Tomorrow's election day

If you have not already cast a ballot by mail, I hope you join me in taking the opportunity to vote tomorrow. Below are some questions and answers that may help to ensure that your voice is heard:

1) When are polling places open?

Polls are open from 7:00am until 8:00 p.m. tomorrow, Tuesday, November 6.

2) Can I still mail my absentee/mail ballot?

No, as postmarks don't count. However, you can drop it off at any polling place in your county and it will be counted!

3) What if I don't know where to vote?

Google has set up a nonpartisan page that makes it easy to find your polling place:

<https://www.google.com/elections/ed/us/vote>

4) I registered, but I never received any information.

If you go to the Google site and type in your address, your nearest polling place will appear. You can go to the polling place and, if your name is not on the roster, ask to complete a "provisional ballot." If your registration was processed by the county, your vote will count!

To get comprehensive voter information, visit the California Secretary of State's website at: <http://voterguide.sos.ca.gov/>

A place for Veterans at Coastline

As you prepare for your upcoming three-day weekend, please keep in mind the true meaning of Veterans Day. Coastline strives to serve those who have served and accommodate the needs of Veterans as they pursue a degree, certificate, or a new career. At the new Veterans Resource Center (located at College Center), Vets will find academic resources and referrals to community services. Our Orange County One-Stop Centers offer priority to Vets in job and training referrals and other employment-related services. Soon, we will open our second Veterans Resource Center at the Coastline Newport Beach campus. Be sure to read the attached Veterans Resource Center brochure so that you are familiar with all of our services for Veterans.

Orange County One-Stop Center

Veterans receive priority in job and training referrals and other employment-related services, from special job fairs to priority employment services at the Orange County One-Stop Center. All Orange County One-Stop Centers have specially-trained staff to ensure veterans of the U.S. Armed Forces receive maximum employment and training opportunities. Services can include counseling, labor market information, job referrals, job search workshops, and job development with potential employers. Special assistance is also available for veterans with disabilities.

Visit the Orange County One-Stop Center on the Web at oconestop.com or call them at their Westminster location at **(714) 241-4934** or at their Irvine location at **(714) 241-4955** or **(949) 341-8067**.

Coastline's Acquired Brain Injury (ABI) Program

Coastline's ABI Program is an educational program designed to provide structured cognitive retraining for those who have sustained a brain injury due to traumatic (*such as a motor vehicle accident or fall*) or non-traumatic (*such as a non-age-related stroke, brain tumor or infection*) injuries. Many veterans have participated in this program.

For more information, call **(714) 241-6214** or visit www.coastline.edu/abi.

Veterans Resource Center

Programs and resources for
America's heroes.

Tomorrow's College Today.

Coastline has been serving the military community, primarily active duty service members, for nearly 30 years. The college utilizes this experience to address the needs of students in anticipation of, and upon separation or retirement from, active duty service. Coastline is the school of choice for veterans nationwide because:

- The college is a member of Servicemembers' Opportunity Colleges <http://www.soc.aascu.org> (SOC) and recognizes credit earned from other colleges and universities and credit earned while serving in a military occupation.
- The college offers Rate- and MOS-related degree pathways to compliment a students' military training and experience.
- Coastline accepts up to 40 credits for military training and experience according to American Council on Education (ACE) Guidelines.
- Coastline is home to a nationally renowned Acquired Brain Injury Program that includes a Cognitive Boot Camp for service members and their caregivers.
- At Coastline, tuition is affordable for in- and out-of-state veterans.

Coastline offers great program options for veterans that include local site-based instruction at

community learning centers, distance learning options, and programs offered to enlisted Military through Coastline's Military department.

