

AB 705 Implementation at Coastline: English

September 18, 2018

Starting Fall 2019, English students will enroll in either English C100 or English C100 + C090, according to the state's default placement table shown below. This brings English into compliance with AB 705. The English C100 + C090 co-req option, already offered in Fall 2018, replaces the English C099 to English C100 pathway. C090 is a co-requisite, one-unit basic skills and concurrent support course.

Placement table for students enrolling in Fall 2019 English classes

High school GPA	Placement
2.6 or above	English C100
2.59 or below	English C100 + C090

Students who have been out of high school for more than ten years are advised to enroll in C100 + C090. English Language Learners and students completing the ESL pathway are advised to enroll in C100 + C090. Students may also self-place, preferably with the input of a counselor or instructor, into either C100 or C100 + C090.
