# Honoring our Teachers

Each year, Coastline has the pleasure of honoring instructors who are recognized for their commitment to students. Teacher of the Year is a prestigious title reserved for a full-time faculty member, while the Teaching Excellence Award is presented to a part-time instructor. The honorees of the 2020-21 Teacher of the Year award and the 2020-21 Teaching Excellence Award are highly praised by their students, fellow faculty members, and Coastline staff. It is our pleasure to present them with a token of our appreciation for all they do for Coastline students.

## **Teacher of the Year – Professor Tobi West**

Professor Tobi West is a tenured, full-time faculty member of Cybersecurity and Computer Information Systems. She is also the Director of Coastline's National Center of Academic Excellence in Cyber Defense Education. She serves on multiple national committees supporting K-12 cybersecurity curriculum development. In addition to teaching and developing education pathways, she enjoys organizing outreach events such as CyberTech Girls and GenCyber Girls to raise awareness about cybersecurity career pathways. Her passion is to encourage and empower students to find their learning pathways and achieve their personal career goals.

## **Teaching Excellence Award – Professor Dr. Sharon Chard-Yaron**

Sharon Chard-Yaron holds a doctorate in Education. Her professional experience includes 13 years teaching and counseling in elementary and secondary education classrooms in the US and abroad and over 25 years in higher education settings.

Dr. Chard-Yaron was recruited in October 2001 to serve as Coastline's counselor/coordinator/curriculum developer for Coastline's TEACH 3 program. For the past 8 years she has been the Department Chair for the Department of Education and also teaches Education 200 and Education 180. Since 2018 Sharon has served as project director for Coastline's participation in the Orange County Teacher Pathway Partnership.

Formerly of Washington, DC and Tel Aviv, Sharon has lived in San Diego since the mid-80's. Her extra-curricular passions include softball, baseball, and an amazing German Shepherd from Slovakia. She has been a Mac user since 1986 and remembers the days at Coastline when Mac devotees were a distinct and small creative minority.

### **OUR VISION**

Coastline is committed to “Creating opportunities for student success.”

### **OUR MISSION**

Coastline College guides diverse populations of students toward the attainment of associate degrees and certificates leading to career advancement, personal empowerment, and transfer. By meeting students where they are, Coastline provides innovative instruction and services designed to achieve equitable outcomes.
