Dr. Marilyn Brock  
Interim President  
Coastline Community College  
11460 Warner Avenue  
Fountain Valley, CA 92708

Dear President Brock:

The Committee on Substantive Change reviewed the Coastline Community College "Change in Geographical Area Served: A Contract Education Early College High School Program for Non-U.S. Nationals at a Private High School in China" originally submitted to be reviewed at the November 20, 2009 Committee meeting. The Committee thanks the College participants on the conference call for the clarification provided, and commends the College for managing the overseas activities as responsible stewards.

Further clarification was provided to the Committee regarding the Coastline Community College Proposal request and the Committee wishes to communicate to the College that this is not yet a full program, and a substantive change review will be required when the credits earned warrant the awarding of a certificate or degree.

On behalf of the Commission, I wish to express continuing interest in the institution's educational programs and services. It remains the College's responsibility to inform the Commission of any program change. Professional self-regulation is the most effective means of assuring integrity, effectiveness and quality.

Sincerely,

Barbara A. Beno, Ph.D.  
President
