Fall 2020

## All Coastline Faculty

You are invited to petition for Academic Rank. Coastline College offers the opportunity to apply for an honorary Academic Rank title of **Professor, Associate Professor, or Assistant Professor**. Coastline's Academic Senate has developed its own Academic Rank definition, policies, and procedures, and is pleased to be able to grant these honorary titles to our faculty. Faculty who do not wish to apply for professorial ranking will retain the title of Instructor. An Academic Rank title is one of recognition only—the granting or non-granting of a title does not result in any change in salary or in the position which the faculty member occupies on the salary schedule.

The Academic Senate Academic Rank Committee will review petitions for Academic Rank during the Spring 2021 semester. The Senate adheres to a very strict timeline for review of petitions and supporting materials. **All materials must be returned to the Academic Senate Office by 9:00 a.m. on Monday, March 15, 2021.**

Qualified petitioners will receive their Academic Rank title at the end of the spring semester and will be our guests at the Academic Senate Spring Luncheon in May. If you have questions regarding Academic Rank, please contact the Academic Senate Office at [academicsenate@coastline.edu](mailto:academicsenate@coastline.edu) or [ylopez@coastline.edu](mailto:ylopez@coastline.edu).

We hope you apply!

Best Regards,

Deborah C. Henry, President  
Academic Senate
