

## PROFILE

What's up, my name is Tino. I am an DSPS Counselor who is committed to your success. Like you, I started my educational journey at a community college. I value the power of education as a first-generation, low-income college student. I know what it is like to feel as if you do not have a voice and to fear the stigmatization of a having a disability. I became a Counselor to amplify my students' voices. I am here to serve you; your success is my success. Please utilize me as a support system, I will always do my best to support you here at Coastline and beyond!!!
