COASTLINE IS A RECOGNIZED LEADER IN ACADEMIC EXCELLENCE

Coastline is a Pioneer of Online Education

In addition to its traditional brick-and-mortar classes, Coastline College offers 74 fully-online degrees and certificates and has long been a recognized innovator in online education, recently earning the distinction of being the first college to offer a degree program designed specifically for mobile devices.

Coastline's Programs Are Targeted for Career Success

Coastline is a leading proponent of Guided Pathways, an educational framework based on the latest research that uses clear and coherent educational roadmaps to improve student success and completion as they pursue their educational and career goals.

Coastline Understands Service Members and Veterans

Coastline has been at the forefront of educating service members and veterans for more than 40 years, and is the recipient of numerous military-program-related awards including a 2019 Best for Vets College designation from MilitaryTimes.com.

Coastline made it easier for me because there's so much opportunity. There's so much help that is provided; there's the online library, there's a lot of mentors, there's a lot of workshops and scholarship opportunities. Coastline is the only community college I went to; I looked into other community colleges and they didn't have the STAR program, which lets me get my classes ahead of time and a set guideline of courses I can follow through."

You've heard it before, but a college education is more important than ever, especially when you consider that

**65% OF ALL
FUTURE JOBS**

will require more education than a high school diploma, according to the National Skills Coalition.

But thanks to Coastline's extensive financial aid and scholarship opportunities, getting the kind of education you need to succeed in today's competitive workforce is more affordable than ever.

**THE FINANCIAL AID OFFICE
IS HERE TO HELP YOU!**

CALIFORNIA COLLEGE PROMISE GRANT

The California College Promise Grant waives per-unit tuition fees for students planning to or currently attending a California community college who are CA residents (or exempt from non-resident fees under the California Dream Act), and who have a financial need.

COASTLINE'S PROMISE PROGRAM

If you're a 2020 graduate from a California high school, the Coastline Promise Program could cover your first-year fees and help with textbook vouchers, priority registration, dedicated career planning, free tutoring, and MORE!

The CARE (Cooperative Agencies Resources for Education) program assists single parent students with at least one child under 14 who are receiving public assistance (CalWORKS/TANF) by providing the academic, personal, and financial support to students whose educational and socioeconomic backgrounds limit their ability to be academically successful.

NEXTUP

Like CARE, this program is part of Coastline's Extended Opportunities Programs & Services (EOPS) and provides direct aid, support services, and other resources to current and former foster youth who are pursuing their educational goals.

If Coastline didn't have the **Promise Program**, it would be extremely difficult for me to attend college full-time and would be a burden financially. It's alleviated hardships for me by giving me more time to study, allowing me to be a full-time student, as well as covering the cost of my books. It lessened the stress when it came to be worrying about financial obligations for school. I really appreciated the help of the advisors and their concern in directing me on the path best fit for my intended major and transfer choices. After Coastline, I plan to transfer to a 4-year university to pursue my career."

STUDENT SUCCESS NOW, STUDENT SUCCESS ALWAYS

Here at Coastline, student success means pushing the boundaries of what is possible and empowering students to do the same in their careers and in their lives. This core commitment powers the courses we offer, inspires the support services we provide, and informs the way our professors deliver their classes.

No matter what you choose to study, Coastline College's award-winning programs, affordable tuition, and flexible learning options are here to take you and your career to the next level.

Special Programs and Services for Students with Disabilities

Whatever your needs, we're here to support you! Students with disabilities and special needs are invited to request assistance from the Special Programs and Services for the Disabled office. Services include, but are not limited to: interpreting services, note taking, registration assistance, specialized counseling, specialized materials/equipment, test proctoring, and extended time on exams.

“Online classes allow me to work and have time for my extracurricular activities. It allows me to work on my assignments at my own pace and at my own time. It has been helpful for me because, as a future nursing student, I need to make time to have my volunteer hours, which will make me a competitive applicant when I apply to nursing school. Coastline offers plenty of online classes, which made it easy for me to attend college on my own schedule.”

