

Student Outcomes Qualitative Notes during CCC Fall 2012 for Health

(HLTH-C100) Course Level SLO & Qualitative Notes

Apply valid research principles, including the correct use and citation of sources, in the interpretation and application of major theories of healthy living.

81441-(HLTH-C100-002)-Personal Health
by Debra Secord

About 15-20% of the students in the class do not seem to understand how the grading rubric for assignments is used. They do not cite sources or follow the complete assignment directions. Last semester I added a section of writing tutorials, as well as a link on how to cite sources. This semester I moved the grading rubric to the top of the assignment page.

Interpret and apply major theories of healthy living to determine their impact on and implications for individuals and society as a whole.

81442-(HLTH-C100-003)-Personal Health
by Debra Secord

Most students seem to get the broad theories and how to apply them.

(HLTH-C100) Institutional SLO & Qualitative Notes

Demonstrate information competency.

81442-(HLTH-C100-003)-Personal Health
by Debra Secord

Many students neglect to go beyond their textbook and the media to back-up their ideas. I am increasing the emphasis on researching valid sources and requiring sources beyond the textbook.

(HLTH-C100) Program Level SLO & Qualitative Notes

Apply major theories and principles to everyday life and determine the impact of these theories on the individual and/or society as a whole.

81442-(HLTH-C100-003)-Personal Health
by Debra Secord

Most students are able to apply psychological theories by the end of the course. Each assignment builds this skill.
