchange 2007. 70-236 TS exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C188** 3.0 Units

**Configuring Microsoft Windows 7**

Advisory: CST C128

This course provides students with hands-on experience with Windows 7 deployment, upgrades, compatibility, system settings, security features, network connectivity and mobile computing. This course covers the material from the Microsoft MCTS 680 exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C189** 3.0 Units

**Upgrading Microsoft Certified Solutions Associate (MCSA) to 2012**

Advisory: CST C185

This course covers the new features and functionality of Windows 2012 Management, Networking Infrastructure, Storage, Access Control, Hyper-V, High Availability and Identity Federation. Covers topics covered maps to Microsoft 70-417 Exam. Transfer Credit: CSU.
COMPUTER SERVICES
TECHNOLOGY C191 3.0 Units
CompTIA Linux +
Advisory: CST C116 or C117 or C128
This course provides the student with information about the essential tasks of Linux Server and network installations, file system management, backup procedures, process control, user administration, and device management. This is the second in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C196 3.0 Units
Linux Administration I
Advisory: CST C118 or C128 and C195
This course is an introduction to the core security concepts and skills needed for the installing, troubleshooting, and monitoring of network devices to maintain the integrity, confidentiality, and availability of data and devices. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C201 3.0 Units
Cisco Fundamentals/CCNA 1
Lecture and labs in this introductory course will include topics, such as the OSI model, IP addressing, basic cabling, network topologies, and an intro to configuring Cisco devices. This is the first in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C201C and C202C
CCNA: Routing and Switching Essentials
Advisory: CST C201C
This course covers configuration and troubleshooting routers and switches, resolving common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. This is the second in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C203 3.0 Units
Cisco Switching/CCNA 3
Advisory: CST C202
This course covers switch concepts, LAN design, VLAN implantation, Inter-VLAN routing, VTP, and Cisco switch configuration. This is the third in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Cisco Academy requires that students complete CCNA 1 (CST C201) prior to enrollment in this course. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C203C 3.0 Units
CCNA 3: Scaling Networks
Advisory: CST C201C and C202C
This course covers LAN Design, LAN Redundancy, Link Aggregation, Wireless LANs, Single and Multi-area OSPF, EIGRP and IOS Images. This is the third in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C204 3.0 Units
Cisco WAN Configuration/CCNA 4
Advisory: CST C201 and C202 and C203
This course includes topics, such as WAN technologies; Access Control Lists (ACLs), WAN protocols, Natting, Security, and Frame Relay. This is the fourth and last in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Emphasis is on hands-on training. Cisco Academy requires that students complete CCNA 1 (CST C201) prior to enrollment in this course. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C204C 3.0 Units
CCNA 4: Connecting Networks
Advisory: CST C201C and C202C and C203C
The focus of this course is WAN technologies and network services required by converged applications in a complex network. This is the fourth in a series of courses providing preparation for students seeking the Cisco CCNA Certification. Topics include PPP, Frame Relay, NAT, VPN Tunnels, Syslog, and SNMP. There is an emphasis on hands-on training. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C205 3.0 Units
CCNP: Implementing Cisco IP Routing
Advisory: CST C204 or CCNA
This course covers the material in the current version of Implementing Cisco IP Routing. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C206 3.0 Units
Implementing Secure Converged Wide-Area Networks/CCNP 2
Advisory: CST C204 or CCNA
This course includes topics, such as teleworker configuration and access, MPLS, IPSEC VPN, Cisco ZVPN, Cisco device hardening, IOS firewall features. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C207 3.0 Units
Building Multilayer Switched Networks/CCNP 3
Advisory: CCNA
This course covers the material in the current version of Troubleshooting and Maintaining Cisco IP Networks. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C208 3.0 Units
CCNP: Troubleshooting and Maintaining Cisco IP Networks
Advisory: CST C205
This course covers the material in the current version of Troubleshooting and Maintaining Cisco IP Networks. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C209 3.0 Units
CCNA Security
Advisory: CST C202C
This course provides an introduction to the core security concepts and skills needed for the installing, troubleshooting, and monitoring of network devices to maintain the integrity, confidentiality, and availability of data and devices. Transfer Credit: CSU.
COASTLINE COMMUNITY COLLEGE  www.coastline.edu

**COASTLINE COMMUNITY COLLEGE**

**Transfer Credit: CSU.**

This course teaches the basics of IP telephony and VoIP. Topics will include: PSTN vs VoIP, Enterprise Telephony, basic Telephony Signaling, and VoIP Technology. There is also a hands-on component that will teach basic VoIP setup. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C215**

Introduction to Voice over IP

Advisory: CST C118 or C128 or CCNA

This course teaches the basics of IP telephony and VoIP. Topics will include: PSTN vs VoIP, Enterprise Telephony, basic Telephony Signaling, and VoIP Technology. There is also a hands-on component that will teach basic VoIP setup. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C217**

Cisco Call Manager Express

Advisory: CCNA

This is a second course in VoIP. Topics covered will include benefits of VoIP, OSI reference model, in depth analysis of VoIP issues, QoS, VoIP configuration issues, and VoIP applications and services. Lecture and hands-on components allow students to set up a working network. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C218**

Cisco VoIP Unity Express Voice Mail

Advisory: CST C202, C203, C215, C217, or CCNA

This course is the third course in a series of VoIP courses designed to teach the basics of installing and configuring a Cisco VoIP Unity Express Voice Mail. It will include such topics as Cisco IPCC Express Automated Attendant, Cisco IPCC Express Integrated Voice Mail, and Cisco CME External Voice Mail. Hands-on instruction allows students to set up and configure a basic VoIP voice mail system. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C220**

VMware vSphere: Install, Configure, Manage

Virtualization allows consolidation of many traditional servers into a few physical servers with many virtual machines to realize significant cost savings. This VMware-authorized hands-on course, students learn to install, configure, and manage VMware vSphere, which consists of VMware ESXi and VMware vCenter Server. Upon completion of this course, students can take the examination to become a VMware Certified Professional. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C220A**

VMware vSphere: Install, Configure, Manage 5.1

Advisory: CST C112

Virtualization allows consolidation of many traditional servers into a few physical servers with many virtual machines to realize significant cost savings. This VMware-authorized, hands-on course, students learn to install, configure, and manage VMware vSphere 5.1, which consists of VMware ESXi and VMware vCenter Server. Upon completion of this course, students can take the examination to become a VMware Certified Professional. Topics covered map to a VCP-DCV Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C221**

VMware vSphere: Install, Configure, Manage 6

Virtualization allows consolidation of many traditional servers into a few physical servers with many virtual machines to realize significant cost savings. This VMware-authorized hands-on training course, students explore installation, configuration, and management of VMware vSphere 6, which consists of VMware ESXi and VMware vCenter Server. This course is based on versions of ESXi 6.5 and vCenter Server 6.5. Completion of this course satisfies the prerequisite for taking the VMware Certified Professional 6 exam. Topics covered map to a VCP6-DCA Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C222**

VMware vSphere: Install, Configure, Manage 6.5

Virtualization allows consolidation of many traditional servers into a few physical servers with many virtual machines to realize significant cost savings. This VMware-authorized hands-on training course focuses on the installation, configuration, and management of VMware vSphere 6.5, which consists of VMware ESXi and VMware vCenter Server. This course is based on versions of ESXi 6.5 and vCenter Server 6.5. Completion of this course satisfies the prerequisite for taking the VMware Certified Professional 6.5 exam. Topics covered map to a VCP6-DCA Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C223**

Installing/Configuring Windows Server 2012

Advisory: CST C128

This course covers the skills and knowledge to implement a core Windows Servers 2012 Infrastructure into an existing enterprise environment. First of three courses in preparation for the MCSE certification. Topics include implementation/configuration of Server 2012 core services, including Active Directory and networking services. Topics covered maps to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C224**

Administering Windows Server 2012

Advisory: CST C128

This course covers the administration tasks needed to implement, manage, and maintain provisioning services and infrastructure in a Windows 2012 environment. Building on CST 222, this course maps to Windows Server 2012 MCSA and 70-412 exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C225**

Windows Server 2012

Advisory: CST C128

This course covers the configuration of servers and services. Students will learn how to install, configure, and manage Windows Server 2012 infrastructure. First of three courses in preparation for the MCSE certification. Topics covered map to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C226**

Installing/Configuring Windows Server 2012

Advisory: CST C128

This course covers advanced configuration and service tasks for deploying, managing, and maintaining a Windows Server 2012 Infrastructure into an existing enterprise environment. Topics include installation, configuration, and management of Windows Server 2012 core services, including Active Directory and networking services. Topics covered maps to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C227**

Windows Server 2012

Advisory: CST C128

This course covers the configuration of servers and services. Students will learn how to install, configure, and manage Windows Server 2012 infrastructure. First of three courses in preparation for the MCSE certification. Topics covered map to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C228**

Windows Server 2012

Advisory: CST C128

This course covers the configuration of servers and services. Students will learn how to install, configure, and manage Windows Server 2012 infrastructure. First of three courses in preparation for the MCSE certification. Topics covered map to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C229**

Windows Server 2012

Advisory: CST C128

This course covers the configuration of servers and services. Students will learn how to install, configure, and manage Windows Server 2012 infrastructure. First of three courses in preparation for the MCSE certification. Topics covered map to Microsoft 70-410 Exam. Transfer Credit: CSU.

**COMPUTER SERVICES**

**TECHNOLOGY C230**

Introduction to Security

Advisory: CST C128

This class is a survey of Network/Internet security. It will help prepare you for the CompTIA Security+ Exam. Topics will cover: Authentication, Malicious Code, Web Security, Intrusion Detection, Cryptography, and Biometrics. The class will have lecture and hands-on components. Transfer Credit: CSU.
Network security is moving towards unified security solutions. This course covers the Cisco Adaptive Security Appliance (ASA). Students will learn to configure the ASA to identify, mitigate, and respond to network attacks. Transfer Credit: CSU.
COMPUTER SERVICES
TECHNOLOGY C258 3.0 Units
Linux Networking and Security
Advisory: CST C191
Introductory course exploring the Linux operating system, including theory and hands-on application of topics covering command line utilities, graphical tools, networking protocols and services, user and group management, system permissions, and security. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C260 3.0 Units
CISPP (Certified Information Systems Security Professional)
Advisory: CST C230
This course covers the ten domains of information security known as the CISPP Common Body of Knowledge (CBK). Completing this course does not guarantee CISPP certification; however, the course addresses the test objectives defined by (ISC)² for the CISSP examination. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C264 3.0 Units
Red Hat System Administration 1 version 7
Advisory: CST C117
Linux is the #1 operating system for web servers, cloud computing, smartphones, and consumer electronics. Linux system administration is one of the most in-demand skills in IT.

COMPUTER SERVICES
TECHNOLOGY C271 3.0 Units
Become a Security Consultant
Advisory: CST C230
This course walks the student through the steps to become a cybersecurity consultant. Topics will include what a cybersecurity consultant does and ways to become one. Tools used, type of training needed, and the ethics of security consulting are explained. There will be a lecture and hands-on portions of the course with the hands-on portion demonstrating tools commonly used by a security consultant. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C274 3.0 Units
Red Hat System Administration 2 version 7
Advisory: CST C191
Linux is the #1 operating system for web servers, cloud computing, smartphones, and consumer electronics. Linux system administration is one of the most in-demand skills in IT.

Red Hat System Administration 2 (RH134) goes deeper into enterprise Linux administration, including file systems and partitioning, logical volumes, SELinux, firewalling, and troubleshooting. Attending both Red Hat System Administration 1 and Red Hat System Administration 2 can help you in your preparation for the Red Hat Certified System Administrator exam (EX200). Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C281 1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Computer Services Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Computer Services Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Computer Services Technology. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Computer Services Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Computer Services Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Computer Services Technology. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Computer Services Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Computer Services Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Computer Services Technology. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Computer Services Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Computer Services Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Computer Services Technology. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C289 3.0 Units
VMware vSphere-Optimize and Scale 6.0
Advisory: CTSI28 or C220C
Proper server consolidation using virtualization requires advanced skills to realize optimal cost savings and efficient scaling. In this VMware Authorized hands-on training course, students learn advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure. Using VMware® vSphere® 6, which consists of VMware ESXi™ and VMware® vCenter Server™, students should have completed the vSphere Install, Configure, Manage 5.5 or 6 course, or have equivalent working knowledge before attending this course. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C390A 1.0 Unit
Network Laboratory
Corequisite: Student must be enrolled in a CST course for the current semester.
This lab course provides supervised computer lab time on computers and network hardware. Microsoft, CompTIA, Cisco, VMware and other computer and/or networking students can utilize specialized software and hardware for additional “hands-on” practice and completion of classroom projects.
COUNSELING C115 0.5 Units
Educational Planning
This course provides students with important information needed to develop a comprehensive Student Educational Plan (SEP) that is in alignment with individual educational and career goals. It includes an overview of Coastline College programs, graduation requirements, transfer requirements, college policies and regulations and student support services. Transfer Credit: CSU.

CRIMINAL JUSTICE (C.J.)
Criminal Justice courses are offered through Coastline’s Military Distance Learning Program. The courses are applicable to the Emergency Management/Homeland Security Degree Program. Students who reside in the local Orange County area and who are not eligible for enrollment in our global Military Distance Learning Program are encouraged to visit our sister college, Golden West College, for local course offerings.

CRIMINAL JUSTICE C110 3.0 Units
Criminal Investigation
This course examines fundamental principles and procedures employed to effectively investigate criminal cases. Students explore traditional methods used to manage crime scenes, preserve evidence and write reports. Students also recognize how to effectively develop sources of information, as well as obtain information from witnesses and suspects. Emphasis is placed on the investigation of specific crimes and the role of the investigator as a liaison in the criminal trial. Transfer Credit: CSU.

CRIMINAL JUSTICE C128 3.0 Units
Criminal Procedure
This course explores some of the basic protections the U.S. Constitution affords citizens against government intrusion when individuals are suspected of criminal conduct. It allows students to analyze legal and practical problems related to search and seizure, arrest, and interrogation law from the prospective of both law enforcement and the community member. Emphasis is placed on court decisions involving specific amendments to the Bill of Rights, as well as the Due Process Clause of the Fourteenth Amendment. Topics include important legal concepts, such as the exclusionary rule, stop and frisk, probable cause, and Miranda warnings. Transfer Credit: CSU.

CRIMINAL JUSTICE C135 3.0 Units
Introduction to Policing
This course gives students an overview of the police and their mission. It examines the evolution of policing as well as methods, issues, and challenges to present day policing. The course also looks at technology in the service of law enforcement and explores the future of policing. Emphasis is placed on the student’s developing a proper understanding of police accountability and ethical behavior. Transfer Credit: CSU.

CRIMINAL JUSTICE C140 3.0 Units
Introduction to Criminal Justice
An introductory course that examines the history, development and philosophy of the American criminal justice system. Provides an overview of law enforcement, courts and correctional systems in a democratic society. Topics include the major theories of crime causation, the nature and scope of police work, the role of courts and prison life in the United States. Covers recent trends in terrorism prevention and homeland security matters. Transfer Credit: CSU.

CRIMINAL JUSTICE C141 3.0 Units
Criminal Law
An introduction to the general doctrines of criminal liability. This course covers the historical and philosophical foundations of criminal law, as well as its purpose and structure. Students examine major conceptual legal principles and terminology. Topics include constitutional issues, legal causation, criminal defenses, parties to a crime, and inchoate offenses. Emphasis is placed on court decisions and their impact on law enforcement activities. Transfer Credit: CSU.

CRIMINAL JUSTICE C146 3.0 Units
Written Communication for Criminal Justice
This course presents techniques for accurately communicating information and ideas in a clear, concise manner within the context of the criminal justice community. It focuses on developing the student’s ability to organize information and prepare effective written correspondence in a law enforcement, court, or correctional environment. The course emphasizes instruction in the mechanics of writing, vocabulary development, and methods of effectively gathering information. Students practice note-taking, report writing, and investigative strategies to assist in the administration of justice. Transfer Credit: CSU.

CRIMINAL JUSTICE C148 3.0 Units
Multi-Cultural Studies in Criminal Justice
This course examines current issues and social problems relating to the administration of justice in a culturally diverse society. It focuses on the cross-cultural contact that criminal justice professionals have with citizens, victims, suspects, and coworkers from diverse backgrounds. The course emphasizes law enforcement’s role and responsibility in understanding cultural differences and respect toward those of different backgrounds. Topics include prejudice in law enforcement, hate crimes, jury bias, racial profiling, disparate treatment in prisons, and terrorism/homeland security considerations. Transfer Credit: CSU.
CUSTOMER SERVICE
ACADEMY (CSA)

CUSTOMER SERVICE
ACADEMY C010 0.5 Unit
Customer Service
This course is designed to provide the student with certain key skills and attitudes in order to effectively meet the needs of customers. The student will be introduced to the concept of internal and external customers, customer satisfaction, and customer retention. Topics will include communicating with customers, developing a positive attitude, handling complaints, and developing sales skills.

CUSTOMER SERVICE
ACADEMY C015 0.5 Unit
Communicating with People
This course is designed to introduce the student to key elements in communication within business organizations. Topics will include verbal and nonverbal communication, listening skills, and supervisory communication.

CUSTOMER SERVICE
ACADEMY C020 0.5 Unit
Team Building
This course is designed to provide the student with an understanding of how to solve common types of problems. Students will learn to recognize various team player styles and will be introduced to team building in the workplace.

CUSTOMER SERVICE
ACADEMY C025 0.5 Unit
Stress Management
This course is designed to acquaint the student with various skills the supervisor needs to help employees. Topics include stress recognition and how to manage it, job burnout and what to do about it, and employee counseling in various situations.

CUSTOMER SERVICE
ACADEMY C030 0.5 Unit
Time Management
This course is designed to introduce the student to time management principles and specific tools that assist in making maximum use of time. Basic concepts of managing space will also be covered.

CUSTOMER SERVICE
ACADEMY C035 0.5 Unit
Conflict Resolution
This course is designed to provide the student with an analysis of attitudes and behavior that create conflict between individuals and groups within an organization.

CUSTOMER SERVICE
ACADEMY C040 0.5 Unit
Attitude in the Workplace
This course is designed to provide the student with certain key skills in the area of attitude so that they may effectively maintain a positive attitude in the workplace and at home. The student will be introduced to attitude style recognition, attitude communication, and attitude adjustment.

CUSTOMER SERVICE
ACADEMY C045 0.5 Unit
Managing Organizational Change
This course is designed to provide the student with an understanding of change and the influence it has on an organization and the individuals in that organization.

CUSTOMER SERVICE
ACADEMY C050 0.5 Unit
Decision Making and Problem Solving
This course is designed to introduce the student to decision making and problem solving as a supervisor.

CUSTOMER SERVICE
ACADEMY C055 0.5 Unit
Foundation Essential: Values and Ethics
This course is designed to acquaint the student with the importance of values and ethics in the workplace. The importance of values and ethics involved in the supervisor’s carrying out his/her duties will be emphasized.

DANCE (DANC)
DANCE C200 3.0 Units
Dance Appreciation
A lecture course exploring the evolution of dance throughout history and different cultures, and an appreciation for the various elements to observe when viewing dance choreography. Mandatory attendance at a minimum of two live dance performances; cost to be paid by student (discounts available). Transfer Credit: CSU; UC.

DIGITAL GRAPHICS
APPLICATIONS C111 3.0 Units
3ds Max Fundamentals
Advisory: DGA C116A
This course teaches foundational animation skills, such as 3D modeling, animation, rendering, compositing, visual effects, production, and performance skills. Hands-on training is emphasized using Autodesk Suite. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C116A 3.0 Units
Adobe Photoshop 1
The course will introduce basic tools and techniques to explore the graphic capabilities of Adobe Photoshop. Learn how selection and editing tools are used to manipulate graphics and photographs by duplicating, deleting, replacing, or changing image elements. Create original images and produce multi-layered graphics from existing photographs. Create eye-catching display graphics, color correct, and retouch photos. No art background required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C116B 3.0 Units
Adobe Photoshop 2
Advisory: DGA C116A
This project-based course will focus on the intermediate tools and techniques that expand the graphic capabilities of Adobe Photoshop. Learn how editing tools and actions are used to enhance images and retouch photographs by compositing, deleting, replacing, or changing image elements with filters, masks, channels, and paths. Create original images and produce multi-layered graphics for print and the web. No art background required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C117 3.0 Units
Typography Fundamentals
Typography is the window into the world of visual communication. Explore the history and development of basic letterforms and the ubiquitous nature of type and typography as it relates to mastering the skills necessary to design effective digital assets. Real world applications will be discussed relating to perceptions, intention, readability and usage of typography, while creating successful designs for a professional portfolio. Recommended for Digital Graphic Application majors and certificates. Transfer Credit: CSU.
DIGITAL GRAPHICS
APPLICATIONS C118A 3.0 Units
Introduction to Adobe Illustrator
This course is primarily designed for the student wishing to master the basics of Adobe Illustrator. Topics covered include the working environment using appropriate tools or filters for illustrations, applying strokes and color fills, creating and editing paths, using layers, transformation effects, and gradients, working with images, and creating basic object shapes. Course is hands-on environment with lecture. No artistic background is required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C118B 3.0 Units
Adobe Illustrator 2
Advisory: DGA C118A
This course is primarily designed for students wishing to expand their basic knowledge and enhance their skills using Adobe Illustrator. Topics include Illustrator’s effect and appearance features, expanded text techniques, special effects filters, stylized palettes, transformation tools, and preparation of illustrations for the web. Create impressive illustrations utilizing features, such as transparency, text, masking, and shadow-and-glow effects. No artistic background is required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C120 3.0 Units
Introduction to InDesign
This project-based course will introduce the basic tools and techniques to explore the graphic and type capabilities of Adobe InDesign. Learn how to import and edit text; create and manipulate styles, tables, and graphics; and use effects and blend modes to create multi-page documents, such as letterhead, tri-fold brochures, flyers, and booklets for print and the web. No art background required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C121 3.0 Units
Introduction to Adobe Premiere
This project-based course will introduce the basic tools and techniques to explore the capabilities of Adobe Premiere in storytelling using video. Learn how to import and edit video and audio; create; and apply transitions, effects, and animations to create movies that can be exported in various formats. No art background required. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C122 3.0 Units
Introduction to After Effects
This project-based course will introduce fundamental techniques used to integrate text, graphics, sound, video, and 2D/CG animation into video projects. Learn the skills used to create compelling digital effects and motion graphics to enhance storytelling and bring a new dimension to the finished video. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C130 3.0 Units
Digital Media Portfolio
Produce your digital media portfolio to display on the web, especially for mobile devices. Learn an overview of the design process and skills using integrated Adobe products, such as Photoshop, Dreamweaver, Illustrator, and InDesign. Prepare marketing documents, business plans, and budgets, focused on becoming an entrepreneur. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C131 3.0 Units
Digital Photography Using Photoshop
Advisory: Student must have access to/own a digital camera.
Use a digital camera with Adobe Photoshop to perform basic image editing techniques to enhance and correct images. Learn basic camera controls, camera support systems, basic lighting techniques, file formats, transfer of files, and saving options. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C140 3.0 Units
Beginning Audio Production
This course covers basic theory and practice in the areas of audio recording and production – emphasizing the recording process, sound and hearing, microphone design and application, digital audio technology, multimedia and sound, signal processing, studio design, and sound integration with current digital technologies. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C150A 3.0 Units
Drone Imaging 1
Students will receive instruction in digital imaging, cinematography, colorization and photo editing while participating in hands-on or virtual flight activities to develop, practice, and optimize Unmanned Aircraft System flight and photography skills. Students will learn how to manage and edit photographic imagery captured by drones. High-end photo equipment and drones or drone-simulators will be used. This course is a media management course for drone operators, which focuses on developing careers using drones as tools that capture images for a variety of industries across multiple sectors. This is not a FAA certificate training course, but some information pertaining to the FAA certifications will be discussed. The FAA certification is not part of this course. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C150B 3.0 Units
Drone Imaging 2
Advisory: DGA C150A
Students will receive instruction and participate in hands-on or virtual flight activities to develop, practice, and optimize Unmanned Aircraft System flight to develop skills in advanced aerial photography for use in videography and 3D mapping with drones. High-end photo equipment and drones or drone-simulators will be used. This course is a media management course for drone operators, which focuses on developing careers using drones as tools that capture images for a variety of industries across multiple sectors. This is not a FAA certificate training course, but some information pertaining to the FAA certifications will be discussed. The FAA certification is not part of this course. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C164 3.0 Units
Adobe Muse
Advisory: DGA C120
Students learn how to use Adobe Muse to design and publish a professional, original website without learning code. Students develop master pages; create type styles; import and edit images; work with links, buttons, anchors, and widgets; embed HTML; develop alternate layouts for mobile devices; and publish and export their own website. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C166A 3.0 Units
Dreamweaver Basics
To be competitive, website developers need to stay current in the newest web technology tools. Learn to use Dreamweaver to produce visually appealing websites with concise editable code while allowing you to use the most advanced features of this web editor, especially responsive design. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C166C 3.0 Units
Adobe Animate
Design interactive animations with cutting-edge drawing tools and publish them to multiple platforms, including Flash/AIR, HTML5 Canvas, WebGL, or even custom platforms. Allow your creative talent to emerge and reach users on virtually any desktop or mobile device. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C168 1.5 Units
Introduction to Survey of Multimedia Entertainment
This course will present a survey of the multimedia industry. It will focus on entry-level jobs and responsibilities, career paths, and the necessary skills for success. An introduction of the production processes from concept to publication will be researched and discussed. Transfer Credit: CSU.
DIGITAL GRAPHICS
APPLICATIONS C170 3.0 Units
Character Design
Advisory: ART C121
In this course, students will learn the principles of drawn and digital character design as it pertains to the animation, comic book, feature film, and other multimedia entertainment industries. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C171 1.0 Unit
Computer Programming with Alice
Introduces both majors and non-majors to the concepts and topics of computer and simulation programming. You will develop algorithmic thinking and abstraction through the use of a 3-D animation programming environment. This course is designed for beginning programmers, and web developers who need to understand object oriented concepts. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C172 3.0 Units
Introduction to 2-D Animation
Create 2-D animation projects using techniques, such as character development, action tools, timelines, color, and stage positions. Apply weight and physics principles to objects with software tools. Animation samples from various production studios will be explored and discussed resulting in strategies to independently design and critique 2-D animations for your digital media portfolio. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C174 3.0 Units
Introduction to 3-D Animation
Advisory: DGA C172
Create 3-D animations using techniques, such as applying key framing, textures, camera angles, and editing. Animation samples from various production studios will be explored and discussed resulting in strategies to independently design and critique 2-D animations for your digital media portfolio. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C182 3.0 Units
Simulation Building
Advisory: DGA C174
Learn to apply basic design principles to the solution of visual problems using elements of 3-D design. You will conceptualize your intended design from concept into a 3-D environment. The use of primitive shape based design, 3-D coordinate systems, and construction of 3-D models will be explored. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C184 3.0 Units
Interface Design
(Same as Informatics C184)
Learn how the User Experience (UX) influences developers for interface design that merges simple with elegant to increase usability. UX includes all elements of the end-user’s interaction with a company, its services, and its products. Analyze user information to address security, aesthetics, marketing, and mobile issues. Emphasis is on distinguishing between the total user experience from only the user interface and creating development plan. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C185 3.0 Units
Interface Design User Experience Project
Advisory: DGA C184
Design and implement team based projects that are focused on the User Experience. Company culture, services, products, and staff will be discussed as an integral element of designing simple, yet elegant pathways to a positive and successful experience for the end user. Transfer Credit: CSU.

DIGITAL GRAPHICS
APPLICATIONS C195 3.0 Units
Introduction to Biotechnology Media Design
Advisory: DGA C116A and C118A
This course emphasizes the foundational digital arts skills required to design and create professional media products for the BioTech field. Students will develop conceptual pathways related to interdisciplinary STEAM fields (Science, Technology, Engineering, Art & Math); experiment with mixed digital arts and media, including 3D modeling; and discuss the importance of research, models, and props in the design and execution of the final product. Career options, self-promotion, and practical application of digital media skills will also be discussed. Transfer Credit: CSU.

ECOLOGY (ECOL)
ECOLOGY C100 3.0 Units
Human Ecology
Provides students with an understanding of the biological implication of man’s interplay with the planet. The course is focused on the biological prospects of the future as viewed by examining the biosphere and biogeochemical cycles. Future predictions and current topics will be analyzed in relationship to planet management. Transfer Credit: CSU; UC.

EDUCATION (EDUC)
EDUCATION C101 0.5 Unit
Tutor Training
Learn strategies for effective tutoring. Discover how to motivate, foster independence, stimulate active learning, and build confidence in the learner. Identify factors that affect student learning, such as language and cultural differences; learn how to handle difficult tutoring situations, and to identify different learning styles. Transfer Credit: CSU.
EDUCATION C103 2.0 Units
Introduction to Computers in Education: Technology Proficiencies for Teachers 1
Advisory: EDUC C104 may be taken at the same time.
Based on the Technology Standard for a California K-12 Preliminary Teaching Credential, this class focuses on the computer proficiencies that credential candidates are required to master before they can be issued a preliminary Multiple or Single Subject Credential. The curriculum and course represent a working partnership between the California Technology Assistance Project (CTAP), Region IX and Coast Community College District's TEACH3 Program. Students will complete a portfolio in all the state mandated proficiencies and will receive certification as a Preliminary (Level I) Technology Proficient Educator. Transfer Credit: CSU.

EDUCATION C104 1.0 Unit
Introduction to Teaching and Learning in Diverse Contemporary Classrooms
Advisory: Eligibility for ENGL C100
The course will address the qualities of an effective teacher, components and purposes of an effective professional portfolio, and critical issues in diverse contemporary classrooms. Students will initiate the development of a reflective practitioner workbook, begin their electronic professional portfolio, and learn about their own learning needs and styles. Learning outcomes are aligned to the California Standards for the Teaching Profession and associated teacher performance expectations. Ten hours of arranged fieldwork /observation included. Transfer Credit: CSU; UC.

EDUCATION C107 1.0 Unit
Introduction to Distance Learning
Advisory: BC C050 or basic computer skills
Using the tools and systems of distance learning, students will develop skills that will enable them to successfully complete distance learning programs on their own in the future. This course is a 1.0 unit class that addresses the technical competencies and computer skills needed for distance learning success. Transfer Credit: CSU.

EDUCATION C108 1.0 Unit
How to Succeed in Distance Learning
Advisory: EDUC C107 or equivalent experience with computer technology in a distance learning environment
This course provides an orientation to the characteristics and processes of distance learning. Students will learn the meaning of key terms used in distance education. They will experience the differences between traditional classroom and distance learning courses. They will learn how to anticipate, avoid, and/or solve typical problems encountered in distance learning environments. In addition, students will learn practical strategies and skills that will help them succeed in online, television, CD-ROM, and hybrid classes. Transfer Credit: CSU.

EDUCATION C121 2.0 Units
Expert Learning 1
This course focuses on students' acquisition of expert learner skills in the areas of text comprehension and summarization, note-taking, test-taking, memory tools, graphic organizers, and time management. Transfer Credit: CSU.

EDUCATION C122 2.0 Units
Expert Learning 2
Prerequisite: EDUC C121 with a grade of C or better
This course focuses on students' acquisition of expert learner skills in the areas of textbook reading and comprehension, note-taking, listening skills, and visual notes and study tools. Transfer Credit: CSU.

EDUCATION C180 3.0 Units
Family/School/Community Partnerships
A course for prospective teachers about current family, school, and community partnership models and approaches that foster two-way partnerships with families and communities of diverse backgrounds. This course covers historical, legal, social, and political perspectives regarding educational access and equity for diverse student populations found in contemporary classrooms; students learn about building relationships with ethnically and linguistically diverse families and communities along with a focus on socialization, identity development, and the developing child in a societal context. Includes ten hours of arranged fieldwork/focused observations aligned with students' area of interest (preschool, elementary, middle school, high school). Transfer Credit: CSU.

EDUCATION C200 3.5 Units
The Teaching Profession
Advisory: Eligibility for ENGL C100
Designed for students considering teaching as a career or for those interested in a class that focuses on issues facing teachers and students in today's schools. The course examines opportunities, requirements, responsibilities, and rewards in teaching as well as skills needed and problems often encountered in the classroom. Additional focus on educational philosophies and sociology of education. In addition to class time, the course includes field work training and requires a minimum of 45 hours of structured fieldwork in public elementary school classrooms that represent California's diverse student population, and includes cooperation with at least one campus-approved certificated classroom teacher. Meets the California Commission on Teacher Credentialing requirement that students who are considering a teaching career have early and frequent opportunities to engage in field experiences that are linked with college/university coursework. Transfer Credit: CSU; UC. C-ID: EDUC 200.

EDUCATION C210 3.0 Units
Introduction to Special Education
This course provides an overview of the broad range of exceptionalities and the varying levels of characteristics, prevalence, causes & prevention, assessment, early intervention, and teaching concerning individuals with disabilities. Topics will include the impact on academic, social, and emotional performances along with ways teachers can support these individuals and their families to promote a successful learning experience. 10 hours of fieldwork in a special education setting is required. Transfer Credit: CSU.

ELECTRONICS (ELEC)
The Electronics courses below are offered online through the Military/Contract Education Program only. Students who reside in the local Orange County area and who are not eligible for enrollment in our global military/contract education program are encouraged to visit our sister college, Orange Coast College, for local course offerings.

ELECTRONICS C101 3.0 Units
Introduction to Electronics with Computer Applications
Advisory: MATH C010
This class is an introduction to the field of Electronics. It is designed to familiarize the student with the fundamental equations, calculations, and numeric representations used by Engineers and Technicians. Topics covered will include understanding the range of magnitude of numbers (data) and their SI representation in Scientific and Engineering notation. Base conversion of numbers (hex to decimal), Analog to digital (A/D) and digital to Analog (D/A) conversion. Charting and Graphing of data and how to interpret data on different graphs (semi-log, log-log). Transfer Credit: CSU.

ELECTRONICS C102 4.0 Units
DC Circuit Analysis
Advisory: MATH C010
Students learn to conduct an experiment using modern tools, collect data, analyze data, and write a report to professional standards. Students learn to analyze DC networks with applied scientific principles. Students develop an understanding of the function of resistors, capacitors, and inductors in a functioning circuit. Students are required to perform computer analysis using modern software tools to validate calculations and experimental results. Transfer Credit: CSU.
ELECTRONICS C103 4.0 Units
AC Circuit Analysis
Advisory: ELEC C101 and MATH C010
Students learn to conduct an experiment using modern tools, collect data, analyze data, and write a report to professional standards. Students learn to analyze AC networks with applied scientific principles. Students develop an understanding of the function of resistors, capacitors, and inductors in a functioning circuit. Students are required to perform computer analysis using modern software tools to validate calculations and experimental results. Transfer Credit: CSU.

ELECTRONICS C104 3.0 Units
Digital Computer Electronics
Advisory: ELEC C101 and C102
This class is a continuation of the digital logic portion of ELEC C101 and C102 (binary numbers, Logic gates AND / OR). It starts with an introduction to one-bit memory cells (Flip-Flops), comparators, ADDITION and 2’s complement using discreet logic gates (XOR), decision making circuitry, sequential circuits, program counter, instruction sequencing. This class gives the student a “behind the scene look” at what makes every digital computer work. Transfer Credit: CSU.

ELECTRONICS C204 4.0 Units
Semiconductor Devices and Circuits
Advisory: ELEC C101, C102, and C103
The student will learn the characteristics of semiconductor devices, including diodes, BJTs, and FETs. Biasing and DC and AC load-lines are presented in each of the three configurations -- CB/CG, CE/CS, and CC/CD, followed by analysis and design of amplifier circuits at mid-band with emphasis on input/output impedance and gain. Students learn to design and analyze diode and transistor circuits, simulate test results with a circuit simulation package. Transfer Credit: CSU.

ELECTRONICS C210 4.0 Units
Analog Electric Circuit Analysis
Advisory: ELEC C102 and C103 and MATH C010
Students will learn to write transfer functions of low, high, and band pass RC filters; phase lead and lag RC networks; and use complex conjugates to separate functions into gain-magnitude and phase components and sketch bode plots on semi-log axes. Write transfer functions of series and parallel RLC resonant circuits and plot their response. Determine h-parameters from device curves and convert them into small signal models to compute input/output impedance and gain. Work with four idealized forms of amplifiers -- VV, VI, IV, and II. Students learn to analyze passive RC, RC, and RLC circuits, simulate test results with EWB or PSPice, set-up test apparatus, and gather data and to prepare technical reports to professional standards. Transfer Credit: CSU.

ELECTRONICS C230 3.0 Units
Advanced Digital Electronics
Advisory: ELEC C101, C102, and C104
The student will use discrete integrated circuits, glue logic, TTL or CMOS to simulate then prototype or breadboard functional components from the ELEC C104 class, such as Multiplexers, Adders, Shift registers, stacks. These components will be ported to Alerta PLDs and their operation verified. For the final project the student will construct a project from discrete components and PLDs then compare the operation / cost / complexity tradeoff in a final paper. Typical final projects in the past included Tic-Tac-Toe, a traffic signal, Pong, read/write a sequence of 1s and 0s to RAM. These projects will be converted again in ELEC C240 to run on a M68HC11 controller. Transfer Credit: CSU.

ELECTRONICS C240 4.0 Units
Microcomputer Systems & Assembly Programming
Advisory: ELEC C101, C102, and C104
The student will learn to design, write, and debug programs in assembly and a subset of American National Standards Institute (ANSI) "C." The student will learn to download programs to the microcomputer after they have been converted on a host computer with an assembler or C compiler. The first few programs will duplicate some of the hardwired processes developed in the Advanced Digital Logic class then progress to more complex time-dependent processes, such as Temperature measurement, motor speed control, metering the flow of liquids. This class is the logical continuation of ELEC C104 and will rely on information learned in other electronics classes, such as ELEC C204 and C210. Transfer Credit: CSU.

ELECTRONICS C272 3.0 Units
Electronic Manufacturing
Advisory: ELEC C102, C103, C104, C215 and MATH C010
This course is designed to fulfill the needs of technicians seeking competency in all aspects of electronic design and fabrication techniques. It serves as a practical and realistic guide for developing skills in planning, designing and constructing electronic equipment. Students learn the process of design, from concept to completion of a piece of working hardware. Students learn the importance of safety in regards to AC wiring and protection. Students learn about modern manufacturing techniques with Printed circuit boards and automation. Students learn how to use modern CAD software to design a project, and use an outside vendor to produce a product using CAM files. Students learn to work in a group setting to design and manufacture a device. Transfer Credit: CSU.

