## COLLEGE POLICIES AND PROCEDURES

Included in the section are all the important rules of the college. It is important that you understand your rights and responsibilities as a student.

## ACADEMIC HONESTY

*Academic Honesty is a shared responsibility of the individual student and the College's faculty and staff.*

Coastline College's institutional reputation is built on the individual student's commitment to academic integrity and the effective administration of academic misconduct issues by the College's faculty and staff.

Coastline College Faculty are responsible for ensuring that grades reflect the student's learned knowledge as exhibited in the classroom and through their coursework. Student acts of academic misconduct disrupt the educational process, weaken the College's reputation, and present challenges for our faculty to assess academic performance fairly and accurately.

While Coastline College Faculty hold primary responsibility for ensuring that academic honesty is maintained in their classes, individual students share this responsibility. Coastline students are to refrain from engaging in academic misconduct. The Coast Community College District's Student Code of Conduct Administrative Procedures (AP5500) applies to all students.

### ***Actions Taken by Faculty Member***

Any Coastline Faculty member who has evidence that a student committed an act of academic misconduct, shall take one or more of the following disciplinary actions:

- Speak with the student about the incident.
- Issue an oral reprimand.
- Give the student an "F" grade, zero points, or a reduced number of points on all or part of a particular paper, project or examination; if the act of academic dishonesty results in a "F" grade or zero points being awarded to

the student for that particular paper, project, or examination, and this result affects the student's overall grade in the class, then the student shall be issued the proper grade, as affected by the specific "F" or zero grade, by the faculty member.

For all incidents of academic misconduct, the instructor will report the matter to the College's Disciplinary Officer (the Dean of Students).

### ***Actions by the College's Disciplinary Officer***

Upon receipt of a report of academic misconduct, the College's Disciplinary Officer will send a letter to the student inviting them to present a response to the allegations of academic misconduct.

The sanctions imposed for an act of academic misconduct depend on the severity of the incident. As a result, a student may be suspended from the College on a first offense or be recommended for expulsion by the CCCD Board of Trustees.

If, following the student's return from suspension, the College's Disciplinary Officer receives further reports of academic misconduct, they will recommend that the student be expelled from the District for a period of no less than three years.

The College's Disciplinary Officer shall keep the faculty member and appropriate Dean(s) reasonably informed of the status and outcome of the disciplinary process for incidents of academic misconduct.

## **ACADEMIC RENEWAL POLICY AND PROCEDURE**

Please see the actual procedures posted on the Coast College District website for the current policy in place: [Board Policies Academic Affairs and Academic Renewal](#)

This Academic Renewal Policy ([BP 4240](#)) and Procedures ([AP 4240](#)) for Coastline College is issued pursuant to Section 55040 of the California Administrative Code (Title 5) regulations. The purpose of this policy and procedure is to disregard past substandard academic performance of a student when such work is not reflective of their current demonstrated ability. It is based on the recognition that, due to unusual circumstances or circumstances beyond the student's control, the past substandard work will negatively affect their academic standing and unnecessarily prolong the rate at which they complete their current objectives. Academic renewal is intended to facilitate graduation from a College in the District or enable qualified students to transfer to a four-year college or university.

Therefore, under the specific circumstances outlined below, Coastline College may disregard from all consideration associated with the computation of a student's cumulative grade point average (GPA) up to a maximum of 30 units of course work taken at any College in the District for graduation and transfer purposes only.

These circumstances are:

- The coursework to be disregarded is substandard (grades of D, F, or NP). If approved, the selected coursework shall be disregarded in that semester, except those courses required as a prerequisite or to satisfy a requirement in the student's current declared program of study.
- A minimum of 15 semester units has been completed at any regionally accredited college or university with a cumulative GPA of at least 2.0 in all course work subsequent to the course work to be disregarded.
- At least 12 months have elapsed since the most recent approved request for academic renewal.
- Academic renewal cannot be reversed once it has been granted.
- A student may request academic renewal a maximum of two times district-wide during enrollment at the Colleges in the District.

All coursework will remain legible on the student's permanent record (transcript), ensuring a true and complete academic history. However, students' permanent records will be annotated so that it is readily evident to all users of the records that the units are to be disregarded. This notation will be made at the time that the academic renewal has been approved by the appropriate College office. If another accredited college has acted to remove previous course work from consideration in computing the GPA, such action shall be honored in terms of its Procedure. However, such units disregarded shall be deducted from the 30 units maximum of coursework eligible to be disregarded at a College in the District. Interpretation of this Procedures is the responsibility of the appropriate College official, who may, for compelling reasons, make exceptions to the stated conditions provided that there is compliance with the applicable requirements of Title 5. The Admissions and Records and Counseling departments at the Colleges in the District are responsible for implementing this Procedure.

