Important Notice – At the time of publication, the resources listed in this guide were confirmed to be free or low cost for people with limited income. We encourage you to call to confirm costs (if any) prior to using any of the services listed in this guide. Student Services and Coastline College do not endorse any of the services listed in this resource guide.

Introduction to Coastline's Resource Guide

Dear Coastline Students,

Balancing personal responsibilities with classes, homework, part or full-time jobs, and life can be challenging. Because students have these multiple obligations, many students experience increased stress during their college years.

Coastline is committed to providing you, our students, with tools and resources to help relieve stressors and support your success. This guide lists local services in Orange and Long Beach that we believe may be of help to you.

If you find you need other resources not listed here, call 211 or visit <https://www.211.org/>. 211 is a hotline that connects people with a wide range of resources for emergency/disasters, housing, employment, health, reentry, and crisis. 211 is accessible 24/7/365. When you call, you will be assisted by a trained professional in your area; all calls are confidential. An alternative to 211 is findhelp.org a searchable website (all you need to do is input your zip code) for free or reduced cost services include medical care, food, housing, job training and more.

It is our pleasure to help you succeed and achieve your goals.
Sincerely,

Dr. Natalie Schonfeld
Dean of Students

California Dream Act

The California Dream Act, comprising state laws AB 130 and AB 131, has extended eligibility for certain types of institutional and state aid to students. The legislation allows students who meet specified criteria to receive the California College Promise Grant (CCPG) and the Cal Grant. Deferred Action for Childhood Arrivals (DACA) students and AB 540 students are also eligible for scholarships.

Students who submit a [California Dream Act Application](#) are automatically considered for the CCPG, which waives the registration fee. Students can also apply separately using the CCPG application. This application is unrelated to the federal DACA program.