ELECTRONICS C280 4.0 Units
Basic Electrical Machines
Advisory: ELEC C101, C102, C104, and C210
This class will provide students with a broad understanding of modern electric power, where it comes from, how it is transmitted and how it is turned into useful work. The scope of the class reflects the rapid changes that have occurred in power technology over the past few years--allowing the entrance of power electronics into every facet of industrial drives, and expanding the field to open more career opportunities. Transfer Credit: CSU.

ELECTRONICS C281 1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Electronics for 5 hours per week per 1.0 unit of Work Based Learning Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning experience participant’s opportunity for success in the field of Electronics by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Electronics. Transfer Credit: CSU.

ELECTRONICS C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Electronics for 5 hours per week per 1.0 unit of Work Based Learning Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
This course enhances each Work Based Learning experience participant’s opportunity for success in the field of Electronics by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Electronics. Transfer Credit: CSU.

ELECTRONICS C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Electronics for 5 hours per week per 1.0 unit of Work Based Learning Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
This course enhances each Work Based Learning experience participant’s opportunity for success in the field of Electronics by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Electronics. Transfer Credit: CSU.
EMERGENCY MANAGEMENT/HOMELAND SECURITY (EMGT)

EMERGENCY MANAGEMENT C101 3.0 Units
Introduction to Emergency Management
This course introduces the student to the fundamental aspects of emergency management. It examines the roles and responsibilities of government and non-profit agencies when responding to disasters and emergencies with emphasis on man-made, natural, and technological events most likely to affect the United States. The course emphasizes the four concepts of emergency management: preparedness, mitigation, response, and recovery. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C102 3.0 Units
Introduction to Homeland Security
This introductory course explores the history, development, and organization of homeland security in the United States. It examines the roles and functions of the various components of the Department of Homeland Security and its relationship to state and local agencies. Topics include the threat of terrorism and countermeasures, the importance of the intelligence community, and how government systems can effectively prepare for and respond to security threats on American soil. Emphasis is placed on homeland security practices of the emergency manager. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C105 3.0 Units
(Formerly EMERGENCY MANAGEMENT C100)
Emergency Preparedness
This course is designed for individuals from both the private and public sector who may be responsible for developing and implementing their organization’s emergency planning guide. This course will identify steps of preparedness and the importance of community involvement, education, and disaster preparedness. Preparedness levels will include natural disaster, terrorism, incidents, and events. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C110 3.0 Units
Emergency Response
This course is designed for individuals from both the private and public sector who may be responsible for developing and implementing their organization’s emergency response due to incidents and/ or man-made occurrences. This course will introduce the Incident Command System, identify necessary capabilities for effective response, and demonstrate coordination between various levels of government and the private sector. The course will also demonstrate how to effectively transition between the normal and emergency operations. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C120 3.0 Units
Disaster Recovery
This course is designed for individuals from both the private and public sector who may be responsible for developing and implementing their organization’s emergency recovery team during contingencies. The course will define and discuss short-term restoration and long-term recovery, discuss common restoration and recovery measures and activities and challenges related to this phase of emergency management, and identify recovery planning considerations and key elements of the recovery process. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C130 3.0 Units
Hazard Mitigation
This course is designed for individuals from both the private and public sector, who may be responsible for developing and implementing their organization’s hazard mitigation strategies, based upon a defined hazard analysis process. This course will review advanced concepts of mitigation, in both the pre and post disaster or man-made occurrence, with an emphasis on strategy development. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C140 3.0 Units
Crisis Response for Responders (CRR)
An introduction to crisis response for first responders of an emergency or significant incident or event. This course will assist those who are assisting people in the immediate aftermath of a disaster or other type of tragedy. Students will learn how to reduce initial stress, gather information, debrief, and produce an environment of connectedness to empower communities to heal in the recovery process. It is an organized approach to supporting emergency first responders who are involved in emergency operations under stress. The purpose of debrief is to mitigate long-term emotional trauma following the incident. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C150 3.0 Units
Crisis Management of Special Populations
This course discusses the challenges emergency responders face with individuals with special needs during a disaster or emergency. The course includes an overview of important issues and recommendations for solutions when establishing preparedness plans for individuals with special needs. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C160 3.0 Units
Introduction to Public Information Officer (PIO)
This course is a basic introduction to the role of a Public Information Officer (PIO). It is designed for those who are new to the field or have had limited exposure carrying out the role as a PIO as well as those students who have been assigned the position of PIO as an ancillary duty. The course emphasizes the basic skills and knowledge needed for emergency management PIO activities. Course topics will include the role of the PIO as well as composing press releases, public speaking, doing television interviews, and conducting awareness campaigns. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C172 3.0 Units
Intelligence Analysis and Security Management
Advisory: EMGT C102
This course examines intelligence analysis and its indispensable relationship to the security management of terrorist attacks, man-made disasters, and natural disasters. It also explores vulnerabilities of our national defense and private sectors as well as the threats posed to these institutions by terrorists, man-made disasters, and natural disasters. Students will discuss substantive issues regarding intelligence support of homeland security measures implemented by the United States and explore how the intelligence community operates. Letter grade only. Transfer Credit: CSU.

EMERGENCY MANAGEMENT C174 3.0 Units
Transportation and Border Security
Advisory: EMGT C102
This course provides an overview of modern border and transportation security challenges, as well as different methods employed to address these challenges. The course covers a time period from post 9-11 to the present. The course explores topics associated with border security and security for transportation infrastructure, to include: seaports, ships, aircraft, airports, trains, train stations, trucks, highways, bridges, rail lines, pipelines, and buses. The course will include an exploration of technological solutions employed to enhance security of borders and transportation systems. Students will be required to discuss the legal, economic, political, and cultural concerns and impacts associated with transportation and border security. The course provides students with a knowledge level understanding of the variety of challenges inherent in transportation and border security. Transfer Credit: CSU.
ENGLISH (ENGL)

ENGLISH C020 1.5 Units
Basic Grammar
This basic grammar course covers sentence structure, parts of speech, punctuation, and syntax. Emphasis is placed on grammatical structure and correct usage. (NOT DEGREE APPLICABLE.)

ENGLISH C021 1.5 Units
College Spelling 1
A beginning, self-paced, programmed course designed to help students master the basic rules of spelling. Among other topics, it addresses phonics, silent letters, plurals, suffixes, commonly misspelled words, and apostrophes. (NOT DEGREE APPLICABLE.)

ENGLISH C024 1.5 Units
College Vocabulary 1
A beginning course designed to help students develop a college-level vocabulary. Students learn word usage and ways to build words using context clues, word derivatives, and prefixes and suffixes. (NOT DEGREE APPLICABLE.)

ENGLISH C025 1.5 Units
College Vocabulary 2
Advisory: ENGL C024
This is the second of a series of courses designed to help students develop a college-level vocabulary. Students learn word usage and ways to build words using context clues, word derivatives, and prefixes and suffixes. (Not Applicable to A.A. Degree.)

ENGLISH C099 3.0 Units
Fundamentals of Composition
Advisory: ESL students are advised to complete ESL C054: Grammar, Reading, and Writing 4A with a grade of C or better.

Students will practice the writing process and learn the composition principles for expository sentences, extended paragraphs, and short essays. Students will also review grammar, sentence structure, punctuation, and organization in order to express ideas clearly. This course prepares students for ENGL C100.
ENGLISH C140 3.0 Units
Appreciation of Literature
Prerequisite: ENGL C100 with a grade of C or better

The primary purpose of this survey-level course is to acquaint the student with a variety of literary, poetic, dramatic, and rhetorical devices so that the student can interact with literature in a meaningful way. Transfer Credit: CSU; UC. C-ID: ENGL 120.

ENGLISH C143 3.0 Units
Children's Literature
Prerequisite: ENGL C100 with a grade of C or better

This course provides a survey of classic and contemporary children's literature. The course will provide an overview of the literary content and social values found in selected works of children's literature. Transfer Credit: CSU; UC. C-ID: ENGL 180.

ENGLISH C144 3.0 Units
The International Short Story
Advisory: ENGL C100

This course introduces the modern short story, emphasizing multicultural stories from countries throughout the world. Each story will be studied with regard to character, plot, theme, point of view, setting, tone, style, and other literary devices as they function within the context of the particular story. In addition, each story will be analyzed to understand the particular culture from which it comes. Transfer Credit: CSU; UC.

ENGLISH C145 3.0 Units
American Literature: The Short Story
Advisory: ENGL C100

This course is an introduction to the American short story, emphasizing major American writers from various cultures in modern/contemporary America. Included is a view of historical period and mindset, and the study of character, plot, theme, point of view, setting, tone, style, and other literary devices as they function within the context of a particular story. Transfer Credit: CSU; UC.

ENGLISH C146 3.0 Units
Introduction to 20th Century Military Fiction
Advisory: ENGL C100

A survey of 20th century military fiction. This course will provide an overview of the literary content and social values found in selected works of military literature. Transfer Credit: CSU; UC.

ENGLISH C150 3.0 Units
American Literature through the Civil War
Prerequisite: ENGL C100 with a grade of C or better

This course exposes students to the legends, poetry, short stories, and essays of early American writers beginning with Native Americans, through Colonialism, to the Civil War. Students will examine the philosophical, cultural, religious, and historic elements related to these texts. Attention will be paid to literary devices and styles evident in individual works and the commentary made by these works on moral and social issues. Writers include Mary Rowlandson, Benjamin Franklin, Phyllis Wheatley, William Apeess, Frederick Douglass, Harriet Beecher Stowe, Edgar Allen Poe, Louisa May Alcott, Washington Irving, Henry David Thoreau, Nathaniel Hawthorne, Herman Melville, and many others will be included. Transfer Credit: CSU; UC. C-ID: ENGL 130.

ENGLISH C155 3.0 Units
American Literature 1865 to Present
Prerequisite: ENGL C100 with a grade of C or better

This course is designed to expose students to the poetry, short stories, essays, and novels of American writers after the Civil War to the present. Students will examine the philosophical, cultural, religious, and historic elements related to these texts. Attention will be paid to literary devices and styles evident in individual works and the commentary made by these works on moral and social issues. The course includes major writers, such as Walt Whitman, Emily Dickinson, Mark Twain, F. Scott Fitzgerald, Langston Hughes, Robert Frost, Ernest Hemingway, William Faulkner, T.S. Eliot, Toni Morrison, Alice Walker, and many others. Transfer Credit: CSU; UC. C-ID: ENGL 135.

ENGLISH C181 3.0 Units
Shakespeare
Prerequisite: ENGL C100 with a grade of C or better

This course will examine the works of William Shakespeare, evaluating his major forms during this time period. Writers from this period may include Chaucer, Mallory, Elizabeth I, William Shakespeare, John Donne, Andrew Marvell, John Milton, Jonathan Swift, Samuel Johnson, and others Transfer Credit: CSU; UC. C-ID: ENGL 160.

ENGLISH C175 3.0 Units
British Literature Since 1800
Prerequisite: ENGL C100 with a grade of C or better

This course introduces the major conventions and characteristics of the major forms during this time period. Writers from this period may include William Blake, Robert Burns, Mary Wollstonecraft, William Wordsworth, Samuel Taylor Coleridge, John Keats, Robert Browning, Christina Rossetti, Matthew Arnold, Oscar Wilde, Joseph Conrad, Salman Rushdie, and others. Transfer Credit: CSU; UC. C-ID: ENGL 165.

ENGLISH C196 3.0 Units
Gothic Victorian Literature
Advisory: ENGL C100

This course is a survey of Victorian literature written during England's 19th century. The course will begin with the origins of the genre and its major conventions and go on to trace the changes in the genre as measured by its historical and social contexts. Important Gothic texts, including the pre-Victorian work Frankenstein and canonical Victorian texts Dracula and Jane Eyre will be studied in order to identify the components of 19th century British Gothic literature. Transfer Credit: CSU; UC.

ENGLISH C270 3.0 Units
British Literature to 1800
Prerequisite: ENGL C100 with a grade of C or better

Analysis and interpretation of British literature from the Middle Ages through the Restoration period in the eighteenth century. The course includes the literary characteristics of the major forms during this time period. Writers from this period may include Chaucer, Mallory, Elizabeth I, William Shakespeare, John Donne, Andrew Marvell, John Milton, Jonathan Swift, Samuel Johnson, and others Transfer Credit: CSU; UC. C-ID: ENGL 160.

ENGLISH C297 3.0 Units
Contemporary Gothic Literature
Advisory: ENGL C100

This course is a survey of Gothic literature written during England's 19th century. The course will begin with the origins of the genre and its major conventions and go on to trace the changes in the genre as measured by its historical and social contexts. Important Gothic texts, including the pre-Victorian work Frankenstein and canonical Victorian texts Dracula and Jane Eyre will be studied in order to identify the components of 19th century British Gothic literature. Transfer Credit: CSU; UC.

ENGLISH C298 3.0 Units
Gothic Victorian Literature
Advisory: ENGL C100

This course is a survey of Gothic literature written during England’s 19th century. The course will begin with the origins of the genre and its major conventions and go on to trace the changes in the genre as measured by its historical and social contexts. Important Gothic texts, including the pre-Victorian work Frankenstein and canonical Victorian texts Dracula and Jane Eyre will be studied in order to identify the components of 19th century British Gothic literature. Transfer Credit: CSU; UC.
ENGLISH AS A SECOND LANGUAGE (ESL)

ENGLISH AS A
SECOND LANGUAGE C001 3.0 Units
Grammar Preparation
Advisory: Placement by ESL assessment process
This is a very basic course designed to provide interactive practice in comprehending and generating simple English sentences. Focus on the verb be and the simple present tense. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C002 3.0 Units
Grammar 1A
Advisory: Placement by ESL assessment process
This is a low, beginning course designed to provide interactive practice in comprehending and generating simple English sentences. Focus on the verb be and the present progressive tense. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C003 3.0 Units
Reading / Writing Preparation
Advisory: Placement by ESL assessment process
This is a very basic course designed to provide practice in reading simple, short paragraphs and writing simple sentences in English. Focus on vocabulary building and reading comprehension. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C004 3.0 Units
Reading / Writing 1A
Advisory: Placement by ESL assessment process
This is a low, beginning course designed to provide practice in reading simple, short paragraphs and writing simple sentences in English. Focus on vocabulary building and reading comprehension. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C006 3.0 Units
Listening / Conversation Preparation
Advisory: Placement by ESL assessment process
This is a very basic listening, speaking, and pronunciation course designed to provide practice in comprehending rudimentary spoken English, speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C007 3.0 Units
Listening / Conversation 1A
Advisory: Placement by ESL assessment process
This is a low, beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple spoken English, speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C010 3.0 Units
Grammar 1B
Advisory: Placement by ESL assessment process
This is a beginning course designed to provide interactive practice in comprehending and generating English sentences in the simple present and present progressive tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C011 3.0 Units
Grammar 1C
Advisory: Placement by ESL assessment process
This is a beginning course designed to provide interactive practice in comprehending and generating English sentences in the simple present, present progressive, simple past, and future tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C013 3.0 Units
Reading / Writing 1B
Advisory: Placement by ESL assessment process
This is a beginning course designed to provide practice in reading short narrative and descriptive paragraphs and writing simple sentences in English. Focus on reading comprehension and analysis of reading passages. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C015 3.0 Units
Reading / Writing 1C
Advisory: Placement by ESL assessment process
This is a beginning course designed to provide practice in reading short narrative and descriptive paragraphs and writing simple sentences in English. Focus on reading comprehension and analysis of reading passages. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C017 3.0 Units
Listening / Conversation 1B
Advisory: Placement by ESL assessment process
This is a beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogues in English, speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C018 3.0 Units
Listening / Conversation 1C
Advisory: Placement by ESL assessment process
This is a high, beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogues in English, speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C019 4.0 Units
Listening & Speaking Skills 2B
Prerequisite: ESL C012, C016, C020, C028, C047, C048, or C058 with a grade of C or better; or ACT Compass assessment: Grammar 55, Reading 57, and Listening 40 or higher
This is a listening comprehension, oral communication, and accent reduction course for low-intermediate students. Emphasis on preparation for classroom situations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C020 3.0 Units
Grammar 2A
Advisory: Placement by ESL assessment process
This is a low, intermediate course designed to provide interactive practice in comprehending and generating English sentences in the present and past simple, progressive, and perfect tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C021 3.0 Units
Grammar 2B
Advisory: Placement by ESL assessment process
This is an intermediate course designed to provide interactive practice in comprehending and generating English sentences in the present and past simple, progressive, and perfect tenses, introduction to modal auxiliaries, adjective clauses, and the passive voice. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C022 0.5 Unit
ESL: Sentence Structure 2
Advisory: Placement by ESL assessment process
An intensive, intermediate-level grammar course for non-native English speakers. A survey of common sentence structures in American English. Emphasis on developing proficiency and fluency in constructing grammatically correct English sentences. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C023 3.0 Units
Reading / Writing 2A
Advisory: Placement by ESL assessment process
This is a low, intermediate course designed to provide practice in reading and analyzing short text selections and writing paragraphs, including a topic sentence and supporting details. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C025 3.0 Units
Reading / Writing 2B
Advisory: Placement by ESL assessment process
This is an intermediate course designed to provide practice in reading and analyzing short text selections and writing paragraphs, including a topic sentence and supporting details. (NOT DEGREE APPLICABLE.)
ENGLISH AS A
SECOND LANGUAGE C026 0.5 Unit
ESL: Listening and Conversation 2
Advisory: Placement by ESL assessment process
An intensive, intermediate-level course in English listening comprehension and oral communication for non-native English speakers with emphasis on skills necessary to comprehend spoken English and to speak English fluently and accurately in conversation. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C028 3.0 Units
Listening / Conversation 2
Advisory: Placement by ESL assessment process
This is a low, intermediate listening, speaking, and pronunciation course designed to provide practice in engaging in conversations in response to lectures, dialogs, and narratives (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C030 3.0 Units
Grammar 3A
Advisory: Placement by ESL assessment process
This is a high, intermediate course designed to provide interactive practice in comprehending and generating English sentences in the simple, progressive, perfect, and perfect progressive tenses, including modal auxiliaries, adjective clauses, and adverb clauses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C031 8.0 Units
Prerequisite: ESL C016, C020, C023, C050, or C053 with a grade of C or better; or ACT Compass assessment: Reading: 57 or higher, Grammar: 55 or higher, and Listening: 40 or higher
This is an intensive, integrated grammar and reading course for low-intermediate students who are non-native speakers of English. This course provides practice in reading and analyzing short text selections and writing paragraphs that include a topic sentence and supporting details. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C032 2.0 Units
ESL: Sentence Structure 3
Advisory: Placement by ESL assessment process
An intensive, intermediate level grammar course for non-native English speakers. A survey of common sentence structures in American English. Emphasis on developing proficiency and fluency in constructing grammatically-correct English sentences. (NOT DEGREE APPLICABLE.)
ENGLISH AS A
SECOND LANGUAGE C046  3.0 Units
ESL: Conversation and Listening 2A
Advisory: Placement by ESL assessment process
An intensive, intermediate-level course in English listening comprehension and oral communication for non-native English speakers. Emphasis is placed on skills necessary to comprehend spoken English and to speak English fluently and accurately in conversation. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C047  4.0 Units
Intensive Listening / Conversation 1B
Advisory: Placement by ESL assessment process
This is an intensive, beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogs in English; speaking clearly; and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C048  4.0 Units
Intensive Listening/Conversation 1C
Advisory: Placement by ESL assessment process
This is an intensive, high beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogs in English, speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C049  4.0 Units
Listening & Speaking Skills 3A
Prerequisite: ESL C019, C021, C025, C028, C031, C038, C047, C051, C055, or C058 with a grade of C or better; or ACT Compass assessment: Grammar 65, Reading 62, and Listening 47 or higher
This is a listening comprehension, oral communication, and accent reduction course for intermediate students. Emphasis on basic note-taking skills. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C050  4.0 Units
Intensive Grammar 2A
Advisory: Placement by ESL assessment process
This is an intensive, low intermediate course designed to provide interactive practice in comprehending and generating English sentences in the present and past simple, progressive, and perfect tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C051  4.0 Units
Intensive Grammar 2B
Advisory: Placement by ESL assessment process
This is an intensive, intermediate course designed to provide interactive practice in comprehending and generating English sentences in the present and past simple, progressive, perfect tenses, and an introduction to modal auxiliaries, adjective clauses, and the passive voice. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C052  4.0 Units
Listening & Speaking Skills 3B
Prerequisite: ESL C030, C033, C035, C038, C049, C060, C063, C068, C138, or C158 with a grade of C or better; or ACT Compass assessment: Grammar 71, Reading 71, and Listening 59 or higher
This is a listening comprehension, oral communication, and accent reduction course for high-intermediate students. Emphasis on effective note taking and participation in class discussion. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C053  4.0 Units
Intensive Reading/Writing 2A
Advisory: Placement by ESL assessment process
This is an intensive, low intermediate course designed to provide practice in reading and analyzing short text selections and writing paragraphs, including a topic sentence and supporting details. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C054  8.0 Units
Grammar, Reading, and Writing 4A
Prerequisite: ESL C039, C130, C133, C150, or C153 with a grade of C or better; or ACT Compass assessment: Reading: 80 or higher, Grammar: 78 or higher, and Listening: 70 or higher
The current ESL program includes separate Reading/Writing and Grammar courses. This course combines these subjects in an integrated curriculum designed to increase efficiency and accelerate students' progress in gaining English proficiency. The low-advanced level Reading, Writing, and Grammar course is the sixth in the series of six core ESL courses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C055  4.0 Units
Intensive Reading/Writing 2B
Advisory: Placement by ESL assessment process
This is an intensive, intermediate course designed to provide practice in reading and analyzing short text selections and writing paragraphs, including a topic sentence and supporting details. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C056  4.0 Units
Listening & Speaking Skills 4
Prerequisite: ESL C039, C052, C130, C133, C138, C150, C153, C158, or C167 with a grade of C or better; or ACT Compass assessment: Grammar 78, Reading 80, and Listening 70 or higher
This is a listening comprehension, oral communication, and accent reduction course for advanced second language students. Emphasis on effective note taking from lectures on academic topics. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C057  4.0 Units
Intensive Grammar 3A
Advisory: Placement by ESL assessment process
This is a high, intermediate course designed to provide interactive practice in comprehending and generating English sentences in the simple, progressive, perfect, and perfect progressive tenses, including modal auxiliaries, adjective clauses, and adverb clauses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C058  4.0 Units
Intensive Grammar 3B
Advisory: Placement by ESL assessment process
This is an intensive, intermediate course designed to provide practice in comprehending and generating English sentences in the present and past simple, progressive, and perfect tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C059  4.0 Units
Intensive Reading/Writing 3A
Advisory: Placement by ESL assessment process
This is an intermediate, high beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogs in English; speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C060  4.0 Units
Intensive Grammar 4A
Advisory: Placement by ESL assessment process
This is an intensive, low intermediate course designed to provide interactive practice in comprehending and generating English sentences in the present and past simple, progressive, and perfect tenses. (NOT DEGREE APPLICABLE.)

ENGLISH AS A
SECOND LANGUAGE C061  4.0 Units
Intensive Grammar 4B
Advisory: Placement by ESL assessment process
This is an intensive, high beginning listening, speaking, and pronunciation course designed to provide practice in comprehending simple narratives, descriptions, and dialogs in English; speaking clearly, and engaging in simple conversations. (NOT DEGREE APPLICABLE.)
ENGLISH AS A SECOND LANGUAGE C130 3.0 Units
Grammar 3B
Advisory: Placement by ESL assessment process
This is a low, advanced course designed to provide interactive practice in comprehending and generating English sentences in the simple, progressive, perfect, and perfect progressive tenses, including noun, adjective, adverb clauses, and an introduction to conditionals. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C133 3.0 Units
Reading/Writing 3B
Advisory: Placement by ESL assessment process
This is a low, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed comparison/contrast, cause/effect and persuasive paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C138 3.0 Units
Listening/Conversation 3B
Advisory: Placement by ESL assessment process
This is a low, advanced listening, speaking, and pronunciation course designed to provide interactive practice in comprehending and responding to short lectures, dialogues, and narratives. Focus on guided note taking. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C140 3.0 Units
Grammar/Writing 4A
Advisory: Placement by ESL assessment process
This is an advanced course in paragraph writing. Students will refine their use of English syntax and write extended, fully-developed definition, process, descriptive, opinion, and narrative paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C141 3.0 Units
Listening/Writing 4B
Advisory: Placement by ESL assessment process
This is an advanced course in paragraph writing. Students will refine their critical thinking skills and use of English syntax. Course curriculum includes introduction to short essays. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C143 3.0 Units
Reading/Writing 4A
Advisory: Placement by ESL assessment process
This is an advanced course designed to provide interactive practice in comprehending and generating English sentences in the simple, progressive, perfect, and perfect progressive tenses, including noun, adjective, adverb clauses, and an introduction to conditionals. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C145 3.0 Units
Reading/Writing 4B
Advisory: Placement by ESL assessment process
This is a high, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed definition, comparison/contrast, opinion, and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C147 3.0 Units
Listening/Conversation 4A
Advisory: Placement by ESL assessment process
This is an advanced listening, conversation, and pronunciation course designed to provide practice in taking effective notes on short lectures and academic topics. Students will also work on refining oral communication skills. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C148 3.0 Units
Listening/Conversation 4B
Advisory: Placement by ESL assessment process
This is a high, advanced listening, conversation, and pronunciation course designed to provide practice in taking effective notes on short lectures and academic topics. Students will also work on refining oral communication skills. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C149 3.0 Units
Intensive Grammar/Writing 3B
Advisory: Placement by ESL assessment process
This is an intensive, low advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed classification, comparison/contrast, cause/effect, and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C150 4.0 Units
Intensive Grammar/Writing 4B
Advisory: Placement by ESL assessment process
This is a high, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed definition, comparison/contrast, and cause/effect and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C151 3.0 Units
Intensive Reading/Writing 3B
Advisory: Placement by ESL assessment process
This is a low, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed classification, comparison/contrast, cause/effect and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C152 3.0 Units
Intensive Reading/Writing 4A
Advisory: Placement by ESL assessment process
This is an advanced course in paragraph writing. Students will refine their use of English syntax and write extended, fully-developed definition, comparison/contrast, cause/effect and persuasive paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C153 4.0 Units
Intensive Reading/Writing 3B
Advisory: Placement by ESL assessment process
This is a low, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed definition, comparison/contrast, cause/effect, and opinion and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C154 4.0 Units
Intensive Reading/Writing 4B
Advisory: Placement by ESL assessment process
This is a high, advanced course designed to provide practice in reading and analyzing a variety of essays and articles and writing extended, well-developed definition, comparison/contrast, and cause/effect and argument paragraphs. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C155 4.0 Units
Intensive Listening/Conversation 3B
Advisory: Placement by ESL assessment process
This is an intensive, low advanced listening, conversation, and pronunciation course designed to provide practice in taking effective notes on short lectures on academic topics. Students will also work on refining oral communication skills. Transfer Credit: CSU.

ENGLISH AS A SECOND LANGUAGE C156 4.0 Units
Intensive Listening/Conversation 4A
Advisory: Placement by ESL assessment process
This is an intensive, high advanced listening, conversation, and pronunciation course designed to provide practice in taking effective notes on short lectures on academic topics. Students will also work on refining oral communication skills. Transfer Credit: CSU.
SECOND LANGUAGE C408 0.0 Units
ESL: Preparation
Advisory: Placement by ESL assessment process
A beginning course in English grammar, conversation, reading, and writing. This course is for students with little or no knowledge of the English language. Emphasis is placed on basic sentence structures and simple, practical conversation skills. (NOT DEGREE APPLICABLE.)

ENGLISH AS A SECOND LANGUAGE C412 0.0 Units
ESL: Sentence Structure 1
Advisory: Placement by ESL assessment process
An intensive, beginning English grammar course for non-native English speakers. A survey of simple sentence structures in American English. Emphasis on developing proficiency and fluency in constructing grammatically-correct English sentences. (NOT DEGREE APPLICABLE.)

ENGLISH AS A SECOND LANGUAGE C414 0.0 Units
ESL: Reading and Writing 1
Advisory: Placement by ESL assessment process
A beginning-level course in English reading and writing for non-native English speakers. Emphasis on developing vocabulary and communication skills necessary for reading and comprehending simple, short paragraphs and writing simple sentences. (NOT DEGREE APPLICABLE.)

ENGLISH AS A SECOND LANGUAGE C416 0.0 Units
ESL: Listening and Conversation 1
Advisory: Placement by ESL assessment process or by Multiple Measures Assessment
An intensive, beginning-level course in English listening comprehension and oral communication for non-native English speakers. Emphasis on skill necessary to comprehend spoken English and to speak English fluently and accurately. (NOT DEGREE APPLICABLE.)

ENGLISH AS A SECOND LANGUAGE C422 0.0 Units
Integrated English Skills 1A
This is a very basic course for low-beginning non-native English speakers focusing on English language skills necessary for simple reading, writing, listening, and speaking tasks in classroom situations. Emphasis on correct sentence structure, basic vocabulary, reading comprehension, listening comprehension, and correct pronunciation. (NOT DEGREE APPLICABLE.)

SECOND LANGUAGE C432 0.0 Units
Reading, Writing, and Grammar 1B
Advisory: Placement by ESL assessment process or by Multiple Measures Assessment
This is an intensive reading, writing, and grammar course for beginning-level non-native English speakers who are preparing for general college coursework. This course provides an introduction to reading and interpreting short reading passages on familiar topics and writing sentences in the simple and progressive present and past tenses. Students will become familiar with grammatical terms in preparation for higher-level academic courses. (NOT DEGREE APPLICABLE.)

SECOND LANGUAGE C435 0.0 Units
ESL: Advanced Pronunciation
Advisory: Placement by ESL assessment process
A pronunciation and communication course for non-native English speakers of intermediate to advanced level English proficiency. Emphasis is placed on highly accurate pronunciation and comprehension of American English speech patterns and communication skills necessary for common business and social situations. (NOT DEGREE APPLICABLE.)

SECOND LANGUAGE C436 0.0 Units
Speaking and Listening 1B
Advisory: Placement by ESL assessment process or by Multiple Measures Assessment
This is an oral communication, pronunciation, and listening comprehension course for beginning-level non-native English speakers. Emphasis on mastering accurate pronunciation and building listening skills to facilitate accurate comprehension of spoken English. (NOT DEGREE APPLICABLE.)

SECOND LANGUAGE C442 0.0 Units
Reading, Writing, and Grammar 2A
Advisory: Placement by ESL assessment process or by Multiple Measures Assessment
This is an intensive reading, writing, and grammar course for high-beginning level non-native English speakers who are preparing for college coursework. This course provides practice in reading and interpreting short reading passages, writing sentences in the simple, progressive, and perfect past and present tenses, and writing short paragraphs. (NOT DEGREE APPLICABLE.)

FOODS AND NUTRITION (FN)
FOODS AND NUTRITION C170 3.0 Units
Nutrition
Scientific concepts of nutrition relating to the functioning of nutrients in the basic processes of life, individual needs, and food sources of nutrients, current nutrition issues, scientific principles to analyze and evaluate nutritional information, and diet analysis will be emphasized. Transfer Credit: CSU; UC.

FOODS AND NUTRITION C225 3.0 Units
(Formerly FOODS AND NUTRITION C175)
Nutrition and Aging
Advisory: FN C170 or SOC C120
Fundamentals of foods and nutrition and food topics related to the health and well-being of older adults. Transfer Credit: CSU.

FRENCH (FREN)
FRENCH C180 5.0 Units
Elementary French 1
Introduction to French language, culture and thought with emphasis upon listening, comprehension, speaking, reading and basic writing skills. Students will become acquainted with fundamental sounds, forms and structures of French and will be aware of the cultural and linguistic backgrounds of Francophone countries. Transfer Credit: CSU; UC credit limitations (see counselor).

FRENCH C185 5.0 Units
Elementary French 2
Prerequisite: FREN C180 or C180B with a grade of C or better, or completion of two years of high school French with a grade of C or better
Continuation of FREN C180 or C180B, designed to enhance the student’s abilities to comprehend and converse, to read and to write in standard French at the second-semester college level. Diverse cultural and philosophical features of the francophone world will be discussed, and reading and writing skills broadened and deepened. The notions of language, dialect, and socio-cultural variation will be discussed. FREN C185 comprises the single-semester equivalent of FREN C185A and FREN C185B combined. Transfer Credit: CSU; UC credit limitations (see counselor).
FRENCH C280 4.0 Units
Intermediate French 1
Prerequisite: FREN C185 or C185B
Continuation of FREN C185, designed to develop further the student's ability to read, write, comprehend, and converse in daily spoken and written French at an intermediate level. The course emphasizes the improvement of reading and writing proficiency as the basis for improved speaking and listening skills. Cultural notes, authentic reading materials, literary selections, and grammar practice are offered to broaden the vocabulary and to improve communicative competence. Socio-cultural, psycholinguistic, and philosophical trappings of the French language and francophone cultures are discussed. FREN C280A + C280B = FREN C280 sequence. Transfer Credit: CSU; UC.

FRENCH C285 4.0 Units
Intermediate French 2
Prerequisite: FREN C280 or C280B
Continuation of FREN C280, designed to develop further the student's ability to read, write, comprehend, and converse in daily spoken and written French as it is produced in France and in other francophone countries. The course emphasizes improvement of intermediate-level reading and writing proficiencies as the bases for improving speaking and listening skills and as the sources for enhancement of inter-cultural understanding. Transfer Credit: CSU; UC.

GEOGRAPHY (GEOG)

GEOGRAPHY C100 3.0 Units
World Regional Geography
This course covers the physical and cultural features of various regions of the world. It examines the relationship between the physical environment and the cultural, political, and economic development of human societies, the reciprocal impact of human societies upon the environment, and current and potential world problems relating to geographic issues. Transfer Credit: CSU; UC. C-ID: GEOG 125.

GEOGRAPHY C150 3.0 Units
California Geography
A study of California's diverse natural, cultural, economic, and human systems. Specific emphasis on geological processes, climate, biogeography, hydrology, migration, and landscapes. Current environmental, social, and economic concerns relating to California geographic concepts are explored. Transfer Credit: CSU; UC.

GEOGRAPHY C185 3.0 Units
Cultural Geography
This course surveys the broad landscape of global cultures in terms of their spatial distributions and interactions. It focuses on how culture shapes physical spaces, how humans perceive these spaces, and how culture and place define people's lives and identity. Transfer Credit: CSU; UC.

GEOLOGY (GEOL)

GEOLGY C105 3.0 Units
(Formerly Geology C110)
General Geology
A study of the composition and structure of the earth and the internal and external processes that modify the crust and the surface. Rock and mineral formation, geologic hazards, resource discovery, and uses will be covered. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: GEOL 100.

GEOLGY C105L 1.0 Unit
(Formerly Geology C141)
Geology Lab
Prerequisite: GEOL C105 with a grade of C or better or concurrent enrollment
Laboratory study of basic physical geology. Emphasizes skills needed for identification of minerals and rocks, interpretation of land surface features based on topographic maps, and the understanding of folding, faulting and rock relationships through interpretation of geologic maps. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: GEOL 100 L.

GEOLGY C106 4.0 Units
Earth Sciences for Teachers
A broad-based lecture/laboratory study of introductory Earth Science, including geology, oceanography, meteorology, planetary science, and astronomy. Topics are aligned with the California State Science Standards for K-12 and will prepare future teachers to teach these subjects within the California Science Framework. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: GEOL 121.

GEOLGY C115 3.0 Units
(Formerly Geology C130)
California Geology
A study of California's topography, natural resources, and economic patterns with emphasis on current problems related to geographic factors. During the course, students will develop an overall understanding of geology and then examine specific California regions, learning how and why California has so many geologic wonders. Transfer Credit: CSU; UC.

GEOLGY C121 3.0 Units
Environmental Geology
The study of human interactions with the earth's geologic systems, environment, hazards and resources. It will focus on studies of environmental problems associated with soils, water resources and pollution, energy and mineral utilization, coastal erosion, natural geologic hazards, and global atmospheric changes. Principles of sound management of the geologic environment will be emphasized. Transfer Credit: CSU; UC.

GEOLGY C185 3.0 Units
Historical Geology
Advisor: GEOL C105
An introduction to Earth's history and the life it supports. Subjects include geologic dating, plate tectonics, stratigraphy, fossils, biological evolution, the planet's origin and the processes that have influenced paleogeography during the past 4.6 billion years. Transfer Credit: CSU; UC. C-ID: GEOL 110.

GEOLGY C185L 1.0 Unit
Historical Geology Lab
Advisor: GEOL C105
Prerequisite: GEOL C185. Students should have taken or be currently enrolled in GEOL C185 in order to enroll in the lab section.

GERONTOLOGY (GERO)

GERONTOLOGY C131 3.0 Units
Home Care
Advisor: BIOL C120 or SOC C120
Specifically targeted to students who are interested in understanding the non-medical in-home care industry and/or in operating a home care business. Provides in-depth information about the applicable California regulations that apply as well as the real-life challenges of operating an in-home care business. Transfer Credit CSU.

GERONTOLOGY C190 0.5 Units
Issues in Gerontology
A topical course covering current issues of concern to those in the field of gerontology. Topics vary each semester. Repetition legally mandated. Transfer Credit: CSU.
GERONTOLOGY C191  1.0 Unit
Issues in Gerontology
A topical course covering current issues of concern to those in the field of gerontology. Topics vary each semester. Repetition legally mandated. Transfer Credit: CSU.

GERONTOLOGY C193  2.0 Units
Issues in Gerontology
A topical course covering current issues of concern to those in the field of gerontology. Topics vary each semester. Repetition legally mandated. Transfer Credit: CSU.

GERONTOLOGY C195  3.0 Units
Issues in Gerontology
A topical course covering current issues of concern to those in the field of gerontology. Topics vary each semester. Repetition legally mandated. Transfer Credit: CSU.