**NOTE:** It is possible that other colleges or universities may not accept the Academic Renewal Policy.

## ACADEMIC STANDARDS

Coastline recognizes academic honors in four ways:

- **PRESIDENT'S LIST:** A student is eligible to be included on the President's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 4.0 is earned.
- **DEAN'S LIST:** A student is eligible to be included on the Dean's List after completing a semester of at least 12 units in courses awarding letter grades during which a GPA of 3.50 to 3.99 is earned.
- **HONORS LIST:** A student is eligible to be included on the Honors List after completing a semester of 6.0 to 11.9 units in courses awarding letter grades during which a GPA of 3.75 to 4.0 is earned.
- **GRADUATION WITH HONORS:** A student is eligible for Graduation with Honors if he or she achieves a 3.50 or higher GPA in all college units attempted and a 3.50 or higher GPA in all courses completed at Coastline.

## ACADEMIC PROBATION STATUS

The CCCD's policy on probation states that a student shall be placed on probation if he or she meets one of two conditions:

### ***Academic Probation:***

A student is on academic probation if he or she has attempted at least 12 semester units at a district college and

- has a grade point average of less than 2.0 in the most recent semester completed, or
- has a cumulative grade point average of less than 2.0 in all units attempted.

### ***Progress Probation:***

A student is on progress probation if he or she has attempted at least 12 semester units at a District college and the percentage of units with "W, I, and NC" grades reach or exceeds 50 percent.

Students on probation at one CCCD college shall be on probation at all colleges within the CCCD. All probationary students shall be notified of their status, and counseling services shall be made available.

### ***Disqualification Status:***

The approved disqualification policy states that a student in the CCCD who is on academic or progress probation shall be disqualified whenever he or she meets one of two conditions:

- Academic Disqualification—Any student on academic probation for three consecutive semesters shall be academically disqualified.
- Progress Disqualification—Any student on progress probation for three consecutive semesters shall be disqualified for lack of satisfactory progress.

Students on disqualification at one CCCD college shall be on disqualification at all colleges within the CCCD. Students shall be notified of dismissal status near the beginning of the semester that it takes effect, but in any case, no later than the start of the Fall semester. If circumstances warrant, exceptions may be made and reinstatement granted by the Probation and Disqualification Review Committee.

## ANIMALS AND/OR PETS

Animals and/or pets of any kind or description are not allowed on or within college property. This restriction also applies to animals and/or pets confined in any vehicle parked on college property. This does not apply to the use of a service animal for assisting persons with disabilities. (See [Board Policy 3440/ Administrative Procedure 3440](#) Service Animals).

## CLASS ATTENDANCE

Students are expected to attend classes regularly. Failure to attend may be taken into consideration by instructors when assigning grades. Students who miss the first-class meeting, are absent for two continuous class meetings or have too many absences MAY be dropped by the instructor at any time during the semester until the final deadline for withdrawal.

Instructors may have more restrictive requirements for attendance and these requirements shall be stated in the class syllabus. Student's that miss class due to verifiable extenuating circumstances beyond the control of the student (i.e. accident, illness, death in immediate family, etc.) should inform their instructors prior to missing class meetings. A student who has been absent because of an extenuating circumstance should report to the instructor on the day of student's return. No absence excuses a student from making up the work missed. Students should realize that absences may adversely affect their grades.

**NOTE:** It is the responsibility of the student to withdraw and meet all fee/ refund deadlines and it is also the responsibility of the student to withdraw by state mandated deadlines to avoid grade penalties. Refer to posted schedules and dates on the College's website, and/or your official student schedule (available via [MyCoast](#)).

### *Class Withdrawal Procedures*

Each student is responsible for completing or officially withdrawing from each class in which they are enrolled.

Students who are dropped by their instructors for missing the first class meeting or for excessive absences should verify that the instructor completed the drop; check via [MyCoast](#) or with the Admissions Office to avoid grade penalties and to comply with critical drop dates as specified.

Students should be aware that "W's" are used to determine academic status.

Students may withdraw/drop a class by:

- Logging in to your [MyCoast](#) Portal. Drops will be allowed via the web in accordance with published drop deadlines.