INNOVATION IS IN OUR DNA... BUT YOU DON'T NEED A MICROSCOPE TO SEE IT.

Innovation means pushing the boundaries of what is possible not just in terms of what we teach, but also how we teach it. That's why we're constantly raising the game when it comes to our curriculum and how we connect with each other in order to make it easier than ever for students to get the education they need so they can live the lives they want.

Big Opportunities for Those Facing Big Challenges

Coastline's **Extended Opportunities Programs & Services (EOPS)** help students who come from disadvantaged backgrounds achieve their academic goals through financial aid and numerous student support services. EOPS also manages Cooperative Agencies Resources for Education (CARE), which provides extra support for single parents, and NextUp, a support program for current and former foster youth.

Ready to Be a Star?

The unique **Star 2.0** program provides support to on-site students looking to transfer to a 4-year university to make sure they stay on track and achieve their goals in as little as two years.

HOW WILL YOU SEPARATE FROM THE PACK?

COASTLINE STUDENTS ARE CONSTANTLY PUSHING THEMSELVES TO BE **BOLDER**, REACH **HIGHER**, AND ACHIEVE **MORE**.

SO ARE OUR PROGRAMS. BUT SINCE WE DON'T HAVE SPACE TO BRAG ABOUT ALL OF THEM, WE'LL JUST BRAG ABOUT A FEW...

Coastline's [Business](#) program boasts the highest number of degrees awarded in the state thanks to the excellent work of the program's exceptional faculty, whose collaboration has resulted in a truly unique and effective program which offers concentrations in health care management, marketing, human resources, and supply chain management, as well as several popular certificates in entrepreneurship and home business development.

Coastline's [Computer Sciences and Cybersecurity](#) program was the first community college program in California to be designated a Regional Center of Academic Excellence in Information Assurance/Cybersecurity by the Department of Homeland Security and the National Security Agency, an achievement that was renewed in 2019.

The [Paralegal](#) program boasts the highest success and retention rate of paralegal programs in the state due in large part to its innovative use of advising sessions which support students in course sequencing and timely program completion.

Looking to take your education fully online? Coastline's [Accounting](#) program was ranked by Accounting-Degree.org as one of the Top 50 Online Associate in Accounting Degree programs in the country in 2019 based on academic quality, affordability, and student satisfaction.

The [Emergency Management and Homeland Security](#) program is the first associate degree and certificate granting program of its kind in the California Community Colleges system and boasts program faculty who have provided leadership in the development of EM/HS education throughout California.

The [Digital Graphic Application](#) program offered its first Drone Imaging classes in fall 2018, and is creating an AA degree in Digital Graphic Applications while redesigning the Animation program in order to better provide students with the real-world expertise and credentials that prospective employers desire.

Coastline's [Art](#) program is the premier choice for students looking to develop their artistic talent and learn how to be a part of the thriving Southern California creative economy. In addition, Coastline's critically acclaimed art gallery and visual art lecture series give students a chance to learn from high-level professionals from around the world.

[Liberal Arts](#) degrees give you a firm foundation in the humanities and are especially popular with students looking to transfer to a 4-year university. Emphases in Arts and Humanities, American Studies, Communication, Physical Education and Health, Science and Math, and Social and Behavioral Sciences provide a wide variety of educational options no matter what you want to study or where you want to transfer.

“Something that gets me excited about teaching my classes in particular, is when students think they are just coming into a basic communication course and have no idea how REAL we are about to get. It’s such a cool experience to be a part of.”

Paolo was extremely helpful. He was available, approachable, and resourceful. Along with my current goals with the meeting, he went above and beyond to help me with future planning. I am definitely coming back for his service!”