GERONTOLOGY C220  3.0 Units
(Formerly: GERONTOLOGY C120)
Professional Issues in Gerontology
Advisory: SOC C120
This multidisciplinary course addresses the current issues relevant to the older adult population and those working with this population. Biological, psychological, and sociological issues that affect the aged, such as health, housing, legislation, education, safety, employment, and grief are covered. Professional issues, such as ethics, job burnout, and dealing with loss are also discussed. Emphasis is placed on meeting these needs in the local area with an investigation of community resources. Transfer Credit: CSU.

GERONTOLOGY C230  3.0 Units
(Formerly: GERONTOLOGY C130)
Care of Frail Elderly
Advisory: BIOL C120 or SOC C120
Specifically targeted for students interested in working in the field of aging as an aide in adult day care, assisted living, or residential care facilities; or homemaker agencies; or as care givers for family members. Provides in-depth practical information on how to work with elderly clients who are frail due to advanced age or dementia. Transfer Credit CSU.

GERONTOLOGY C240  3.0 Units
(Formerly: GERONTOLOGY C140)
Aging in a Multicultural Society
A multicultural course that addresses how one's ethnic background impacts health care attitudes, the delivery of social services, care-giving expectations, and attitudes towards death and dying. Students completing this course will learn the importance of establishing culturally competent health care and social programs for ethnically diverse aging populations. Transfer Credit: CSU.

GERONTOLOGY C273  3.0 Units
Careers in Gerontology—A Field Practicum
Prerequisite: Be employed or volunteer in the field of Gerontology for a total of 40 hours during the semester
A focus on career options in the field of gerontology. Bridges the gap between educational theory and on-the-job practices through a placement in the field of gerontology. Transfer Credit: CSU.

HEALTH (HLTH)

HEALTH C100  3.0 Units
Personal Health
Examines personal, community, and global health issues and problems. Provides basic information for healthful living, stressing positive health behavior, models of behavior change, and personal responsibility. Areas of emphasis include life cycle changes, emotional and sexual adjustment, disease prevention and control, personal fitness, nutrition, stress, substance use and abuse, environmental and consumer health. Transfer Credit: CSU; UC.

HEALTH C120  3.0 Units
Introduction to Wellness Coaching
Advisory: HLTH C100
Skills and strategies for promoting the total well-being of the person, including behavior change strategies, physical fitness, nutritional awareness, coping with stress, and taking responsibility for one's health. Decisions affecting individual and social health will be emphasized. Transfer Credit: CSU.

HEALTH C121  3.0 Units
Introduction to Health Care Management
This course introduces students to the subject of Health Care Management and prepares them to start their career in that field. It covers all aspects of management, such as communication, coordination, leadership, planning, and decision making. In addition, it also covers organization design, staffing, and budgeting within the context of health care management and administration. Transfer Credit: CSU.

HEALTH C223  3.0 Units
(Formerly HEALTH C175)
Healthy Aging
Advisory: HLTH C100 or SOC C120
Physical and emotional aspects of healthful living in the later years. Emphasis is placed on the healthy changes that occur during the aging process, ways of coping with these changes, and preventative measures to maximize good health. Transfer Credit: CSU.

HEALTH C281  1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Health Care Management for 10 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7 units including Work Based Learning
This course will enhance students’ ability to succeed in the field of Health Care management by providing an opportunity to bridge the gap between theory and practice. Students will have specific performance objectives relative to their career or occupational goal in the field of Health Care Management. Transfer Credit: CSU.

HEALTH C282  2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Health Care Management for 10 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7 units including Work Based Learning
This course will enhance students’ ability to succeed in the field of Health Care management by providing an opportunity to bridge the gap between theory and practice. Students will have specific performance objectives relative to their career or occupational goal in the field of Health Care Management. Transfer Credit: CSU.

HEALTH C283  3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Health Care Management for 10 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7 units including Work Based Learning
This course will enhance students’ ability to succeed in the field of Health Care management by providing an opportunity to bridge the gap between theory and practice. Students will have specific performance objectives relative to their career or occupational goal in the field of Health Care Management. Transfer Credit: CSU.

HEALTH C284  4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in the field of Health Care Management for 10 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7 units including Work Based Learning
This course will enhance students’ ability to succeed in the field of Health Care management by providing an opportunity to bridge the gap between theory and practice. Students will have specific performance objectives relative to their career or occupational goal in the field of Health Care Management. Transfer Credit: CSU.

COASTLINE COMMUNITY COLLEGE  www.coastline.edu
HISTORY (HIST)

HISTORY C101  3.0 Units
Military History of the United States
This course surveys the military history of the United States from the colonial period to the present with emphasis on institutional, technological, social, political, cultural and diplomatic contexts in times of peace and conflict. Transfer Credit: CSU; UC.

HISTORY C115  3.0 Units
Latin American History and Culture
This introductory course in Latin American history covers the Caribbean, Central America, and South America from pre-Columbian times to the present. It emphasizes the development of the cultures, social institutions, political forms, and economic structures of this region, including the complex interactions between Native-American, African, and European societies and the significance of international political and economic connections. Transfer Credit: CSU; UC.

HISTORY C121  3.0 Units
(Formerly History C120)
History of American Women
The course will examine the traditional and developing roles of women in American history. Emphasis will be on the 19th century struggle to gain legal status and the struggle of the twentieth century woman to solidify and build on these gains, comparisons of the images developed through literature and mass media with the realities of women’s lifestyles and women’s contributions to economic, political, and social change particularly in the twentieth century. Transfer Credit: CSU; UC.

HISTORY C122  3.0 Units
Chicano History
This introductory course explores the role played by peoples of Mexican heritage in the development of the United States with a particular focus upon the Southwest. This class will evaluate the significance of Mexican/Latino culture, the status of Chicanos as a minority group within the U.S. society, and the struggles for civil rights. Transfer Credit: CSU; UC.

HISTORY C124  3.0 Units
Vietnamese - American History and Culture
An introductory course on the history of the Vietnamese-American experience in the 20th century. This course will examine Vietnamese culture, the impact of foreign intervention on the Vietnamese, and finally migration and integration into the U.S. society. Transfer Credit: CSU; UC.

HISTORY C125  3.0 Units
Modern Iraqi History and Culture
An introductory course on the modern history of the Iraqi experience. This course will examine Iraqi culture, the impact of foreign intervention on Iraq, and 20th century historical developments. Topics will include the British Occupation, Sykes-Picot Treaty, World War II, Baathist politics, and conflict with the United States. The challenges of regional Middle Eastern politics, petroleum, and religious life will be studied, and connections to the present situation will be debated and analyzed. Transfer Credit: CSU.

HISTORY C126  3.0 Units
African-American History
This course is a survey of the political, economic and social history of African-Americans in the history of the United States of America. Focus and emphasis will be given to the contributions of and events related to African-Americans between 1400 and the present day. Transfer Credit: CSU.

HISTORY C128  3.0 Units
History of Modern China
The course surveys the social, cultural, economic, and political development of China from the 17th century to the present, with a particular emphasis upon the 20th century. The class will focus on the transformation of traditional Chinese society in the context of the collapse of the Qing Empire and the rise of Communism. Transfer Credit: CSU; UC.

HISTORY C132  3.0 Units
History of Britain and Ireland 1
This course surveys the history of the British Isles from the Neolithic age through the 17th century. It explores how various cultures synthesized to create English, Scottish, Welsh, and Irish identities. Major topics include Celtic culture, Roman imperialism, Viking impact, and the Tudor and Stuart monarchies as well as the development of parliamentary institutions and the Common Law. Transfer Credit: CSU; UC.

HISTORY C135  3.0 Units
History of Britain and Ireland 2
This course surveys the history of the British Isles from the 17th century to the present. Content spans the major political, economic, social, cultural, and intellectual forces that have shaped the United Kingdom and Eire. Historical emphasis is placed on constitutional development, the impact of the industrial revolution, and the origins and consequences of British imperialism, Irish nationalism, the world wars, the Cold War, decolonization, the growth of the European community, and contemporary British and Irish culture. Transfer Credit: CSU; UC.

HISTORY C146  3.0 Units
History of Mexico
An introductory course on Mexican history and culture from pre-history to modern times. Emphasis will be on ancient civilizations, colonization, independence, foreign intervention, the Revolution of 1910, and modern developments. Transfer Credit: CSU; UC.

HISTORY C150  3.0 Units
History of California
This course covers the development of California from the earliest times to the present, analyzing the different cultures which have inhabited this region and the diverse societies they have created. Topics include the impact of the natural environment, the relationship between California and the nation, the growth of differences between Northern and Southern California, the role of myth and dreams in the evolution of the state, and the impact of social diversity, including but not limited to categories, such as race, ethnicity, class, and gender. Transfer Credit: CSU; UC.

HISTORY C155  3.0 Units
The American West
This course explores the evolution of the trans-Mississippi West from earliest times to the present. Key topics include the interaction between nature and human society; the significance of the Western mythos in American society; the impact of racial and cultural diversity; the role played by government in the creation of the West; and the evolving role of the West within the context of the nation and the world. Transfer Credit: CSU; UC.

HISTORY C161  3.0 Units
(Formerly History C160)
World History 1
A survey of the economic, political, social, and cultural evolution of civilizations in Asia, the Near East, Europe, Africa, and the Americas, from antiquity to 1500 C.E. This course covers the origin and early development of human civilizations in each region as well as unique cultural traditions and the beginnings of interactions between the different societies. Transfer Credit: CSU; UC. C-ID: HIST 150.

HISTORY C162  3.0 Units
(Formerly History C165)
World History 2
This course traces the economic, political, social, and cultural evolution of civilizations in Asia, the Near East, Europe, Africa, and the Americas from 1500 to the present. It covers the varied impact of industrialization and the creation of a global economy, the evolution and interaction of disparate political systems, and the development of diverse cultural, social, and ideological trends. Transfer Credit: CSU; UC. C-ID: HIST 160.
### Course Descriptions

#### HUMAN SERVICES (HSVC)

**HUMAN SERVICES C100**

**Introduction to Human Services**

A comprehensive survey of the development and scope of the human services field, with a global sensitivity, covers the history of human services, current theories and models of helping, ethics, administration, and careers in human services. Transfer Credit: CSU.

**HUMAN SERVICES C101**

**Helping Theories and Intervention Strategies**

An overview of the major helping theories and strategies in the counseling process. More emphasis will be placed on enabling students to develop theoretical foundations and apply appropriate intervention strategies. Topics covered include dealing with a crisis and disaster, clarifying personal values, solving common problems encountered as a helper, and case management. Transfer Credit: CSU.

**HUMAN SERVICES C102**

**Introduction to Crisis Intervention**

This course examines crisis theory, types of crises, crisis intervention strategies and referral procedures. Topics will include: ethical and cultural issues, death and dying, substance abuse, suicide, victimization, AIDS and HIV, and post-traumatic stress disorder. Students will become familiar with the assumptions of crisis theory and how it shapes interventions. Transfer Credit: CSU.

**HUMAN SERVICES C104**

**Treatment Issues in Substance Abuse**

This course will introduce students to theoretical and intervention models involved in the treatment of substance dependencies. Students will explore the effects of substance abuse on the individual, the family unit, workplace, and the community. Topics include counselor characteristics, legal and ethical issues facing substance abuse counselors, pharmacology, and substance abuse assessment. Issues of diversity and treatment, group counseling, family counseling, codependency and enabling, and modalities of treatment. Transfer Credit: CSU.

**HUMAN SERVICES C115**

**Youth Mentoring**

Designed to prepare students to become mentors, this course will cover mentoring goals and strategies. Participants will learn how to communicate and develop a relationship with a child or adolescent, and how to plan age-appropriate activities, set goals, problem-solve, and handle crises. Transfer Credit: CSU.

**HUMAN SERVICES C273**

**Human Services Practicum**

Prerequisite: HSVC C100 and C101 with a grade of C or better

Corequisite: 60 hours of employment or volunteer work in a human services agency

Through community agencies, students will learn the work of human services delivery through supervised participation. The course will emphasize student self-awareness, and self-esteem, interviewing and communication skills, the relationship of theory and practice, and agency and client systems. Transfer Credit: CSU.

**HUMANITIES (HUM)**

**HUMANITIES C100**

**Introduction to the Humanities**

A survey of Western Civilization from its roots in prehistory to its current influence throughout the world. This course considers the religious, intellectual, socio-political, philosophical, and cultural values that have influenced the arts of the West. Transfer Credit: CSU; UC.

**HUMANITIES C110**

**Humanities through the Arts**

This course surveys Western Civilization’s cultural achievements in music, literature, drama, film, painting, sculpture, and architecture. Transfer Credit: CSU; UC.

**HUMANITIES C135**

*Formerly Humanities C130*

**History and Appreciation of the Cinema**

This course explores the world of cinema. Content includes film theory, appreciation and criticism, narrative devices and techniques, the movie-making industry, and film’s influence on culture. Among other genres, the rom-com, musical, gangster, western, action, epic, foreign, independent, animated, and documentary will be critiqued. Students also learn the terminology of cinematography. Transfer Credit: CSU; UC.

**INFORMATICS (INFM)**

**INFORMATICS C102**

**Concepts of Programming Languages 2**

Prerequisite: INFM C111, C141, C142, C143, and C144; ICS C123 and C141; PHIL C115; ENGL C100; MATH C225 with a grade of C or better

In-depth study of major programming paradigms: imperative, functional, declarative, object-oriented, and aspect-oriented. Understanding the role of programming languages in software development and the suitability of languages in context, including domain-specific languages. Designing new languages for better software development support. Transfer Credit: CSU.

**INFORMATICS C111**

**Software Methods and Tools**

Prerequisite: INFM C141, C142, C143, and C144; ICS C123; PHIL C115; ENGL C100; MATH C225 with a grade of C or better

Concepts and techniques of constructing software in a systematic fashion, including detailed design techniques, specifications, programming methods, quality-inducing procedures, development tools, team techniques, testing, estimation, and performance improvement. Laboratory work involves exercises to illustrate important concepts, methods, and tools. Transfer Credit: CSU.

**INFORMATICS C113**

**Requirements Analysis and Engineering**

Prerequisite: INFM C111, C141, C142, C143, and C144; ICS C123 and C141; PHIL C115; ENGL C100; MATH C160 and C225 with a grade of C or better

Students learn the systematic process of developing requirements through co-operative problem analysis, representation, and validation. Develop techniques of software-intensive systems through successful requirements analysis techniques and requirements engineering. Transfer Credit: CSU.
INFORMATICS C115 3.0 Units
Software Specification and Quality Engineering
Prerequisite: INFM C102, C111, C113, C141, C142, C143, and C144; ICS C123 and C141; PHIL C115; ENGL C100; MATH C160 and C225 with a grade of C or better
A hands-on course in preparing to produce high-quality software through the use of software specifications and other techniques. What constitutes software quality; how to specify it; how to plan for it; how to measure it; software specification; testing; and software process. Transfer Credit: CSU.

INFORMATICS C121 3.0 Units
Software Design 1
Prerequisite: INFM C102, C111, C113, C141, C142, C143, and C144; ICS C123 and C141; PHIL C115; ENGL C100; MATH C160 and C225 with a grade of C or better
An introduction to software and design principles, paradigms, tools, and techniques. Topics include alternative and architectural styles, iterative refinement, and design patterns, mapping design onto code, design tools, and design notations. The course includes extensive practice in creating designs and in the study of existing designs. Transfer Credit: CSU.

INFORMATICS C131 3.0 Units
Human Computer Interaction
An introduction to human-computer interaction with an emphasis placed on user interface design. Students learn about Human Computer Interaction (HCI) theory, guidelines for effective interface design, and the evaluation of user interfaces. Transfer Credit: CSU.

INFORMATICS C132 3.0 Units
Project in Human Computer Interaction and User Interfaces
A project-based course in which students, working in teams, will design and implement new software/web-based systems, paying particular attention to human computer interface issues. Transfer Credit: CSU.

INFORMATICS C141 4.0 Units
Informatics Core Course 1
Fundamental concepts of computer software design and construction that includes data, algorithms, functions, and abstractions. Overview of computer systems: data representation, architectural components, operating systems, and networks. Introduction to information systems: parties involved architectural alternatives, usability, and organizational and social concerns. Transfer Credit: CSU.

INFORMATICS C142 4.0 Units
Informatics Core Course 2
Advisory: INFM C141
This course introduces object-oriented programming concepts and techniques classes, objects, inheritance, interfaces, formal languages, automata, and the Java programming language. It introduces additional data structures (hash tables and balanced trees) and explores the basis for making tradeoffs and design decisions among alternative data structures and implementations. Transfer Credit: CSU; UC.

INFORMATICS C143 4.0 Units
Informatics Core Course 3
Advisory: INFM C141 and C142
This course describes the development process for large-scale software systems, explores the tools and techniques available to facilitate development and enhance quality, and provides students with the opportunity to apply these tools and techniques to a problem of significant size. Transfer Credit: CSU.

INFORMATICS C144 1.0 Unit
Seminar in Informatics Research Topics
Advisory: INFM C141, C142, and C143
This seminar course explores the current research topics in Informatics. Experts, faculty members, and student team’s present topics related to software/interface design, programming and interface design. Transfer Credit: CSU.

INFORMATICS C148 1.5 Units
Introduction/Survey of Multimedia Entertainment
This course will present a survey of the multimedia industry. It will focus on entry-level jobs and responsibilities, career paths, and the necessary skills for success. The regional differences in employment and types of projects and products will be explored. An introduction of the production processes from concept to publication will be researched and discussed. Transfer Credit: CSU.

INFORMATICS C171 1.0 Unit
Computer Programming with Alice
This course introduces both majors and non-majors to the concepts and topics of computer and simulation programming. Students with develop algorithmic thinking and abstraction through the use of a 3-D animation programming environment. This course is designed for beginning programmers, and web developers who need to understand object-oriented concepts. Transfer Credit: CSU.

INFORMATICS C176 3.0 Units
Web Animation
The course uses industry standard animation tools in which the principles of animation are developed for web animation. Students are expected to create one short webisode with sound of at least one minute in length using these tools. Transfer Credit: CSU.

INFORMATICS C182 3.0 Units
Simulation Building
Advisory: DGA C174
Students will learn to apply basic design principles to the solution of visual problems using elements of 3-D design. The student will conceptualize his/her intended design from concept into a 3-D environment. The use of primitive shape based design, 3-D coordinate systems and construction of 3-D models will be explored. Transfer Credit: CSU.

INFORMATICS C184 3.0 Units
Interface Design
(See also Computer Information Systems)
INFORMATION AND COMPUTER SCIENCE C123 3.0 Units
Fundamental Data Structures
Prerequisite: INFM C141 and C142, PHIL C115; ENGL C100 with a grade of C or better
An introduction to computer science that is primarily concerned with the topic of data structures: what various ones are and how they are used, and the pros and cons, in terms of execution time and memory usage, of choosing one over another. Transfer Credit: CSU; UC.

INFORMATION AND COMPUTER SCIENCE C141 3.0 Units
Concepts of Programming Languages 1
Prerequisite: INFM C141, C142, and C144; ICS C123; PHIL C115; ENGL C100 with a grade of C or better
Explore a broad range of approaches to programming, the technical principles and characteristics of different programming languages, and the issues that programming language designers must consider. Transfer Credit: CSU; UC.

ITALIAN (ITAL)
ITALIAN C180 5.0 Units
Elementary Italian 1
Advisory: Students who have completed two years of high school Italian with a grade of C or better should enroll in ITAL C185 or ITAL C185A.
Beginning course designed to develop students’ fundamental ability to both comprehend and converse in daily spoken Italian. The course emphasizes listening, speaking, reading and writing skills, and introduces basic aspects of the life and culture of Italy. Transfer Credit: CSU; UC credit limitations (see counselor).
### KINESIOLOGY (KIN)

**KINESIOLOGY C100** 3.0 Units  
**Introduction to Kinesiology**  
An introduction to the study of human movement, including its role in daily life, its place in higher education, and professional career opportunities in areas related to sport, movement, exercise, and fitness. Students will examine the multiple ways of knowing and studying human movement with a focus on the sub disciplines within Kinesiology. Transfer Credit: CSU. C-ID: KIN 100.

**KINESIOLOGY C101** 1.0 Unit  
(Formerly PHYSICAL EDUCATION C101)  
**Personal Fitness and Wellness**  
Individualized program of exercise, fitness, stress control and body weight control to improve muscle strength, endurance, flexibility, and overall physical fitness to achieve and maintain a healthy lifestyle. Transfer Credit: CSU; UC.

**KINESIOLOGY C190** 3.0 Units  
(Formerly PHYSICAL EDUCATION C190)  
**Physiology of Exercise**  
This course is designed for the student who has an interest in health, wellness, fitness, or sports, or who is planning a career in the fitness industry. This course will cover the basic principles and functions of the three main systems of the body: cardiovascular-respiratory system, metabolic system, and neuromuscular system. Emphasis will be placed on the body’s response to exercise conditioning. Transfer credit: CSU; UC.

**KINESIOLOGY C289** 3.0 Units  
(Formerly PHYSICAL EDUCATION C289)  
**Exercise Assessment and Program Implementation**  
Advisory: BIOL C102 and PE C190  
Prepares students to use a variety of screening methods to analyze the fitness level and risk factors of implementing an individual exercise program. The course will include the application of health behavior modification theories, strategies for determining individual expectations, and appropriate fitness goals to optimize adherence to an exercise plan. Students will be able to design and implement exercise programs for specific client needs (e.g., specific sports, performance, lifestyle, functional, balance, agility, aerobic, and anaerobic) as well as for some special populations. Transfer Credit: CSU.

### LAW (PARALEGAL STUDIES)

**LAW C100** 3.0 Units  
**Introduction to Paralegal Studies**  
Introductory course covering the relationship between paralegals and attorneys and clients. Topics include structure of the profession, federal and state court systems, ethical standards, legal terminology, investigation techniques, research, case and statute analysis, overview of legal practice areas, and communication. Transfer Credit: CSU.

<tbody>
<tr>
<td>LAW C122</td>
<td>1.0</td>
<td>Computer Assisted Legal Research</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Prerequisite: LAW C120 with a grade of C or better or concurrent enrollment</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C118</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This course is a continuation of LAW C120, solving legal research problems with computer assisted legal research resources. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C126</td>
<td>3.0</td>
<td>Legal Aspects of Health Care Administration</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This course introduces students to the legal and ethical issues that affect the health care industry, health care providers, and health care managers. It covers all related topics, such as tort law, criminal aspects of health care, patient confidentiality, release of medical information, informed consent, corporate and personal liability, and medical malpractice. Special emphasis is placed on the procedures that protect the security of health care data. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C127</td>
<td>3.0</td>
<td>Legal Procedure 1</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Knowledge and skills required of paralegals and legal assistants, including procedures and functions in the court structure and litigation procedures, including personal injury and general civil cases, probate, family law, dissolution, adoption, and bankruptcy. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C128</td>
<td>3.0</td>
<td>Legal Procedure 2</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C127 or concurrent enrollment</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Continuation of LAW C127, including civil procedures in unlimited and limited courts with emphasis on preparing, filing, and bring to judgment breach of contract, landlord-tenant and personal injury actions, including discovery, law and motion, research, arbitration, calendaring; business entities and formation of small corporations, real estate terminology; criminal law introduction; and skills, techniques, and abilities the paralegal will be expected to have in the workplace. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C130</td>
<td>1.5</td>
<td>Law Office Management</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 or C120 and C128</td>
</tr>
<tr>
<td></td>
<td></td>
<td>A study of the systems and procedures for management and administration of legal entities, including structure and decision process, delegation, personnel selection, job descriptions, office policies, file systems, calendar systems, records management, new matters and client conflicts, facilities, communication, technology, billing systems, risk management, ethics, and paralegal employment. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C135</td>
<td>1.5</td>
<td>Family Law</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 or C127</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Topics include organization and jurisdiction of the Family Law Court, marriage, annulment, dissolution, and non-marital property agreements, custody, support, visitation, use of family code and current case law applications, preparation for trial, temporary orders, appeals, and judgment enforcement. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C142</td>
<td>3.0</td>
<td>Probate Administration/Estate Planning</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 or C127</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Organization and jurisdiction of the Probate Court, administration of estates, including gift, income, inheritance and estate taxes, estate litigation, and will contests, conservatorships, guardianships and intestate succession, wills and other disposition of property, review of probate avoidance mechanisms, trust administration after death, and elder law. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C148</td>
<td>1.5</td>
<td>Elder Law</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 or C142</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Substantive and procedural law and federal, state, and administrative regulations, as they pertain to the senior population, including Social Security, Medicare, Medi-Cal/SSI, funding sources, pensions, residential and/or long term care, and applicable probate statutes. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C150</td>
<td>3.0</td>
<td>Corporate/Business Organizations</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 and C128</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Introduction to the formation, maintenance and dissolution of corporations (C and S, professional, and non-profit), partnerships, sole proprietorships, limited liability companies (federal and state), securities regulations; including corporate reorganizations, stock and asset sales, mergers and consolidations and the simple sale of small business. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C152</td>
<td>3.0</td>
<td>Conflict Analysis and Resolution</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This course introduces the student to the basic skills needed to begin evaluating client needs regarding the use of alternative solutions to resolving conflicts and explore the changing climate of litigation-oriented practices, including ethical considerations. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C155</td>
<td>3.0</td>
<td>Bankruptcy Law and Procedures</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 or C127 and C105</td>
</tr>
<tr>
<td></td>
<td></td>
<td>An overview of federal bankruptcy law and procedures for the paralegal; introduction to the functions and working of bankruptcy court, the United States Trustee and bankruptcy counsel, examination of Chapters 7, 11, 13, schedules preparation, creditor representation, and bankruptcy research. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C158</td>
<td>3.0</td>
<td>Intellectual Property</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 and C105</td>
</tr>
<tr>
<td></td>
<td></td>
<td>A study of the requirements and procedures for obtaining and maintaining patent, trademark, copyright protection, and trade secret under the laws of the United States and foreign laws, including regulations, formulate search requests, preparation of applications, forms and documents, maintenance of records and protection of information through litigation or licensing. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C160</td>
<td>1.5</td>
<td>Civil Trial and Evidence</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C105 and C121</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Basic principles of preparing a civil case for trial, including preparation of a trial notebook, pre-trial and post-trial motions, jury instructions, verdicts, judgments, and the principles of evidence and its preparation for presentation in court. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C161</td>
<td>3.0</td>
<td>Tort Law</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100, C105, and C127</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The substantive and procedural law of tort law principles in intentional tort, negligence, and strict liability in tort in a study and instruction developed for paralegals. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C164</td>
<td>3.0</td>
<td>Contract Law</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 and C128</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The substantive and procedural law of contracts [transactional and litigation] in a study and instruction developed for paralegals. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C170</td>
<td>3.0</td>
<td>Computer Applications for the Paralegal</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Advisory: LAW C100 and keyboarding skills at 30 words per minute</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This course is designed to acquaint paralegals with basic computer use, including software programs utilized by attorneys (word processing, spreadsheets, and document databases), law-related public databases, non-law public databases, systems management, research, time and billing, and other applications. Transfer Credit: CSU.</td>
</tr>
<tr>
<td>LAW C281</td>
<td>1.0</td>
<td>Work Based Learning</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Prerequisite: Be employed or volunteer in a field related to Paralegal for 5 hours per week per 1.0 unit of Work Based Learning</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning</td>
</tr>
<tr>
<td></td>
<td></td>
<td>To enhance each Work Based Learning participant’s opportunity for success in the field of Paralegal by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Paralegal. Transfer Credit: CSU.</td>

| LAW C282    | 2.0   | Work Based Learning  
Prerequisite: Be employed or volunteer in a field related to Paralegal for 5 hours per week per 1.0 unit of Work Based Learning  
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning  
To enhance each Work Based Learning participant’s opportunity for success in the field of Paralegal by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Paralegal. Transfer Credit: CSU. |
| LAW C283    | 3.0   | Work Based Learning  
Prerequisite: Be employed or volunteer in a field related to Paralegal for 5 hours per week per 1.0 unit of Work Based Learning  
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning  
To enhance each Work Based Learning participant’s opportunity for success in the field of Paralegal by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Paralegal. Transfer Credit: CSU. |
| LAW C284    | 4.0   | Work Based Learning  
Prerequisite: Be employed or volunteer in a field related to Paralegal for 5 hours per week per 1.0 unit of Work Based Learning  
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning  
To enhance each Work Based Learning participant’s opportunity for success in the field of Paralegal by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Paralegal. Transfer Credit: CSU. |
| LAW C390    | 2.0   | Legal Clinic Practicum/Ethics  
Advisory: LAW C100 and C127  
Students in the clinic will work directly under the direction and supervision of clinic attorneys and experienced paralegal instructors. Students will interview clinic clients, observe consultations, and perform various assigned duties relating to clinic operations. Students will examine and evaluate the regulation of lawyers and paralegals and the unauthorized practice of law. |
| LEARNING SKILLS (LRSK) |       |             |
| LEARNING SKILLS C921 | 0.0 Units | Supervised Tutorial Services Attendance  
This course provides tutorial assistance to students requesting educational support to increase student success. Permission to register will be given at the Student Success Center. |
| LIBRARY (LIBR) |       |             |
| LIBRARY C110 | 2.0 Units | Library Research and Information Competency  
Use current information resources and tools for success in education, career, and personal life. Course includes strategies for research and reports. Emphasis will be on identifying appropriate resources from the ever-expanding world of information, including print, electronic, Internet, and other media. Transfer Credit: CSU. |
| LINGUISTICS (LING) |       |             |
| LINGUISTICS C100 | 3.0 Units | Introduction to Linguistics  
Introduction to the study of human language and systems of communication, providing a theoretical basis for practical applications, such as diagnosis and treatment of language disorders, planning of “language arts” curricula, fights against illiteracy, learning of foreign language and acquisition of native tongues, and the development of computerized speech products. Human language will also be examined as a special form of communication, within the context of other human and non-human signing systems. Transfer Credit: CSU. |
| MANAGEMENT AND SUPERVISION (MS) |       |             |
| MANAGEMENT AND SUPERVISION C101 | 3.0 Units | Management and Employee Communication  
This course applies the principles of ethical and effective communication to the creation of letters, memos, emails, and written and oral reports for a variety of business situations. The course emphasizes planning, organizing, composing, and revising business documents using word processing software for written documents and presentation-graphics software to create and deliver professional-level oral reports. This course is designed for students who already have college-level writing skills. Transfer Status: CSU. |
| MANAGEMENT AND SUPERVISION C102 | 3.0 Units | Human Relations in Business  
The course explores the influence of individual differences, interpersonal dynamics, and culture on human relations. Its focus is on learning to apply the principles of social science as a business management skill and to improve working relationships and the ability to deal with a variety of people and situations. Students will learn how to utilize problem solving, critical thinking, and human relations skills to become effective supervisors and managers in today’s business environment. Transfer Credit: CSU. |
| MANAGEMENT AND SUPERVISION C104 | 3.0 Units | Human Resource Management  
This course provides an introduction to the human resources function and related elements and activities while focusing on the crucial role of effective human resource management in achieving organizational success. It emphasizes the ways human resource management can provide a competitive edge and support corporate strategies. It examines the diversity of today’s workforce and the economic, social, legislative, and attitudinal changes affecting human resources as well as key functions, such as recruitment, equal opportunity, selection, development, appraisal, retention, compensation, and labor relations. Students will be exposed to the view of HRM from the perception of both management and subordinate employees. Transfer Credit: CSU. |
| MANAGEMENT AND SUPERVISION C144 | 3.0 Units | (Formerly Leadership C140) Introduction to Leadership  
An introductory participative course designed for individuals wanting to improve their current leadership and management skills. Emphasis is on assessing leadership skills; analyzing management styles; evaluating interactions among leaders, followers, and situations, communicating within groups; reducing conflicts; setting goals; delegating tasks; utilizing parliamentary procedure; and conducting effective meetings. Transfer Credit: CSU. |
MANAGEMENT AND SUPERVISION C145 3.0 Units
(Formerly Leadership C144)
Personal Leadership
Advisory: MS C144
A participative course designed for individuals wanting to improve their current leadership and management skills. Topics include knowing what leadership is, challenging the process, inspiring a shared vision, enabling others to act, modeling the way, recognizing contributions and accomplishments, and becoming a caring and effective leader through the Student Advisory Council. Other topics include evaluating personal leadership and management skills, solving problems creatively, communicating supportively, gaining power and influence, managing conflict, and motivating others. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C150 3.0 Units
(Formerly Leadership C150)
Organizational Leadership 1
Advisory: MS C144 and C145
An introductory participative course designed for individuals wanting to improve their current leadership and management skills. Topics include reviewing leadership myths and communication realities, studying the different phases of group development, analyzing the various task and social dimensions within groups, evaluating both competitive and cooperative group climates, and moving from defensive to supportive group environments. Additional topics include evaluating leadership roles within groups, analyzing defective and effective group climates, and moving from defensive to supportive group environments. Additional topics include evaluating leadership roles within groups, analyzing defective and effective group climates, and moving from defensive to supportive group environments. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C151 3.0 Units
(Formerly Leadership C155)
Organizational Leadership 2
Advisory: MS C144, C145, and C150
A participative course designed for individuals wanting to improve their current leadership and management skills. Topics include assessing the connection between leadership and communication; comparing various communication styles and leadership approaches; and analyzing the similarities and differences among leadership, power, influence, and motivation. Additional topics include evaluating leadership characteristics and qualities within individuals, small groups, and large organizations. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C171 3.0 Units
Principles of Logistics/Supply Chain Management
(Same as Supply Management C101)
This course encompasses purchasing, operations, and logistics activities, and explains how these aspects of supply-chain activity are accomplished effectively and efficiently. The course follows a natural flow through the supply chain, demonstrating the practical applications of supply-chain management in the workplace. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C172 3.0 Units
Logistics/Supply Chain Operations
(Same as Supply Management C102)
This course provides a strong foundation and solid understanding of key supply-chain processes. Topic highlights include supply-chain strategy development; process evaluation and design; and planning, controlling, and scheduling with a focus on value-added approaches to link suppliers, the organizations, and customers. Strategic and operational issues are covered with an emphasis on tools and techniques. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C174 3.0 Units
Purchasing and Procurement
(Same as Supply Management C104)
Purchasing and Procurement provides contextual insight and knowledge into the strategies, processes, and practices of purchasing. Topics include supplier integration, evaluation, cost analysis, negotiation, contracts, inventory and information, e-systems, and management. Measurement and evaluation of sources and supplies. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C176 3.0 Units
Supply Chain/Logistics Management
(Same as Supply Management C204)
This course provides a strategic focus that blends logistics theory with practical applications showing how all the pieces fit together. Topics include logistics management, operations, design, administration, and changes in the way business is being conducted. Emphasis is on relating current technology developments to supply chain managerial concepts and logistical practices. Transfer Credit: CSU.

MANAGEMENT AND SUPERVISION C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Management and Supervision for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Management and Supervision by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Management and Supervision. Transfer Credit: CSU.

MARINE SCIENCE (MRSC)
MARINE SCIENCE C100 3.0 Units
Introduction to Marine Science
(Same as BIOLOGY C103)
A general study of the marine environment. Examines the chemical, biological, and geological properties of the sea; the sea as a natural resource; and its geo-political and economic impact. Transfer Credit: CSU; UC.

MARINE SCIENCE C100L 1.0 Unit
Marine Sciences Oceanography Laboratory
Prerequisite: MRSC C100 with a grade of C or better or concurrent enrollment
(Same as BIOLOGY C103L)
An orientation to marine science research process, techniques, equipment, institutions, and training/education centers. Investigations of physical and chemical properties of the sea; conditions of the air/sea/land interface; review of biological taxonomy and classification; study of longitude, latitude, ocean basin geography, and geology. Evaluation of the sea as a physical, chemical, biological, and recreational resource. Analyses of human efforts to control pollution, manage fisheries, and monitor the ocean world. Transfer Credit: CSU; UC.
Course Descriptions

MASS COMMUNICATIONS (MCOM)

MASS COMMUNICATIONS C100 3.0 Units
Introduction to Mass Communications
A study and analysis of the major media: newspapers, magazines, radio, and television covering how they function and affect society. Transfer Credit: CSU; UC.

MASS COMMUNICATIONS C140 3.0 Units
Public Relations
Overview and analysis of the management of publicity using the media as a vehicle to persuade and influence groups of people through effective organizational communications. Various examples of successful campaigns will be examined in addition to historical events and contemporary publicity. Transfer Credit: CSU.

MASS COMMUNICATIONS C150 3.0 Units
Introduction to Radio, TV, Film
Overview and analysis of the radio, TV, and film industries in the U.S. with emphasis on the historical, cultural, and technical functions of each medium. Broadcast advertising, audience ratings, broadcast law, and regulations are also explored in addition to the impact of global broadcasting, cable TV, the Internet, and satellite technologies. Transfer Credit: CSU.

MATHEMATICS (MATH)

MATHEMATICS C005 3.0 Units
Basic Mathematics
Advisory: Take math placement test.
Fundamental operations of arithmetic, including operations on whole numbers, fractions, decimals, percents, and descriptive statistics, geometry, and consumer applications. (NOT DEGREE APPLICABLE.)

MATHEMATICS C008 3.0 Units
Pre-Algebra
Prerequisite: MATH C005 or MATH C007 with a passing grade or achieve qualifying score on math placement test or by Multiple Measures Assessment
Introduction to algebraic expression and linear equations with an emphasis on the arithmetic of integers, fractions, decimal numbers, and rules of exponents. Applications include ratios, percentages, and graphs. (NOT DEGREE APPLICABLE.)

MATHEMATICS C010 4.0 Units
Elementary Algebra
Prerequisite: MATH C008 or C044 with a passing grade or achieve qualifying score on math placement test or by Multiple Measures Assessment
Numerical and algebraic operations, number systems, linear and quadratic equations/inequalities, polynomials, factors, roots and exponents, and applications.

MATHEMATICS C030 4.0 Units
Intermediate Algebra
Prerequisite: MATH C010 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Review of elementary algebra, linear and quadratic equations, curve plotting, exponents, radicals, polynomials, systems of equations/inequalities, nonlinear equations, logarithmic and exponential functions, complex numbers, and applications.