- **Or:** Mailing a letter or Student Drop Form by the drop deadline date to Coastline College, 11460 Warner Avenue, Fountain Valley, CA 92708. The letter should be sent to the attention of the Admissions office, and the student needs to make sure the envelope has a USPS postmark on or before the deadline date.

If you are unable to drop a class online or postmark a mailed request by the withdrawal deadline, you **MUST** send an email by the deadline date to [cccadmissionoffice@coastline.edu](mailto:cccadmissionoffice@coastline.edu) with the following information:

- Full Name
- Coastline Student ID Number
- The CRN and name of the course you are attempting to drop
- An explanation of why you cannot drop via [MyCoast](#) Portal

*You will be contacted the next business day, after Admissions & Records receives your request.*

### **WITHDRAW AFTER THE DEADLINE**

Students may petition for a “W” grade after the final limit for “W” only for extenuating circumstances beyond the control of the student, such as verified accident or illness. Petitions must be reviewed and approved by the Grade Review Committee.

## **REPEATING CLASSES**

It is possible to repeat a class only in certain circumstances as follows:

- In the course description in the catalog, the class is identified as eligible for repetition.
- **Or:** The class is eligible for grade remediation by repetition.

Students can re-enroll in the same course up to three times. Students are not allowed to repeat a course more than three times without documented evidence of extenuating circumstances. “W” grades are counted as an enrollment.

### ***Reasons to Repeat a Class***

#### ***Repeating a course to alleviate a substandard grade***

Students who receive substandard grades (“D,” “F,” “NP” or “NC”) and/or one or more Withdrawals (“W”) on the transcript may attempt to successfully complete the course up to a total of two additional times within the Coast College District, if necessary to alleviate the substandard grade or successfully complete the course.

After the third attempt to receive a passing grade in a course, the student may complete the Petition to Repeat form and submit to the Admissions and Records Office for one additional attempt. Petitions are only considered for documented extenuating circumstances. Students who withdraw and receive a “W” on each of the three allowable attempts, if by petition the student is given permission to enroll, the students will not be able to withdraw from the course again and an evaluative grade symbol will be recorded. NO FURTHER ATTEMPTS WILL BE PERMITTED.

If the substandard grade is repeated within the Coast College District, the Repeat/Delete grade exclusion will be automatically performed on the student’s academic transcript. The grades in the latest term will be the grade which will be used to calculate grade point average regardless of which grade was higher. Although the previous grade(s) will not be counted in the grade point average, they will remain visible on the transcript and the last recorded attempt is the course which will be counted in the student’s permanent academic history.

When a student repeats an equivalent course in which a substandard grade outside the Coast Community College District at a regionally accredited college, they must file a Repeat/Delete Request and submit it to the Admissions and Records Office along with an official transcript from the other college showing successful completion of the course.

**Repeating a course due to a significant lapse of time**, where a passing grade (CR or P) or C or better was previously earned. A significant lapse of time is defined as at least five years.

#### **Conditions for Significant Lapse of Time:**

When an institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able satisfy without repeating the course in question.

All coursework shall remain on the student's permanent record. The current grade and credit will be disregarded in computing your CCC GPA. Course repetition based on significant lapse of time may only occur once. (Documentation must be submitted)

#### **You have extenuating circumstances**

*This includes verified cases of accidents, illness, or other life-changing event beyond the control of the student that prevented you from doing well in the course (must submit documentation).*

**The course you wish to repeat is part of a legally mandated training** as a condition of continued or volunteer employment. Regardless of whether or not a substandard grade (D, F, NC, or NP) was previously earned, the grade and unit credit shall be included each time for the purpose of calculating the GPA. (Documentation must be attached to certify that course repetition is necessary to complete legally mandated training).

#### **Repeating a course previously taken at another college.**

Substandard or non-substandard grades earned at another institution will not be alleviated by repeating a course at Coastline College. The grade and unit credit earned will be calculated and averaged in GPA.

## **GRADES**

Grade reports are not mailed. Students may access their grades online by logging in to their [MyCoast](#) site. Students also have the option of printing their own CCC unofficial transcript. Semester grades are available online approximately 10 working days after the end of the semester (excluding holiday periods).

Symbol	Definition	Grade Points or Units
<b>A</b>	Excellent	4
<b>B</b>	Good	3
<b>C</b>	Satisfactory	2
<b>D</b>	Passing, less than satisfactory	1
<b>F</b>	Failing	0

#### **Incomplete Grades**

Incomplete academic work for justifiable reasons at the end of the term may result in a "I" symbol being entered in the student's permanent record. The "I" may be made up no later than one year following the end of the term in which it was assigned. Incompletes will revert to an "F" after one year (or the time designated by the instructor) if the student does not make up the coursework with the instructor.

