Dear Coastliners:

As you read through today's bulletin, you will clearly see a theme. This month and last have been dedicated to appreciating and honoring our faculty and staff members. At the All-College BBQ, we announced the names of our Classified honorees, and soon, at the Spring Academic Senate Luncheon on May 15, we will applaud those faculty members who have been named as "Teacher of the Year" and received the "Teaching Excellence" Award, as well as having been awarded tenure and academic rank. We will also salute those who have been elected to serve Coastline as members of the Academic Senate and/or the Senate Executive Board. Also this month, we will honor our retiring faculty and staff at an open reception on Friday, May 18, from 9-11 a.m. in the President's Conference Room at College Center. I hope you will join us.

I want to personally thank all of you who go above and beyond the call of duty at Coastline. Your additional service—through committee groups, Classified Senate or Academic Senate involvement, or through your participation or even attendance at our college events—is noticed and appreciated.

As we move into the summer months, let's take a moment to catch our breath, recharge our departments, ourselves, and our staff, and envision all that's possible for the 2012-2013 Coastline year.

There is no question that the past few months have been very difficult and emotionally taxing. In spite of everything, I appreciate that we have cared for our students and each other above all else. From the bottom of my heart, thank you.

Regards,

A handwritten signature in black ink that reads "Loretta P. Adrian".

All-College BBQ ceremony honors Coastline Classified staff

Thank you to all Coastliners who came out for the 2012 All-College Workshop and Barbeque! I'm so happy that you took the time to learn from our workshop presenter, Dr. Rob Johnstone, and enjoy some much-needed fun, relaxation, and bonding with fellow Coastliners.

At the BBQ, we happily honored upcoming retirees Margaret Lovig and Marg Taylor, as well as honorees from our Classified staff. This year's honorees included:

- Unsung Hero Award – Sohair S. Zaki
- Customer Service Award – Sergio Borja
- Special Achievement Award – Rachelle S. Lopez
- Professional Training Award – Stephani Rogers
- Team Excellence Group Award – Office of Learning & Information Technologies – Sylvia Amitoelau, Mark Worden, and Meg Yanalunas

The ceremony would not be possible without the team of Coastliners who put together the nomination forms, disseminated the information, collected the nominations, judged the entries, and ultimately selected our honorees. Thank you to the Classified Senate, especially Classified Senate President Cristina Arellano, who was instrumental in the process, and to all who helped. Your work is truly appreciated.

Coastline honored by Orange County League of Conservation Voters

The Orange County League of Conservation Voters recently announced that Coastline was selected by their Board as the recipient of the Award for Environmental Excellence 2012. Environmental achievement awards are conferred each year upon individuals and companies that promote environmentally responsible practices, and Coastline was named primarily for the "green" construction of the Newport Beach campus. The award recognizes the college's commitment to sustainable building practices. I look forward to accepting the award on behalf of the college and the Coast Community College District at the annual OCLCV Awards Dinner held May 10, 2012.

Updated Mission, Vision statements provide clearer focus

On May 2, 2012, the Coast Community College District Board of Trustees accepted a new proposed Mission and Vision Statement for Coastline Community College. These statements were developed by Coastline faculty and staff members, and provide the college with a clear focus.

- **Vision Statement:** Creating opportunities for Student Success.
 - **Mission Statement:** Coastline Community College promotes academic excellence and student success for today's global students through accessible, flexible, innovative education that leads to attainment of associate degrees, transfers, certificates, Career and Technical Education; and, basic skills readiness for college.
