Student-Mentor Connection

guideU Connection

Coastline's guideU Student-Mentor Connection provides extra help to students aiming to complete a degree or certificate in three years or less. The mentors are Coastline faculty and staff members serving as volunteers. You can reach them by phone, email, or text message...24/7.

Most students participating in guideU find mentors most helpful at the start of the semester especially when registering for classes. Coastline's guideU mentors are always happy to help. As the semester progresses, your mentor will be available to talk things over whenever the need arises.

Your mentor is your source for answers to college questions in general, or to guideU in the right direction to all Coastline services including academic or career counseling. A guideU mentor is your go-to person for all things Coastline.

The Mentors

The guideU mentors are Coastline's own faculty and staff members. They have in-depth knowledge of how the college works. They are also fully integrated into all college processes, and are a great resource for your Coastline-related questions. Our mentors are passionate about student success and they want to ensure your Coastline experience is positive and memorable.

The guideU Student-Mentor Connection is a service that:

Is designed to help you, the serious student, stay on track and finish fast.

Sets you up with your own personal Coastline contact... your go-to person for all things Coastline.

Is free for you to participate in and is available to you without any obligation.