**NOTE:** Students are not permitted to enroll in a course in which they were assigned an "I" grade. Incompletes must be agreed upon by both the student and the instructor.

### ***Pass/No Pass***

When you select the pass (P)/no pass (NP) option, you will receive a P or NP on your report card instead of a letter (A-F) grade. P means you have satisfactorily completed (passed) the course. NP means you have unsatisfactorily completed (failed) the course. For more information select this link: <https://www.coastline.edu/admissions-and-records/records-and-transcripts/index.php>

## **COMPLAINT PROCESS**

Coastline College extends the right to all students to petition for readdress of a complaint. The right to petition may be initiated at any time when the student has a complaint against any college employee, policy, or procedure at Coastline College.

Every effort will be made to preserve confidentiality as concerns are fairly and equitably considered. The procedures will allow students to exhaust every administrative level possible in receiving a fair and complete hearing of their concerns. These are college-level procedures for resolving problems and should not be viewed as legal or quasi-legal proceedings.

Based on the principle of improved communication between the students and the institution, the following procedures will be followed for students registering complaints:

Note: To establish due process, all parties to the complaint will adhere to the steps as outlined.

**Step I:** Prior to filing a formal complaint, the student is expected to first contact the Dean of Students and the person(s) who has (have) the closest contact with the pertinent issue. The grievance should be thoroughly defined to be discussed objectively.

If the complaint cannot be resolved at this step, the student may progress to Step II after informing the person(s) involved of their intended plans to file a formal complaint. The formal complaint must be filed during the semester in which the incident occurs.

**Step II:** The student meets with the Dean of Students to discuss the complaint. At this step, the “Formal Complaint Petition” is filed. The Dean of Students will serve as an ombudsman to objectively examine both sides of the issue.

The Dean of Students will meet with all persons involved with the complaint. At the conclusion of Step II, the Dean of Students, within five (5) school days, will provide the student and others involved with a written summary of the discussion.

If the complaint has not been resolved by this step, the student may proceed to Step III.

**Step III:** The student, within five (5) school days after the conclusion of Step II, will submit a written request to the Dean of Students for a meeting of the Grievance Committee.

The committee membership will include:

- The appropriate Dean for the Area involved
- The appropriate Vice President overseeing the Area involved
- Faculty Member/College Employee
- Vice President of Student Services

A meeting of the Grievance Committee will be called by the Dean of Students to review and/or take action on the complaint. No later than fifteen school days after the student has filed a written request, the committee will meet with

all parties involved and discuss the complaint in detail in an attempt to resolve the issue. Meetings will be chaired by the Dean of Students.

Within five (5) school days of the meeting detailed above, the decision and proposed action will be communicated to the following individuals:

- Student involved
- Committee members
- College President
- Other person(s) involved with the grievance

**Step IV:** If either the student or the other person(s) involved are not satisfied with the decision or actions of the Grievance Committee, an appeal may be made within 5 school days with the President of the College for consideration. Once the College President has reviewed the student's appeal and the written communication from the Grievance Committee, the President will schedule a private meeting with the student to discuss the matter.

**Note:** The College President has discretionary power to uphold, reverse, or modify the action taken by the Grievance Committee. The president's decision will be delivered to the student in writing with copies to the appropriate individuals involved.

**Step V:** If the student is not satisfied with the final college level disposition of the case, she/he may, through the Chancellor of the Coast Community College District, appeal directly to the Board of Trustees. The Board, after reviewing the materials pertaining to the complaint, may determine the time, place, and manner of the hearing.

### ***General Complaint***

Individuals dissatisfied with a campus process, or the conduct of a college employee can bring a complaint, in the form of a written or verbal notice of dissatisfaction, to the attention of the appropriate faculty, staff, or administrator at any time. If a problem is identified, applicable remedies will be put in place as soon as possible. Before filing a complaint, individuals should make every effort to address and resolve the issue informally with the college personnel directly involved. If addressing an issue informally does not lead to satisfactory resolution, the individual may register a complaint with the appropriate supervisor or administrator. If, after contacting the appropriate supervisor or administrator, you are not satisfied with the outcome, you may escalate the matter and contact that person's supervisor/administrator. Complaints escalating to this level should be submitted in writing so that the appropriate administrator can investigate the complaint and respond appropriately.