This was a great help. I walked in, and I was helped right away. I was asked what I want to do in the future and from there on I was asked why, digging deeper into what I need to do to get into the right path. I am happy I walked into this office. Some of the best help I have received.”

I had no idea what I wanted to do. I came from a different country with limited job experience and Paolo helped me hone down possible career paths that fit my personality. Amazing!”

Our **Newport Beach Campus** is home to Coastline's Art Gallery, the Veterans Resource and Special Programs Centers, and several STEM programs. Considered a model of sustainability, the 66,800 square foot structure boasts a holistic natural ventilation system, maximized daylight, green roofs, living walls, storm water management, and has been recognized by the American Institute of Architects for outstanding design. The Art Gallery is open to the public and showcases the works of student artists, community artists, and well-known international artists.

NEWPORT BEACH CAMPUS

WESTMINSTER LE-JAO CAMPUS

The **Westminster Le-Jao Campus** prides itself in promoting a learning environment that respects and meets the individual needs of Coastline's diverse student population. As part of an integrated educational/civic complex, a system of courtyards, terraces, and walkways create a functional and communal space for learning and enjoyment. This campus houses computer labs, English learning labs, the General Education and ESL departments, and a Student Success Center, among other special programs.

Full-Service Student Success Centers are located at our Westminster Le-Jao Campus, Garden Grove, and Newport campuses, with drop-in tutoring across all disciplines, study space, printing, and computers with individual tutoring available at our Student Services Center located in Fountain Valley.

Coastline's **Garden Grove Campus** houses our career and technical education (CTE) programs and hosts a wide variety of activities such as Pathway Days, CyberPatriot competitions, workshops, trainings, articulation events, and community outreach activities such as tax preparation and regional meetings. In addition to these activities, the campus supports the activities of the Transfer Center, Counseling, the International Resource Center, and Coastline's NetLab, which gives students access to a real laboratory by the way of the internet 24 hours a day, 7 days a week.

GARDEN GROVE CAMPUS

FOUNTAIN VALLEY STUDENT SERVICES CENTER

The Fountain Valley Student Services Center houses the Admissions Office, Bookstore, Counseling Office, Assessment Center, Distance Learning, Student Services, and the Office of the President. Renovations are about to begin that will turn this campus into a cutting-edge, one-stop shop for everything related to student services!

Hungry to learn but also just hungry? According to recent surveys, food insecurity affects nearly 50% of community college students in California. Coastline students who are having trouble making ends meet can visit our free **Food Pantry** at the Fountain Valley Campus to stock up on basic necessities in times of need.

READY TO BE INSPIRED?

Coastline's award-winning Art Gallery fosters an inviting and accessible local art community by providing opportunities for interaction between students, artists, art professionals, and the local public. In addition to exhibitions, the gallery regularly holds opening receptions, artist lectures, artist-in-residence programs, holiday art sales, summer art workshops, and many other art-related events.

