COASTLINE COLLEGE
COAST VOCATIONAL PROGRAM
PRESENTS

PORTER PROGRAM

Students will develop basic assessment, knowledge, and techniques of residential and commercial custodial care-taking. Integrated field experience includes an exploratory survey of typical hands-on and mechanized job tools and duties

CLASSES HELD AT COASTLINE'S NEWPORT BEACH CENTER
1515 Monrovia Ave. Newport Beach, CA 92663

The porter program is a 2-semester program.
Upon review of a complete application, each applicant will be scheduled an individual interview, group interview, and assessment before acceptance to the program.

To request an application or to ask questions
Call: (714) 241-6214 Email: specialprograms@coastline.edu

What is COAST?

COAST stands for Career Options through Academic Support and Training. The COAST Program at Coastline College consists of several different vocational certificate programs. The purpose of the program is to provide job training (in a specific field with demonstrated demand) as well as employability skills training. The COAST Program, at Coastline's Newport Beach campus, was launched in 2018, made possible through the California Adult Education Program Grant. Since 1977, Coastline College, a public community college, has provided hundreds of classes for students with disabilities in its department of Special Programs and Services for the Disabled.

Porter Program

Students will develop basic assessment, knowledge, and techniques of residential and commercial custodial caretaking. Integrated field experience includes an exploratory survey of typical hands-on and mechanized job tools and duties.

SEMESTER 1:

SPED 076N- Groundskeeping

This introductory horticulture course is designed for students interested in groundskeeping and landscaping careers. The principles and practices used in both residential and commercial grounds care, including generalized identification skills, plant knowledge, and basic-care techniques will be integrated into both classroom lecture and lab experiences.

SPED C002N- Problem-Solving/Workplace

Introductory course designed to develop basic problem-solving skills required in vocational settings and to develop the resilience and self-confidence skills required to deal effectively with challenges in the workplace. Problem-solving and self-sufficiency skills are developed through group work, self-reflection, and evaluation of scenarios.

SEMESTER 2:

SPED C085N- Maintenance Basics

Introductory course designed to develop basic assessment, knowledge, and techniques of residential and commercial custodial caretaking. Integrated field experience includes an exploratory survey of typical hands-on and mechanized job tools and duties.

SPED C001N- Employability Skills

Introductory course designed to develop basic employability skills required in vocational settings, focusing on gaining and maintaining employment. This course focuses on self-management, group dynamics, goal setting, resilience, and safety skills.