Veterans Resource Center

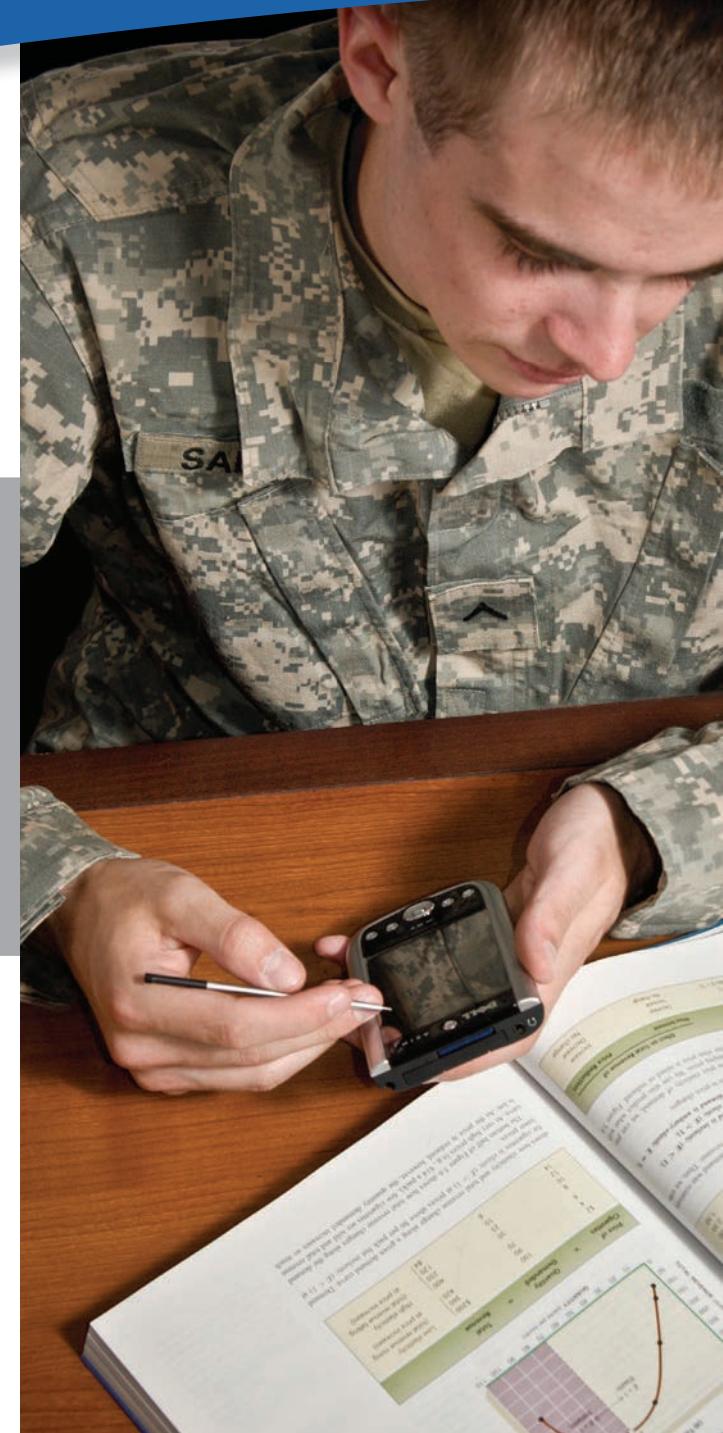

The goal of the Veterans Resource Center (VRC) is to build a community-based service center that engages not only local veterans taking classes from Coastline, but also student-veterans located nationwide, and community veterans who wish to support their peers. The Fountain Valley based VRC was developed to provide a comfortable and positive environment and will provide academic resources, community referrals, networking opportunities, counseling & advisement services, computer access with Wi-Fi, a place to study, and workshops and guest lecturers of value to veterans seeking career and academic opportunities. Coastline also plans to provide the resources available in the VRC to students nationwide through a Virtual VRC (VVRC).

Student Veterans of America (SVA) Chapter

Coastline has established a SVA chapter to promote a network of peer-to-peer support for veterans, to establish a successful transition, and facilitate their academic success.
