4.02 Discuss and possible action on recruiting new members in spring 2014

- There are two main types of potential members: Online and onsite students
- For onsite students, ABG current members can prepare sheets/ flyers and come to present about the society in class.
- For online students, we can use social media to inform students about the society.
- Things could be done to attract students:

+ Workshops where businessmen were invited to share about their experience.

Those workshops need to have a standard of presenting contents for speakers.

There could be workshops about scholarships, and job applications.

+ Internship and scholarship opportunities

+ Working with local businesses to conduct survey, promotion sales, etc.