MATHEMATICS C044 5.0 Units
Combined Basic Mathematics and Pre-Algebra
This course prepares students with the basic math principles and foundation for Elementary Algebra (MATH C010). The course content is equivalent to that covered separately in Basic Arithmetic (MATH C005) and Pre-Algebra (MATH C008). The course develops number and operation sense with regard to whole numbers, integers, rational numbers, mixed numbers, and decimals. Also included are grouping symbols, order of operations, estimation and approximation, scientific notation, ratios, percents, proportions, geometric figures, and units of measurement with conversions. An introduction to algebraic topics, including simple linear equations, algebraic expressions and formulas, and practical applications of the material are also covered. All topics will be covered without the use of a calculating device.

MATHEMATICS C045 6.0 Units
Combined Elementary and Intermediate Algebra
Prerequisite: MATH C008 or C044 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Numerical and algebraic operations, number systems, linear and quadratic equations/inequalities, exponents, polynomials, radicals, curve plotting, systems of equations/inequalities, nonlinear equations, logarithmic and exponential functions, complex numbers, and applications.

MATHEMATICS C046 5.0 Units
Statistics Pathway 1
Advisory: MATH C005
The Statway path is a two-semester sequence recommended for majors that require no mathematics beyond freshman-level statistics. MATH C046 is the first semester of two in the Statway sequence. MATH C046 includes topics from descriptive statistics (experimental design and descriptive statistics) and beginning algebra (linear and quadratic algebraic phenomena) and is a prerequisite for MATH C146, the second course in the Statway sequence. Both courses in the sequence, MATH C046 and C146, must be taken to receive credit for college level statistics. (NOT DEGREE APPLICABLE.)

MATHEMATICS C047 6.0 Units
Algebra: A Combined Course
This one-semester course combines Basic Math, Prealgebra, Beginning Algebra, and Intermediate Algebra. After completing this course, students may enroll in any class with Intermediate Algebra as a prerequisite.

MATHEMATICS C100 3.0 Units
Liberal Arts Mathematics
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Examines the mathematics involved in personal finance, environmental issues, the social sciences, politics and voting, business and economics, graph theory, fractals, art, and music. The course will also include a writing and research component. Transfer Credit: CSU.

MATHEMATICS C103 3.0 Units
Statistics for Elementary Teachers
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
This course is designed for prospective teachers. It is an activity-based exploration of statistics aligned with the California State Mathematics Standards for K-12. Topics include data representation and analysis, randomization and sampling, measures of central tendency and dispersion, hypothesizing, and statistical inference. Transfer Credit: CSU.
MATH 104 3.0 Units
Mathematics for Elementary Teachers
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
This course will develop and reinforce conceptual understanding of mathematical topics through the use of connections, modeling, and representation and national and state curriculum standards for elementary school math, including Common Core State Standards. Instructional delivery design techniques and technological applications will be explored. The course involves using technology, participating in group work and projects, and observing and/or teaching in local elementary schools. Topics covered include whole numbers, integers, rational numbers, real numbers, number theory, ratio, proportion, percent, set theory, and elementary logic. Transfer Credit: CSU; UC credit limitations (see counselor).

MATH 106 3.0 Units
Geometry for Elementary Teachers
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
This course will build fluency and understanding of basic mathematical concepts and develop reasoning, problem solving, and communicating skills. The course involves using technology, participating in group work and projects, and observing and/or teaching in local elementary schools. Topics covered include data analysis, probability, geometry, measurement, algebra, and coordinate geometry. Transfer Credit: CSU; UC credit limitations (see counselor).

MATH 115 4.0 Units
College Algebra
Prerequisite: MATH C030 or MATH C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Basic concepts of algebra, equations, and inequalities along with functions and graphs, polynomial and rational functions, exponential and logarithmic functions, systems, matrices and determinants, linear programming, conic sections, sequences, series, and combinatorics. Transfer Credit: CSU; UC credit limitations (see counselor).

MATH 120 3.0 Units
Trigonometry
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Circular functions, trigonometric identities and graphs, inverse functions, triangles, vectors, applications, and imaginary and complex numbers. Transfer Credit: CSU.

MATH 140 4.0 Units
Business Calculus
Prerequisite: MATH C115 or C170 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
For Business, Management, and Social Science majors. Functions, graphs, limits, continuity, derivatives, and integrals of exponential and logarithmic functions, the chain rule, multivariable functions, differential equations, and applications. Transfer Credit: CSU; UC credit limitations (see counselor).

MATH 146 5.0 Units
Statistics Pathway 2
Prerequisite: MATH C046 with a grade of C or better
The Statway path is a two-semester sequence recommended for majors that require no mathematics beyond freshman-level statistics. MATH C146 is the second semester of the Statway sequence. MATH C146 includes topics from intermediate algebra (radical, exponential, and logarithmic algebraic phenomena) and inferential statistics. Transfer Credit: CSU; UC credit limitation (see counselor).

MATH 150 4.0 Units
Finite Mathematics with Applications
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Topics include sets, logic, number bases, number theory, mathematical systems, equations, graphs, probability, statistics, matrices, Markov chains, and game theory with applications. Transfer Credit: CSU; UC.

MATH 160 4.0 Units
Introduction to Statistics
Prerequisite: MATH C030 or C045 with a grade of C or better or achieve qualifying score on math placement test or by Multiple Measures Assessment
Topics include collecting of data, sampling, probability, hypothesis testing, analyzing of variance, correlation and regression, nonparametric testing, and correlating for application in the natural sciences, social sciences, business, and management. Use of statistical technology will be introduced. Transfer Credit: CSU; UC. C-ID: MATH 110.

MATH 170 5.0 Units
Precalculus
Prerequisite: MATH C120 with a grade of C or better or achieve a qualifying score on math placement test or by Multiple Measures Assessment
Topics include algebra review, complex numbers, sequences and series, polynomial, rational, exponential, logarithmic, and trigonometric and inverse functions, vectors, analytic geometry, linear systems, matrices, elementary theory of equations, and polar coordinates. This course is designed for those students planning to study calculus. Transfer Credit: CSU; UC credit limitations (see counselor).

MATH 180 5.0 Units
Calculus 1
Prerequisite: MATH C170, or MATH C115 and C120 with a grade of C or better, or achieve a qualifying score on math placement test or by Multiple Measures Assessment
A first course in the calculus sequence. It satisfies the requirement for majors in mathematics, science, or engineering. Topics include limits, derivatives of algebraic and transcendental functions, applications of derivatives, indefinite integrals, definite integrals, the fundamental theorem of calculus, and applications of integration. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: MATH 210.

MATH 185 5.0 Units
Calculus 2
Prerequisite: MATH C180 with a grade of C or better or by Multiple Measures Assessment
Second course in the calculus sequence. It satisfies the requirement for majors in mathematics, science, or engineering. Topics include techniques and applications of integration, calculus applied to parametric curves and polar curves, analytic geometry, sequences, series, and an introduction to differential equations. Transfer Credit: CSU; UC.

MATH 280 5.0 Units
Calculus 3
Prerequisite: MATH C185 with a grade of C or better
Multivariable calculus, including vectors, vector-valued functions, functions of several variables, partial derivatives, multiple integrals, calculus of vector fields, Green's theorem, Stokes' theorem, and the divergence theorem. Transfer Credit: CSU; UC. C-ID: MATH 230.

MATH 285 5.0 Units
Introduction to Linear Algebra and Differential Equations
Prerequisite: MATH C185 with a grade of C or better
Introduction to linear algebra and differential equations, matrices, determinants, eigenvectors and eigenvalues, inverse and implicit function theorems, linear methods and numerical methods, Fourier series, and Laplace transforms. Transfer Credit: CSU; UC. C-ID: MATH 910 S.

2018/2019 CATALOG
MUSIC (MUS)

MUSIC C100 3.0 Units
History and Appreciation of Music
The study of the major genres, forms, styles, and periods of musical history since the Middle Ages with an emphasis on listening with an increased awareness of the musical material of the composers and characteristics of each period. Transfer Credit: CSU; UC. C-ID: MUS 100.

MUSIC C103 3.0 Units
World Music
This course will give the student an appreciation of the elements of music through recorded or performed examples from each of the continents of the world. Emphasis is given to the music of the Americas, Asia, and Africa, and the folk music of Europe, as well as the primary composers of the Western classical tradition. Transfer Credit: CSU.

MUSIC C130 2.0 Units
Beginning Guitar
Prerequisite: Must have own acoustic or electric guitar
For the beginning player or a player with no prior professional instruction. Studies include basic chord forms, scales, and music theory. Focus is on music styles of the last 40 years and is very "rock" oriented. Students learn songs of their choice as part of the curriculum. Student must provide own acoustic or electric guitar. Daily practice is necessary for satisfactory progress. Transfer Credit: CSU; UC.

MUSIC C131 2.0 Units
Intermediate Guitar
Prerequisite: Must have own acoustic or electric guitar
Advisory: MUS C130
Continuation of MUS C130. Studies include advanced chord forms, modes, diatonic music theory, improvisation, and song analysis. Focus is on music styles of the last 40 years and is very rock oriented. Students learn songs of their choice as part of the curriculum. Student must provide own acoustic or electric guitar. Daily practice is necessary for satisfactory progress. Transfer Credit: CSU; UC.

MUSIC C139 3.0 Units
History of Rock Music
(Formerly Music C105)
An overview of the social and musical characteristics of music in the Rock and Roll era, 1950's through the present, with emphasis on its impact on American culture today. Multimedia selections will be used. Transfer Credit: CSU; UC.

MUSIC C143 3.0 Units
History of Jazz
An overview of the social and musical characteristics of music in the Jazz era from the early 20th century to the present, with an emphasis on its impact on American culture and the world. An appreciation of Jazz History will be achieved through compact discs, videos, live performances, and multimedia. Transfer Credit: CSU; UC.

PARALEGAL STUDIES

PHILOSOPHY (PHIL)

PHILOSOPHY C100 3.0 Units
Introduction to Philosophy
This course provides an introduction to the main ideas, methods, and problems of philosophy. The course will touch on the four main branches of philosophy: Logic, epistemology, metaphysics, and ethics. Specific topics may include such issues as the nature of philosophy and reality, questions of human nature and free will, relationship between mind and body, the question of God's existence, sources of knowledge, and personal and social ethics. There will be a focus on Western analytic philosophy though some instructors may weave elements of Continental and Eastern philosophy into the course. Transfer Credit: CSU; UC. C-ID: PHIL 100.

PHILOSOPHY C102 3.0 Units
History of Ancient Philosophy
Advisory: Eligibility for ENGL C100
This course addresses ancient philosophy, emphasizing the development of Greek philosophy from the pre-Socratics through Aristotle, and may also include Hellenistic, Roman, medieval, and non-Western thinkers. Recommended for all students interested in refining critical thinking faculties. Essential for philosophy majors. Transfer Credit: CSU; UC.

PHILOSOPHY C108 1.0 Unit
Digital Photography for Travelers
Introductory course in shooting techniques and photographic management methods necessary for successful travel photography. Basic skills, such as shooting night scenes and scenic panoramas, and using professional effects to take more accomplished interior and exterior photographs will be covered. Includes brief history of the digital camera and discussion of some basic computer, printer, or publishing output options as well as suggestions for simple image manipulation. Student shall provide own digital camera. Transfer Credit: CSU.

PHILOSOPHY C120 3.0 Units
Ethics
This course examines morality, values, and representative ethical theories. Moral problems may include euthanasia/assisted suicide, capital punishment, war, hunger and homelessness, global resource inequality, animal rights, the free rider problem, the environment and future generations, racial and gender injustice, sexual and reproductive autonomy, exploitation, or personal and social responsibility. Transfer Credit: CSU; UC.

PHILOSOPHY C130 3.0 Units
Business and Organizational Ethics
Advisory: Eligibility for ENGL C100
The elements of moral ethical reasoning appropriate to individuals in organizations in all fields, including business, finance, law, engineering, government, media, social services, scientific research, medicine and neonatal units, and the environment. The focus is on the ethical and social responsibilities of professionals, wherever employed. Transfer Credit: CSU; UC.

PHILOSOPHY C140 3.0 Units
Business and Organizational Ethics
Advisory: Eligibility for ENGL C100
Transfer Credit: CSU; UC.

PHOTOGRAPHY (PHOT)

PHOTOGRAPHY C108 1.0 Unit
Digital Photography for Travelers
Introductory course in shooting techniques and photographic management methods necessary for successful travel photography. Basic skills, such as shooting night scenes and scenic panoramas, and using professional effects to take more accomplished interior and exterior photographs will be covered. Includes brief history of the digital camera and discussion of some basic computer, printer, or publishing output options as well as suggestions for simple image manipulation. Student shall provide own digital camera. Transfer Credit: CSU.

PHYSICAL EDUCATION (PE)

PHYSICAL EDUCATION C102 0.5 - 1.0 Unit
Lifeline Fitness
Individualized program for adults to achieve and maintain physical fitness. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C115 0.5 - 1.0 Unit
Tai Chi Beginning
A focus on movement, balance, and concentration for greater health and well-being. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C116 0.5 - 1.0 Unit
Tai Chi Intermediate
Advisory: PE C115
An intermediate level of Tai Chi skills, including movement, balance, and concentration. Transfer Credit: CSU; UC credit limitations (see counselor).

PHOTOGRAPHY (PHOT)

PHOTOGRAPHY C108 1.0 Unit
Digital Photography for Travelers
Introductory course in shooting techniques and photographic management methods necessary for successful travel photography. Basic skills, such as shooting night scenes and scenic panoramas, and using professional effects to take more accomplished interior and exterior photographs will be covered. Includes brief history of the digital camera and discussion of some basic computer, printer, or publishing output options as well as suggestions for simple image manipulation. Student shall provide own digital camera. Transfer Credit: CSU.

PHYSICAL EDUCATION (PE)

PHYSICAL EDUCATION C102 0.5 - 1.0 Unit
Lifeline Fitness
Individualized program for adults to achieve and maintain physical fitness. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C115 0.5 - 1.0 Unit
Tai Chi Beginning
A focus on movement, balance, and concentration for greater health and well-being. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C116 0.5 - 1.0 Unit
Tai Chi Intermediate
Advisory: PE C115
An intermediate level of Tai Chi skills, including movement, balance, and concentration. Transfer Credit: CSU; UC credit limitations (see counselor).
PHYSICAL EDUCATION C118A 0.5 - 1.5 Units
Introduction to Yoga 1
An overview course in yoga, the integrated study of health and movement. It includes breathing techniques, yoga postures, meditation, and relaxation. Emphasis is on practicing the principles of breathing and deep relaxation to reduce stress as well as practicing the postures to improve flexibility, balance, and strength. The first segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C118B 0.5 - 1.5 Units
Introduction to Yoga 2
An overview of yoga, which is an integrated study of health. It includes breathing techniques, yoga postures, meditation, and relaxation. Emphasis is on practicing the principles of breathing and deep relaxation to reduce stress as well as practicing the postures to improve flexibility, balance, and strength. The second segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C119A 0.5 - 1.5 Units
Hatha Yoga 1
Designed to teach a variety of yoga postures. Breathing, concentration/meditation and relaxation techniques will be presented as a method of personal development encompassing body, mind, and spirit. The first segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C119B 0.5 - 1.5 Units
Hatha Yoga 2
Advisory: PE C119A
Designed to teach a variety of yoga postures. Breathing, concentration/meditation and relaxation techniques will be presented as a method of personal development encompassing body, mind, and spirit. The second segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C121A 0.5 - 1.5 Units
Power Yoga 1
Power Yoga is an ancient Eastern practice, connecting movement using mind, body, and breathing practice. The course focuses on dynamic movement to keep the body strong, flexible, and relaxed. The first segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C121B 0.5 - 1.5 Units
Power Yoga 2
Advisory: PE C121A
Power Yoga is an ancient Eastern practice, connecting movement using mind, body, and breathing practice. The course focuses on dynamic movement to keep the body strong, flexible, and relaxed. The second segment of a two-part course. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICAL EDUCATION C126A 0.5 - 1.5 Units
Relaxation Movements 1
The students will participate in a variety of techniques from various Eastern healing traditions which can include Hatha Yoga, Qigong, Taiji (Tai Chi) that are designed to improve quality of life on all levels-physical, emotional, and spiritual. Techniques on breathing, concentration/meditation, self-massage, gentle flowing movement, strength poses, and relaxation will be presented. The first segment of a two-part course. Transfer Credit: CSU.

PHYSICAL EDUCATION C126B 0.5 - 1.5 Units
Relaxation Movements 2
Advisory: PE C121A
The students will participate in a variety of techniques from various Eastern healing traditions which can include Hatha Yoga, Qigong, Taiji (Tai Chi) that are designed to improve quality of life on all levels-physical, emotional, and spiritual. Techniques on breathing, concentration/meditation, self-massage, gentle flowing movement, strength poses, and relaxation will be presented. The second segment of a two-part course. Transfer Credit: CSU.

PHYSICS (PHYS)
PHYSICS C110 3.0 Units
Conceptual Physics
Advisory: MATH C010 and C020
Discusses the fundamental laws of nature: mechanics, Newton’s Laws, energy, momentum, rotational dynamics, gravity, properties of three states of matter, heat and thermodynamics, harmonic motion, waves, and sound. Other topics will be selected from electricity and magnetism, light, and modern physics. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICS C110L 1.0 Unit
(Formerly Physics C111)
Conceptual Physics Lab
Prerequisite: PHYS C110 with a grade of C or better or concurrent enrollment
Advisory: MATH C010 and C020
Introductory physics laboratory to complement PHYS C110. This course utilizes lectures and demonstrations to present various principles of physics in a non-mathematical manner as discussed in PHYS C110. Transfer Credit: CSU; UC credit limitations (see counselor).

PHYSICS C120 4.0 Units
Algebra Based Physics: Mechanics
Corequisite: MATH C120 or achieving qualifying score on math placement test
Advisory: PHYS C110 or concurrent enrollment
The course covers mechanics, heat, and sound. It satisfies the physics requirement of biological science programs (except University of California Programs) and technical programs, except physics, chemistry, or engineering. It satisfies requirements as liberal arts elective. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 105.

PHYSICS C125 4.0 Units
Algebra Based Physics: Electricity and Magnetism
Prerequisite: PHYS C120 with a grade of C or better
The course covers electricity, magnetism, light/optics and modern physics. It satisfies the physics requirement of biological science programs and technical programs, except physics, chemistry, or engineering. It satisfies requirements as liberal arts elective. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 110.

PHYSICS C140 4.0 Units
Survey of Chemistry and Physics
(Same as Chemistry C140)
Prerequisite: MATH C010 with a grade of C or better
An investigation of basic principles of physics and chemistry, including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. This course is intended for non-science majors. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 140.

PHYSICS C185 4.0 Units
Calculus Based Physics: Mechanics
Prerequisite: MATH C180 with a grade of C or better
Advisory: MATH C185, PHYS C110
The Physics C185, C280, and C285 sequence is required for science and engineering majors who need calculus-based physics. Topics include the kinematics and dynamics of translational and rotational motion of objects, conservation laws, Hooke’s Law, simple harmonic motion, wave motion, fluid statics, and dynamics. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 205.
PHYSICS C280  4.0 Units
Calculus Based Physics: Electricity and Magnetism
Prerequisite: PHYS C185 and MATH C185 with a grade of C or better
Continuation of PHYS C185. The course covers electricity and magnetism. Topics include electric fields, Gauss''s Law, electric potential, capacitance and dielectrics, current and resistance, direct current circuits, magnetic fields, sources of the magnetic fields, Faraday's Law, inductance, alternating current circuits, and electromagnetic waves. Lecture and Lab. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: PHYS 210.

PHYSICS C285  4.0 Units
General Physics: Modern
Prerequisite: MATH C185 and PHYS C185 or C280 with a grade of C or better
This course covers thermodynamics, light, optics, and modern physics. Topics include heat transfer and the kinetic theory of gases, geometric optics, wave optics, an introduction to relativity, an introduction to quantum mechanics and quantum theory, and the structure of matter. Transfer Credit: CSU; UC. C-ID: PHYS 215.

POLITICAL SCIENCE (PSCI)

POLITICAL SCIENCE C101 3.0 Units
(Formerly Political Science C110)
Survey of Current Issues
Advisory: Read the U.S. Constitution prior.
An analysis of crucial current political issues in American society and the world. This course will focus on defining key problems facing modern society and potential resolutions. Students will learn how to evaluate contemporary issues in an informed manner and construct arguments based upon reliable data and appropriate political science theory. Transfer Credit: CSU; UC.

POLITICAL SCIENCE C140 3.0 Units
Politics of the Middle East
This course surveys the major political, economic, and social institutions and movements of the Middle East, from the 1800s to the present. A special emphasis will be placed on the problems of the developing Middle Eastern region as a whole as well as the individual countries of Saudi Arabia, Iraq, Iran, Egypt, and Israel. The course will include a study of regional conflicts with a particular emphasis upon the Arab-Israeli conflict and the political and economic implications of oil as a resource. There will be a brief introduction to Islamic religious institutions, terrorism, and militarism, with particular attention paid to the importance of these institutions to the contemporary scene. Transfer Credit: CSU; UC.

POLITICAL SCIENCE C160 3.0 Units
Law and Democracy
Interdisciplinary exploration of themes, such as citizenship, participation, access, and social justice. Critical analysis of how law structures as well as limits democracy. Democracy as a universal value will be examined. Transfer Credit: CSU; UC.

POLITICAL SCIENCE C180 3.0 Units
(Formerly Political Science C100)
American Government
An introduction to the principles and problems of government, with particular attention to the American political system at all levels. Emphasis is on the human factor in politics and the realities of government at work. This course satisfies the state college requirement on the Constitution of the United States and California State and local government. Transfer Credit: CSU; UC. C-ID: POLS 110.

POLITICAL SCIENCE C185 3.0 Units
(Formerly Political Science C130)
Comparative Politics
This class provides a comparative analysis of governments in various regions of the world, including Latin America, Asia, Europe, Africa, and the Middle East by examining the differences in the structures and functions of major political systems, including democratic, communist, and monarchical types of governance. Transfer Credit: CSU; UC.

PROCESS TECHNOLOGY (PTEC)

PROCESS TECHNOLOGY C110 3.0 Units
Introduction to Process Technology
Introduction to Process Technology provides an overview of various process industries (oil and gas, chemical, mining, power generation, pulp and paper, water and waste water treatment, food and beverage, and pharmaceutical), basic chemistry, basic physics, safety, health, environment and security, quality, teams, process drawings, and process equipment. Transfer Credit: CSU.

PROCESS TECHNOLOGY C111 3.0 Units
Health, Safety, and Environment
Advisory: PTEC C110
The purpose of this course is to provide an introduction into the field of Safety, Health, and Environment within the process industry. Within this course, students will be introduced to various types of plant hazards, safety and environmental systems, equipment, and regulations under which plants are governed. Transfer Credit: CSU.

PROCESS TECHNOLOGY C112 1.5 Units
Quality Management
The purpose of this course is to provide an introduction to the field of Quality within the process industry. Within this course students will be introduced to many process industry-related quality concepts, including operating consistency, continuous improvement, plant economics, team skills, and statistical process control (SPC). Transfer Credit: CSU.

PROCESS TECHNOLOGY C113 3.0 Units
Process Technology 1: Equipment
Advisory: PTEC C110
The purpose of this course is to provide an introduction to the field of equipment within the process industry. Within this course, students will be introduced to many process industry-related equipment concepts, including purpose, components, operation, and the Process technician's role for operating and troubleshooting the equipment. Transfer Credit: CSU.

PROCESS TECHNOLOGY C120 3.0 Units
Process Technology 2: Systems
Advisory: PTEC C113
The purpose of this course is to study the interrelation of process equipment and process systems. Students will be able to arrange process equipment into basic systems, describe the purpose and function of specific process systems, explain how factors affecting process systems are controlled under normal conditions, and recognize abnormal process conditions. Transfer Credit: CSU.

PROCESS TECHNOLOGY C160 3.0 Units
Instrumentation 1
Advisory: PTEC C115
The purpose of this course is to study the interrelation of instrumentation used in the petrochemical and refining industries. Students will be able to identify instrumentation loops and explain how industrial processes are controlled by instruments and loops. Transfer Credit: CSU.
The purpose of this course is to study the advanced instrumentation used in the petrochemical and refining industries. Students will be able to select instrumentation loops and describe industrial processes controls. Transfer Credit: CSU.

**TECHNOLOGY C117 3.0 Units**

**Instrumentation 2**

Advisory: PTEC C116

**PROCESS**

This course covers OSHA Fall Protection Standards for construction and an overview of fall protection methods. Course topics include principles of fall protection, components and limitations of fall arrest systems, and OSHA Standards and policies regarding fall protection. Students will participate in activities demonstrating the inspection and use of fall protection equipment, residential construction fall protection, training requirements, and development of a fall protection program (#3115/3110). Transfer Credit: CSU.

**TECHNOLOGY C123 2.0 Units**

**OSHA Fall Protection**

This course covers OSHA Excavation, Trenching, and Soil Mechanics. Course topics include practical soil mechanics and its relationship to the stability of shored and unshored slopes and walls of excavations, introduction of various types of shoring (wood timbers and hydraulic), soil classification, and use of protective systems. Testing methods are demonstrated, and students participate in activities in the use of instruments, such as penetrometers, torvane shears, and engineering rods (#3015/3010). Transfer Credit: CSU.

**TECHNOLOGY C124 2.0 Units**

**OSHA Excavation, Trenching, and Soil Mechanics**

This course covers OSHA Excavation, Trenching, and Soil Mechanics. Course topics include practical soil mechanics and its relationship to the stability of shored and unshored slopes and walls of excavations, introduction of various types of shoring (wood timbers and hydraulic), soil classification, and use of protective systems. Testing methods are demonstrated, and students participate in activities in the use of instruments, such as penetrometers, torvane shears, and engineering rods (#3015/3010). Transfer Credit: CSU.

**TECHNOLOGY C121 2.0 Units**

**OSHA Guide to Industrial Hygiene**

This course covers industrial hygiene practices and related OSHA regulations and procedures. Course topics include recognition, evaluation, and control of chemical, physical, biological and ergonomic hazards, Permissible Exposure Limits (PEL), OSHA health standards, respiratory protection, engineering controls, OSHA sampling protocols and strategies, and workplace health program elements (#521). Transfer Credit: CSU.

**TECHNOLOGY C122 2.0 Units**

**OSHA Electrical Standards**

This course covers OSHA Electrical Standards and the hazards associated with electrical installations and equipment. Course topics include single- and three-phase systems, cord- and plug-connected and fixed equipment, grounding, ground fault circuit interrupters, and safety-related work practices. Emphasis is placed on electrical hazard recognition and OSHA Standards, policies, and procedures and applicable portions of the National Electrical Code (NEC). Students will participate in workshops on the safe and correct use of electrical testing equipment (#3095). Transfer Credit: CSU.

**TECHNOLOGY C126 2.0 Units**

**OSHA Principles of Ergonomics**

This course covers the use of ergonomic principles to recognize, evaluate, and control workplace conditions that cause or contribute to musculoskeletal and nerve disorders. Course topics include work physiology; anthropometry; musculoskeletal disorders; use of video display terminals; and risk factors, such as vibration, temperature, material handling, repetition, and lifting and patient transfers in health care. Course emphasis is on industrial case studies covering analysis and design of work stations and equipment activities in manual lifting and coverage of current OSHA compliance policies and guidelines (#2255/2250). Transfer Credit: CSU.

**TECHNOLOGY C127 2.0 Units**

**OSHA Hazardous Materials**

This course covers OSHA General Industry Standards and other consensus and proprietary standards that relate to the use of hazardous materials. Course topics include flammable and combustible liquids, compressed gases, LP gases, and cryogenic liquids. Related processes, such as spraying and dipping and using electrical equipment in hazardous locations are also discussed (#2015). Transfer Credit: CSU.

**TECHNOLOGY C128 2.0 Units**

**OSHA Respiratory Protection**

This course covers the requirements for establishing, maintaining, and monitoring a respiratory protection program. Course topics include terminology, OSHA Respiratory Protection Standards, NIOSH certification, respiratory protection programs, and medical evaluation requirements. Program highlights include activities on respirator selection, quantitative and qualitative fit testing, and the use of respiratory protection and support equipment (#2225). Transfer Credit: CSU.
COASTLINE COMMUNITY COLLEGE  www.coastline.edu

Course Descriptions

TECHNOLOGY C132 2.0 Units
OSHA Permit-Required Confined Space Entry
This course covers the safety and health hazards associated with permit-required confined space entry. Course topics include recognition of confined space hazards, identification of permit and non-permit required confined spaces, use of instrumentation to evaluate atmospheric hazards, ventilation techniques, development and implementation of a confined space program, proper signage, and training requirements. This course features activities on permit entry classification, instrumentation, and program development (#2264). Transfer Credit: CSU.

TECHNOLOGY C134 2.0 Units
OSHA Machinery and Machine Guarding Standards
This course covers the various types of common machinery, machine safe guards, and related OSHA regulations and procedures. Guidance is provided on the hazards associated with various types of machinery and the determination of proper machine safe guards. Course topics include machinery processes, mechanical motions, points of operation, control of hazardous energy sources (lockout/tagout), guarding of portable powered tools, and common OSHA machine guarding violations. Program highlights include the ability to recognize hazards and provide options for control and hazard abatement through machine safeguarding inspection activities (#2045). Transfer Credit: CSU.

TECHNOLOGY C281 1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Process Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Process Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Process Technology. Transfer Credit: CSU.

TECHNOLOGY C282 2.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Process Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Process Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Process Technology. Transfer Credit: CSU.

TECHNOLOGY C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Process Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Process Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Process Technology. Transfer Credit: CSU.

TECHNOLOGY C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Process Technology for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Process Technology by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Process Technology. Transfer Credit: CSU.

PSYCHOLOGY C250 3.0 Units
Psychobiology
Prerequisite: PSYC C100 with a grade of C or better
Advisory: ENGL C099 or eligibility for ENGL C100 and ENGL C096 or ability to read a college-level text, as measured by the placement test
This course will provide an introduction to how the brain and nervous system influence our thinking and behavior. Students will examine neuroanatomy of the brain, the neuron, the peripheral and central nervous systems, and the endocrine system. Students will study the five major senses, perception, and higher cognitive processes. Students will understand how these nervous system components contribute to basic biological functions (e.g., sleep, wakefulness, and drive states), feelings, memory, movement, language, thinking, and behavioral actions. Transfer Credit: CSU; UC. C-ID: PSY 150.

PSYCHOLOGY C100 3.0 Units
Introduction to Psychology
Fundamentals of human psychology. Using a scientific approach to the study of human behavior, this course examines and integrates physiological, intrapsychic, and social/behavioral perspectives on human thought and behavior. Major units include biological bases of behavior, sensation, perception, motivation, learning and memory, maturation and development, personality, and social psychology. Transfer Credit: CSU; UC. C-ID: PSY 110.
Discipline.

Transfer Credit: CSU.

Comprehension and analysis of college-level texts will be read with an emphasis on fundamentals of academic reading. This course is one of three required for the State of California real estate license exams.

Reading C105 3.0 Units
Real Estate Principles
This is an introductory course in California real estate business. Topics covered include the following: contracts, manner of holding title to real property, escrow, basic appraisal understanding, marketing, financing, property management, and many other topics. This course is one of three required for the State of California real estate license exams.

Reading C106 3.0 Units
Real Property Management
Principles and practices of managing income properties, including types of property management, collections, leases, tenants, and purchases. Elective for Real Estate Broker license requirements. Transfer Credit: CSU.

Reading C281 1.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Real Estate for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Real Estate by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Real Estate. Transfer Credit: CSU.

Reading C282 2.0 Unit
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Real Estate for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Real Estate by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Real Estate. Transfer Credit: CSU.

Reading C283 3.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Real Estate for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant’s opportunity for success in the field of Real Estate by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student’s career or occupational goal in Real Estate. Transfer Credit: CSU.
REAL ESTATE C284 4.0 Units
Work Based Learning
Prerequisite: Be employed or volunteer in a field related to Real Estate for 5 hours per week per 1.0 unit of Work Based Learning
Corequisite: Be enrolled in a total of 7.0 units including Work Based Learning
To enhance each Work Based Learning participant's opportunity for success in the field of Real Estate by bridging the gap between educational theory and on-the-job practices through individualized performance objectives related to the student's career or occupational goal in Real Estate. Transfer Credit: CSU.

REAL ESTATE C352 3.0 Units
Real Estate Loan Processing
Advisory: RE C110
This course will prepare students for entry-level positions as Real Estate Loan Processors. The content will include conventional and government loan processing and the completion of required documentation following established industry standards. Transfer Credit: CSU.

REAL ESTATE C356 3.0 Units
Real Estate Loan Underwriting
Advisory: RE C140 and C352
This course will prepare the student with prior Real Estate Loan Processing experience for a junior Real Estate Loan Underwriter position. Course content will include online underwriting programs, and government loan underwriting. Transfer Credit: CSU.

SIGN LANGUAGE
(SEE AMERICAN SIGN LANGUAGE)

SOCIOLOGY (SOC)

SOCIOLOGY C100 3.0 Units
Introduction to Sociology
An introduction to the scientific study of human society and social behavior, including the analysis of social interrelationships and human group organizations, culture, social differentiation, and social institutions. Transfer Credit: CSU; UC. C-ID: SOCI 110.

SOCIOLOGY C110 3.0 Units
Introduction to Marriage and Family
A study of the family as a social institution. Examines the process of family development, including dating, courtship, engagement, mate selection, marriage, parenthood, and divorce. Crises and challenges facing families today will be examined from a sociological perspective. Transfer Credit: CSU; UC. C-ID: SOCI 130.

SOCIOLOGY C120 3.0 Units
Introduction to Gerontology
A multidisciplinary overview of the biological, psychological, and sociological aspects of the aging process. Transfer Credit: CSU; UC credit limitations (see counselor).

SOCIOLOGY C130 3.0 Units
Globalization and Social Change
This course evaluates the social, cultural, economic, political, and environmental changes brought about by globalization. The course will deal with issues, such as outsourcing, immigration, economic development, and terrorism. The arguments and theories for and against globalization will be studied in depth and supplemented with empirical examples. Students will learn to understand how globalization is impacting their country, community, and ultimately themselves. Transfer Credit: CSU; UC.

SOCIOLOGY C133 3.0 Units
Racial and Ethnic Relations in America
Sociological analysis of race, ethnicity, and racism. Examines the cultural, political, and economic practices and institutions that support or challenge racism and racial and ethnic inequalities as well as historical and contemporary patterns of interaction between various racial and ethnic groups. Transfer Credit: CSU.

SOCIOLOGY C145 3.0 Units
Perspectives of Sex and Gender
Sociological analysis of the social construction of gender, masculinity, and femininity historically and cross-culturally. It examines the debates on sex and gender. It analyzes the impact of economic and political change on gender expectations and practices. It focuses on macro-analyses of how institutions shape gender and microanalyses of how individuals are socialized and how they live and practice gender. Transfer Credit: CSU.

SOCIOLOGY C185 3.0 Units
Analysis of Social Problems
An analysis of contemporary social problems. Topics include global ecology, political economy, sexual behavior, drug use, racism, sexism, ageism, education, environment, health issues, crime, and violence. Transfer Credit: CSU; UC. C-ID: SOCI 115.

SPANISH (SPAN)

SPANISH C180A 2.5 Units
Elementary Spanish 1A
Advisory: Students who have completed two years of high school Spanish with a grade of C or better should enroll in SPAN C185B.
This course is designed to develop the student's fundamental ability to both comprehend and converse in daily spoken Spanish. Early reading and writing skills are introduced as well as customs and cultures of the Spanish-speaking world. SPAN C180A is equal to the first half of SPAN C180. SPAN C180A and C180B are equivalent to SPAN C180. Transfer Credit: CSU; UC credit limitations (see counselor).

SPANISH C180B 2.5 Units
Elementary Spanish 1B
Prerequisite: SPAN C180A with a grade of C or better
Advisory: Students who have completed two years of high school Spanish with a grade of C or better should enroll in SPAN C185.
This course reviews and expands the student's ability to comprehend and converse in daily spoken Spanish. There is increased emphasis on reading and writing. An introduction to Hispanic culture is continued. SPAN C180B is equal to the second half of SPAN C180. Transfer Credit: CSU; UC credit limitations (see counselor).

SPANISH C185 5.0 Units
Elementary Spanish 2
Prerequisite: SPAN C180, C180B with a grade of C or better, or completion of two years of high school Spanish with a grade of C or better
This course is designed to further the student's ability to comprehend and converse in daily spoken Spanish at the second semester level. Reading and writing skills are expanded. Introduction to various cultural and philosophical aspects of the Spanish-speaking world will continue with authentic reading materials and selected literary works. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: SPAN 110.

SPANISH C280 4.0 Units
Intermediate Spanish 1
Prerequisite: SPAN C185 or C185B with a grade of C or better
This course is a continuation of SPAN C185 or C185B and is designed to further develop the student's ability to comprehend and converse in daily spoken Spanish at the intermediate level. Reading and writing skills are increasingly stressed. The cultural notes, authentic reading materials, literary selections and grammar component present new concepts to expand vocabulary, and communicative competency. The cultural and philosophical aspects of the Spanish-speaking world continue to be discussed. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: SPAN 200.
SPANISH C285 4.0 Units
Intermediate Spanish 2
Prerequisite: SPAN C280 or C280B or a grade of C or better
Continuation of SPAN C280 or C280B. Designed to further develop student's ability to comprehend, converse, read, and write in Spanish at the advanced intermediate level. Discussion of literature and culture through selected readings. Transfer Credit: CSU; UC credit limitations (see counselor). C-ID: SPAN 210.

SPECIAL EDUCATION (SPED)

SPECIAL EDUCATION C007 1.5 Units
Post-Concussion Cognitive Retraining
Prerequisite: Acceptance into ABI Program and completion of SPED C470
Advisory: Individual should be currently employed or attending school full-time.
Cognitive retraining designed for individuals who have sustained a mild brain injury at or after age 13. Course work includes emphasis on fundamental cognitive skills, critical thinking skills, memory compensation techniques, and psychosocial and transition issues. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C055 2.0 - 3.0 Units
Cognitive Retraining for Acquired Brain Injury Survivors
Prerequisite: Acceptance into ABI program and completion of SPED C470
Cognitive retraining designed for individuals with acquired brain injury sustained at or after age 13. Course work includes emphasis on fundamental cognitive skills, critical thinking skills, memory compensation techniques, and psychosocial and transition issues. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C300 2.0 Units
Strategies for Using PDAs after Brain Injury
Survivors of brain injury and individuals who work with survivors will learn how to use a PDA (Personal Digital Assistant) to help with memory compensation, organization, and time management after a brain injury.