Complaints can be submitted electronically here: [Coastline/CCCD Service Complaint Form](#)

### ***Grade Grievance***

Recognizing that a trusting, positive relationship between students and instructors is vital to successful learning and teaching, the Grade Grievance procedure at Coastline College is intended to provide all parties with due process in the event of a disagreement or misunderstanding regarding classroom grades. The Grade Grievance process does not address personality, character, or styles of teaching; ***this process takes into account only the grading concern of the student to determine if the California Code of Education was violated.***

The final grade that is assigned to a student is the purview of the course instructor who teaches the course. The California Code of Regulations, Title 5, Section 55025, Grade Changes (a), states, "In any course of instruction in a community college district for which grades are awarded, the instructor of the course shall determine the grade to be awarded each student in accordance with this article. The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency."

Concerns about grades should be addressed as soon as possible to ensure availability of student and instructor records, and to permit time for a formal appeal, should one be necessary.

Students who believe there is an issue with their grade, please follow these steps to seek a resolution:

**Step 1:** Attempt to resolve the grade concern informally by discussing it directly with the instructor of the course.

**Step 2:** If the issue is not resolved after discussing it with your instructor, escalate the concern to the respective academic dean.

**Step 3:** If you are still unsatisfied after Steps 1 and 2, you may file a formal grade grievance petition. Grade grievances will be permitted only through the end of the sixth week of the semester following the semester or summer session in which the grade was assigned.

For more information contact the Dean of Students by submitting a [Maxient Grade Grievance Form](#).

The District encourages the filing of such complaints within 30 calendar days of the alleged incident. The complaint shall be made with the Vice Chancellor of Human Resources, who is the individual designated to receive such complaints, as the Responsible District Office

In any complaint not involving employment, the complaint shall be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the allegation of unlawful discrimination

In any complaint alleging unlawful discrimination in employment, the complaint shall be filed within 180 calendar days of the date the alleged unlawful discrimination occurred, except that this period should be extended by no more than 90 calendar days following the expiration of the 180 calendar days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of the 180 calendar days.

Throughout the academic year, some classes will meet at off-campus locations. The college will not provide transportation to these sites, and students enrolled in these classes are responsible for making their own transportation arrangements. Coastline personnel may assist in coordinating this transportation and/or may recommend travel time, routes, carpooling, etc.; however, the student does not have to follow these recommendations. The CCCD is in no way responsible, nor does it assume liability for any injuries or losses resulting from this non-sponsored transportation. If you ride with another student, that student is not an agent nor driving on behalf of the District.

Under the California Code of Regulations, Subchapter 5, Section 55450, if you participate in a voluntary field trip or excursion, you hold the CCCD, its officers, agents and employees harmless from all liability or claims that may arise out of or in connection with your participation in this activity.

## STUDENT RECORDS

The Admissions Office is responsible for registering students and maintaining active and permanent records. Coastline complies with the provisions of the Family Rights and Privacy Act of 1974 (Buckley Amendment) which gives the student the right to see the official school record and restricts distribution of those records. A detailed description of this act is in the Catalog.

- **Active Records:** All requests for changes to a student's current class program or information on file should be made through the Admissions office, (i.e., adds to program, withdrawal from class, name and address changes, etc.).
- **Additional Fees:** Verification of enrollment costs \$5, and early grade letter costs \$2.
- **Cumulative files:** The Admissions office maintains a cumulative file on each student who has requested transcripts from institutions of prior attendance. The file, containing copies of high school and college transcripts, is available to the student for review and/or for counseling appointments.
- **Distribution of Student Records to High Schools:** Coastline may send to District feeder high schools academic reports reflecting students who have graduated from high schools within the last five years. These reports include the student's name, address, identification number, classes, grades, grade point average and major. This data assists high schools in evaluating their academic program in relation to student activity in college. Students

who prefer that their academic record not be included in the documents which are submitted to the high schools, should contact the Admissions Office to have their names deleted from the report.

- **Transcripts:** Transcripts of academic work taken at Coastline will be sent to any college or university upon the student's written request. Transcript requests must be submitted online through Parchment at: [www.coastline.edu](http://www.coastline.edu). Allow at least five working days for processing. End of semester transcripts may be requested beginning two weeks prior to the end of the semester and are processed approximately 10-15 working days after the semester ends. There is a \$8 charge for each official transcript, however, the first two copies are free.
