## Windows Server 2012

### Certificate of Specialization

This certificate is one of the new stackable industry certification certificates created by Microsoft Corporation to provide a tool to measure the ability of a Network Administrator to implement, manage, and maintain networking infrastructure within a Windows Server 2012 environment. Consisting of three separate courses, MCSA: Windows Server 2012, serves as the foundational server industry certification leading to the MCSE. The three courses that make up this certificate are: Installing and Configuring Windows Server 2012, Administering Windows Server 2012 and Configuring Advanced Windows Server 2012 Services.