SPECIAL EDUCATION C301 3.0 Units
Cognitive Strategy Building
This course is designed to help survivors of brain injury and their caretakers learn to build and apply cognitive strategies to help with adjustment to life after brain injury. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C302 3.0 Units
A Guide to Brain Injury
This course is designed to help family members of brain injured adults deal with the cognitive, physical, and social changes that can be associated with life after brain injury. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C303 3.0 Units
Community Re-Integration
This course is designed to help survivors of brain injury and their caretakers learn about how to re-enter the community. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C403 0.0 Units
Oral Communication 1 - Beginning Communication Skills
Designed to assist students with intellectual disabilities in acquiring and improving basic receptive and expressive language skills. Students will develop listening skills and will learn to express their needs and thoughts. Emphasis of the course will be on the functional application of communication skills in everyday life situations. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C404 0.0 Units
Oral Communication 2 - Conversational Language
Designed to assist students with developmental delays in acquiring and improving receptive and expressive language skills. Students will develop communication skills and will learn to express their needs and thoughts. Emphasis of the course will be on the functional application of communication skills in everyday life situations. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C406 0.0 Units
Manual Communication
Basic sign language for non-verbal and hearing-impaired developmentally delayed learners to acquire the ability to communicate with others. Emphasis is placed on understanding and utilizing signs related to everyday living. Students enrolled in the course will receive an individualized Student Educational Contract where course objectives and student learning outcomes are evaluated according to whether or not they are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C407 0.0 Units
Beginning Reading
Designed to assist students with developmental delays to acquire beginning reading skills. Emphasis of the course will be on pre-reading skills, knowledge of the alphabet, phonetic pronunciation, and sight word vocabulary. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C408 0.0 Units
Reading and Writing Development
Designed to assist students with developmental delays in acquiring basic reading and writing skills or improving their present skills. Emphasis of the course will be on reading, comprehension, communication, and the functional application of those skills in everyday situations. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C409 0.0 Units
Applied Academics
Designed to assist students with developmental delays in acquiring basic academic skills or improving their present skills. Emphasis of the course will be on mathematics, reading, and writing skills and the functional application of those skills in everyday life situations. Students will identify their personal academic goals, and Student Educational Contracts will be developed for students based on their goals and ability level. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C410 0.0 Units
Critical Thinking
Designed to assist students with developmental delay in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis is placed on problem-solving and decision-making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C412 0.0 Units
Mathematical Concepts
Designed to assist students with developmental delays in acquiring and applying basic math skills in everyday life situations. Emphasis will be on using basic math operations, using money, and telling time. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C413 0.0 Units
Functional Math
Designed to assist students with developmental delays in acquiring and applying basic math skills in everyday life situations. Emphasis will be on using basic math operations, using money, and telling time. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C420 0.0 Units
Survey of Arts and Activities
An exploratory course designed for, but not limited to, students with developmental delays utilizing a variety of activities to develop knowledge and skills related to arts, crafts, and collections. The course relates to arts and activities, such as collecting, playing table games, and doing other activities. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)
SPECIAL EDUCATION C421 0.0 Units
Orientation to Art
Introduction to a variety of creative art forms such as decoupage, needlework, painting, drawing, weaving, woodworking, and ceramics for adults with developmental delays. Emphasis on use of tools and materials necessary to render finished artwork. Skills will be assessed to determine placement in more advanced art classes. Students enrolled in the course receive an individualized student educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C422 0.0 Units
Art
Art class for adults with developmental disabilities. Focus is on the development of skills related to specific art processes, e.g., fiber arts, painting/drawing, mixed media, and three-dimensional art forms and processes. Participants will be expected to utilize skills to produce one or more art projects in a chosen medium. Students receive an individualized student educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C423 0.0 Units
Orientation to Music
Introduction to vocal and instrumental music, including individual and group singing and knowledge and use of a variety of musical instruments. Skills will be assessed to determine placement in more advanced music classes. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C424 0.0 Units
Beginning Instrumental Music
Introduction to instrumental music for students with developmental delays. Course concentrates on the utilization of a variety of melodic and percussive instruments, with an emphasis on using improvisation techniques to facilitate individual development. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C425 0.0 Units
Advanced Instrumental Music
Advanced instrumental music for students with developmental delays. Focus is on the development of music skills for performing simple instrumental arrangements in a group format. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C426 0.0 Units
Vocal Music
Designed for students with developmental delays in acquiring skills to participate in individual and/or small to large choral singing utilizing unison, and two and/or three part music as well as emphasizing voice production, tone, dictation, breath control, and posture. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C430 0.0 Units
Adapted Fitness
Corequisite: Limitations may be temporary or permanent. A signed Coastline Verification of Disability form will be required from the student’s physician. Group exercise course designed to meet the needs of a student with a physical disability who is severely limited in their ability to perform fitness activities while standing. Activities are designed to promote improved levels of function in all areas of fitness including muscle strength/endurance, cardio-respiratory/cardiovascular functions, respiratory volumes, general flexibility and range of motion. Progressions to improve body management techniques, mobility/agility, and ambulation/locomotion when appropriate are included. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C431 0.0 Units
Adapted Balance and Mobility
Corequisite: Limitations may be temporary or permanent. A signed Coastline Verification of Disability form will be required from the student’s physician. Group exercise course designed for students with physical limitations to increase cardiovascular health, muscular strength, improve posture, enhance range of motion, and increase breath control. Focus is on functional motor control, coordination, strength, and flexibility. Special attention is given to activity programs that meet the interest and individual functional abilities of students who may not safely or successfully engage in the activities of a regular Physical Education program. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C432 0.0 Units
Adapted Strength and Conditioning
Corequisite: Limitations may be temporary or permanent. A signed Coastline Verification of Disability form will be required from the student’s physician. Group exercise course designed to meet the fitness needs of the student with a physical disability who requires individualized approaches to curriculum and adapted methodologies. Activities are designed and implemented to achieve improved levels of fitness: muscle strength, muscle endurance, cardio-respiratory and cardiovascular functions, anaerobic efficiency, general flexibility, and range of motion. All levels of body management, mobility/agility, and ambulation/locomotion are included. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C433 0.0 Units
Adapted Seated Fitness
Corequisite: Limitations may be temporary or permanent. A signed Coastline Verification of Disability form will be required from the student’s physician. Group exercise course designed to meet the needs of a student with a physical disability who is severely limited in their ability to perform fitness activities while standing. Activities are designed to promote improved levels of function in all areas of fitness including muscle strength/endurance, cardio-respiratory/cardiovascular functions, respiratory volumes, general flexibility and range of motion. Progressions to improve body management techniques, mobility/agility, and ambulation/locomotion when appropriate are included. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C435 0.0 Units
Rhythmic Movement
An aerobics class for students with developmental delays. Focus is on utilizing movement combined with a variety of musical rhythms to facilitate and strengthen the development of coordination, mobility, spatial orientation, body awareness, flexibility and socialization skills. Students enrolled in the course receive an individualized educational contract where course objectives and student learning outcomes are evaluated according to whether or not they are targeted; satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C436 0.0 Units
Adult Fitness
A fitness class designed for students with developmental delays. This course is designed to utilize calisthenics, jogging, exercise, race walking, and weight training to increase muscular strength and endurance, to improve posture and mobility, and to increase breath control. Exercises are tailored to the abilities of the students. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C437 0.0 Units
Aerobics
A fitness class for adults with developmental delays. Course designed to combine dance, stretching, and movement with a variety of musical rhythms in order to increase fitness, flexibility, endurance, and coordination. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)
SPECIAL EDUCATION C438 0.0 Units
Adaptive Physical Education 1
A basic motor skills program designed for students with developmental delays. Course focuses on the development of coordination, balance, conditioning, spatial orientation, and socialization skills utilizing sequential motor exercises and elements of structured sports activities. Students enrolled in the course receive an individualized educational contract where course objectives are evaluated according to whether or not the objectives/student outcomes are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C450 0.0 Units
Customs, Cultures, and Holidays
Designed to provide the student with developmental delays an understanding of the customs and cultures of various nationalities, ethnic, and religious groups; course will utilize holidays as a focal point for exploring customs, art, music, food, and special traditions. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C451 0.0 Units
Personal and Social Development
Course designed to assist students with developmental delays in acquiring skills necessary to establish and maintain productive interpersonal relationships. Includes social interaction as well as basic etiquette and manners related to home, community, and vocational settings. Students enrolled in the course receive an individualized educational contract where course objectives and student learning outcomes are evaluated according to whether or not they are targeted, satisfied, not satisfied, deferred, or not applicable. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C452 0.0 Units
Health Concepts
Designed to provide developmentally disabled learners with information regarding general health-related concepts. Emphasis of the course will be on developing self-esteem and confidence in dealing with others as well as making informed choices regarding human relationships. The course will include a review of basic body structure and function, human sexuality and reproduction, development and maintenance of good emotional habits and relationships, and how to maintain good physical health through exercise, diet, self-care, and safety. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C453 0.0 Units
Home Economics 1 - Food Preparation
Designed to assist the student with developmental delays to achieve greater independence within the home. This course emphasizes practical skills related to healthy and nutritious food preparation, including menu planning, using kitchen hygiene and safety, cooking, serving, and storing food properly. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C454 0.0 Units
Home Economics 2 - Home Maintenance
Designed to assist students with disabilities in independently caring for his/her home. This course emphasizes housekeeping skills (including cleaning and laundry skills), home repairs, safety, and home decorating. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C455 0.0 Units
Mobility Training
Designed to teach students with developmental disabilities to travel within their communities with minimal dependence upon others. Simulated experiences in the classroom will be combined with training in the neighborhood and community at large. Class size will be limited, and all students will be tested for class readiness prior to enrollment. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C456 0.0 Units
Community Resources
This course is designed to provide the student with developmental disabilities with skills necessary to function safely and independently within the community. The class will focus on utilizing free and low cost community resources for entertainment and knowledge. The student may also gain knowledge of community services, including fire, police, library, and other social services. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C457 0.0 Units
Consumer Skills
Designed to provide the student with developmental disabilities with skills necessary to function independently as a consumer; course emphasizes consumer skills related to shopping, budgeting, and banking. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C458 0.0 Units
Vocational Preparation and Readiness
This course is designed to prepare students with intellectual disabilities for competitive employment or volunteerism. Course will focus on activities to develop and identify vocational interests, job readiness skills, abilities, and behaviors. Students will identify their personal vocational goals and Student Educational Contracts will be developed. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C459 0.0 Units
Career Development
Prerequisite: Concurrent employment, volunteer service, or training within the college or community for a minimum of for 5 hours per week
Designed for students with disabilities. Provides supervised career exploration opportunities and specialized counseling and guidance support necessary to enhance opportunities for on-the-job success. Bridges the gap between educational theory and on-the-job practices. Emphasizes individualized performance objectives relative to special needs and occupational or career goals. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C460 0.0 Units
Introduction to Career Planning
Advisory: Verification of disability
Introduction to career planning for individuals with disabilities. Includes evaluation of interests, skills and abilities as they relate to career areas, and how to determine transferrable skills. Emphasizes how to explore career options and develop goal setting strategies for making a career plan. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C461 0.0 Units
Identify Career Options
Advisory: Verification of disability
Career planning for persons with disabilities. Emphasis will include investigation of various career areas and assessment of student interests, values, and strengths in relationship to career options. Students will be guided in self-assessment of skills and abilities and ways to utilize effective decision making strategies in career planning. Community training options will be explored. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C462 0.0 Units
Job Search Strategies and Skills
Advisory: Verification of disability
Designed to teach persons with disabilities effective job search strategies. Students will learn how to develop job leads, prepare applications and resumes, contact employers, prepare for interviews, and how to follow up. Emphasis will be placed on turning “disability” into “ability” in the minds of prospective employers. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C470 0.0 Units
ABI Program Pre-Admission Evaluation
Advisory: Referral by Acquired Brain Injury program admission committee
Designed for adults who have acquired brain injuries and who have been referred by Coastline’s ABI Program Admissions Committee for evaluation of cognitive and psychosocial skills for consideration for admission to the ABI Program. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C475 0.0 Units
ABI Cognitive Refresher Course
Prerequisite: Graduation from Coastline’s Acquired Brain Injury program
This is a refresher course in cognitive skills and compensation strategies as related to job, school, and home settings. The course will also teach students to self-assess job and school performance and to develop and implement plans for improving performance. (NOT DEGREE APPLICABLE.)
SPECIAL EDUCATION C476N  0.0 Units  
**Groundskeeping Basics**

This course is designed for students with disabilities. This introductory horticulture course is designed for student gardeners interested in residential and commercial gardening careers. The best care practices of regionally cultivated plant life will be covered, including the identification and care of gardened vegetables and fruits, techniques for planning, creating and sustaining traditional raised bed gardens and the care and propagation of drought tolerant and ornamental flora. These skills will be integrated into both classroom lecture and lab experiences. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C477N  0.0 Units  
**Gardening Basics**

This course is designed for students with disabilities. This introductory horticulture course is designed for student gardeners interested in residential and commercial gardening careers. The best care practices of regionally cultivated plant life will be covered, including the identification and care of gardened vegetables and fruits, techniques for planning, creating and sustaining traditional raised bed gardens and the care and propagation of drought tolerant and ornamental flora. These skills will be integrated into both classroom lecture and lab experiences. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C478N  0.0 Units  
**Greenhouse Basics**

This course is designed for students with disabilities. Introductory course designed to develop identification skills, plant knowledge and basic care techniques used in personal and commercial greenhouses. Integrated field experience includes participation in propagation and care of seasonally appropriate landscaping elements. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C479N  0.0 Units  
**Nursery Basics**

This course is designed for students with disabilities. This course is designed to develop rudimentary crop propagation skills through an integration of basic groundskeeping, gardening, and greenhouse skills and includes integrated field experience. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C480  0.0 Units  
**Introduction to Computers**

An individualized course designed to introduce adults with developmental delays to computer instruction. Computer Education topics will include basic equipment operation, keyboard knowledge, and basic word processing (WP) commands. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C481  0.0 Units  
**Introduction to Desktop Publishing**

Advisory: SPED C480

An individualized course designed to introduce adults with developmental delays to the use of desktop publishing in the classroom. Students will learn to express thoughts in text and graphic forms using basic word processing and desktop publishing software. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C482  0.0 Units  
**Introduction to the Internet**

A slow-paced beginning introduction to the Internet primarily designed for, but not limited to, students with developmental disabilities. The class will familiarize students with terms, protocol, and hazards of Internet, WWW, search engines, and e-mail. The class will help students find resources in the community. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C485N  0.0 Units  
**Maintenance Basics**

This course is designed for students with disabilities. Introductory course designed to develop basic assessment, knowledge, and techniques of residential and commercial custodial caretaking. Integrated field experience includes an exploratory survey of typical hands-on and mechanized job tools and duties. (NOT DEGREE APPLICABLE.)

SPECIAL EDUCATION C493N  0.0 Units  
**Workplace Readiness and Externship**

This course is designed for students with disabilities. This is the last course for each of the Certificates of Completion available through the Intellectual Disabilities Program in the Special Programs and Services office. Students will be assigned practical work experiences in their specific area of study. Students will develop soft skills, build professional portfolios, and practice interview techniques with students also preparing to exit the vocational Certificates of Completion. (NOT DEGREE APPLICABLE.)

SPEECH  
(SEE COMMUNICATION STUDIES)

SUPPLY MANAGEMENT (SM)  

SUPPLY MANAGEMENT C101  3.0 Units  
**Principles of Logistics/Supply Chain Management**

(Same as Management and Supervision C171)

This course encompasses purchasing, operations, and logistics activities and explains how these aspects of supply-chain activity are accomplished effectively and efficiently. The course follows a natural flow through the supply chain, demonstrating the practical applications of supply-chain management in the workplace. Transfer Credit: CSU.

SUPPLY MANAGEMENT C102  3.0 Units  
**Logistics/Supply Chain Operations**

(Same as Management and Supervision C172)

This course provides a strong foundation and solid understanding of key supply-chain processes. Topic highlights include supply-chain strategy development; process evaluation and design; and planning, control, and scheduling with a focus on value-added approaches to link suppliers, the organizations, and customers. Strategic and operational issues are covered with an emphasis on tools and techniques. Transfer Credit: CSU.

SUPPLY MANAGEMENT C104  3.0 Units  
**Purchasing and Procurement**

(Same as Management and Supervision C174)

Purchasing and Procurement provides contextual insight and knowledge into the strategies, processes, and practices of purchasing. Topics include supplier integration, evaluation, cost analysis, negotiations, contracts, managing inventory and information, e-systems, measurement, and evaluation of sources and supplies. Transfer Credit: CSU.

SUPPLY MANAGEMENT C204  3.0 Units  
**Supply Chain/Logistics Management**

(Same as Management and Supervision C176)

This course provides a strategic focus that blends logistics theory with practical applications showing how all the pieces fit together. Topics include logistics management, operations, design, administration, and changes in the way business is being conducted. Emphasis is on relating current technology developments to supply chain managerial concepts and logistical practices. Transfer Credit: CSU.

THEATER ARTS (THEA)  

THEATER ARTS C100  3.0 Units  
**Introduction to Theater**

A course designed for those who wish to explore the performing arts with special attention given to a survey of all the contributing elements in a production, such as, stage craft, direction, and the actor's contribution. Attendance at a live performance is mandatory at student's expense. Transfer Credit: CSU; UC.

THEATER ARTS C101  3.0 Units  
(Formerly English C164)

**Introduction to History and Literature of Theater**

(Same as English C163)

Designed for the General Education student, this course is an introduction to dramatic literature and an examination of the process of theater production. Included is a view of each period of dramatic literature in the context of history and mind set, the study of characterization and theme, and an examination of the creative process. Transfer Credit: CSU; UC.
THEATER ARTS C103 2.0 Units
Acting Skills for Life
This unique hands-on interactive course incorporates the best practices from the world of theater to strengthen human interaction and leadership skills for greater success in life. Students from diverse backgrounds will benefit from this practical experience. Topics include: style and power, body language, active listening, creative collaboration, vocal essentials, and the nature of leadership. Transfer Credit: CSU.

THEATER ARTS C104 3.0 Units
Drama Therapy: For Clinical and Personal Application
This class serves as an introduction to drama therapy. It will expose students to the theory of drama therapy, its evolution as a profession, and its roots in theater and psychology, as well as providing students experiential learning about its application in both clinical and everyday situations. Transfer Credit: CSU.

THEATER ARTS C105 3.0 Units
Theater Games and Exercises
A beginning class for anyone interested in drama. The course covers the basic principles and techniques of acting through the use of interactive theater games and improvisational exercises. Development of expressive freedom; creativity; relaxation; sensory awareness concentration; and the acting instruments of voice, body, and imagination will be emphasized. Minimal memorization. Transfer Credit: CSU.

THEATER ARTS C106 3.0 Units
Acting Fundamentals
An interactive course analyzing the art of acting, including vocal and movement exercises, character development, and examination of various acting techniques and styles. Emphasis is placed on class participation in scene work to develop a concrete understanding of the creative process. Transfer Credit: CSU; UC.

THEATER ARTS C107 3.0 Units
Acting 2
Advisory: THEA C106
An interactive course further developing skills addressed in THEA C106, including character development and examination of various acting techniques. Scene work and development of an audition piece will produce further familiarity with the creative process of the actor. Transfer Credit: CSU; UC.

THEATER ARTS C111 3.0 Units
The Show: Creating and Performing for Television and the Web
This course introduces students to the process of creating and performing in television productions intended for distribution to television and the Internet (Web). Both sides of the camera will be experienced: acting for television as well as the process of creating and taping a television program. Skill building through hands-on experience will be emphasized. Students will learn the process of television acting, including creating a character, auditioning, and performing monologues and dialogues, as well as movement. Students will stage their own television show creation, including camera work, audio recording, scriptwriting, producing, and directing. Finally, each student will have a hand in the creation of a television program that is uploaded to the Web. This course is designed for those interested in careers in acting and television as well as those just curious about the mysterious process of making television programs. No previous experience is required. Transfer Credit: CSU.

VIETNAMESE (VIET)

VIETNAMESE C160 5.0 Units
Vietnamese for Vietnamese Speakers
(Formerly Vietnamese C260)
Advisory: Native or near-native fluency in Vietnamese recommended
VIET C160 is designed to enrich the communication skills of the Vietnamese bilingual student. The course focuses instruction on improving the communications skills in formal and familiar ways of speaking, reading, grammar, spelling, vocabulary building and composition. The course explores culture through readings, plays and films. Class is conducted primarily in Vietnamese. Transfer Credit: CSU.

VIETNAMESE C180 5.0 Units
Elementary Vietnamese 1
Advisory: Students who have completed two years of high school Vietnamese with a grade of C or better should enroll in VIET C185.
This course is designed to develop the student’s fundamental ability to both comprehend and converse in daily spoken Vietnamese. Early reading and writing skills are introduced as well as customs and cultures of the Vietnamese-speaking world. Transfer Credit: CSU; UC credit limitations (see counselor).

VIETNAMESE C185 5.0 Units
Elementary Vietnamese 2
Prerequisite: VIET C180 or C180B with a grade of C or better
Advanced beginning course emphasizing correct pronunciation, basic structural patterns, and vocabulary development necessary for the writing and understanding of elementary Vietnamese. Simple supplementary readings on Vietnamese culture and civilization will be included. Transfer Credit: CSU; UC credit limitations (see counselor).

VIETNAMESE C280 4.0 Units
Intermediate Vietnamese 1
Prerequisite: VIET C185 or C185B with a grade of C or better
This course is designed to develop further the abilities students have attained to comprehend and converse daily in spoken and written Vietnamese at an intermediate level. Reading and writing skills are stressed and enhanced. Cultural notes, authentic reading materials, literary selections, and grammar beyond the phrasal level present new concepts to stimulate vocabulary acquisition, to provoke expressive ability, and to generate communicative competency. Cultural and philosophical aspects of the Vietnamese-speaking world, including the world of Vietnamese-Americans, will also be discussed. Transfer Credit: CSU; UC.

VIETNAMESE C285 4.0 Units
Intermediate Vietnamese 2
Prerequisite: VIET C280or C280B with a grade of C or better
VIET C285 is a continuation of VIET C280 with continuing emphasis on student’s ability to comprehend and converse in daily spoken Vietnamese at the advanced intermediate level. The course focuses on enriching the communication skills in formal and familiar ways of speaking, reading, using correct grammar, spelling, vocabulary building, and composition. The course explores culture through readings, plays, and film. Transfer Credit: CSU; UC.

Academic Freedom Statement

Coastline Community College recognizes that the free search for truth and the expression of diverse opinions are essential to a democratic society, and encourages and protects academic freedom as per Coast Community College District Board of Trustees policy number BP 4030 as approved 02/05/03.

Academic Honesty

Coastline Community College's institutional integrity is built in part upon the individual student's commitment to academic honesty. The College's institutional integrity is also founded upon the effective administration of academic honesty issues by the College's faculty and staff.

Coastline Community College Faculty are responsible for ensuring that the student grades are truly indicative of the student's learned knowledge as exhibited in the classroom. Student acts of academic dishonesty cause disruption of the educational process, weaken our College's institutional integrity, and present challenges for our faculty to fairly assess the student's academic performance.

Coastline Community College Faculty holds primary responsibility for ensuring that academic honesty is maintained in their classes. Individual students also share in this responsibility. Coastline students are required to refrain from all acts of academic dishonesty. The Coast Community College District's Student Code of Conduct and Disciplinary Procedures (BP-5500) apply to students whose conduct violates this academic honesty procedure.

Procedures for Dealing with Violations of Academic Honesty

Actions Taken by Faculty Member

Any Coastline Faculty member who has evidence that a student has committed an act of academic dishonesty, shall, after speaking with the student, take one or more of the following disciplinary actions:

- Issue an oral reprimand.
- Give the student an “F” grade or zero points or a reduced number of points on all or part of a particular paper, project or examination;
- If the act of academic dishonesty results in a “F” grade or zero points being awarded to the student for that particular paper, project, or examination, and this result affects the student's overall grade in the class, then the student shall be issued the proper grade, as affected by the specific “F” or zero grade, by the faculty member.

For any incident of academic dishonesty resulting in the instructor's issuance of an “F” or zero points, the instructor shall assess the severity of the student's misconduct and determine whether the incident should be immediately reported to the College's Student Discipline Officer (Dean of Students or designee) through the Maxient software program located on the Coastline home page under the Faculty and Staff tab.

Actions by the College Administration

The sanction imposed for an act of academic dishonesty depends on the severity of the alleged improper conduct of the student. However, sanctions are generally imposed as follows:

Upon receipt of a faculty-member completed first “Academic Dishonesty Report” form concerning a student, or upon satisfactory investigation of allegations brought by other staff or students about academic misconduct by a student, the Student Discipline Officer shall respond in one of two ways:

1. By sending a Student Discipline Notification Letter to the student, inviting the student to present a response to the allegations of academic dishonesty. The Student Discipline Officer will inform the student that if a finding of academic dishonesty is sustained, the student will be issued student conduct sanctions determined by the student Discipline Officer pursuant to the District's Student Code of Conduct.

2. The Student Discipline Officer may also create an Academic Dishonesty Report file and send no letter (the Student Disciplinary Officer will not take action, based on the request of the individual instructor, who will handle the disciplinary action individually with his/her own students). If the Student Discipline Officer notes that multiple Academic Dishonesty Reports have been filed for particular students, then the student will receive a Letter of Student Discipline Notification.

Upon receipt of a second or more “Academic Dishonesty Report” of academic misconduct committed by a student, the Student Discipline Officer shall seek the suspension of the student for one to two full calendar years.

If, upon the student's return from the one to two years suspension, the Student Discipline Officer receives any further reports of academic dishonesty concerning this student, the Student Discipline Officer may recommend the student be expelled from the District for a period of no less than three to ten years.

Depending on the severity of the student's academic dishonesty, a student may be suspended from the College on a first offense or be recommended for expulsion by the CCCD Board of Trustees.
The Student Discipline Officer shall keep the faculty member and Division Dean reasonably informed of the status of the student discipline process and outcome.

Examples of Academic Misconduct Conduct
Some examples of academic dishonesty conduct warranting the imposition of disciplinary probation, suspension, or expulsion include, but are not limited to, the following:

- Taking an examination for another student or having someone else take an examination for one-self.
- Altering a graded examination/assignment and returning it for additional credit.
- Having another person or a company do research and/or writing of a report.
- Stealing or attempting to steal an examination or answer key.
- Printing an online exam without the express authorization of the instructor.
- Stealing or attempting to change official academic records.
- Forging or altering grades.
- Obtaining answers from another student before or during an examination.
- Falsely reporting or claiming to have experienced technical difficulties with online instructional tests, quizzes, or assignments.
- Knowingly allowing another student to copy one’s work.
- Using unauthorized materials, such as notebooks, calculators, or other items, without the instructor’s consent during an examination or placement test.
- Sharing answers for a take-home or on-line examination unless otherwise authorized by the instructor.
- Receiving help in creating a speech, essay, report, project, or paper unless otherwise authorized by the instructor.
- Turning in a speech, essay, report, exam answer, discussion board posting, project, or paper done for one class to another class unless specifically authorized by the instructor of the second class.
- Misreporting or altering the data in laboratory or research projects.
- Offering another person’s work as one’s own: copying a speech, essay, report, exam answer, discussion board posting, project, or paper from another person or from books, websites, or other sources.
- Using outside sources (books or other written sources) without giving proper credit (by naming the person and putting any exact words in quotation marks).
- Intentionally impairing the performance of other students and/or a faculty member.

- Collusion - when any student knowingly or intentionally helps another student perform an act of academic dishonesty. Collusion in an act of academic dishonesty will be disciplined in the same manner as the act itself.

Academic Renewal Policy and Procedure
This Academic Renewal Policy (BP 4240) for Coastline Community College is issued pursuant to Section 55764 and 55765 of the California Administrative Code (Title 5) regulations. The purpose of this policy is to disregard past substandard academic performance of a student when such work is not reflective of their current demonstrated ability. It is based on the recognition that, due to unusual circumstances or circumstances beyond the control of a student, the past substandard work will negatively affect his/her academic standing and unnecessarily prolong the rate at which he/she may complete his/her current objectives.

Therefore, under the circumstances outlined below, Coastline Community College may disregard from all considerations associated with requirements for the Certificate of Achievement/Associate in Arts Degree and general education certification up to a maximum of thirty (30) semester units of course work from two semesters taken at any college. These circumstances are:

1. The student has requested the action formally and has presented evidence that work completed in the term(s) under consideration is substandard (less than a 2.0 grade point average) and not representative of present scholastic ability as verified by the current level of performance. Verification must consist of:
   a. Completion of a minimum of 12 semester units of course work at any regionally accredited college or university with a minimum cumulative grade point average of at least 2.0 subsequent to the course work to be disregarded.
   b. At least 12 months has elapsed since completion of the most recent course work to be disregarded.
2. Agreement that all units taken during the semester(s) to be disregarded, except those courses required as a prerequisite or to satisfy a requirement, in the student’s “redirected” educational objective.
3. An understanding that the student’s permanent academic record shall be annotated so that it is readily evident to all users of the records that units disregarded, even if satisfactory, may not apply to certificate, degree, or general education certification requirements.
4. Agreement that all course work remains legible on the student’s permanent record, ensuring a true and complete academic history.

If another accredited college has acted to remove previous course work from Certificate of Achievement,
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. The rights include:

1. The right to inspect and review the student’s education records within 15 days of the day Coastline Community College receives a request for access. Students should submit to the Director of Admissions and Records, or appropriate official, written requests that identify the record(s) they wish to inspect. The Coastline Community College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Coastline Community College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate. Students may ask Coastline Community College to amend a record that they believe is inaccurate. They should write the College official responsible for the records, clearly identify the part of the record they want changed, and specify why it is inaccurate.

If Coastline Community College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. School officials may disclose any and all educational records, including disciplinary records, to another institution at which the student seeks or intends to enroll without the prior consent of the student.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Coastline Community College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Directory Information
Student's directory information is released only upon approval of the Director of Admissions and Records. Students may request in writing to the Director of Admissions and Records or his/her designee that directory information not be released.

Directory information includes one or more of the following: student’s name, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, number of units of enrollment, and degrees and awards received.

Coastline Community College maintains in the Admissions and Records Office the following student record information:

1. Demographic data supplied to the College by the student through the enrollment process.
2. Transcripts of high school work if supplied by the student.
3. Transcripts of college work.
4. Placement test data.
5. Semester class enrollment data.

Additional information maintained in other offices on some students may include

6. Financial Aid and EOP&S application information on students who have applied for either program.
7. Work Experience records on students who have taken work experience courses within the past three years.
8. Records maintained of students who have been disciplined.

Students may review the information contained in items 1-8. For items 1-5, a letter requesting review should be directed to the Admissions and Records Office. Requests for review of information contained in item 6 may be made to the Vice President of Student Services, and information in item 7 may be reviewed by arrangement with the office of Instruction. Inquiries regarding information contained in items 8 are to be directed to the Dean of Counseling. All requests for review will be honored within 15 days. Students may challenge the contents of any records by notifying the administrator associated with the records in question. If the issue is not resolved at that level, the student may use the student grievance procedure.

Liability

Throughout the academic year, some classes will meet at off-campus locations. The College will not provide transportation to these sites, and students enrolled in these classes are responsible for making their own transportation arrangements. Coastline personnel may assist in coordinating this transportation and/or may recommend travel time, routes, carpooling, etc.; however, the student does not have to follow these recommendations. The Coast Community College District (CCCD) is in no way responsible, nor does it assume liability, for any injuries or losses resulting from this non-sponsored transportation. If you ride with another student, that student is not an agent of or driving on behalf of the District.

Under the California Code of Regulations, Subchapter 5, Section 55450, if you participate in a voluntary field trip or excursion, you hold the CCCD, its officers, agents and employees harmless from all liability or claims that may arise out of or in connection with your participation in this activity.

Parking Regulations

Permit Required: Parking permits are required at the Newport Beach and Garden Grove Campus. Any motorized vehicle requiring registration with the California Department of Motor Vehicles (DMV) must have a current parking permit affixed to the inside lower left corner of the windshield in clear view. Permit hangers are not recommended. However, if you choose to use one, you must ensure the permit is visible at all times. Motorcycles, mopeds, etc., should have the permit affixed to the left front fork. Vehicles without permits properly displayed will be cited. Vehicles may park only in spaces or areas designated for vehicle parking. PURCHASE OF A PARKING PERMIT DOES NOT GUARANTEE A PARKING SPACE ON CAMPUS.

Purchase parking permits online: Current semester permits are now available online at www.coastline.edu. Daily parking permits can also be obtained from the office at each area site. Coastline parking permits are also valid at Golden West and Orange Coast Colleges.

Parking Areas: Designated parking areas are color coded:

- Yellow (Faculty and Staff) permit required
- White Grid (Motorcycles only) permit required
- Blue (Handicapped—DMV) permit required
- Unmarked white stalls—open for permit parking

All designated permit parking areas will be enforced Monday-Friday, 8 a.m.-10 p.m.

Responsibilities for Penalties: The registered owner of any vehicle on a Coastline site shall be held responsible for any liability or damage claims including parking or other traffic violation penalties arising in connection with the possession and/or operation of the vehicle on the Coastline site.

Liability: Coastline is not responsible and assumes no liability for damage or theft of any vehicle or its contents.
Lost, Stolen, Damaged Permits or Sold Vehicles: Replacement of lost, damaged, or permits sold with the vehicle will be $10. Stolen permits are to be reported to the Public Safety office.

Parking, Traffic Rules and Regulations:

ARTICLE 1 — ENFORCEMENT

The West Orange County Municipal Court has granted authorization to the Campus Safety Department to issue parking citations within the confines of any Coastline Community College site. PARKING AND TRAFFIC RULES AND REGULATIONS WILL BE IN EFFECT 24 HOURS A DAY.

PARKING REGULATION/CITATION PENALTIES:

Sexual Misconduct Information & Title IX Compliance

Members of the Coastline Community College (CCC) community, guests and visitors have the right to be free from sexual violence. All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. CCC has zero tolerance for sexual misconduct. When an allegation of misconduct is brought to an appropriate administration's attention and a respondent is found to have violated any sexual misconduct district policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. The following is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated.

SEXUAL VIOLENCE — Risk Reduction Tips

Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to victim-blame, and with recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk experiencing a non-consensual sexual act. Below, suggestions to avoid committing a non-consensual sexual act are also offered:

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor “NO” clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:
• Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
• Understand and respect personal boundaries.
• DON’T MAKE ASSUMPTIONS about consent; about someone’s sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent.
• Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
• Don’t take advantage of someone’s drunkenness or drugged state, even if they did it to themselves.
• Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don’t abuse that power.
• Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
• Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.
• In campus hearings, legal terms like “guilt,” “innocence” and “burdens of proof” are not applicable, but the college never assumes a student is in violation of district policy. Campus hearings are conducted to take into account the totality of all evidence available, from all relevant sources.
• The college reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety. Such measures include, but are not limited to, interim suspension from campus pending a hearing and reporting the matter to the local police. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the college reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The college will consider the concerns and rights of both the complainant and the person accused of sexual misconduct.

SEXUAL MISCONDUCT OFFENSES INCLUDE, BUT ARE NOT LIMITED TO:
• Sexual Harassment
• Non-Consensual Sexual Contact (or attempts to commit same)
• Non-Consensual Sexual Intercourse (or attempts to commit same)
• Sexual Exploitation

Sexual Harassment

Sexual Harassment is unwelcome, gender-based verbal or physical conduct that is, sufficiently severe, persistent or pervasive that it, unreasonably interferes with, denies or limits someone’s ability to participate in or benefit from the college’s educational program and/or activities, and is based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation.
Examples include: an attempt to coerce an unwilling person into a sexual relationship; to repeatedly subject a person to egregious, unwelcome sexual attention; to punish a refusal to comply with a sexual based request; to condition a benefit on submitting to sexual advances; sexual violence; intimate partner violence, stalking; gender-based bullying.

NON-CONSENSUAL SEXUAL CONTACT:
• Non-Consensual Sexual Contact is any intentional sexual touching, however slight, with any object, by a man or a woman upon a man or a woman that is without consent and/or by force.
• The determination of whether an environment is “hostile” must be based on all of the circumstances. These circumstances could include:
  • the frequency of the conduct;
  • the nature and severity of the conduct;
  • whether the conduct was physically threatening;
  • whether the conduct was humiliating;
  • the effect of the conduct on the alleged victim’s mental or emotional state;
  • whether the conduct was directed at more than one person;
  • whether the conduct arose in the context of other discriminatory conduct;
  • whether the conduct unreasonably interfered with the alleged victim’s educational or work performance;
  • whether the statement is a mere utterance of an epithet which engenders offense in an employee or student, or offends by mere discourtesy or rudeness
  • whether the speech or conduct deserves the protections of academic freedom or the 1st Amendment.

Sexual Contact includes:
Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by
breasts, buttocks, groin, genitals, mouth or other orifice.

NON-CONSENSUAL SEXUAL INTERCOURSE:
Non-Consensual Sexual Intercourse is any sexual intercourse however slight, with any object, by a man or woman upon a man or a woman that is without consent and/or by force. Intercourse includes: vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

SEXUAL EXPLOITATION:
Occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:
- Invasion of sexual privacy;
- prostituting another student;
- non-consensual video or audio-taping of sexual activity;
- going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- engaging in voyeurism;
- knowingly transmitting an STI or HIV to another student;
- Exposing one’s genitals in non-consensual circumstances; inducing another to expose their genitals;
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation

Sanction Statement
Any student found responsible for violating the CCCD policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

Any student found responsible for violating the CCCD policy on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of suspension or expulsion.

Any student found responsible for violating the CCCD policy on sexual exploitation or sexual harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

The Title IX investigative team reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor any appeals body or officer will deviate from the range of recommended sanctions unless compelling justification exists to do so.

