Dear Colleagues:

I am very pleased and happy to report that Coastline accreditation status has been reaffirmed, and that the warning has been removed. Please see the letter attached for more information.

We still have work to do in terms of fully meeting one of the previous college recommendations, which is now communicated as a Commission Concern. We will continue our hard work in institutionalizing accreditation standards in all our practices so that all standards are not only met, but exceeded.

Once again, I want to take this time to thank you for your hard work in the past few years preparing for our comprehensive and follow-up visits while also focusing on serving our students with a "students first" philosophy. I truly and greatly appreciate you all.

Sincerely,

Lori

Subject: ACCJC Action Letter on Your Institution

July 3, 2014

Dear President:

Attached please find a letter from the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (ACCJC), signed by President Barbara A. Beno, on the action taken by the ACCJC on your institution at the June 2014 Commission meeting.

The attached electronic letter serves as your official letter and will not be followed in hard copy.

At this time, the ACCJC is also providing notification of all the June 4-6, 2014 actions taken on the accredited status of institutions by sending the “Commission Actions on Institutions” list to the U.S. Department of Education, the relevant state agency, and to programmatic accreditors. The actions list is also being posted on the accjc.org website for access by interested others and members of the public.

Sincerely,

Accrediting Commission for Community and Junior Colleges
