

STEVE NGUYEN

EOPS ADJUNCT COUNSELOR

INTRODUCTION

For the past 21 years, I have been part of the EOPS program that I love and with great passion. I joined the EOPS program at Golden West College after graduating from high school. My EOPS counselor also my mentor guided me through my educational/career endeavors. Russ Terry inspired EOPS students to achieve great things in their lives, and he influenced my decision to become an EOPS Counselor.