Other Misconduct Offenses (Will fall under TITLE IX when gender-base)
- Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person;
- Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;
- Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;
- Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the college community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity (as defined further in the Student Code of Conduct);
- Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally (that is not speech or conduct otherwise protected by the 1st Amendment).
- Violence between those in an intimate relationship to each other;
- Stalking, defined as repetitive and/or menacing pursuit, following, harassment and/or interference with the peace and/or safety of a member of the community; or the safety of any of the immediate family of members of the community.

Privacy and Reporting
The Title IX Officer is responsible for the purposes of initiating notice and/or investigation of sexual misconduct excluding cases involving personnel (not related to a student). The Title IX Officer will assign deputy investigators, who are members of the Investigative Team, to investigate allegations of gender-based discrimination and/or sexual misconduct. The deputy investigators will use discretion on how they act in response to notice of gender-based discrimination. Understanding that different people on campus have different reporting responsibilities and varied abilities to maintain confidentiality, the Title IX Officer may assign deputy investigators depending on the situation and the parties involved.

To Report Gender-Based Discrimination, sexual harassment, non-consensual sexual contact, non-consensual sexual intercourse, or sexual exploitation, please contact:
Office of Vice President of Student Services
(College Center, Fountain Valley)
714-241-6208
kmueller@coastline.edu
To Report Confidentially

If you want the details of the incident be kept confidential, you should speak with on-campus mental health counselors or off-campus rape crisis resources who can maintain confidentiality.

Reporting to those who can maintain the privacy of what you share—You can seek advice from certain individuals who are not required to tell anyone else your private, personally identifiable information unless there is cause for fear for your safety, or the safety of others. These are individuals the college has not specifically designated as “responsible employees” for purposes of putting the institution on notice and for whom mandatory reporting is required, other than in the stated limited circumstances. If you are unsure of someone’s duties and ability to maintain your privacy, ask them before you talk to them.

NON-CONFIDENTIAL REPORTING OPTIONS—You are encouraged to speak to officials of the institution to make formal reports of incidents (deans, vice presidents, or other administrators with supervisory responsibilities, campus security, and human resources). The college considers these people to be “responsible employees.” Notice to them is official notice to the institution. You have the right and can expect to have incidents of sexual misconduct to be taken seriously by the institution when formally reported, and to have those incidents investigated and properly resolved through administrative procedures. Formal reporting means that only people who need to know will be informed of the report, and information will be shared only as necessary with investigators, witnesses, and the accused individual.

Federal Statistical Reporting Obligations—Certain campus officials have a duty to report sexual misconduct for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. Mandated federal reporters include: student/conduct affairs, campus law enforcement, coaches, athletic directors, student activities staff, human resources staff, advisors to student organizations and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the victim and may be done anonymously.

Federal Timely Warning Reporting Obligations—Victims of sexual misconduct should also be aware that college administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The college will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. The reporters for timely warning purposes are exactly the same as detailed above.

Student Code of Conduct

BP 5500 - STUDENT CODE OF CONDUCT AND DISCIPLINARY PROCEDURES: The Coast Community College District has special interests and purposes essential to its effective functioning as an educational institution. These include (a) the opportunity for students to attain their educational objectives, (b) the creation and maintenance of an intellectual and educational atmosphere throughout the District, and (c) the protection of the health, safety, welfare, property, and human rights of all members of the District community and the property of the District itself. The Coast Community College District has a clear responsibility in the area of student conduct to protect and promote the pursuit of its goals.

The Coast Community College District Policy Regarding Student Code of Conduct and Disciplinary Procedures sets forth those acts which constitute unacceptable conduct. All alleged violations of this policy may result in referral to the College Administrator charged with enforcing this policy.

The Coast Community College District reserves the right, for educational purposes, to review any action taken by civil authorities regarding students. Students are expected to adhere, and will be held accountable for adhering, to all federal, state, and local laws, in addition to all District policies and regulations not set forth herein.

A student of the Coast Community College District accepts the responsibility to conform to all District rules and regulations. Failure to meet this obligation will justify appropriate disciplinary actions including, but not limited to, expulsion, suspension, disciplinary probation, or reprimand. Although the District will make every reasonable effort to make the District’s rules and regulations available, students are responsible for becoming familiar with them.

This policy applies to all students and also applies to:

a. applicants for offenses committed as part of the application process;

b. applicants for offenses committed on campus and/or while participating in District-related events or activities that take place following a student’s submittal of the application through his or her official enrollment;

c. individuals who participate in a District-sponsored program; and

d. former students for offenses committed while a student.

If specified in the campus regulations, this policy shall also apply to conduct that occurs off campus and that would violate student conduct and discipline policies or regulations if the conduct occurred on campus, or where
the conduct occurs within a reasonable distance from the campus and such conduct disrupts or interferes with the educational mission of the campus.

The following acts are defined by the District to be unacceptable. The list is not all inclusive. The Chancellor and/or College President may add violations to this code as they deem appropriate subject to the provisions of Section 3.50. A student found to have violated any of the following regulations is subject to the maximum sanction of expulsion. Being under the influence of drugs and/or alcohol or the existence of other mental impairment does not diminish or excuse a violation of the Disciplinary Code.

The District may impose discipline for the commission, or attempted commission, of the following types of violations by Students, or for aiding or abetting, inciting, conspiring, assisting, hiring or encouraging another person to engage in a violation of this Student Code of Conduct, or for any violation of state or Federal law. Being under the influence of drugs and/or alcohol, or the existence of other psychological impairment does not excuse a violation of this Student Code of Conduct. For the latest version see BP 5500 and Administrative Procedure at http://www.cccd.edu/boardoftrustees/BoardPolicies/Pages/Student-Services.aspx.

1. Academic Misconduct. All forms of academic misconduct including, but not limited to, cheating, fabrication, plagiarism, or facilitating academic dishonesty.

2. Alcohol. Manufacture, distribution, dispensing, possession, use, consumption or sale of, or the attempted manufacture, distribution, dispensing, consumption or sale of alcohol that is unlawful or otherwise prohibited by, or not in compliance with, District policy, administrative procedures, or campus regulations.

3. Assault/Battery. Assault, battery, or any threat of force or violence upon a Student or upon any Member of the District Community. This includes, but is not limited to:
   a. Inflicting bodily harm upon any Member of the District Community;
   b. taking any action for the purpose of inflicting bodily harm upon any Member of the District Community;
   c. taking any reckless, but not accidental action, from which bodily harm could result to any Member of the District Community;
   d. Causing a Member of the District Community to believe that the offender or his/her agent may cause bodily harm to that person or any member of his/her family or any other Member of the District Community;
   e. Inflicting or attempting to inflict bodily harm on oneself.

4. Bias. Bias-related incidents are behavior that constitutes an expression of hostility against a person or property or another due to the targeted person’s race, religion, sexual orientation, ethnicity, national origin, gender, age, marital status, political affiliation, or disability. These acts or behaviors may not rise to the level of a crime, or a violation of state or federal law, but may constitute to creating an unsafe, negative, or unwelcome environment for the targeted person.

5. Continued Misconduct or Repeat Violation. Repeated misconduct or violations of this Policy, when other means of correction have failed to bring about proper conduct.

6. Dating Violence. Violence committed by a member of the District Community who is, or has been, in a social relationship of a romantic or intimate nature with the victim, and where the existence of such a relationship shall be determined based upon the consideration of the following factors:
   a. Length of the relationship
   b. Type of relationship, and
   c. The frequency of interaction between the persons involved in the relationship

7. Destruction of Property. The damaging, destroying, defacing, or tampering with District Property or the property of any person or business on District Property or at a District function, including but not limited to, taking down, defacing, or otherwise damaging District authorized posters, handbills and/or notices posted on District property.

8. Discrimination. Unlawful discrimination against a person on the basis of race, ethnicity, color, religion, national origin, sex, age, disability, military or veteran status, gender identification, gender expression, marital status; sexual orientation, or genetic information, except where such distinction is authorized by law.

9. Dishonesty. All forms of dishonesty including but not limited to fabricating information, furnishing false information, or reporting a false emergency to the District.

10. Disorderly or Lewd Conduct. Engaging in disorderly or lewd, indecent or obscene behavior on District Property or at a District function.

11. Disruption of Educational Process. Destruction or disruption on or off District Property of the District educational process(es), including but not limited to interrupting, impeding, obstructing or causing the interruption or impediment of any class, lab, administrative office, teaching, research, administration, disciplinary procedures, District activity or District authorized Student activity or administrative process or other District function; or disturbing the peace on District Property or at any District function.

12. Disruptive Behavior. Disruptive behavior, disobedience, profanity, vulgarity, or the open defiance of the authority or abuse of District personnel, or which adversely affects the delivery of educational services to Students and the District Community.

13. Disturbing the Peace. Disturbing the peace and good order of the District by, among other things, fighting, quarreling, disruptive behavior, or participation in a disturbance of the peace or unlawful assembly.
14. Drugs. Unlawful or attempted manufacture, distribution, dispensing, possession, use, distribution or sale of, controlled substances, dangerous drugs, restricted dangerous drugs or narcotics, as those terms are used in state or federal statutes on District Property or at any District function. Possession of medicinal marijuana on District premises is prohibited.

15. Endangering Welfare of Others. Violation of any state or federal law relating to the placing at risk of physical or emotional harm of a member of the District Community.

16. Failure to Appear. Failure to appear before a District official when directed to do so.

17. Failure to Comply or Identify. Failure to identify oneself to, or comply with the directions of, a District Official, employee, policy, law enforcement, or other public official when requested to do so; or resisting or obstructing such District or other public officials in the performance of or the attempt to perform their duties.

18. Failure to Obtain Permits. Participating in an organized protest for which a District permit has not been obtained.

19. Failure to Repay Debts or Return District Property. Failure to:
   a. Repay debts to the District;
   b. Return District property;
   c. Return property of any member of the District Community.

20. False Report of Emergency. Knowingly and purposefully, causing, making, and/or circulating a false report or warning of a fire, explosion, crime, or other catastrophe.

21. Forgery. Any forgery alteration, or misuse of any District document, record, key, electronic device, or identification, or knowingly furnishing false information to a District official.

22. Fraud. Any attempt to steal, take, carry, lead, or take away the personal property of another, or who fraudulently appropriated property which has been entrusted to him or her, or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor or property, or who causes or procures or obtains credit and thereby, or fraudulently gets or obtains possession of money, or property, or obtains the labor or service of another, is guilty of theft.

23. Gambling. Unauthorized gambling on District Property or at any District function.

24. Harassment/Bullying. A specific act, or series or acts, of a verbal or physical nature, including threats, intended to annoy, intimidate, pester, aggravate, irritate, dominate, ridicule, or cause fear to a member of the District Community, occurring within the jurisdiction of the District as set forth in Section 1.4.

25. Hateful Behavior. Hateful behavior aimed at a specific person or group of people.

26. Hazing. Participation in hazing or any method of initiation or pre-initiation into a campus organization or other activity engaged in by the organization or members of the organization at any time that causes, or is likely to cause, physical injury or personal degradation or disgrace which can inflict psychological or emotional harm to any Student or other person.

27. Infliction of Mental Harm. (a) Inflicting mental harm upon any member of the District Community; (b) taking any action for the purpose of inflicting mental harm upon any Member of the District Community; (c) taking any reckless, but not accidental action, from which mental harm to Member of the District Community could result; (d) causing a Member of the District Community to believe that the Student or his/her agent may cause mental harm to that person or any member of his/her family or any other member of the District Community; (e) any act which purposefully demeans, degrades, or disgraces any person.

28. Library Materials. Cutting, defacing, or otherwise damaging or theft of college library or bookstore materials or property.

29. Misrepresentation. A false statement or representation based upon the intentional disregard of false or possibly false information, or knowingly entering into a transaction based upon false information, or misrepresenting oneself to be an agent, employee, or representative of the District or its colleges.

30. Misuse of Identification. Transferring, lending, borrowing, altering or unauthorized creation of identification.

31. Possession of Stolen Property. Possession of District Property, or the property of any other person, when the Student knows, or reasonably should know, that the property was stolen.

32. Possession of Weapons. Unauthorized possession, use, storage, or manufacture of explosives, dangerous chemicals, firebombs, firearms, or other destructive devices or weapons as defined in Section K of Appendix A.

33. Public Intoxication. Public intoxication or being under the influence of alcoholic beverages, any illegal narcotics, or any substance that causes impairment on District/College Property or at any District/College function.

34. Sexual Harassment. Sexual harassment against a member of the District Community. Sexual harassment is defined as (a) unwelcome verbal harassment, e.g., epithets, derogatory comments, or slurs; (b) physical harassment, e.g., assault, impeding or blocking movement, or any physical interference with normal work or movement when directed at an individual; (c) visual forms of harassment, e.g., derogatory posters, cartoons, or drawings; (d) unwelcome sexual advances, requests for sexual favors; or (e) an intimidating, hostile, or offensive environment. “Unwelcome conduct” is defined as conduct which the
member of the District Community does not solicit or initiate, and which the person regards as undesirable or offensive.

35. Sexual Misconduct. Sexual misconduct comprises a broad range of unwelcome behaviors focused on sex and/or gender that may or may not be sexual in nature. Any intercourse or other intentional sexual touching or activity without the other person’s consent is sexual assault, is a form of Sexual Misconduct under this Procedure. Sexual Misconduct is any form of gender-based harassment, including, but not limited to, sexual harassment, sexual assault, and sexual exploitation, as well as harassment based on gender identity, gender expression, and non-conformity with gender stereotypes. Sexual misconduct may also include acts of a sexual nature, including acts of stalking, domestic violence, and dating violence, intimidation, or for retaliation following an incident where alleged Sexual Misconduct or has occurred. Sexual Misconduct can occur between strangers or acquaintances, or people who know each other well, including between people involved in an intimate or sexual relationship, can be committed by anyone regardless of gender identity, and can occur between people of the same or different sex or gender.

36. Serious Injury or Death. Any intentional or reckless action or conduct which results in serious injury or death to a Member of the District Community or his/her family.

37. Smoking. Smoking in an area where smoking has been prohibited by law or regulation of the District.

38. Stalking. Stalking behavior in which a Student repeatedly engages in a course of conduct directed at another person and makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her family; where the threat is reasonably determined by the College Disciplinary Officer to create substantial emotional distress, torment, create fear, or to terrorize the person.

39. Sexual Stalking. Course of conduct directed at a specific person that would cause a reasonable person to feel fear or suffer substantial emotional distress due to another’s sexual interest or gender-based stalking. Stalking involves repeated and continued harassment of a sexual or gender-based nature, against the expressed consent of another individual, which causes the targeted individual to feel emotional distress, including fear or apprehension. Such stalking behaviors may include: pursuing or following; unwanted communication or contact—including face-to-face encounters, telephone calls, voice messages, electronic messages, web-based messages, text messages, unwanted gifts, etc.; trespassing; and surveillance or other types of observation.

40. Theft or Abuse of District’s Computers or Electronic Resources. Theft or abuse of District computers and other District electronic resources such as computer and electronic communications facilities, systems, and services. Abuses include (but are not limited to) unauthorized entry, use, transfer, or tampering with the communications of others, and interference with the work of others, and with the operation of computer and electronic communications facilities, systems, and services. Theft or attempted theft of any kind, including seizing, receiving, or concealing property with knowledge that it has been stolen, is prohibited. Sale, possession, or misappropriation of any property or services without the owner’s permission is also prohibited.

41. Theft or Conversion of Property. Theft or conversion of District Property or services, or the property of any person or business on District Property or at a District function, or possession of any property when the Student had knowledge or reasonably should have had knowledge that it was stolen.

42. Trespass and Unauthorized Possession. Unauthorized or forcible trespass on, entry to, possession of, receipt of, or use of any District services, grounds, equipment, resources, properties, structures, vehicles, boats, water craft or facility, including the unauthorized use of District’s name, insignia, or seal without permission or authorization.

43. Unauthorized Tape Recording. Tape recording any person on District Property or at any District function without that person’s knowledge or consent. This definition shall not apply to recordings conducted in public, in a commonly recognized public forum.

44. Unauthorized Use of Course or Copyrighted Materials. Students of the District will abide by all aspects of United States copyright law, Title 17 of the United States Code, to the extent possible, under authoritative interpretation of the law. Students shall not reproduce copyrighted materials without prior permission of the copyright owner, except as allowed by the “fair use” doctrine. The District has posted detailed information describing “fair use”, including examples and an assessment tool, to assist District Students in determining whether the use of certain materials are excepted from copyright infringement as “fair use.”

In addition, Students shall not sell, prepare, or distribute for any commercial purpose any course lecture notes or video or audio recordings of any course unless authorized by the District in advance and explicitly permitted by the course instructor in writing. The unauthorized sale or commercial distribution of course notes or recordings by a Student is a violation of these Policies whether or not it was the Student or someone else who prepared the notes or recordings. Copying for any commercial purpose handouts, readers or other course materials provided by an instructor as part of a District course unless authorized by the District in advance and explicitly permitted by the
COASTLINE COMMUNITY COLLEGE

45. Unauthorized Use of District Keys. Unauthorized use, distribution, duplication or possession of any keys issued for any building, laboratory, facility, room, or other District Property.

46. Unauthorized Use of Electronic Devices. Unauthorized use of an electronic device on District property or at any District function, including but not limited to, classes, lectures, labs and field trips.

47. Unauthorized Use of Property or Services. Unauthorized use of property or services or unauthorized possession of District Property or the property of any other person or business.

48. Unreasonable Demands. Placing repeated, hostile, or unreasonable demands on District staff.

49. Unwelcome Conduct. Conduct of a sexual, gender-based, or harassing nature, which is considered unwelcome if a person did not request or invite it, and considered the conduct to be unwelcome, undesirable, or offensive. Unwelcome conduct may take various forms, including name-calling, graphic or written statements (including the use of cell phones or the Internet), hazing, bullying, or other conduct that may be physically or psychologically threatening, harmful, or humiliating. Unwelcome conduct does not have to include intent to harm, or directed at a specific target, or involve repeated incidents. Unwelcome conduct can involve persons of the same or opposite sex.

50. Violation of Driving Regulations. Driving unsafely on District property or while taking part in any District function, or repeated violation of District parking regulations.

51. Violation of Health and Safety Regulations. Violation of any health, safety or related regulations, rule or ordinance on District property or at any District function.

52. Violation of Law. Violation of any federal, state or local law on District property, at a District function or involving a member of the District Community.

53. Violation of Posted District Rules. Violation of any rule or regulation posted on District property by the District or the College, or printed in any District publication.

54. Violation of Published Computer/Network Usage Policy(s), Procedures, or Guidelines.

a. Accessing and/or without permission altering, damaging, deleting, destroying, or otherwise using any data, computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

b. Accessing and/or without permission taking, copying, or making use of any data from a computer, computer system, or computer network, or taking or copying any supporting documentation, whether existing or residing internal or external to a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

c. Using or causing to be used District computer services without permission.

d. Accessing and/or without permission adding, altering, damaging, deleting, or destroying any data, computer software, or computer programs which reside or exist internal or external to a computer, computer systems, or computer network belonging to or used by the District or any Member of the District Community.

e. Disrupting or causing the disruption of computer services or denying or causing the denial of computer services to an authorized user of a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

f. Providing or assisting in providing a means of accessing, without permission, a computer, computer system, or computer network belonging to or used by the District or any Member of the District Community.

A copy of the Student Code of Conduct may be found online at http://www.cccd.edu/boardoftrustees/BoardPolicies/Pages/default.aspx or may be reviewed at the Coastline Community College—College Center Counseling Office.

Student Grievance Procedures

Coastline Community College extends to all students the right to petition for readress of grievance. The right
to petition may be initiated at any time when the student has a grievance against any college employee, policy or procedure at Coastline Community College.

Every effort will be made to preserve confidentially as grievances are fairly and equitably considered. The procedures will allow students to exhaust every administrative level possible in receiving fair and complete hearing of their grievances. These are college-level procedures for resolving problems and should not be viewed as legal or quasi-legal proceedings.

Based on the principle of improved communication between the students and the institution, the following procedures will be followed for students registering grievances:

NOTE: In order to establish due process, all parties to the grievances will adhere to the steps as outlined.

STEP I: Prior to filing a formal grievance, the student is expected to first contact the Discipline Dean or Program Supervisor and the person(s) who has (have) the closest contact with the pertinent issue. The grievance should be thoroughly defined to be discussed objectively.

If the grievance cannot be resolved at this step, the student may progress to Step II after informing the person(s) intended plans to file a formal grievance. The formal grievance must be filed during the semester in which the grievance occurs.

STEP II: The student meets with the VP of Instruction to discuss the grievance. At this step, the “Formal Grievance Petition” is filed. The Vice President of Instruction/Student Services will serve as an ombudsman in order to examine objectively both sides of the issue.

The Vice President of Instruction/Student Services will then meet with all persons involved with the grievance. At the conclusion of Step II, the Vice President, within five (5) school days, will provide the student and others involved with a written summary of the discussion.

If the grievance has not been resolved by this step, the student may proceed to Step III.

STEP III: The student, within five (5) school days after the conclusion of Step II, will submit a written request to the Vice President of Instruction/Student Services for a meeting of an arbitration committee.

The committee will consist of:
1. The appropriate Dean for the Area involved
2. Vice President of Instruction/Student Services
3. Faculty Member and student

A meeting of the committee will be called by the Vice President of Instruction/Student Services to review and/ or take action on the grievance. In ten school days after the student has filed a written request, the committee will meet with all involved parties and discuss the grievance in detail in an attempt to resolve the issue at this step. Meetings will be chaired by the Vice President of Instruction/Student Services.

Within five (5) school days, the decision and proposed action will be communicated to the following:
1. Student involved
2. Committee members
3. College President
4. Other person(s) involved with the grievance

STEP IV: If either the grievant or other person(s) involved are not satisfied with the decision of action of the Grievance Committee an appeal may be made. Within five (5) school days after the decision or action, the appeal must be filed with the President of the College for consideration. Once the College President has reviewed the memorandum and the written Communication from the Grievance Committee, the President will schedule a private meeting with the complainant to discuss the matter.

NOTE: The College President has discretionary power to uphold, reverse, or modify the action taken by the Grievance Committee. The president’s decision will be delivered to the grievant/student in writing with copies to the appropriate individuals involved.

STEP V: If the grievant/student is not satisfied with the final college level disposition of the case, she/he may, through the Chancellor of the Coast Community College District, appeal directly to the Board of Trustees. The Board, after reviewing the materials pertaining to the grievance, may determine the time, place, and manner of the hearing.

Student Right to Know

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), Coastline makes its completion and transfer rates available to all current and prospective students at the following website: http://www.goo.gl/4YByun

A copy of this information may be obtained by calling Coastline’s Public Relations office at (714) 241-6186.

Students’ Rights

The Coast Community College District and Coastline are committed to the concept and principles of providing all persons with equal opportunity in employment and education by prohibiting discrimination based on race, color, sex, national origin, religion, age, disability, marital or veteran’s status, or sexual preference. This commitment applies to every aspect of education and personnel policies and practices in the treatment of employees, students and the general public.

Rights of Students with Disabilities: Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990 prohibit discrimination on the basis of disability against persons in programs or activities receiving or benefiting from federal assistance. Thus, in postsecondary education settings, Section 504 mandates “reasonable accommodation” for adults with professionally documented physical or learning
disabilities. Any person with a disability who believes that he or she has been discriminated against on the basis of disability should contact Renaté Akins, Americans with Disabilities Act (ADA) officer and Equal Employment officer, (714) 241-6146.

Sexual Harassment: It is the policy of the Coast Community College District to provide an educational, employment, and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by state and federal statutes. It shall be a violation of this policy for anyone who is authorized to recommend or take personal or academic action affecting a student or employee, or who is otherwise authorized to transact business or perform other acts or services on behalf of or for the Coast Community College District, to engage in sexual harassment as stated in the definition. Within the Coast Community College District, sexual harassment is prohibited regardless of the status and/or relationships the affected parties may have. Contact one of the following college administrators: Dean of Counseling, (714) 241-6162; Helen Rothgeb, Equal Employment Officer, (714) 241-6150; Kate Mueller, VP Student Services or the Sexual Harassment Prevention Coordinator, (714) 241-6160 for further information.

Study Load The average student carries a 15 unit full academic load during a semester at Coastline Community College. This load requires most students to spend 40-45 hours each week preparing for and attending classes. The College recommends that entering freshmen carrying a full academic load (15 or more units) plan to work no more than 12-16 hours each week. Students who have a poor high school record — below a “C” average — probably should work no more than 6-8 hours each week. No CCC student may carry more than 19 units during a semester, 9 units during summer, or 6 units during intersession without the permission of the CCC Director of Enrollment Services. This maximum applies to the combination of all units in which the student enrolls per semester/term in the Coast Community Colleges (Coastline, Golden West and Orange Coast).

Transcript Requests Coastline Community College has retained Credentials, Inc. to accept transcript orders online via a secure website. Official transcripts must be ordered online. Current students may access the Credentials, Inc. service through their MyCCC Account. Former students may access the online service at http://www.coastline.edu/admissions/transcripts. Students on campus will have access to computers for online ordering in Admissions and Records Office, the Garden Grove, Westminster Le Jao and Newport Beach Campuses. The first two transcripts and/or verification of record are provided free. Each additional transcript or verification of record costs $5. For more information, including fees for expedited processing, please visit http://www.coastline.edu/admissions/transcripts. Please note that CCC does not offer same day transcript service.

Veterans, Active Duty Military, and Credit for Military Training Coastline Community College is approved for training veterans under all applicable laws. The College helps veterans by cooperating with the Veterans Administration and the California State Department of Veterans Affairs. CCC establishes policies and programs for educating veterans and active-duty military personnel. Under Title 5, Section 55024, members of the service called to active duty during a semester in which they are enrolled, may petition to withdraw under special circumstances. The withdrawal will be posted as “MW” - Military Withdrawal on the student’s transcript and will be non-punitive, which means that it will not count in the students grade point average nor will it count towards academic or progress probation/disqualification. Students with orders to report during a semester in which they are enrolled should contact Admissions and Records on the first floor of the College Center for the appropriate petition form. CCC recognizes and grants academic credit to veterans for eligible military service and training credit completed in the armed forces.

Remedial Coursework Limits

No more than 30 semester units of course credit may be assigned to a student for remedial coursework except when the student is enrolled in one or more course in English as a Second Language or is identified as having a learning disability. This limit may be waived if the student can show significant and/or measurable progress toward the development of skills appropriate to enrollment in college-level courses. Student needing remedial instruction beyond the course credit restrictions set forth in this section shall be referred to appropriated non-credit adult basic education programs conducted by an adult school.
AP 5055 Enrollment Priorities

Title 5 Sections 51006, 55031, 55524(b)2, 58106, 58108

Effective July 1, 2014 for the fall 2014 priority registration and forward the following framework is implemented to establish priority registration for all three colleges within the Coast Community College District.

**Group 1-Priority Registration:**
Students who have completed placement testing and orientation (or equivalent) & have an approved abbreviated or comprehensive Student Education Plan (SEP) with a specified Course of Study that leads to an Associate Degree (AA, AS, ADT), transfer, or State-approved Certificate of Achievement or career advancement (See definition below) & in good academic and progress standing (continuing students not on academic or progress probation for two consecutive terms as defined in section 55031) & have not earned 100 degree applicable units or more within the Coast District (transfer units are not counted towards the 100 degree applicable units)
**Group 2:**
Students who have completed placement testing and orientation (or equivalent), & have an approved abbreviated or comprehensive SEP but do **NOT** have a specified Course of Study that leads to an Associate Degree (AA, AS, ADT), transfer, or State-approved Certificate of Achievement nor seeking career advancement.
& in good academic standing
& have **not** earned 100 degree applicable units or more within the Coast District (transfer units are not counted towards the 100 degree applicable units)

- Group 2 Legislated Goups (Veterans, Foster Youth, EOPS, DSPS & CalWorks)
- Group 2 Continuing Students
- Group 2 New Students

**Group 3:**
All students who do not meet the requirements for Group 1 or Group 2

- Group 3 Legislated Groups (Veterans, Foster Youth, EOPS, DSPS & CalWorks)
- Group 3 Continuing Students
- Group 3 New Students

**Group 4:**
Concurrently enrolled high school students

**Open Registration**
If a student does not qualify for priority registration, a student may petition to have his/her priority registration reinstated by completing and submitting a CCCD Petition to Reinstate Priority Registration, available on each of the College’s web sites.

**Definitions:**
An **abbreviated education plan** is one or two terms in length and is typically used for entering first time students, students on academic or progress probation, or students who have short term educational goals at the college (short term CTE certificates, ESL, or basic skills). For the DSPS program, the Student Education Contract may be used to meet the abbreviated education plan.

A **comprehensive education plan** is at least two terms in length, reflects a sequence of courses required to achieve the student’s declared course of study, and includes the provision of counseling as required per Title 5, Section 55524(b)2.

**Career advancement**, as defined by CCCD for the purposes of identifying students for priority registration, is any student who has met with or consulted with a counselor to develop an abbreviated or comprehensive education plan.

Ratified February 19, 2014
Academic Standards

Honors: Coastline recognizes academic honor in four ways.

1. PRESIDENT'S LIST: A student is eligible to be included on the President's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 4.0 is earned.

2. DEAN’S LIST: A student is eligible to be included on the Dean's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 3.50 to 3.99 is earned.

3. HONOR’S LIST: A student is eligible to be included on the Honor's List after completing a semester of 6.0 to 11.9 units in courses awarding letter grades during which a GPA of 3.75 to 4.0 is earned.

4. GRADUATION WITH HONORS: A student is eligible for Graduation with Honors* if he or she achieves a 3.50 or higher GPA in all college units attempted and a 3.50 or higher GPA in all courses completed at Coastline.

Probation Status: The Coast Community College District's policy on probation states that a student shall be placed on probation if he or she meets one of two conditions:

1. Academic Probation
   A student is on academic probation if he or she has attempted at least 12 semester units at a District college and
   a. has a GPA of less than 2.0 in the most recent semester completed, or
   b. has a cumulative GPA of less than 2.0 in all units attempted.

2. Progress Probation
   A student is on progress probation if he or she has attempted at least 12 semester units at a District college and the percentage of units with “W, I and NP” grades reaches or exceeds 50 percent.

Students on probation at one District college shall be on probation at all colleges within the District. All probationary students shall be notified of their status and counseling services shall be made available.

Dismissal Status: The approved disqualification policy states that a student in the District who is on academic or progress probation shall be disqualified whenever he or she meets one of two conditions:

1. Academic Disqualification
   Any student on academic probation for two consecutive semesters shall be academically disqualified. However, students on academic probation whose most recent semester GPA equals or exceeds 2.0 shall not be disqualified but shall be continued on academic probation.

2. Progress Disqualification
   Any student on progress probation for two consecutive semesters shall be disqualified for lack of satisfactory progress. However, students on progress probation whose most recent semester work indicates less than 50 percent of “W, I or NP” entries shall not be disqualified but shall be continued on progress probation.

Students on disqualification at one District college shall be disqualified at all District colleges. Students shall be notified of disqualification status near the beginning of the semester that it shall take effect but, in any case, no later than the start of the Fall Semester.

Upon notification of eligibility for disqualification, students shall be informed of appeal procedures and of counseling and other appropriate services. If circumstances warrant, exceptions may be made and reinstatement granted at the discretion of and under the conditions established by the Probation and Disqualification Review Committee.

*Spring grades will not be used in computing the GPA for the graduation ceremony, but will be used in determining the final GPA for the diploma.

Attendance

Students are expected to attend class regularly. Failure to attend may be taken into consideration by instructors when assigning grades. Students who miss the first class meeting, are absent for two continuous class meetings, or have too many absences MAY be dropped by the Instructor at any time during the semester until the final deadline for withdrawal. Instructors may have more restrictive requirements for attendance and these requirements shall be stated in the class syllabus. Students that miss class due to verifiable extenuating circumstances beyond the control of the student (i.e. accident, illness, death in immediate family, etc.) should inform their instructors prior to missing class meetings. A student who has been absent because of extenuating circumstance should report to the instructor on the day of his/her return. No absence will excuse a student from making up the work missed. Students should realize that absences may adversely affect their grades. Please Note: It is the responsibility of the student to withdraw in order to meet all fee/refund deadlines and it is also the responsibility of the student to withdraw by state mandated deadlines to avoid grade penalties.

Auditing

The college is no longer offering students the option to audit a course.
**Awarding College Credit**

Coastline recognizes college credit, except sectarian courses, earned at any institution of higher education which is accredited by one of the regional accrediting associations of schools and colleges as identified by the Council on Postsecondary Accreditation. They consist of the following associations:

- MSA - Middle States Association (of Colleges and Schools)
- NASC - Northwest Association of Schools and Colleges
- HLC (Formerly NCA) - Higher Learning Commission
- NEASC-CIHE - New England Association of Schools and Colleges - Commission on Institutions of Higher Education
- SACS - Southern Association of Colleges and Schools
- WASC-ACCJC - Western Association of Schools and Colleges - Accrediting Commission for Community and Junior Colleges
- WASC-ACSCU - Western Association of Schools and Colleges - Accrediting Commission for Senior Colleges and Universities

In order to receive credit for courses completed at other colleges, students must submit copies of official sealed transcripts to Admissions and Records from each college attended. Transcripts submitted to Coastline College are evaluated to identify degree applicable courses completed with a grade of A, B, C, D, F, CR or P. The courses, units, and grades earned are applied as appropriate to the student's educational plan.

Also, please note that some colleges/universities offer courses that have similar titles, and appear to be equivalent to courses offered by Coastline. However, the elements of the course – course content, learning objectives, lecture and/or lab hours, and prerequisites/co requisites – may not be congruent with the Coastline course. When evaluating coursework, all of these elements are taken into consideration.

Upper-division units may be considered for application towards a Certificate, local/non-transfer Associate Degree, Associate Degree for Transfer (ADT), CSU/GE and IGETC certification. The units will count toward the 60 units required for the associate degrees and meet the transfer requirements. Request for transfer of upper-division courses and credits will be evaluated on a case-by-case basis. If you are using upper-division courses to fulfill a lower-division IGETC or CSU/GE course or Associate Degree for Transfer major requirement, remember that you are required to complete a certain number of upper-division courses at the transfer institution. Contact the receiving institution to see how upper-division course credit will be awarded towards the baccalaureate degree. See the IGETC Standards for policy details: http://icas-ca.org/standards-policies-and-procedures-manual. CSU policy can be viewed at: http://www.calstate.edu/EO/EO-1100.html.

Students planning to transfer credit awarded by Coastline for experience other than classroom attendance should contact the specific transfer institution, since each college has a different policy regarding experiential credit.

**International Transcripts**: Coastline grants credit for courses taken at regionally accredited institutions outside of the United States. Coastline is unable to evaluate international transcripts. Students are encouraged to utilize one of the evaluation services listed on the NACES site www.naces.org to retrieve a detailed evaluation of your international transcript. The results of the credential evaluation will be reviewed to determine how the international coursework may be applied to a CCCD local/non-transfer associate degree (AA/AS) or certificate. Students may be required to submit course descriptions from the evaluating agency.

We cannot apply non-regionally accredited international coursework to CSU General Education Certification or IGETC Certification for transfer purposes. Although some of your courses may be accepted by the institution to which you transfer, it is up to the destination institution to evaluate and determine what coursework will be accepted and how it will apply to your degree. For more information consult directly with the 4-year college that is your transfer destination.

Students may receive a maximum of 40 units through experiential learning, including American Council on education (ACE) College credit recommendations, military training and experience, CLEP, DSST, and Advanced Placement towards the experiences in similar subject areas.

**Advanced Placement Credit**: Credit may be granted for Advanced Placement courses completed in high school. The credit may be applied toward the Associate degree and/or CSU General Education Certification. Official test scores must be submitted to Coastline’s Admissions and Records Office. See Appendix B—AP Chart for the required scores and degree application.

AP course credit and units granted at Coastline College may differ from course credit and units granted by a transfer institution. See the transfer institution’s application of AP major preparation credit. UC AP major preparation credit: http://admission.universityofcalifornia.edu/counselors/exam-credit/ap-credits/index.html See individual CSU campuses for AP major preparation credit. See a Counselor.

**CLEP (College Level Examination Program)**

The College Entrance Examination Board offers examinations covering material taught in courses that most students take in the first two years of college.

- CLEP credits will count towards general education, major, or elective credits for the Associate degree or CSU General Education Certification. See Appendix C—CLEP Chart for the required scores and applicability.
- The University of California does not grant credit for CLEP.
• CLEP may or may not be accepted by other colleges and universities. A student must check with the specific transfer institution to determine regulations regarding CLEP. General CLEP policies can be found in the college catalogs.
• CLEP exams may not be used to retake or improve a grade in a course at Coastline or any other institution.
• CLEP credit posted to another institution’s transcript will be reevaluated based on Coastline’s standards and may or may not be equal to credit received at another institution. CLEP credit posted to a student’s Coastline transcript may or may not be accepted for equal units at another institution.
• Coastline has established CLEP and DSST National Test Centers on base at Dyess AFB, Fallon NAS, Gulfport NCP, Holloman AFB, Pensacola NAS and Point Loma.

Credit by Examination: $25 per course. Students with appropriate post high school experience may petition for “Credit by Examination” and receive college credit in courses reflecting this experience, providing the:
1) student is in good standing;
2) course is appropriate for credit by examination;
3) course is listed in the college catalog and
4) appropriate instructor, currently teaching the classroom course, is willing to assist the student in completing “Credit by Examination.”

The appropriate number of units may be posted to the student’s transcript upon completion of 12 units at Coastline. This credit will be designated “Credit by Examination” and will be awarded the grade of “Pass” if the student successfully passes the examination; the grade of “No Pass” will be assigned if the student fails the examination.

DANTES (Defense Activities Non-Traditional Education Support) Subject Standardized Tests (DSSTs)
• Coastline accepts DANTES (DSSTs) with scores from 44 to 400 depending on the exam.
• DSST credits will count towards general education, major, or elective credits for the Associate degree. (See DSST chart for applicability)
• DSST scores may not count toward CSU and IGETC certifications.
• DSST scores may or may not be accepted by other colleges and universities. A student must check with the specific transfer institution to determine regulations regarding DSST credit.
• DSST exams may not be used to retake or improve a grade in a course at Coastline or any other institution.
• CLEP/DSST credit posted to another institution’s transcript will be reevaluated based on Coastline’s standards and may or may not be equal to credit received at another institution.

See Appendix D—DSST Chart.