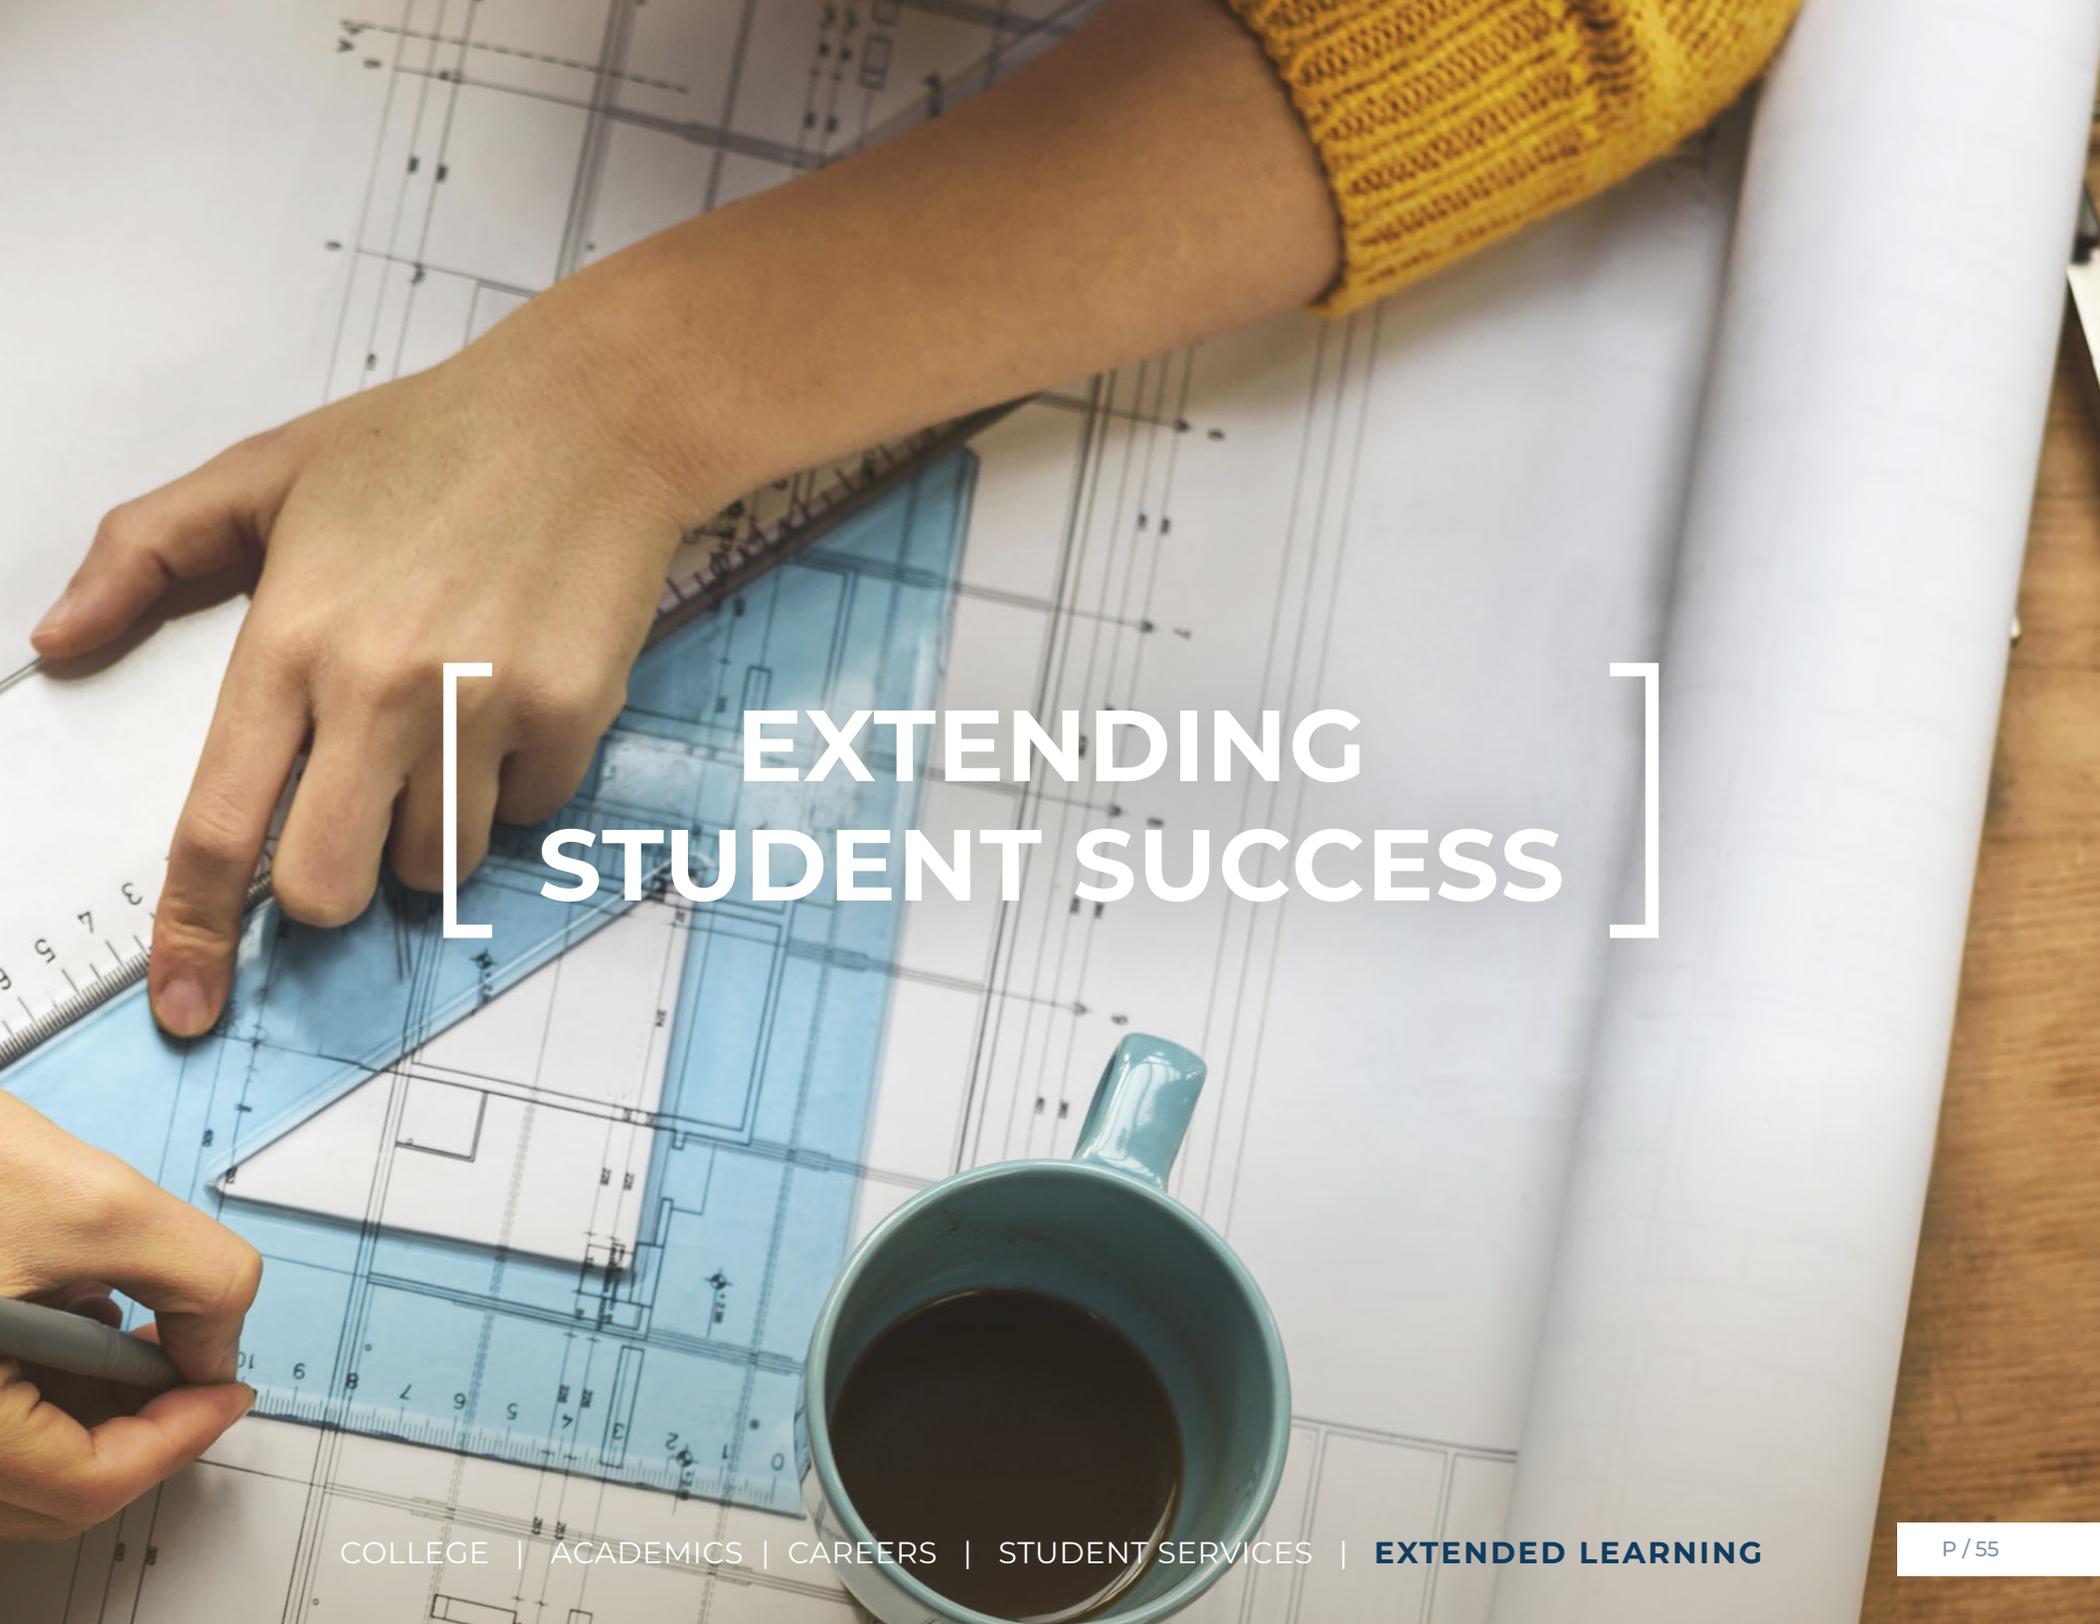

Coastline students have access to a variety of FREE student services

located across our four campuses and online. Services include health care, mental health and counseling support, an academic transfer center, Extended Opportunities Programs and Services (EOPS), a legal clinic, and much MORE!

and their families for more than 40 years. Coastline's ELD degree and certificate programs focus on real-time education to help students achieve a sense of balance.

CREDIT FOR NON-TRADITIONAL COURSEWORK

Coastline College awards up to a maximum of 40 units/semester hours for military training and/or experience or other non-traditional coursework/exams.

ONLINE COURSES

Coastline offers 8-week online, mobile-friendly courses. In addition to short-term classes, ELD offers five sessions per academic year.

FAMILY, WORK, AND EDUCATION

“ I think the thing that really got me the most was how much credit Coastline gave me for my military experience, because a lot of the colleges and universities transfer very little. But I was very glad that a lot of my credits and experience in the Navy transferred over to college.”

MILITARY FAMILIES

Our military program ensures that family members of active duty service members and veterans enjoy the same wrap-around services and dedicated student support team. Financial support may be available through the Military Spouse Career Advancement Account (MyCAA) and/or the Free Application for Federal Student Aid (FAFSA).

EDUCATION OFFLINE

Education Offline courses do not require Internet connectivity during any part of the course. All assignments are paper-based. Students follow the assignment schedule in the syllabus throughout a 12-week, self-paced class.

MILITARY STUDENT ADVISORS

Coastline's Military Student Advisors (MSAs) are located near or available on military installations across the U.S. Advisors provide assistance with admissions, registration, degree evaluation and planning, and more. To locate the MSA nearest to you, visit: [Military.Coastline.edu/Advisors](https://military.coastline.edu/Advisors).