Foreign College Units: Coastline is unable to evaluate foreign transcripts. Students are encouraged to utilize one of the evaluation services listed on the NACES site www.naces.org to retrieve a detailed evaluation of their international transcript. The results of the credential evaluation will be reviewed to determine how the international coursework may be applied to a CCCD local/non-transfer associate degree (AA/AS) or certificate. Students may be required to submit course descriptions from the evaluating agency.

Although these agencies charge a fee for their services, the expense is usually much less than repeating the courses at an American institution of higher education. Coastline will accept the official evaluation and will count the units and/or degrees toward the student’s educational program. Call the Counseling office for information at (714) 241-6162.

Independent Study: Students whose past experiences and present activities provide an accepted alternative method for completing course objectives may petition for Independent Study:
1. If the course is offered during the petition semester;
2. If the course is appropriate for this method of instruction, and
3. If the petition is approved by the specific instructor teaching the class, the discipline dean and the vice president of instruction.

Military Credit: Coastline recognizes that U.S. Service members receive intensive training and educational instruction unmatched by many others in our society. Coastline will award a maximum of 40 units of credit for military training and experience as recommended by the American Council on Education (ACE).
• Military transcripts are evaluated to verify credit applicable to a degree. Transcript documentation includes JST (Joint Service Transcript), DD 295 and DD 2586.
• Military credits may count towards general education, major, areas of emphasis, certificate, and elective credits and are applicable to an associate degree at Coastline.

Work-based Learning: Students pursuing any vocational major at Coastline may earn elective credit for learning on the job through a planned program of goal setting, site visits and evaluations. Concurrent enrollment in Coastline's vocational classes is required. For further information, contact the Work-based Learning office at (714) 241-6209.

Classification of Students
Students are classified as follows:
Freshman: A student who has completed fewer than 30 units
Admissions and Registration

204

COASTLINE COMMUNITY COLLEGE

but students are limited to a maximum of four courses. A family of courses may include more than four courses, not take any additional courses in the family. who previously enrolled in Dance C110 four times may can only take two more courses in the family; a student who previously enrolled in Dance C110 twice includes Dance C110 Ballet 1 and Dance C115 Ballet 2. four enrollment limitation. Therefore, the "Ballet Family" and taken prior to FALL 2013 will count toward the Family". Repeatable courses that are related in content (commonly referred to as a family of courses) a maximum of four times. This is a repeat active participatory courses in Dance, Drama, Physical Education, and some Music courses that are required for transfer programs will be the only courses that will remain repeatable; all other courses previously offered as repeatable will be offered as one time enrollment courses.

While students will not, in most cases, be allowed to repeat active participatory courses in Dance, Drama, Music, Physical Education, and Visual Arts, you will still be allowed to enroll in a series of active participatory courses that are related in content (commonly referred to as a family of courses) a maximum of four times. This is a state regulation and applies to all Dance, Drama, Music, Physical Education and Visual Arts activity classes in the District.

For example, all Ballet courses are part of the "Ballet Family". Repeatable courses that are related in content and taken prior to FALL 2013 will count toward the four enrollment limitation. Therefore, the “Ballet Family” includes Dance C110 Ballet 1 and Dance C115 Ballet 2. A student who previously enrolled in Dance C110 twice can only take two more courses in the family; a student who previously enrolled in Dance C110 four times may not take any additional courses in the family.

A family of courses may include more than four courses, but students are limited to a maximum of four courses in any family, in the District. Further, all grades, including “W”s, will count toward the four course enrollment limitation and for computing the grade point average (GPA). Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a “NP”, “D”, “F” grade was earned or “W” was assigned; however, all enrollments count toward the 4 enrollment maximum for each family of courses.

Repeating Courses

It is possible to repeat a class only in certain circumstances as follows:

1. In the course description in the catalog, the class is identified as eligible for repetition; or

2. The class is eligible for grade remediation by repetition.

Students are limited to three (3) total enrollments for most credit courses. Students will not be allowed to take a course more than three times without documented evidence of extenuating circumstances. ‘W’ grades are counted as enrollments.

3. Special classes which meet the needs of students with a documented disability may be repeated in compliance with Title 5, Section 56029, of the Education Code.

Reasons to Repeat a Class:

A. Repeating a course in an effort to alleviate a substandard grade; Students who receive substandard grades ("D"," F", “NP” or “NC”) and/ or one or more Withdrawals ("W") on the transcript may attempt to successfully complete the course up to a total of two additional times within the Coast Community College District, if necessary to alleviate the substandard grade or successfully complete the course.

After the third attempt to receive a passing grade in a course, the student may complete the Petition to Repeat form and submit to the Admissions and Records Office for one additional attempt. Petitions are only considered for documented extenuating circumstances. Students who Withdraw and receive a “W” on each of the three allowable attempts, if by petition the student is given permission to enroll, the students will not be able to withdraw from the course again and an evaluative grade symbol will be recorded. NO FURTHER ATTEMPTS WILL BE PERMITTED.

If the substandard grade is repeated within the Coast Community College District, the Repeat/Delete grade exclusion will be automatically performed on the student's academic transcript. The grades in the latest term will be the grade which will be used to calculate grade point average regardless of which grade was higher. Although the previous grade(s) will not be counted in the grade point average, they will remain visible on the transcript and the last recorded attempt is the course which will be counted in the student’s permanent academic history.
When a student repeats an equivalent course in which a substandard grade outside the Coast Community College District at a regionally accredited college, they must file a Repeat/Delete Request and submit it to the Admissions and Records Office along with an official transcript from the other college showing successful completion of the course.

B. Repeating a course due to a significant lapse of time, where a passing grade (CR or P) or C or better was previously earned. A significant lapse of time is defined as at least five years. All coursework shall remain on the student’s permanent record. The previous grade and credit will be disregarded in computing the GPA. Course repetition based on significant lapse of time may only occur once. (documentation must be submitted)

C. Extenuating Circumstances - verified cases of accidents, illness, or other life changing event beyond the control of the student that prevented you from doing well in the course (must submit documentation);

D. The course you wish to repeat is part of a legally mandated training as a condition of continued or volunteer employment. Regardless of whether or not a substandard grade (D, F, NC, or NP) was previously earned, the grade and unit credit shall be included each time for the purpose of calculating the GPA. (Documentation must be attached to certify that course repetition is necessary to complete legally mandated training).

E. Repeating a course previously taken at another college. Substandard or non-substandard grades earned at another institution will not be alleviated by repeating a course at Coastline Community College. The grade and unit credit earned will be calculated and averaged in GPA.

Note: Some transfer institutions may elect to include both courses or may choose to use only the first grade taken in their computation of the grade point average to establish entrance requirements.

Note: There is current State and District policy pending regarding changes to the Course Repetition Policy. Please check with the Admissions and Records Office or Counseling for updated information.

**Expenses** (Fees are subject to change at any time)

**Enrollment Fees:** $46 per unit. The enrollment fee is subject to change by the state legislature.

**College Services Charge (formerly Student Services Charge):** $12 per semester. This charge underwrites many student services, classes and programs. It is not mandatory. A portion of each $6 charge goes to instructional grants and student scholarships. Information about specific programs funded by this charge and requests for waiver of the charge are available and granted only in the Admissions and Records office during the registration period. Waivers must be secured in advance and submitted at the time of a student’s initial enrollment.

**Housing:** Coastline maintains no dormitories. Housing transactions must be made individually.

**Non-resident Tuition:** $258.00 per unit + $12.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Active duty military students and their dependents who either are enrolled in the Military Programs administered by Coastline Community College or who are enrolled only in fully online classes at any college in the District are exempt from the capital outlay fee. Please note that it is the student’s responsibility to prove that he/she is a California resident.

**Materials Fees:** Students may need to purchase materials for classes, as follows:

- Required instructional materials of continuing value outside of the classroom **must** be paid for by the student. These are tangible materials that are essential to satisfy course objectives, have value to the student outside the classroom, belong to the student and may be taken home. These materials include, but are not limited to, such items as textbooks, workbooks, syllabi, computer discs, tools, uniforms and canvases. They also include materials, such as clay, that are transformed into materials of lasting value.

**NOTE:** Some classes carry a fee for required instructional materials. These fees are for the types of materials described above. When such fees are indicated, the materials for which the fees are levied are supplied at district costs and are sold as a convenience to students. However, students may

</table>
choose not to pay the fee indicated and provide the materials themselves. Students are warned that they will not be able to complete the requirements of a course if they do not purchase or provide required instructional materials.

2. Students are advised to provide certain instructional materials of an optional nature. These are materials that enhance a student's learning experience in the classroom but are not essential to completion of course objectives.

Parking Fee: $30 per Fall/Spring Semester. $15 for Summer Session. See “Parking Regulations” found in the Parking Regulations section of this catalog.

Health Services Fee (Subject to change at any time): All students enrolling in one or more courses are required to pay the Health Services Fee of $11. This is a mandatory fee unless the student presents a waiver. Students who qualify for a waiver are:

- Students who depend solely upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization. Call 1 (714) 241-6176 for information.
- Students enrolled only in courses of two weeks or less in duration.
- Students enrolled only in non-credit courses.
- Students enrolled in an approved Study Abroad Program.
- Students enrolled in an approved apprenticeship training program.

Expenses for Military & Contract Education Programs: Coastline has a number of agreements with employers and private entities to provide specialized educational opportunities to their employees or other designees. Fees will be assessed according to the respective agreements in place between the college and entity for students opting to enroll in these programs.

Coastline offers online and other distance learning education programs specifically designed to meet the unique needs of military and corporate students and clients. With approval of its Board of Trustees in 2000, Coastline established an ancillary program specifically designed to meet the unique needs of active duty servicemembers and adheres to Service-specific educational program practices, requirements, contracts, and MOUs.

Our Military Program incorporates a dedicated team of faculty and staff experienced with serving the military community, a set catalog and schedule of 8-week online courses, and assured enrollment for seamless and timely degree completion. Coastline also provides non-Internet-based courses to Sailors at sea through the Navy College Program for Afloat Education (NCPACE). Military Programs are approved for Tuition Assistance (TA), MyCAA Financial Assistance vouchers (military spouses), and Veterans Affairs education benefits. Please visit our website at military.coastline.edu for program-specific information and rates.

Coastline’s Division of Military Education, Corporate Training & Business Development provides client-specific educational opportunities, including degree/certificate programs and customized training. A few of our partnerships include an online certificate program designed for the Transportation Security Administration (TSA) Associates Program, online certificates and degrees for employees of Kaiser Permanente/Ben Hudnall Memorial Trust, and a career pathway for the SEIU UHW-West & Joint Employer Education Fund CRT to RRT Program.

Current program rates range up to $200 per credit hour. Please visit our website at military.coastline.edu, or the respective Coastline-sponsored employer website, for program-specific information and prevailing rates.

Grading

Student performance is indicated by one of seven grades. Grades, which carry a point value and which are used in determining the grade point average (GPA), are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Unit Credit Granted</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4 grade points per unit</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3 grade points per unit</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2 grade points per unit</td>
</tr>
<tr>
<td>D</td>
<td>Passing-less than satisfactory</td>
<td>1 grade point per unit</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0 grade points per unit</td>
</tr>
</tbody>
</table>

The grade point average is calculated by dividing the number of grade points by the number of units attempted for the grades of A, B, C, D, or F.

The following grades are not part of the GPA calculation:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Unit Credit Granted</th>
</tr>
</thead>
<tbody>
<tr>
<td>P (formerly CR)</td>
<td>Pass satisfactory, C or better</td>
<td>No units granted</td>
</tr>
<tr>
<td>NP (formerly NCR)</td>
<td>Not passing, less than satisfactory or failing</td>
<td>No units granted</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal</td>
<td>No units granted</td>
</tr>
<tr>
<td>MW</td>
<td>Military withdrawal</td>
<td>No units granted</td>
</tr>
<tr>
<td>I, IB, IC, ID, IF, INP = Incomplete*</td>
<td>No units granted</td>
<td></td>
</tr>
<tr>
<td>NG</td>
<td>Non graded</td>
<td>No units granted</td>
</tr>
<tr>
<td>RD</td>
<td>Report delayed</td>
<td>No units granted</td>
</tr>
</tbody>
</table>

*Incompletes were expanded to include the grade that the incomplete will revert to in one year if the student does not make up the coursework with the instructor (i.e., ID= incomplete which will revert to a “D” in one year if the student does not make up missing coursework).

An “E” to the far right of a course on the academic transcript indicates that the grade has been excluded from the GPA calculation. The reason for the exclusion may be noted as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACDRNL</td>
<td>Academic renewal</td>
</tr>
<tr>
<td>HS or HSC</td>
<td>High school credit only</td>
</tr>
<tr>
<td>UR</td>
<td>Unauthorized repeat</td>
</tr>
<tr>
<td>SUBSTND</td>
<td>Repeated substandard grade</td>
</tr>
</tbody>
</table>

Other Notations
APL = Assessment of Prior Learning
CE = Credit by Exam
(I) = Course taken during Winter Intersession
(H) = Honors Course

Grading Options
Optional Pass/No Pass or grade classes.
In these courses, students may elect to receive either a traditional letter grade of “A” through “F” or Pass/No Pass for the course. This choice must be made by the same deadlines as last day to drop without a “W,” which is printed on the Student Class Program (Web Schedule Bill) through MyCCC.

Pass/No Pass grading option:
Students who enroll in courses designated “graded or pass/ no pass option” may change the grade by logging into MySite, clicking on Add/Drop Classes, then clicking on the Grade Mode for the class they wish to change the grade option.
Once the Pass/No Pass grading option deadline has passed, the grade option cannot be reversed. Therefore, before selecting this option, students should consult with a counselor.

NOTE: In classes graded on this basis, students are held to attendance regulations and academic standards expected in the standard graded courses.

Students are advised to read the following statements before deciding to pursue a course on a graded (“A” to “F”) or Pass/No Pass basis.

- A grade of “Pass” or “No Pass” does not affect a student’s grade point average at Coastline Community College.
- “NP,” “W,” and “I” grades are utilized by Coastline Community College in the determination of academic probation and disqualification. (Refer to college regulations concerning “Probation/Disqualification.”)
- Courses taken at Coastline Community College to remedy an admissions deficiency for the University of California due to poor or incomplete high school preparation are not acceptable if completed on a “pass” basis.

Students required to complete 60 units of course work with a grade point average of 2.4 prior to transfer to a University of California campus, such as Irvine, must complete at least 42 of these units on a graded (“A” through “F”) basis.
- Some universities specify that courses taken to satisfy general education breadth requirements be completed on a standard grade basis (“A” through “F”).
- Some institutions limit the number of units completed on a “pass” basis which are accepted toward the bachelor’s degree.
- Students planning to apply to competitive admissions programs such as the health professions are usually advised to complete the specified preparation on a graded basis (“A” through “F”).

W (Withdrawal)
Withdrawal is not an automatic process. The student is responsible for officially withdrawing, through the Admissions and Records Office, to avoid receiving “F” or “NP” (no-pass) grades.

Upon entering Coastline Community College, the student assumes the responsibility of completing each course in which he/she is registered. A college student is expected to attend all sessions of the classes in which he/she is enrolled. An instructor may drop a student for excessive absences when the instructor determines that, due to absences, the student may not successfully complete the course. Students who miss the first meeting of the class may also be dropped. Students who are dropped by their instructors for missing the first class meeting or for excessive absences should verify the instructor drop with the Admissions Office in order to avoid grade penalties and to comply with critical drop dates as specified. After a student has been dropped from the class for unexcused absences, appeal for reinstatement will be considered only under extenuating circumstances.

When withdrawing from a class, students should be aware that the following policies apply:

Early Withdrawal
Classes will not appear on a transcript (a “W” will not be assigned) when a student officially withdraws during the first two (2) weeks of full semester (16-week) fall or spring courses, and 20% of all other length courses. Students should refer to their “Student Class Program, Web Schedule Bill” for specific course deadlines.

Other Withdrawals
A “W” will appear on a transcript for official withdrawals made between the Tuesday of the 3rd week and the last day of the 12th week for full semester (16-week) fall or spring courses and more than 20% and less than 75% in all other length courses. Students should refer to their “Student Class Program, Web Schedule Bill” for specific course deadlines.

MW (Military Withdrawal)
“Military withdrawal” occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol of “MW” is assigned. Military withdrawals shall not be counted in progress probation and dismissal calculations.
Withdraw after Deadline

Students may petition for a “W” grade after the final limit for “W” only for extenuating circumstances beyond the control of the student, such as verified accident or illness. Petitions must be reviewed and approved by the Grade Review Committee.

I (Incomplete)

An incomplete grade (I, I/B, I/C, I/D, I/F, and I/NP) may be assigned when the course is not completed for unforeseen, emergency, and justifiable reasons, with permission from the instructor, and the student intends to complete the work after the end of the term. The condition for the removal of the “I” shall be stated by the instructor as well as the grade assigned in lieu of its removal in a written record available to the student at the Admissions and Records Office.

The “I” must be made up no later than one year following the term in which it was assigned. If the work assigned is not completed within that year, then the grade will revert to the grade attached to the “I” (i.e., I/B=B)

A final grade shall be assigned when the work stipulated has been completed and evaluated by the instructor or when the time limit for completion of the work has passed.

NOTE: When unusual circumstances prevail, a petition may be filed at the Admissions and Records Office requesting a reasonable extension of time.

NOTE: Students are not permitted to enroll in a course in which they were assigned an “I” grade. Incompletes must be agreed upon by both the student and the instructor.

IP (In Progress)

The “IP” (In Progress) grade indicates that the class extends beyond the normal academic term. It indicates that work is “in progress” but assignment of a final grade awaits completion of the course. The “IP” symbol remains on the student’s record and is not used in calculating units attempted or grade points. The appropriate evaluative grade, units, and grade points are assigned and appear on the student’s record for the term in which the course is completed.

Note: There are very few classes at Coastline Community College that qualify to use the IP grade.

NG (Non-Graded)

The NG symbol is assigned to non-graded courses.

RD (Report Delayed)

The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the student’s control. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD will not be used in calculating grade point averages.

Grade Challenge Policy

The determination of the student’s grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetence. A student who has been assigned a final grade which he/she believes to be incorrect may file a Grade Challenge Petition form obtained from the Office of Admissions and Records. All grade challenges must be made by the student, in writing, within two years after the end of the semester in which the grade in question was assigned. Grade challenges filed after the two-year deadline will not be reviewed.

Examinations

Final examinations are required in all courses, except physical education. Normally final examinations are given the last week of class. No student will be excused from these examinations. Students must be in attendance at Coastline Community College for the entire semester and must take the final examination to receive credit.

Prerequisites, Corequisites and Other Limitations on Enrollment

All prerequisites or corequisites identified in Coastline’s catalog and class schedule were established according to state laws as outlined in the Coast Community College District’s Model Plan. The following information is provided in compliance with those laws. Except for District priority registration procedures for continuing students and courses or programs with prerequisites or corequisites, all Coastline classes are open to enrollment on a first-come, first-served basis until they are filled to maximum capacity.

Definitions: “Prerequisite” means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. Grades of C- do not meet the grade of “C” or better requirement as defined for this purpose. “Corequisite” means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. “Advisory” means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Challenging Limitations on Enrollment

Closed classes without prerequisites or corequisites: For courses that do not have prerequisites or corequisites, students may attend the first class meeting and ask the instructor for permission to enroll in class.

Closed classes with prerequisites or corequisites: For courses that do have prerequisites or corequisites, students must have completed all prerequisites or corequisites. Students who have not met the appropriate prerequisites or corequisites and who complete in-class registration may not be officially enrolled or may be involuntarily dropped from the course.

Open courses with prerequisites or corequisites: Students may challenge prerequisites or corequisites based on the types of challenges listed below, which are established by law. It is the student’s responsibility, however, to provide satisfactory evidence that the challenge should be upheld. “Prerequisite/Corequisite Challenge Petition” forms are
available in the Admissions Office. Students wishing to challenge prerequisites or corequisites should first speak with the Dean of Counseling. They must then complete the petition form and submit it, along with supporting documentation, to the Admissions Office. Petitions will be approved or denied within five working days. If approved, the petitioner will be allowed to enroll in the course of choice. If the desired course is already closed when the challenge is filed, the challenge shall be resolved prior to the beginning of the registration for the next term. If the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

Authorized Grounds for Challenge (Title V—Section 55201): Colleges are required to notify students about the types of challenges that are established by law, and to advise students of the circumstances under which they are encouraged to make a challenge.

Any prerequisite or corequisite may be challenged by a student on one or more of the grounds listed below. The student shall bear the initial burden of showing with documentation that grounds exist for the challenge. Challenges shall be resolved in a timely manner, and, if the challenge is upheld, the student shall be permitted to enroll in the course or program in question. Grounds for challenge are:

1. The prerequisite or corequisite has not been established in accordance with the District’s process for establishing prerequisites and corequisites;
2. The prerequisite or corequisite is a violation of this article;
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available; and
6. Such other grounds for challenge as may be established by the District governing board.

Coastline has established all prerequisites or corequisites in full compliance with the District’s process for establishing prerequisites and corequisites. The existing prerequisites and corequisites are not in violation of state law. The District has not established any grounds for challenge other than those already permitted by law. Therefore, students are not advised to challenge a prerequisite or corequisite based on items 1, 2, or 6 above. Coastline students are encouraged to submit their official transcripts as documentation of prerequisite or corequisite completion at the time of registration. The transcripts will usually indicate which completed coursework from other colleges is equivalent to the prerequisite or corequisite. This action will avoid the need to file the Prerequisite/Corequisite Challenge Petition.

Student Rights to Appeal: If a challenge is denied based upon the determination of one person and not a committee, the student has the opportunity to appeal to the Dean of Counseling and Matriculation.

How To Prepare for Proper Course Placement, Registration, and Educational Planning (Student Success and Support Program)

Student Success and Support Program

Student Success and Support Program intends to help students achieve their educational goals through core matriculation services as well as support services that are necessary to assist students meet their personal, academic, and career objectives. All students, unless exempt, are required to participate in English and Math Assessment Testing, Orientation, and Academic Advising. The College also provides follow-up services to evaluate the academic progress of students and to provide additional resources as necessary. Other support services are also available to those students who qualify for them. Effective Fall 2014, Student Success and Support Program regulations require that students complete testing, orientation, and creation of an informed educational plan in order to receive priority registration. Students who believe they are exempt or would like to file an appeal may contact the Admissions and Records Office located at the College Center.

Exemptions

Some students may be exempted from assessment, advisement/orientation, and counseling if they meet one of the following criteria:

1. Completed an A.A. degree or higher at an accredited United States college or university.
2. Completed 30 or more units at an accredited United States college or university.
3. Completed 15 or more units with a cumulative GPA of 2.0 or higher along with official evidence of one of the following:
   • Verified completion of college level course work in English, writing, and mathematics (Intermediate Algebra or higher) with a grade of “C” or better.
   • Evaluation of learning skills (placement testing) from a California Community College within the last two years.
   • A score of 3, 4, or 5 on the Advanced Placement Examination in English Composition.
   • A passing score on the California State University English Equivalency Examination
4. Concurrently enrolled K-12th grade school student attending with the recommendation of the school principal.
Assessment and Placement Test Requirements

Placement testing for English and mathematics is required for all non-matriculated students prior to enrolling in courses. All students must either place into a course or successfully complete the prerequisite prior to enrolling. Students may not register in a course level higher than what is indicated on their placement test results. Coastline Community College, in compliance with California Community College State Chancellor's Office regulations, has validated the assessment process used to place students and found it to correlate highly with a student’s ability to perform at the level indicated. However, the College recognizes that, on occasion, the assessment process is not always the only indicator to determine a student’s placement, and in some cases, other factors may need to be considered. Therefore, students may submit an appeal for review for consideration of higher placement if they believe their placement is inaccurate. Appeal forms are located in the Admissions and Records Office and must be made prior to enrolling in the course.

Since the standard English test may not accurately measure non-native English speakers' reading, writing, and speaking skills, the College recommends that non-native English speakers take the ESL Assessment Test, which can correctly place the student in ESL or English courses.

Contact the Assessment Center in the College Center for information about scheduling an appointment for placement testing.

Priority Registration Policy

Enrollment priority is the process used to determine the order in which students will have the opportunity to register for classes. Recognizing that each college serves a unique student population that may have differing needs, the development of specific registration priorities for some student groups will be done at the college level in accordance with District procedures. The Coast Community College District is committed to the philosophy that all students should have fair and equitable access to courses and programs within the resources of each college and in accordance with State Education Code, Title 5 provisions, and guidelines adopted by the Board of Governors. Further, the District believes that students should be able to progress toward their stated educational objective in a timely manner. The primary mission of the District colleges is to provide Degree, certificate, and transfer programs. Therefore, priority is extended to matriculated students who have demonstrated satisfactory academic progress toward their declared educational objectives in these areas.

Effective fall 2014 registration and forward, the registration priority will be according to the framework of Administrative Procedure (AP) 5055. Board Policies and Administrative Procedures are available on the Board Policy section of the Coast Community College District (CCCD) website at www.cccd.edu. Please contact Admissions and Records Office for additional information.

Important Things to Remember:
- Only students who complete placement testing and orientation and have a Student Education Plan (SEP) on file will be eligible for priority registration
- Once students have completed 100 or more units, they will lose their registration priority
- Students must remain in good academic standing to receive priority registration each semester

Tips to Keep in Mind:
- Don’t take unnecessary courses (courses not on your approved Student Education Plan). Adding these units to your records will increase your chances of losing registration priority and/or losing financial aid.
- Do your best to keep your grade point average (GPA) at 2.0 or higher. Seek help from the Student Success Center if you feel you are falling behind.
- If you haven’t already done so, make an appointment with a counselor for a Student Education Plan (SEP).

Registration

Courses that are neither taught in the classroom nor online are generally considered to be correspondence courses. Students who are receiving financial aid are advised not to enroll in correspondence courses, as these may have a negative impact on how much financial aid they may receive. Unless you are participating in an educational program in which you are required to take correspondence courses, we highly recommend that you enroll in courses that are taught online or in the classroom.

On-Line Registration:

On-line registration is by assigned appointment. Registration appointments are assigned to students one to two months prior to the first day of the registration cycle for the upcoming semester or session. This includes continuing students as well as new and returning students (applicants). Any student who applies and is admitted for the semester or term will have access to the MyCCC portal for all registration, fee payment and withdrawal transactions.

In-Person Registration:

Students who are unable to register using MyCCC or choose not to do so can enroll in-person on a space available basis beginning the first week of the semester or session. NOTE: Class availability will be very limited for students who choose to wait for the in-person registration period.
Late Registration:

Late registration for all classes begins the first day of the semester or session. During the first two weeks of class (spring and fall semester), students may register only with the permission of the instructor. In order for a student to receive a late add during the second week, he or she must have been in attendance the first week of class. Students will not be permitted to register after the second week of class. Check the college website or the class schedule for registration deadlines. Students should be aware that missing the first class meeting or meetings may severely affect their chances to succeed in the course.

NOTE: Students entering classes late are responsible for making up missed work and are responsible for all fee and refund deadlines associated with each class section. Students who are permitted to add after the refund deadline will not be eligible for a refund if the class is dropped.

Physical Examination:

A physical examination is not required to enroll at Coastline Community College.

Eligibility for Courses and Programs:

A student may enroll in any course offered at Coastline Community College provided prerequisites for the course have been met.

Waitlists:

Waitlists may be available for most classes. If you add yourself to the waitlist and a seat becomes available you will be notified by email and will have 24 hours to add the class via MyCCC. Waitlist email notifications are sent to the Coast District assigned student Gmail account (username@student.cccd.edu). The link to your Gmail is found on your Home tab within your MyCCC. (Students with current Cell Phone numbers will also receive a text notification).

Closed Classes:

Classes with closed next to them on the searchable online class schedule indicate that the class is closed (full). If the class in which you wish to enroll is closed, don’t give up!

1. Go for the sure thing. Try to find another CRN of the course that may still have seats available OR
2. If there is a waitlist option, place yourself on the waitlist. If a seat becomes available you will be notified by email and will have 24 hours to add the waitlisted class. All prerequisites and corequisites must be met. You can monitor your waitlist position by logging into your MyCCC and clicking on “Detail Schedule with Waitlist Position” from the student tab. It is suggested you log into your MyCCC and check your Coast District assigned Gmail account at least three times a day to reduce the chance of missing the email notification for the waitlist. For step-by-step instructions on how to add a course with a waitlist notification, refer to the MyCCC reference guide posted on the CCC website.

3. If waitlists are not available, check back to see if a seat may have become available due to a student withdrawal or due to a student being dropped for nonpayment of fees. OR
4. If the class you want does not reopen before the semester begins, or if you are unable to place yourself on the waitlist because it is full, does not exist, or you are not eligible to do so, you may still go to the first class meeting. If space is available, the instructor may give you an ADD PERMIT with an Add Authorization Code (AAC). The AAC will allow you to register online MyCCC for the course prior to the “EXPIRES” deadline using the online registration system. However, please be aware that most instructors give priority to students who are already on the waitlist.

Please Note: A student must have a registration appointment to be able to register online using their MyCCC account.

Refund Policy and Procedure

In Accordance with California State Regulations and Coast District Policy, registration fees will be refunded according to the following:

Enrollment fees, Non-Resident Fees, Material Fees:
100% refund of fees paid at registration for each class dropped by the refund deadline. No refund will be made after the refund deadline. There are no exceptions.

Health Fee, College Service Charge:
100% of the fees paid at registration will be refunded if the student totally withdraws from all classes by the refund deadline for each class. No refund will be made after the refund deadline. There are no exceptions.

Parking Permit:
Return the parking permit (If purchased) in person or by mail. The Parking Permit must be postmarked or returned to the Public Safety Office on or before the earliest refund deadline on your official Student Class Program, which is available via the student tab on your MyCCC portal.

To Be Eligible For a Refund:
Students must officially withdraw from classes by the refund deadline. Refer to the Student Class Program/ Web Schedule Bill on the Student tab of the MyCCC portal page or see Dates to Remember. It is the student’s responsibility to officially withdraw from classes and to verify all withdrawals. An instructor may drop students for non-attendance. Instructors are not responsible for making sure drops are made by the refund deadline. If the student has not been dropped from the class by the instructor, the student is responsible for withdrawing
from the class by the refund deadline. Students who are officially enrolled in a class after the refund deadline will not be eligible for a refund. There are no exceptions.

Refund Processing:
Refunds will be automatically processed every week beginning the first week of registration of the semester in which the fees were paid and each week thereafter until the end of the term. Official withdrawals made in accordance with the refund policy and by the withdrawal deadline will generate a credit balance on the student account.

Online Credit Card Payment Refunds:
Registration fee payments made by credit card through MyCCC will be refunded to the same credit card used for payment. Allow 6-10 business days for the refund to post. If the credit card used to pay fees is no longer valid, it is the student’s responsibility to notify the Admissions and Records Office once the credit has been posted to the student’s account and prior to the refund being processed. The refund will be converted to a check refund upon proper notification.

All requests for review of account summary must be made within one-year grace period from the semester in which the fees were assessed. Such petitions are subject to review.

On Campus Payment Refunds
Fee payments posted on campus, by cash, check, money order or credit card, will be refunded through BankMobile as either a check, mailed to the mailing address the Admissions and Records Office has on file, direct deposit to an existing bank account or to a BankMobile account depending on the refund choice made by the student. It is the responsibility of the student to maintain correct and up-to-date address information. Addresses can be updated on MyCCC, under the Student Tab, and then click on Banner Self Service.

Important:
Payments made using multiple payment methods (online credit card payments and cash, check or money order) during the current registration period will be refunded to the credit card used for online payments.

Refund checks will now be issued and mailed by BankMobile.

All students who enroll in classes at Coastline Community College are sent this mailer so that the student may select a fee refund/financial aid disbursement preference. (Concurrently Enrolled High School students will not receive the mailer.)

Payments made by credit card online via your student portal will continue to be refunded back to your credit card.

Cancelled Classes
If Coastline Community College cancels a class, registration fees for that class will be refunded. If you purchased a parking decal, it must be returned within two weeks of the class cancellation date.

Returned Checks
Any check returned unpaid (stop payment or insufficient funds) does not constitute automatic withdrawal from class. A check returned from the bank for any reason is subject to a $25 service charge. A hold will be placed on student records for any financial obligation until the obligation is cleared.

Residence Requirements
California Residence

Generally, California residence is established by one of the following:

1. If the applicant is under the age of 18, his or her parents must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.

2. If the applicant is 18 but not yet 19 years of age, the applicant and the applicant’s parents or legal guardian must have residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester or summer session.

3. If the applicant is 19 years of age or older, the applicant must have had legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

4. Alien students holding visas which do not preclude them from establishing residency in California must have legal residence in California for a minimum of 12 consecutive months preceding the day before the first day of the semester.

*Residency Exemption—Nonresident Tuition Exemptions for Refugees, Special Immigrant Visa holders, and Others

In 2017, the California Legislature also enacted Assembly Bill 343, which establishes a new exemption from nonresident tuition for refugees with special immigrant visas (SIVs) who have fled Afghanistan, Iraq, Syria or other countries. Please contact the Residency Specialist at occresidency@occ.cccd.edu for more information. Effective January 1, 2018, Education Code section 68075.6 grants an exemption to nonresident tuition for: (1) Iraqi citizens or nationals (and their spouses and children) who were employed by or on behalf of the United States Government in Iraq, and who meet certain criteria (Ed. Code, § 68075.6, subd. (b)(1); Public Law 110-181, § 1244); (2) translators (and their spouses and children) who worked directly with the United States Armed Forces, and who meet certain criteria (Ed. Code, § 68075.6; Public Law 109-163, § 1059); and (3) refugees (Ed. Code, § 68075.6, subd. (b)(1), 8 U.S.C. § 1157). These exemptions only apply to those who settled in California upon entering the United States. (Ed. Code, § 68075.6, subd. (b)(1).) Students who settled elsewhere in the United States, and then moved to California would not be
eligible for this exemption and would be required to either establish residency or pay nonresident tuition. Under Education Code section 68122, T and U visa holders are also exempt from nonresident tuition by extension of Assembly Bill 343.

Assembly Bill 343 also states that the exemption for a student is only available for the maximum time it would take for the student to establish residency. (Ed. Code, § 68075.6, subd. (b)(1).) That time, and therefore any nonresident tuition exemption, will expire one year from the date the student settled in California upon entering the United States. (Ed. Code, § 68017.) Upon expiration of the nonresident tuition exemption, the student will either have established residency in California, or will have an intention to reside elsewhere, and be subject to nonresident tuition.

It is the responsibility of all students to maintain an accurate address on file with the Admissions and Records Office.

**Non-California Residents**

The following conditions are applicable regarding nonresident fees:

1. Students who are not residents of California as of the day immediately preceding the first day of the semester or summer session will be required to pay a nonresident tuition and capital outlay fees.

2. Active duty Servicemembers are exempt from nonresident tuition fees provided they are in California for a purpose other than attending a state supported institution of higher education.

3. Dependents of Servicemembers are granted a one-year exemption from paying the nonresident tuition fee. The one-year period begins on the date the dependent enters California. After the exemption period has ended, dependents will be charged nonresident tuition and capital outlay fees unless they have met the residency intent and durational requirements for a one-year period prior to the residency determination date.

4. Veteran military personnel that were stationed in California for more than one year prior to separation qualify for the non-resident college fee waiver for one year within two years commencing immediately after discharge.

5. Minors (under 18 years of age and not married) will be required to pay the nonresident tuition and capital outlay fees if their parents or legal guardians reside outside the state even though such minors may have lived in California for one year or more.

6. Students who are financially dependent on their parents or legal guardians will be required to pay nonresident tuition capital outlay fees if their parents or legal guardians reside outside the state even though such students may have lived in California for one year or more.

7. Alien students holding visas which preclude them from establishing residency in California may be restricted in their enrollment at Coastline Community College and will have to pay nonresident tuition capital outlay fees.

8. **AB 540 Exemption Eligibility Requirements**

Senate Bill 68 established a complex scheme for determining eligibility for the AB 540 exemption. Under Senate Bill 68, a student is exempt from paying nonresident tuition at the California Community Colleges if the student meets all of the following four requirements, as applicable:

Requirement 1: Attendance at California schools. This requirement may be met in either of the following two ways:

- Total attendance (or attainment of credits earned) in California equivalent to three or more years of full-time attendance at California high schools, California high schools established by the State Board of Education, California adult schools (established by a county office of education, a unified school district or high school district, or the Department of Corrections and Rehabilitation), campuses of the California Community Colleges, or a combination of these; or

- Three or more years of full-time California high school coursework, and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of California elementary and secondary schools (Ed. Code, § 68130.5, subd. (a)(1).)

Full-time attendance at a California community college means either 12 units of credit per semester (or quarter equivalent per year) or a minimum of 420 class hours per year (or semester or quarter equivalent per year) in non-credit courses authorized by Education Code section 84757. Attendance in credit courses at a California community college counted towards this requirement shall not exceed a total of two years of full-time attendance. (Ed. Code, § 68130.5, subs. (a)(1)(C)(i), (a)(1)(C)(ii).)

Full-time attendance at a California adult school means a minimum of 420 class hours of attendance for each school year in classes or courses authorized by Education Code section 41976, or Penal Codes sections 2053 or 2054.2. (Ed. Code, § 68130.5, subd. (a)(1)(C)(ii).)

Requirement 2: Completion of a course of study. This requirement may be met in any of the following ways:

- Graduation from a California high school or equivalent.

- Attainment of an associate degree from a California community college.

- Fulfillment of the minimum transfer requirements established for the University of California or the California State University for students transferring from a California community college. (Ed. Code, § 68130.5, subd. (a)(2).)
Admissions and Registration

Duty or Post-9/11 GI Bill education benefits (Chapters 30 criteria and that qualify to use Montgomery GI Bill-Active students verified to be “covered individuals” per the below to grant full exemption from the nonresident fee for all (68075.5(c)c) allows California Community Colleges Effective July 1, 2015, California Education Code Veterans Access, Choice and Accountability Act (VACA) it is the student’s responsibility to prove that he/she is a addition to the fees described above. Please note that California General Educational Development (GED), High School Equivalency Test (HSET), Test Assessing Secondary Completion (TASC), and California High School Proficiency Examination (CHSPE). See General Counsel Legal Opinions 05-09 and 06-02. 9. In accordance with SB 141, Coastline Community College will exempt from nonresident tuition, a nonresident student who is a U.S. citizen and who resides in a foreign country, if that student meets all of requirements of the bill. Contact the Residence clerk for a list of requirements. 10. This is a “Non Resident Tuition” Exemption: In accordance with AB669, a student who currently resides in California and is 19 years of age or under at the time of enrollment, who is currently a dependent or ward of the state through California’s child welfare system, or was served by California’s child welfare system and is no longer being served either due to emancipation or aging out of the system, may be entitled to resident classification until he or she has resided in the state the minimum time necessary to become a resident. Non-resident Tuition: $258.00 per unit + $12.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Please note that it is the student’s responsibility to prove that he/she is a California resident.

VACA ACT

Veterans Access, Choice and Accountability Act (VACA)

Effective July 1, 2015, California Education Code (68075.5(c)c) allows California Community Colleges to grant full exemption from the nonresident fee for all students verified to be “covered individuals” per the below criteria and that qualify to use Montgomery GI Bill-Active Duty or Post-9/11 GI Bill education benefits (Chapters 30 and 33, respectively, of Title 38, U.S. Code) while living in California.

Covered Individuals:

1. A Veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active-duty service of 90 days or more.

2. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor’s discharge from a period of active-duty service of 90 days or more.

3. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving and surviving spouses of Servicemembers who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Servicemember’s death in the line of duty following a period of active-duty service of 90 days or more.

4. After expiration of the three year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain “covered individual” status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at the institution, even if they enroll in multiple programs and shall continue to be exempt from paying nonresident tuition and other fees as described in the updated fee policy described below.

How do I obtain the VACA Act Tuition Fee Waiver?

The VACA Act Tuition Fee Waiver form is available online at the following link:

http://www.coastline.edu/students/forms/#students Military, then click on Students-Military.

Incorrect Classification

A student incorrectly classified as a California Resident is subject to reclassification as a nonresident and payment of nonresident fees. If incorrect classification results from false or misleading statements, the student will be responsible for any fees associated with the incorrect classification. For evaluation of residency status, students must complete the Statement of Residence form and submit appropriate documentation as proof of California Residence (Sections 54012 and 54024 of AP 5015 Residence Classification) through the third week of the
International Students: Coastline is authorized by the United States Immigration Naturalization service to enroll International Students (F-1).

The faculty, students and staff of Coastline believe that our international students provide an ethnic and cultural diversity to the college and help increase the awareness and understanding of students from other countries and cultures. Conversely, we provide an opportunity for our international students to study in the United States and learn about us and our culture. Coastline uses multiple instructional sites in the community as classroom locations. Based on this, foreign students are reminded to make appropriate arrangements for transportation to and from classes.

Interested International students should request applications from:

Coastline Community College
Attn: International Students Admissions
11460 Warner Avenue
Fountain Valley, CA 92708

The following are entrance procedures for international students requesting F-1 status:

• Our rolling admissions process allows for acceptance to Coastline during the Fall and Spring semesters. Applicants outside the U.S. should apply at least two months prior to the start of the term. Approximate start dates: fall, in late August and spring, in late January. We recommend early application for the best selection of classes.

• International applicants must complete an international student admission packet including:
  1. International student application
  2. A $55 non-refundable application fee, in U.S. dollars (check, money order, cash, or credit card) must be submitted with the application.
  3. International Student Financial Support Information Form
  4. Bank Certification Form
  5. All evidence of high school graduation or higher must be submitted. The “official” transcripts of the original records must be accompanied by a notarized English translation.
  6. TOEFL score: A minimum score of 500 (paper based) or 61 (Internet-based test) in order to be accepted into the regular college program. Students who plan to enroll in the English as a Second Language (ESL) are not required to take the TOEFL test. However, students are strongly encouraged to provide TOEFL or equivalent scores for appropriate placement purposes. To make arrangements to take the TOEFL, write to: TOEFL, Educational Testing Service, P.O. Box 592, Princeton, New Jersey, 08540. International students must designate Coastline (Institution Code 004086) as the recipient of the test results.
  7. Notice of Intent to Transfer if transferring from a college in the U.S.
  8. International students are required to purchase medical insurance approved by Coastline Community College during their entire course of study.
  9. International students must complete 12.0 or more units each semester with at least a 2.0 GPA while pursuing their selected academic goal.
  10. International students pay nonresident tuition during their attendance at Coastline.

Admission materials received from international applicants remain active for 12 months after their submission. If the international applicant does not register during that 12-month period, the materials are destroyed.

Students Holding Visas Other Than Student (F-1) Visas: Aliens holding valid visas that are otherwise eligible for admission may enroll in classes provided that they are proficient in English and their visas do not expire before the end of the term for which they are enrolling. Contact the Admissions & Records Office for information concerning specific enrollment restrictions.

An alien who is precluded from establishing domicile in the United States shall not be classified as a resident unless and until he or she has been granted a change in status by the U.S. Citizenship and Immigration Services (USCIS) to a classification which permits establishing domicile and...
has met all other applicable residency requirements. Aliens considered to be nonresidents are required to pay the nonresident tuition charge, and are not eligible for tuition exemption (Education Code 68130.5).

Coast Community College District Residence: In order to attend Coastline, an applicant must meet the California residence requirements.

This notice has been prepared in accordance with Education Code Section 25505.5 and shall remain in effect until further written notice.

International Part-Time Concurrent Enrollment

If you are currently in the U.S. attending another school on an F-1, J-1 or M-1 visa, you may be able to take one or two classes at Coastline as a concurrent student. You must submit the following documents to request concurrent enrollment at Coastline:

1. Complete the online application at: http://www.coastline.edu/admissions/admissions-information
2. A copy of your current I-20 valid until the end of the term in which you are enrolling in.*
3. A letter from the DSO at your current school authorizing you to take the specific Coastline course(s).*

*Please wait until you receive your CCC student ID number before sending items 2 and 3.

The above documents can be emailed to residency@coastline.edu. We do not accept photographs of documents; all documents must be scanned and emailed. You will need to submit a new letter for each term you wish to enroll in.

PRE-REQUISITE CLEARANCE: If you are trying to register for a class at Coastline that has a pre-requisite, you must meet one of the following:

- Your CCC, OCC, or GWC placement test results for multiple measure assessment must recommend you for the class, or
- You must have completed the prerequisite course at CCC, OCC, or GWC after 1989 with a grade of C or better or be currently enrolled in it at the time of registration and subsequently earn a grade of C or better, or
- You must have completed the prerequisite course at another college with a grade of C or better. To show proof of the prerequisite completion, bring a copy of your transcript or grade report to the Admission Office prior to enrolling, or
- Your Early Assessment Program, Advanced Placement, College Level Examination, or International Baccalaureate scores must clear you for the class. To show proof of the prerequisite completion, bring a copy of your results to the Admission Office prior to enrolling, or
- As of January 1, 2018, due to the state mandated AB 705 bill, you may bypass developmental-level prerequisites and place yourselves into college-level math and English. You may wish to receive guidance to maximize your likelihood of succeeding in college-level (non-development) classes in the shortest time possible.

Coastline is not able to guarantee access to classes. Students on concurrent enrollment are limited to six (6) units during the semester.

Student Records

Active Records: Most requests for changes to a student’s current class program or information can be done online by logging in to MyCCC or in the Admissions and Records Office. Included are “adds” to program, “withdrawal from class,” “fee payments,” and “address changes.” Name changes must be done in person in the Admissions & Records Office. If changing a name, official documentation must be presented at the time of the request.

Transcripts: Transcripts of academic work taken at Coastline Community College are available upon official request. Students make their requests online through Credentials, Inc., on the Coastline’s website, www.coastline.edu/. Two transcripts and/or enrollment verifications will be provided free of charge. For each additional transcript there will be a charge of $5. Students may request “rush” (next day) services for an additional $5 per transcript or verification. Fees are subject to change. In accordance with Education Code provision 72237, transcripts will be withheld from students and former students who have outstanding financial or materials obligations to the college and/or district or who have unresolved matters related to student discipline.

Cumulative Folders: The Admissions and Records Office maintains an electronic cumulative file on each student who has records sent to the College. The file, containing copies of high school and college transcripts and other relevant academic information, such as records of military service and other awarded credit, is available to the student. These files are the property of the college.

Verifications: The Admissions and Records Office will provide information regarding a student’s records upon written student request. There is a $3 charge. Two verifications and/or transcripts will be provided free of charge. This fee is subject to change. Coastline Community College also utilizes the National Student Clearinghouse for reporting of enrollment status. Enrollment status is reported automatically several times during the semester or session.

Student Picture Identification: Students may be required to furnish picture identification in order to participate in certain classes and activities. Photo I.D cards are issued in the Admissions & Records Office during the student’s first semester and validated each semester thereafter after verification of enrollment and payment. Students are only allowed one replacement during their studies at Coastline Community College.
Withholding of Student Records (AP 5035)
The College Enrollment Services Director shall withhold grades, transcripts, diplomas, and registration privileges from any current or former student who fails to pay a proper financial obligation to the District. The student shall be given written notification and the opportunity to explain if the financial obligation is in error.

The definition of proper financial obligation shall include, but is not limited to: student fees; obligations incurred through the use of facilities, equipment, or materials; library fines; unreturned library books; materials remaining improperly in the possession of the student; and/or any other unpaid obligation a current or former student owes to the District. A proper financial obligation does not include any unpaid obligation to a student organization.
Academic Senate

The Academic Senate addresses Coastline Community College faculty concerns on academic and professional matters with the College administration and with the Board of Trustees. The Senate office is located in the College Center building on the second floor. Call (714) 241-6157 for information.

Administrative Services

Administrative Services provides planning and business services to college students, faculty, and staff. These services include budget development and control, accounting, payroll, college facilities management, maintenance and operations, personnel services, Equal Employment office, campus safety and security, emergency management, and computer services.

The Equal Employment office oversees the job-applicant screening process for the college. The goal of this office is to guarantee that the process is fair and nondiscriminatory. The Campus Director of Human Resources investigates all employee and applicant complaints of discrimination. This person also handles employee contract grievances Title V complaints. Call (714) 241-6146 for information.

Extended Learning Division

The Extended Learning Division (ELD) is an entrepreneurial/ancillary wing of the College. ELD designs, develops, and offers programs and services that meet the unique needs of government, military, and business communities—locally, nationally, and internationally. The Division also provides critical support to the college’s innovative technology research, development, and deployment of systems and solutions.

Extended Learning programs are typically contract education or fee-based and facilitated under specific contracts, special agreements, or memorandums of understanding. Programs and services may be customized or adapted and developed from existing college programs to meet client and student needs. Services may be delivered at a location chosen by the client, at one of our four sites in Orange County, on military installations nationwide, at international locations, or remotely through our distance learning programs.

ELD proudly operates the Military Programs that serve active-duty Servicemembers, Veterans, and their families worldwide, primarily through distance learning modalities and on military installations. The Division is also home to Coast Learning Systems (CLS). CLS has an outstanding reputation for the development of sophisticated, integrated learning systems including text materials and online interactive course content. CLS has produced more than 50 courses used by more than 750 higher education institutions worldwide, and CLS has been the recipient of 20 Los Angeles-area Emmy Awards for Instructional Design and Production Quality.

ELD has expanded its entrepreneurial efforts. Capitalizing on the capabilities and experience of CLS in instructional design, content development, production, and delivery, The Division is now developing customized training programs for business and industry. Recent partnerships have included the California Community College State Chancellor’s Office, Long Beach Fire Department, and George B. Woodcock & Co., and Career Expansion, Inc.

Coastline offers a comprehensive education program at times, places, and in formats designed to serve the diverse needs of its students. The College’s instructional program includes a full range of courses leading to an Associate degree and/or a transfer to a four-year institution; more than 25 occupational programs preparing students to enter into or advance in the workplace; courses in basic language and mathematics skills to help students prepare for college studies or employment; special programs for students with disabilities; and a wide range of courses for those wishing to broaden their general education and acquire special skills and knowledge needed in today’s fast-changing world.

Coastline offers several programs designed to serve the needs of specific community groups. The College’s English as a Second Language (ESL) helps nonnative speakers acquire the necessary communication skills needed for daily living, employment, and college study. Special Programs & Services for the Disabled offers an Acquired Brain Injury (ABI) Program and programs for students with intellectual disabilities. Coastline STAR Program classes are on track for transfer to a four-year university. The STAR Program offers majors in Business, Psychology, and Health Sciences, with guaranteed enrollment in needed classes. Students can achieve transfer-readiness in two years.

Courses are offered both onsite and online via distance learning to accommodate the busy schedules of Coastline students, most of whom are employed full or part-time while attending college. Coastline also provides courses onsite at local businesses and large companies for the convenience of their employees. These programs are developed for the employer on a fee basis to meet their individual needs via Coastline Contract Education.

A leader with more than three decades of experience, Coastline’s Distance Learning Department offers a comprehensive selection of distance learning courses for Coastline students to earn college credit and even complete Associate degrees and certificates with convenience and flexibility. Distance learning courses are offered through a variety of delivery methods. Each distance learning course is academically proven, well-produced curriculum developed by college faculty, often with the help of scholars, practitioners, and instructional design specialists. Students interact with their instructors by telephone, fax, email, electronic bulletin boards, chatrooms, web conferencing, or in person. Internet Courses enable students to complete course work online anytime, anywhere! The course websites feature text lectures, video clips, sound files, images, site links, assignments, online quizzes, instructor interaction, and discussion forums for teacher-to-student and student-to-student interaction. Textbooks, as well as possible multimedia and video materials, are required to complete the Internet courses. Examinations are conducted online or are proctored onsite. Telecourses and Cable TV courses are pre-produced video lessons broadcast over Coastline’s local cable TV station. Students can watch the lessons as they are aired, record lessons to watch or repeat at a more convenient time, or watch the lessons at one of the Coastline Learning Centers. Students also read text books, complete course assignments, and mail or fax coursework to instructors. Students can also buy DVDs of Telecourses and Cablecast courses for their viewing convenience from the Coastline bookstore onsite or online. For both, the instructor administers examinations onsite or through proctors near the student’s location. Independent Study Courses are specially prepared with course materials including reading materials, text books, study guides, self-paced assignments, and other materials. Students can interact with their instructor by telephone, fax, email, electronic bulletin boards, chat rooms, or in person. Examinations are administered by the instructor or a proctor on-site. Coastline’s Distance Learning Department schedules more than 300 courses each fall and spring term and many courses in the summer which meet general education requirements for a degree or certificate. Many of these courses are fully transferable to the California State University and University of California systems.

Coastline’s faculty is comprised of more than 300 highly qualified, credentialed, full- and part-time career educators, and community professionals. The faculty and staff welcome the participation of all community members in developing an educational program relevant to today’s world.

In addition, students have full privileges at Golden West College and Orange Coast College Learning Resource Centers, at several public libraries, and access to Coastline’s Virtual Library System at www.coastline.edu/library.

Coastline’s goal is to provide comprehensive and state-of-the-art instruction which meets the special needs of the communities it serves.
Department Chairs are elected every other spring. Their primary activities include acting as a liaison among and between faculty, the Academic Senate, and administrators as well as assisting deans with class scheduling, faculty evaluations, curriculum development, faculty interviews, and staff development.

Institutional Research, Effectiveness
and Planning

The Department of Institutional Research, Effectiveness, and Planning conducts analytical studies and provides information in support of institutional planning, policy formulation, and decision-making. In addition, the department provides leadership and support with institutional effectiveness and research related activities to members of the College community engaged in planning and evaluating the institution’s success in accomplishing its mission.

Administrative Director/Dean ...... Aeron Zentner, D.B.A.
Associate Dean ............................. Jorge Sanchez, Ph.D.

Institutional Grant Development

The Department of Institutional Grant Development provides leadership, coordination, and development support of all grant applications and proposals in association with faculty, administrators, and staff in order to advance the mission, vision, and strategic plans of Coastline Community College.

Administrative Director/Dean ...... Aeron Zentner, D.B.A.

President

The President is responsible for the conduct of all College programs, functions, and activities and reports directly to the Chancellor of the Coast Community College District.

President ..................................... Loretta P. Adrian, Ph.D.

Foundation

Coastline Community College Foundation (CCCF) is an IRS-approved, tax-exempt, 501(c)(3) nonprofit, auxiliary organization. Its goal is to support students with scholarships and provide funds for college programs and specialized services. The Foundation receives gifts of time, talent, and resources from hundreds of donors each year who are committed to changing a life...one student at a time.

Current giving programs include, but are not limited to, Naming Opportunities, Annual Giving Campaign, Scholarships, President’s Circle, and Planned Giving. Call (714) 241-6154 for information.

Executive Director, College
Foundation ................................. Mariam Khosravani, M.B.A.
Marketing, Public Relations

Marketing and Public Relations serves as the communications arm of the College. The office coordinates public information activities, media, and promotional efforts and manages the printing/publication services for the College. The college website is also administered through this department.

Director; Marketing and Public Relations............................... Dawn Willson

Student Services

Student Services is responsible for admissions, registration, records, transcripts, student information, international students, counseling, articulation, matriculation, guidance, Special Programs and Services for the Disabled, financial aid, Extended Opportunity Programs and Services (EOP&S), Associated Student Government (ASG), and career and transfer services. It also manages student conduct and grievance procedures. Student Services maintains and provides a full range of matriculation services for students.

M.A., University of California, Santa Barbara

Stone, Claudia (2016)
Counselor, EOPS B.A., University of California, Santa Cruz
M.A., Azusa Pacific University

Vu, Hao-Nhien (2016)
Instructor, Mathematics B.S., M.S., Purdue University

Warner, Michael (1999)
Professor, Computer Services Technology A.A., Orange Coast College
B.A., California State University, Long Beach

Warwick, Randall J. (1991)
Professor, Biology A.S., San Francisco City College
A.B., University of California, Berkeley M.S., University of California, Los Angeles

Counselor, Transfer and Articulation A.A., Orange Coast College
B.A., California State University, Fullerton
M.A., California State University, Dominguez Hills

West, Tobi (2015)
Professor, Computer Information Systems B.A., University of La Verne
M.S., California State Polytechnic University, Pomona

Professor, Special Education, Computers, Education B.A., M.A., California State University, Fullerton

Winterbourne, Susan (1998)
Professor, Counselor B.S., California Poly University
M.S., California State University, Fullerton

Faculty – Part Time and Temporary

Adler, Roberta
Instructor, Special Programs

Ahlman, Mary
Instructor, English as a Second Language

Ahmed, Shariq
Instructor, Business Computing

Alwehelby, Julie
Instructor, Spanish

Ameen, Umera
Counselor

Amato’elau, Sylvia
Instructor, Business Computing

Aprile, Judy
Instructor, Special Education

Ardinger, Charles
Instructor, English

Asem, Judith
Instructor, Psychology

Atallah, Joseph
Instructor, Accounting

Aubry, Michael
Instructor, Business

Bai, Hannah
Instructor, Computer Services Technology

Bair, Richard
Instructor, English as a Second Language

Baitoo, Hilda
Instructor, Digital Graphics Applications

Barragan, Valeria
Instructor, Spanish

Barrett, Debra
Instructor, Special Programs

Barrette, Timothy
Instructor, History

Benitez-Whitney, Melanie
Instructor, Communication Studies

Belanger, Albert
Instructor, Health

Bilbruck, Peggy
Instructor, Business

Blair, Heather
Instructor, Communication Studies

Boehler, Connie
Professor, Physical Education

Boehler, Scott
Instructor, Real Estate

Borcoman, K. Douglas
Instructor, Philosophy

Bouley, Harold
Instructor, Real Estate

Breslaw, Cathy
Instructor, Art
Brock, Marilyn V.
Assistant Professor, English

Bryant, Derek
Instructor, Physics

Bund, Stefan
Instructor, Business Computing

Burke, Peggy
Instructor, English as a Second Language

Butenko, Anton
Instructor, Mathematics

Calcanas, Christina
Instructor, Special Education

Camerini, David
Instructor, Biology

Campbell, Gregory
Instructor, Computer Information Science

Can, Minh Ahn
Instructor, Mathematics

Candelaria, Patricia
Professor, Spanish

Cao, Thomas
Instructor, Mathematics

Carlucci, Michael
Instructor, Mass Communications

Carpenter, Linda
Associate Professor, English, Humanities, Communications Studies

Cemo, James
Instructor, Political Science

Chabra, Shashi
Instructor, Special Education

Chao, Iris
Instructor, English

Chapman, Cheryl
Professor, Digital Graphics Applications, Education

Chard-Yaron, Sharon
Professor, Education

Chen, Eric
Instructor, Computer Services Technology

Cisneros, Mark
Instructor, Mathematics

Clark, John
Instructor, Photography

Cole, Maureen
Instructor, Special Education

Cordovil, Heather
Instructor, Special Education

Cratty, William
Instructor, Music

Crawfis, Robert
Associate Professor, Business Law

Cross, Elliot
Instructor, Philosophy

Crowley, Debra
Instructor, Computer Services Technology

Crowley, Erin
Instructor, Special Education

Curtis, Michael
Instructor, Marine Science

Dalbey, Elizabeth
Instructor, English as a Second Language

Daneshvar, Tamara
Instructor, Spanish

D'Aquino, Veronica
Librarian

Dobbs, Mia
Instructor, Biology

Don, Rachel
Instructor, English as a Second Language

Eber, Loraine
Instructor, Gerontology

Edson, Melissa
Counselor

El-Araf, Amer
Instructor, Arabic

Enomoto, Laura
Instructor, History

Escobar, Amy
Instructor, Psychology

Everett, Michael
Instructor, Mathematics

Fanelli, Tracy
Instructor, Digital Graphic Arts
Farhad, Nazanin  
Instructor, Business Computing

Farnham, Paul  
Instructor, Mathematics

Feher, Katherine  
Instructor, Biology

Feiner, Henri  
Professor, Mathematics

Ferry, Michelle  
Instructor, History

Flores, Robert  
Instructor, Physical Education

Forbes, Junko  
Instructor, Mathematics

Franklin, Robert  
Instructor, Geography

Freeman, W. David  
Instructor, History

Friedman, Julia  
Instructor, Art

Friend, Rachel  
Instructor, Communication Studies

Friend, Rebecca  
Instructor, Special Education

Fry, Marilyn  
Professor, English

Fuller, David  
Instructor, Paralegal Studies

Gabela, Jose  
Instructor, Business

Garvin, Timothy  
Instructor, History

Geers, Susan  
Instructor, English

Giancarlo, Jennifer  
Instructor, Biology

Gilgren, Michael  
Instructor, Accounting

Gill, Tina  
Instructor, Business

Giron, Michelle  
Instructor, Chemistry

Go, Marianne  
Instructor, Sociology

Godfrey, Donald  
Instructor, Building Codes Technology

Goss, Deborah  
Instructor, English as a Second Language

Griffin, Alice  
Instructor, English

Grove, Timothy  
Instructor, English as a Second Language

Gundy, Helen  
Instructor, Chemistry

Gustaveson, Valerie  
Professor, English as a Second Language

Gutierrez, Diego  
Instructor, Physics

Haritwal, Tushita  
Instructor, Communication Studies

Harris, Andrea  
Instructor, Art

Henry, Charles  
Instructor, Business

Hiciu, Diana  
Instructor, English as a Second Language

Higgins, Michael  
Instructor, Music

Hill, Kevin  
Instructor, Digital Graphics Application

Hoekstra, Thomas  
Professor, Accounting/Business

Hofferd, Richard  
Instructor, English as a Second Language

Horikawa, Kazumi  
Instructor, Mathematics

Hornung, Christopher  
Instructor, Music

Huang, Rachelle  
Instructor, English as a Second Language

Huff, Michele  
Instructor, Psychology

Ildelfonso, Nelson  
Instructor, Accounting

Irvin, Teresa  
Instructor, Emergency Management

Isbell, Donald  
Instructor, Computer Services Technology

Jaber, Jihad (John)  
Instructor, Mathematics

Jaeger, Nancy  
Instructor, Special Education

Jarvis, Justin  
Instructor, Economics

Jewell, Randall  
Instructor, Process Technology

Johnson, Jeffrey  
Instructor, Biology

Jones, Cody  
Instructor, Computer Services Technology

Jones, Julie  
Instructor, English as a Second Language

Kelsey, David  
Instructor, Philosophy

Kepler, Marc  
Instructor, English as a Second Language

Kerr, Jeff  
Instructor, Computer Services Technology

Appendix A:

Educational Options in California

Vocational Certificates
Major courses ONLY. Number of units required varies. A series of special major courses, all related to a particular occupational skill. Offered by community colleges and private educational organizations. Certificates help students prepare for new careers or upgrade current employment skills.

Associate Degrees
Major courses plus general education courses and electives, 60 units required. Usually referred to as Associate in Arts (A.A.) or Associate in Science (A.S.) degrees.

Bachelor's Degrees
Major courses plus general education and electives, 120-132 total units required. Usually referred to as Bachelor of Science (B.S.) or Bachelor of Arts (B.A.) degrees. You may complete the first two years at a community college and then transfer to a four-year university.

Master's Degrees
Bachelor's degree plus graduate courses in a specialized area. Bachelor's degree units (120-132) plus approximately 36 units. Usually referred to as Master of Science (M.S.) or Master of Arts (M.A.) degrees. Normally requires two additional years full-time work after completion of bachelor's degree.

Doctoral Degrees
Advanced training beyond a bachelor's or master's degree. Units vary, depending on field of study. Usually referred to as Doctor of Philosophy (Ph.D.) or Doctor of Education (Ed.D.). Normally requires three to five additional years of full-time work after completion of master's degree.
## Appendix B:

### Advanced Placement Chart

**College Credit for Advanced Placement (AP) Tests**

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU GE and A.A. general Education (GE) and/or major requirements.

Students must have the College Board send AP exam results to the Admissions Office (hand carried copies will not be accepted) for use on the A.A. or GE patterns.

Transfer Students: Course credit and units granted at Coastline College may differ from course credit and units granted by a transfer institution. See the transfer institution’s application of AP major preparation credit; UC AP major preparation credit: [http://admission.universityofcalifornia.edu/counselors/exam-credit/ap-credits/index.html](http://admission.universityofcalifornia.edu/counselors/exam-credit/ap-credits/index.html)

CSU major preparation credit: see individual CSU campus websites. This AP Chart is based on the most current information available. Although every attempt has been made to assure the accuracy of the information provided, make sure to use the links below to view the source documents: AP Courses and Exams College Board: [http://www.collegeboard.com/student/testing/ap/subjects.html](http://www.collegeboard.com/student/testing/ap/subjects.html)

CSU Systemwide Credit for External Examinations: [http://www.calstate.edu/transfer/requirements/csustudents.shtml](http://www.calstate.edu/transfer/requirements/csustudents.shtml)

### Notes

- **AB subscore on Calculus BC examination**: Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination.
- **Associate degrees**: Students should be aware that AP test credit is evaluated by corresponding it to an equivalent Coastline College course. A student who receives AP credit and then takes the equivalent Coastline College course will have the unit credit for such duplication deducted prior to being awarded the Associate degree. Advanced Placement exam results and courses for which credit is granted will be posted on a student's transcript, with units assigned and no grade.
- **CSU GE**: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.
- **IGETC**: AP exams must be used in area indicated regardless of where the certifying CCC's discipline is located.

**Notes:**

#AB subscore on Calculus BC examination - Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination.

Associate degrees: Students should be aware that AP test credit is evaluated by corresponding it to an equivalent Coastline College course. A student who receives AP credit and then takes the equivalent Coastline College course will have the unit credit for such duplication deducted prior to being awarded the Associate degree. Advanced Placement exam results and courses for which credit is granted will be posted on a student’s transcript, with units assigned and no grade.

CSU GE: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

IGETC: AP exams must be used in area indicated regardless of where the certifying CCC’s discipline is located.
### Appendix C: CLEP Chart

As directed in Executive Order 1036, Section 1.2.4, the CSU faculty have determined the following passing scores, minimum units of credit earned, and certification area (for General Education Breadth and/or U.S. History, Constitution, and American Ideals) for the enclosed list of standardized external examinations. Note that each campus in the California State University system determines how it will apply external examinations toward credit in the major. For students not already certified in GE and/or American Institutions, the campus also determines how to apply credit from such exams toward the local degree requirements.

</tbody>
</table>

**Note:**

* If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of baccalaureate credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

** Students seeking certification in GE Breadth prior to transfer must have passed the test before this date.

* For tests taken prior to July 2003, required scores are: General Exams 490; Subject Exams 50; and Paper-Based Exams 490.  
** Although there is not a CCC course equivalency for this exam, the credit is applicable to the area requirement indicated.
### Appendix E:

**International Baccalaureate (IB)**

Students can earn IB credit with minimum score of 5 except where noted.

*A minimum score of 4 is needed for CSU credit

**CSU GE:** The IB examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

Cybersecurity

Associate of Science Degree (Revised)

3_AS_CYBR2

The Associate in Science in Cybersecurity degree will provide students with a solid foundation in the fields of Computer Networking and Cybersecurity. The focus on Cybersecurity will provide the student with some of the basic skills needed for an entry-level career in Cybersecurity. The program is designed to prepare students for entry-level jobs in computer security or to help them advance in their career. Topics covered will include computer and network security, Windows Operating System security, Linux security, firewalls, intrusion detection systems, security policies and procedures, e-mail and Web security, and designing and building a secure computer network.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES

1. Demonstrate the ability to locate technical resources to solve security-related problems with networking hardware and software.
2. Demonstrate proficiency with various tools to solve common security problems using theories learned in the classroom to design and implement a workable solution.
3. Evaluate, assess vulnerabilities, and maintain secure networks.

Students must complete all core courses plus nine (9) units from the following list of courses in specialized areas.

Required Core

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>CST C128</td>
<td>Network+</td>

Cybersecurity
Certificate of Achievement (No Change)
3_CL_CYBER

The Computer Networking: Cybersecurity program will give the student a solid background in the field of Computer Security. The focus on Cybersecurity will provide the student with some of the basic skills needed for an entry-level career in Cybersecurity. The courses provide an overview of the entire field. Topics covered will include Cisco Security, Windows Operating System security, Linux security, Firewalls, Intruder Detection systems, Security policies and procedures, e-mail & Web security, and design and designing and building a secure computer network.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
Upon completion of this program, students will be able to:

1. Demonstrate the ability to locate technical resources to solve problems with networking hardware and software.
2. Demonstrate proficiency with various software packages to solve common networking problems using theories learned in the classroom to design and implement a workable solution.
3. Build and maintain secure networks.

Required Core

Cybersecurity Fundamentals
Certificate of Accomplishment (New)

This Certificate of Accomplishment will provide students with a preliminary foundation in the fields of Computer Networking and Cybersecurity. The courses include fundamental skills needed in computer networking, server administration, and cybersecurity principles. The emphasis on Computer Networking and Cybersecurity will provide students with the foundational skills needed for an entry-level career in Cybersecurity. Topics covered will include networking fundamentals, computer and network security, programming with Python, Linux and Windows server administration, and security policies and procedures.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
1. Demonstrate the ability to locate technical resources to solve security-related problems with networking hardware and software.
2. Demonstrate proficiency with various software tools to solve common security problems using theories learned in the classroom to design and implement an appropriate solution that meets industry standards.

Required Core
Students will complete all of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>CST C128</td>
<td>Network+</td>
<td>3.0</td>

<tr>
<td>CST C158</td>
<td>Server+</td>
<td>3.0</td>
</tr>
<tr>
<td>CIS C157</td>
<td>Introduction to Python Program</td>
<td>3.0</td>
</tr>
</tbody>
</table>

Total for Certificate ........................................ 12.0

IT Foundation
Certificate of Accomplishment (New)

This Certificate of Accomplishment will provide students with a preliminary foundation in the field of Computer Networking. The courses include fundamental skills needed in computer networking, help desk troubleshooting, and security best practices for devices. The emphasis on Computer Networking will provide students with the foundational skills needed for an entry-level career in computer networking. Topics covered will include IT terminology and concepts, infrastructure, managing applications and software, software development concepts, database fundamentals, and device security.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
1. Demonstrate proficiency using Internet research techniques to solve common troubleshooting problems by designing and implementing an appropriate solution that meets industry standards.
2. Demonstrate the ability to assemble and/or upgrade a personal computer.

Required Core
Students will complete all of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>CST C099</td>
<td>IT Fundamentals</td>
<td>3.0</td>
</tr>

</tr>
<tr>
<td>CST C117</td>
<td>A+ Essentials Software</td>
<td>3.0</td>
</tr>
<tr>
<td>CST C128</td>
<td>Network+</td>
<td>3.0</td>
</tr>
</tbody>
</table>

Total for Certificate ........................................ 12.0
Penetration Testing
Certificate of Accomplishment (New)
3_CE_PENTST

This Certificate of Accomplishment will provide students with a foundation in the field of Penetration Testing. The courses include fundamental skills needed in information security, cybersecurity principles, ethical hacking, and penetration testing. The emphasis on hands-on security practices and vulnerability testing will provide students with the foundational skills needed for an entry-level career in penetration testing. Topics covered will include computer and network security, infrastructure and operational security, risk mitigation, ethics, hardware vulnerabilities, hacker techniques, and security policies and procedures.

PROGRAM LEVEL STUDENT LEARNING OUTCOMES
1. Given a lab scenario, use vulnerability testing tools to find system vulnerabilities.
2. Explain the process of leveraging information to prepare for exploitation.

Required Core Units
Students will complete all of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>CST C230</td>
<td>Introduction to Security</td>
<td>3.0</td>

</tr>
<tr>
<td>CST C242</td>
<td>PenTest+</td>
<td>3.0</td>
</tr>
</tbody>
</table>

Total for Certificate ........................................12.0
New Courses

BIOLOGY (BIOL)

BIOLOGY C122  3.0 Units
Bioethics
Bioethics looks at the ethical implications of advancements in biology and medicine and at how they affect decisions on life, death, biotechnology, politics, law, and philosophy. This course is identical to PHIL C122 and fulfills the philosophy humanities requirement. Transfer Credit: CSU.

COMPUTER SERVICES TECHNOLOGY (CST)

COMPUTER SERVICES
TECHNOLOGY C096  3.0 Units
CyberPatriot Coaching
ADVISORY: CST C099
This course prepares students for coaching the CyberPatriot cyber defense competition. It covers the introduction to CyberPatriot, recruitment of competitors, competition operating systems, overview of virtual machines, and preparation for competition. The course includes an introduction to security fundamentals. Students will learn about resources available for coaches and competitors, such as scoring engines and competition preparation materials.

COMPUTER SERVICES
TECHNOLOGY C099  3.0 Units
IT Fundamentals
ADVISORY: CIS C113
This course will cover the topics of the IT Fundamentals certification exam, which validates the knowledge and skills required to identify and explain the basics of computing, IT infrastructure, software development, and database use. In addition, candidates will demonstrate their knowledge to install software, establish basic network connectivity, and identify/prevent basic security risks. Technologies and trends of the IT industry will be covered to reinforce current best practices.

COMPUTER SERVICES
TECHNOLOGY C222A  3.0 Units
Installing/Configuring Windows Server 2016
ADVISORY: CST C128, C117
This course focuses on the installation, storage, and compute features and functionality available in Windows Server 2016. It also covers local and server storage solutions, including the configuration of disks and volumes, Data Deduplication, High Availability, Disaster Recovery, Storage Spaces Direct, and Failover Clustering solutions. Topics covered map to Microsoft 70-740 Exam. Transfer Credit: CSU.

COMPUTER SERVICES
TECHNOLOGY C223A  3.0 Units
Networking with Windows Server 2016
ADVISORY: CST C222A
This class focuses on the networking features and functionality available in Windows Server 2016. It covers DNS, DHCP, and IPAM implementations, in addition to remote access solutions, such as VPN and Direct Access. It also covers high-performance network features and functionality, and implementation of software-defined networking (SDN) solutions, such as Hyper-V Network Virtualization (HNV) and Network Controller. Topics covered map to Microsoft 70-741 Exam. Transfer Credit: CSU.
COMPUTER SERVICES

TECHNOLOGY C242 3.0 Units

PenTest+

ADVISORY: CST C232 and C230 and C128

This course will cover the topics of the PenTest+ certification exam, which validates the knowledge and skills required to plan and scope an assessment, understand legal and compliance requirements, perform vulnerability scanning and penetration testing using appropriate tools and techniques, and analyze the results. In addition, candidates will demonstrate their knowledge by producing a written report containing proposed remediation techniques and provide practical recommendations that can be effectively communicated to management. Technologies and trends of the IT industry will be covered to reinforce current best practices. Transfer Credit: CSU.

DIGITAL GRAPHICS APPLICATIONS (DGA)

DIGITAL GRAPHICS

APPLICATIONS C135 3.0 Units

Digital Media Design Principles

This introductory course in digital media design principles will focus on concepts, theories, and practices required in a media design career path for the workplace. The course includes aspects of the design process selection, problem-solving, client relations, production techniques, and varied media solutions. Topics range from proximity and alignment to contrast, visual hierarchy, value, and balance. Projects are aligned with authentic industry outcomes, resulting in entry-level readiness for professional work or employment. Current industry software will be utilized to produce the required projects. Transfer Credit: CSU.

ENGLISH (ENGL)

ENGLISH C090 1.0 Unit

English Basic Skills Co-requisite

COREQUISITE: ENGL C100

Students will review the basics of grammar and academic reading and writing through activities, reading assignments, and short writing assignments. Concurrent enrollment in specified sections of English C100 is required. (NOT DEGREE APPLICABLE.)

HUMAN SERVICES (HSVC)

HUMAN SERVICES C105 3.0 Units

Introduction to Case Management

This course introduces students to case management and documentation in a variety of settings. Students will study the purpose, function, and rationale for case management. In addition, the documentation of client clinical records will be covered, emphasizing the taking of social histories and writing of treatment plans. The professional guidelines necessary for working with clients in a social services setting will also be covered, providing the student with an understanding of issues related to ethics, client rights, and confidentiality. This class is designed for students interested in working in a social services setting. Transfer Credit: CSU.

PHILOSOPHY (PHIL)

PHILOSOPHY C122 3.0 Units

Bioethics

Bioethics looks at the ethical implications of advancements in biology and medicine and at how they affect decisions on life, death, biotechnology, politics, law, and philosophy. This course is identical to BIOL C122 and fulfills the philosophy humanities requirement. Transfer Credit: CSU.
